

## Appendix B. Temperature logs for other wells, Raft River Valley, Idaho.

Temperature logs that were previously published by Urban and others (1986) are included here to make them available as digital files. Thermal conductivity data are included for the I.D. series of wells. Some geophysical logs are also included. Data for the HF-series wells are also published here. Dates of logging on figures and tables in m/d/yy format.

### Figures

- B-1. Temperature logs for I.D. 1 on dates listed.
- B-2. Temperature logs for I.D. 1 on dates listed.
- B-3. Temperature logs for I.D. 1 on dates listed along with thermal conductivity.
- B-4. Temperature logs for I.D. 2 on dates listed.
- B-5. Temperature log for I.D. 2 on date listed along with thermal conductivity.
- B-6. Temperature logs for I.D. 3 on dates listed.
- B-7. Temperature logs for I.D. 3 on dates listed along with thermal conductivity.
- B-8. Resistance and caliper logs for I.D. 4.
- B-9. Resistance logs for I.D. 4. W. S. Keys data digitized from Crosthwaite (1976).
- B-10. Resistance and natural gamma logs for I.D. 4.
- B-11. Natural gamma logs for I.D. 4. W. S. Keys data digitized from Crosthwaite (1976).
- B-12. Temperature logs for I.D. 4 on dates listed.
- B-13. Resistivity and natural gamma logs for I.D. 5. W. S. Keys data digitized from Crosthwaite (1976).
- B-14. Natural gamma logs for I.D. 5. W. S. Keys data digitized from Crosthwaite (1976).
- B-15. Temperature logs for I.D. 5 on dates listed.
- B-16. Temperature log for I.D. 5 on date listed along with thermal conductivity.
- B-17. Natural gamma log for I.D. 5A.
- B-18. Temperature logs for I.D. 5A on dates listed.
- B-19. Resistance and caliper logs for Shuter's Hot Well (SHW).
- B-20. Resistance and natural gamma logs for Shuter's Hot Well (SHW).
- B-21. Temperature logs for Shuter's Hot Well (SHW) on dates listed.
- B-22. Temperature logs for Almo 1 on dates listed.
- B-23. Temperature logs for Almo 2 on dates listed.
- B-24. Temperature log for Strevell on date listed.
- B-25. Temperature logs for HF 1 on dates listed.
- B-26. Temperature logs for HF 2 on dates listed.
- B-27. Temperature logs for HF 3 on dates listed.
- B-28. Temperature logs for HF 4 on dates listed.
- B-29. Natural gamma log for HF 5.
- B-30. Temperature logs for HF 5 on dates listed.

- B-31. Temperature logs for Griffith-Wight on dates listed. Log of 12/18/76 taken while intermittently flowing the well.
- B-32. Temperature logs for RRGE 1 on dates listed.
- B-33. Temperature logs for RRGE 1 on dates listed.
- B-34. Temperature logs for RRGE 2 on date listed.
- B-35. Temperature logs for RRGE 3 on date listed.

## Tables

- B-1. Data for temperature logs for A.H.-series.
- B-2. Data for temperature logs for I.D. 1.
- B-3. Data for temperature logs for I.D. 2.
- B-4. Data for temperature logs for I.D. 3.
- B-5. Data for geophysical logs for I.D. 4. W.S. Keys data digitized from Crosthwaite (1976).
- B-6. Data for temperature logs for I.D. 4.
- B-7. Data for geophysical logs for I.D. 5. W.S. Keys data digitized from Crosthwaite (1976).
- B-8. Data for temperature logs for I.D. 5.
- B-9. Data for geophysical log for I.D. 5A.
- B-10. Data for temperature logs for I.D. 5A.
- B-11. Data for thermal conductivity for I.D.-series.
- B-12. Data for geophysical log for Shuter's Hot Well (SHW).
- B-13. Data for temperature logs for Shuter's Hot Well (SHW).
- B-14. Data for temperature logs for Almo 1.
- B-15. Data for temperature logs for Almo 2.
- B-16. Data for temperature log for Strevell.
- B-17. Data for temperature logs for HF-series and for natural gamma log for HF 5.
- B-18. Data for temperature logs for Griffith-Wight.
- B-19. Data for temperature logs for RRGE 1.
- B-20. Data for temperature logs for RRGE 2 and RRGE 3.
