

**EXPLANATION**

**Generalized land use classifications for study purposes:**

**Land irrigated**

- Row crops
  - Peppers-184 acres
  - Potatoes-3,322 acres
  - Cantaloupes-633 acres
  - Eggplant-151 acres
  - All others-57 acres
  - Unverified crops-33 acres
- Fruit crops
  - Blueberries-41 acres
  - Citrus groves-10,861 acres
  - Peaches-67 acres
- Field Crops
  - Field corn-292 acres
  - Hay-234 acres
  - Rye grass-477 acres
  - Seeds-619 acres
- Ornamentals and grasses
  - Ornamentals-240 acres
  - Tree nurseries-27 acres
  - Sod farms-5,643 acres
  - Pasture (improved)-4,575 acres

**Land not irrigated**

- Abandoned groves-4,916 acres
- Pasture-259,823 acres

**Water source**

- Groundwater-18,351 acres
- Surface water-9,106 acres

**Water Management Districts irrigated land totals**

South Florida

- Groundwater-18,351 acres
- Surface water-7,596 acres

St. Johns River

- Groundwater-6,115 acres
- Surface water-1,510 acres

**Water Management Districts permitted agricultural wells**

- Groundwater
- Surface water

Values shown in this table may differ from those presented in open-file report due to rounding.
