

EXPLANATION

A
Magnetite ore

— 10 —
Lines of equal positive deflection

- - - 20 - - -
Lines of equal negative deflection
Figures indicate degrees

Magnetic data by Stephen D. Becker, 1944

ISOMAGNETIC MAP OF MAGNETITE CLIFF AREA, SHOWING LINES OF EQUAL DIP-NEEDLE DEFLECTION, JUMBO BASIN, PRINCE OF WALES ISLAND, SOUTHEASTERN ALASKA

50 0 200 Feet
Isomagnetic interval 10 degrees
Uncorrected readings, null of needle - 9°
