

EXPLANATION

- Biotite-quartz latite porphyry
- Trachytic granite porphyry
- Bostonite porphyry
- Granite porphyry
- Granite pegmatite
- Biotite-muscovite granite
- Granite gneiss and pegmatite
- Biotite-quartz-plagioclase gneiss

TERTIARY
PRECAMBRIAN

- Contact, showing dip
Dashed where gradational or inferred
- Barren fracture, showing dip
- Vein, showing dip
Dashed where inferred
- Strike and dip of foliation
- Strike of vertical foliation
- Strike and dip of foliation and plunge of lineation
- Foot of raise or winze
- Head of raise or winze
- Ore chute
- Portal
- Timbered workings
- Caved workings
