**EXPLANATION**

Covered interval   
 Covered or eroded   
 Formation contact   
 Member contact   
 Bed contact   
 Channel   
 Queried where correlation is uncertain   
 Fault

Datum is base of Brownville limestone member of this report

CORRELATION DIAGRAM FROM THE TOP OF THE WOOD SIDING FORMATION DOWN TO THE BASE OF THE STOTLER LIMESTONE FROM NORTHWESTERN WABAUNSEE COUNTY TO NORTHERN NEMAHA COUNTY, KANSAS

INTERIOR—GEOLOGICAL SURVEY, WASHINGTON, D. C., MR. 3341
