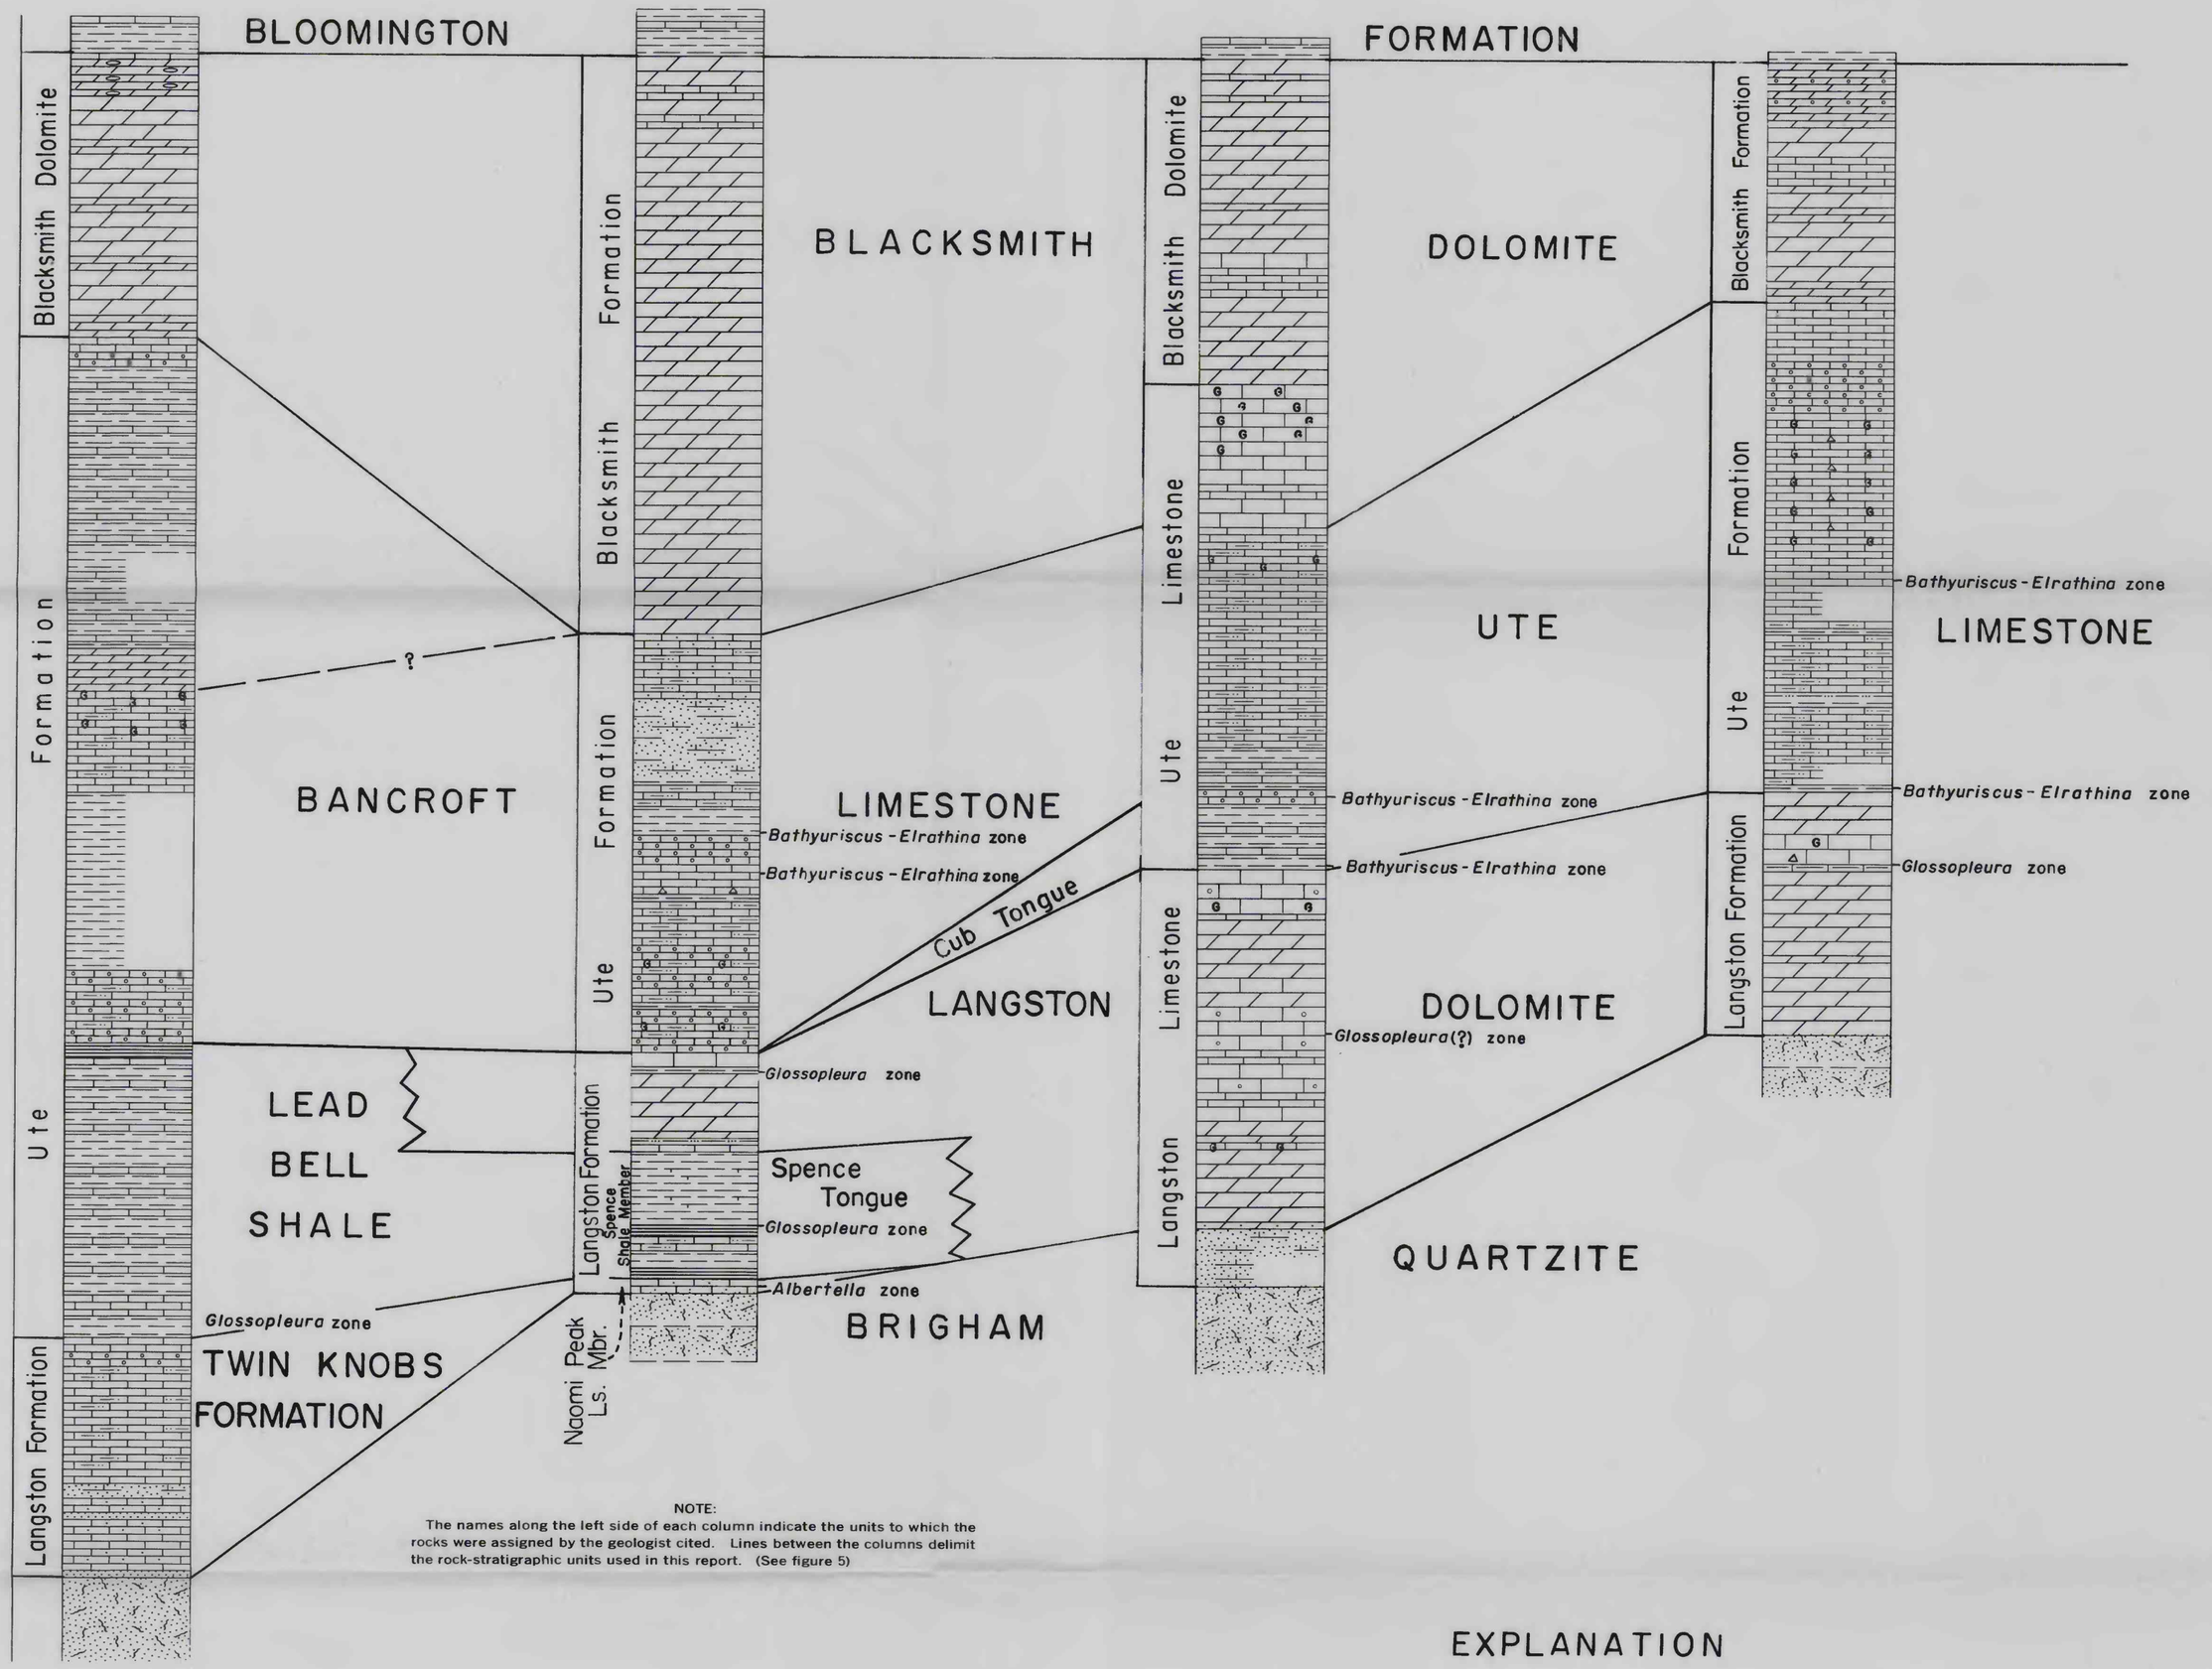
22
Wolf Creek
Sec.12, T.7N., R.1E.
(Rigo, 1968, p.48-49)

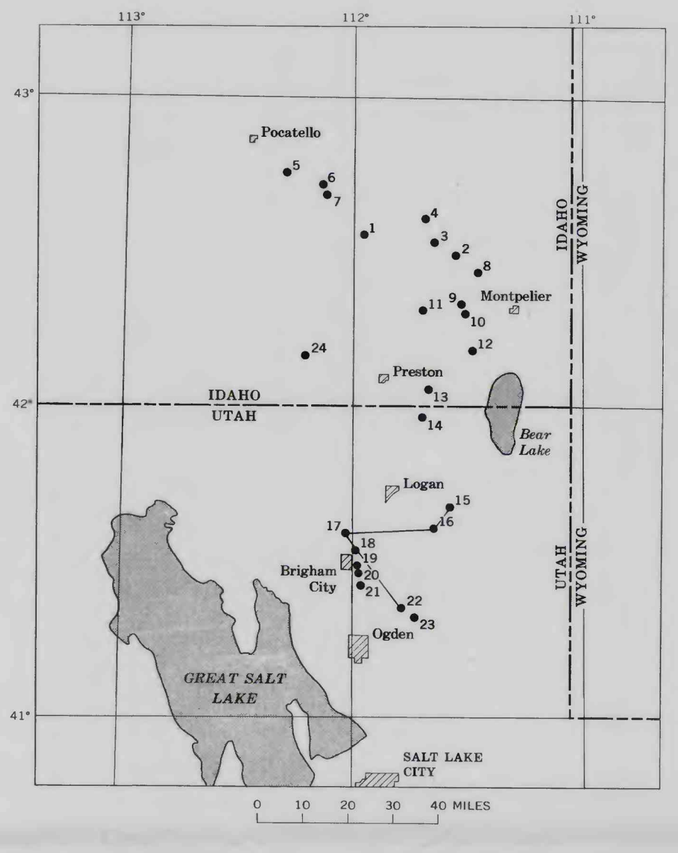
17
Calls Fort
Sec.14, T.10N., R.2E.
(Maxey, 1958, p.660-662)

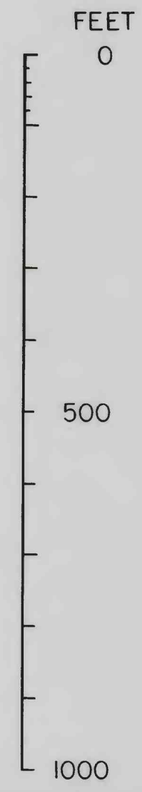
16
Blacksmith Fork
Sec.17, T.10N., R.3E.
(Deiss, 1938, p. 1112-1115)

15
Left Fork of Blacksmith Fork
Sec.23, T.11N., R.3E.
(Maxey, 1958, p.656-658)



NOTE:
The names along the left side of each column indicate the units to which the rocks were assigned by the geologist cited. Lines between the columns delimit the rock-stratigraphic units used in this report. (See figure 5)





EXPLANATION

- Quartzite
- Sandstone
- Argillaceous sandstone
- Siltstone
- Claystone, tan, green, or light-gray
- Claystone, dark-gray or black
- Limestone, thin-to medium-bedded
- Limestone, thick-bedded
- Sandy limestone
- Silty limestone
- Argillaceous limestone
- Oolitic limestone
- *Girvanella* limestone
- Brecciated limestone
- Dolomite, thin-bedded
- Dolomite, thick-bedded
- Sandy dolomite
- Concealed or generalized
- Calcareous
- Cherty dolomite
