

EXPLANATION

52
Pothole and number
Small potholes may not be drawn accurately

A B C
Vegetation zones in study potholes
Pothole numbers shown to side; and topographic contours and water patterns omitted, in these potholes

D E F

Zone boundary

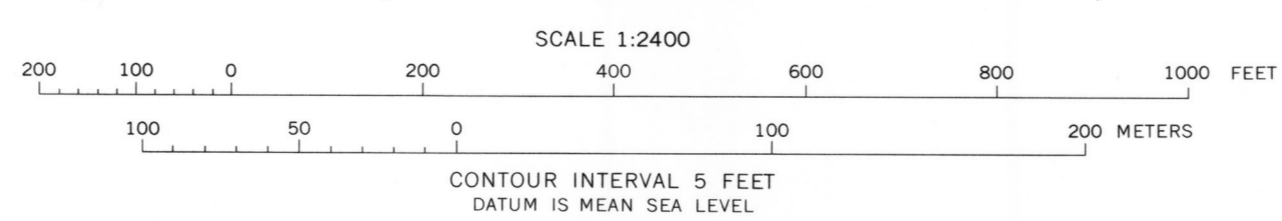

750
Water-table contour
(From Sloan, 1970)
Shows elevation of water table, contour interval 10 feet

90-1
Observation well and number

Vigil network marker

Drainage divide where discernible

**MAP OF MOUNT MORIAH AREA, SHOWING POTHoles AND VEGETATION ZONES USED IN TABLE 8,
SEC. 21, T. 144 N., R. 67 W., STUTSMAN COUNTY, NORTH DAKOTA**

Compiled by U.S. Geological Survey from aerial photographs made by Bureau of Sport Fisheries and Wildlife for this study
