

Location of benthic sample stations for geologic studies. Isobaths in fathoms.

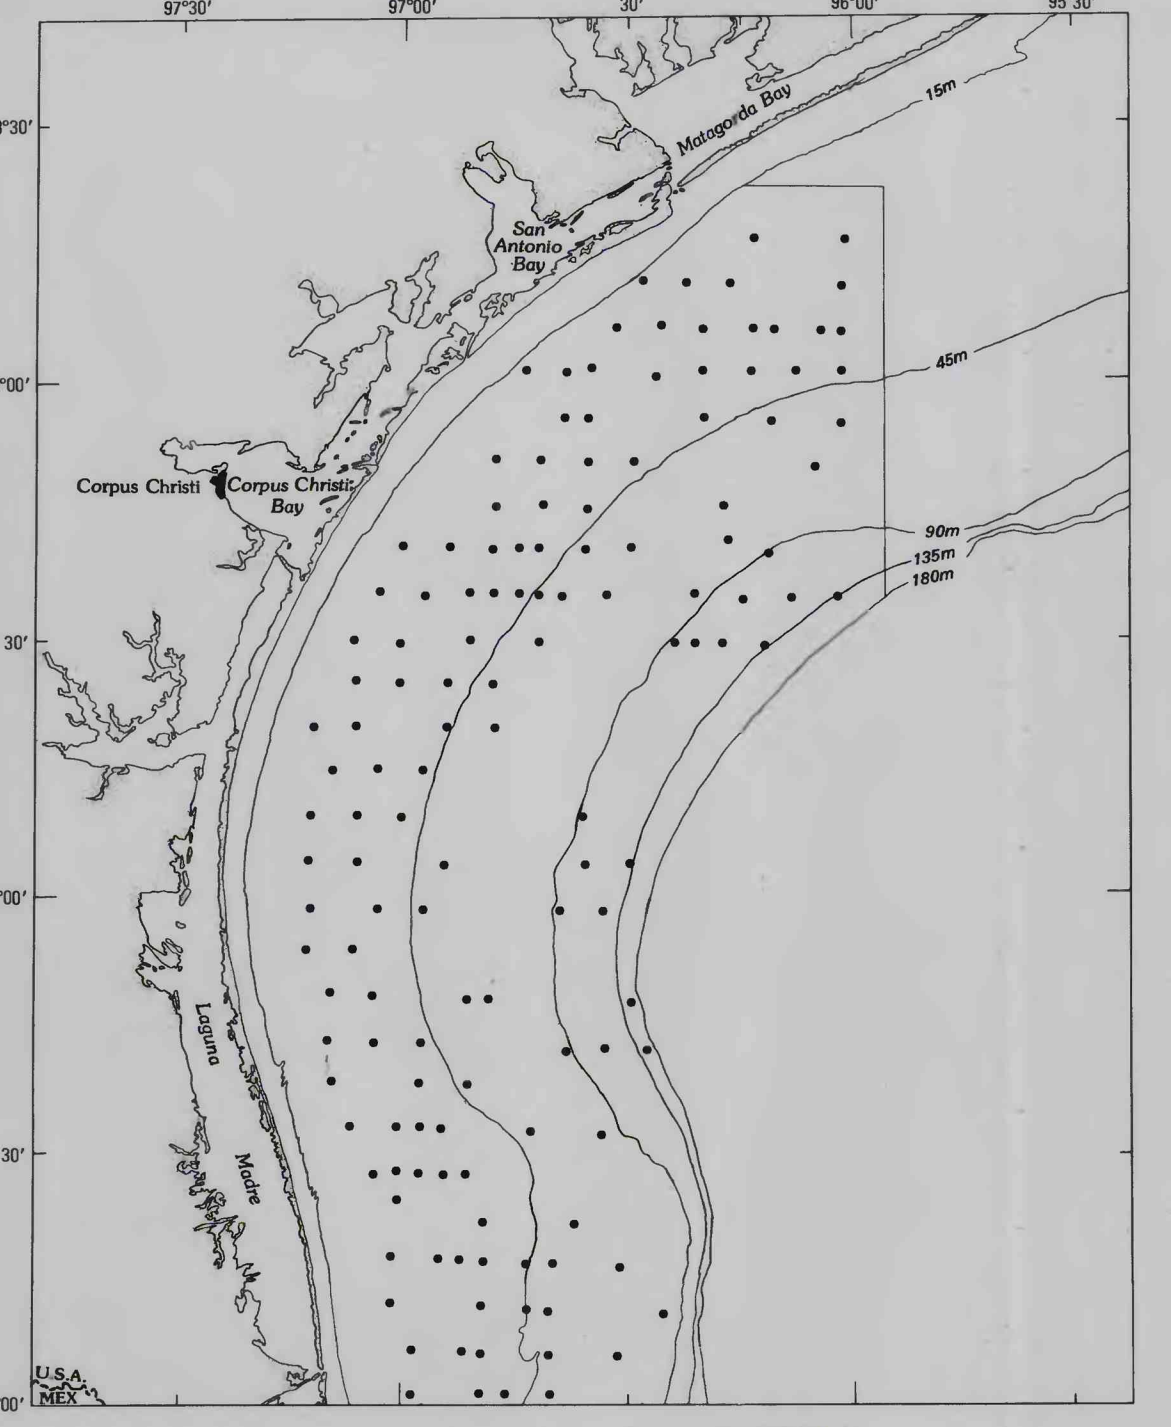

Distribution of *Ampelicea cf. cucullata*.

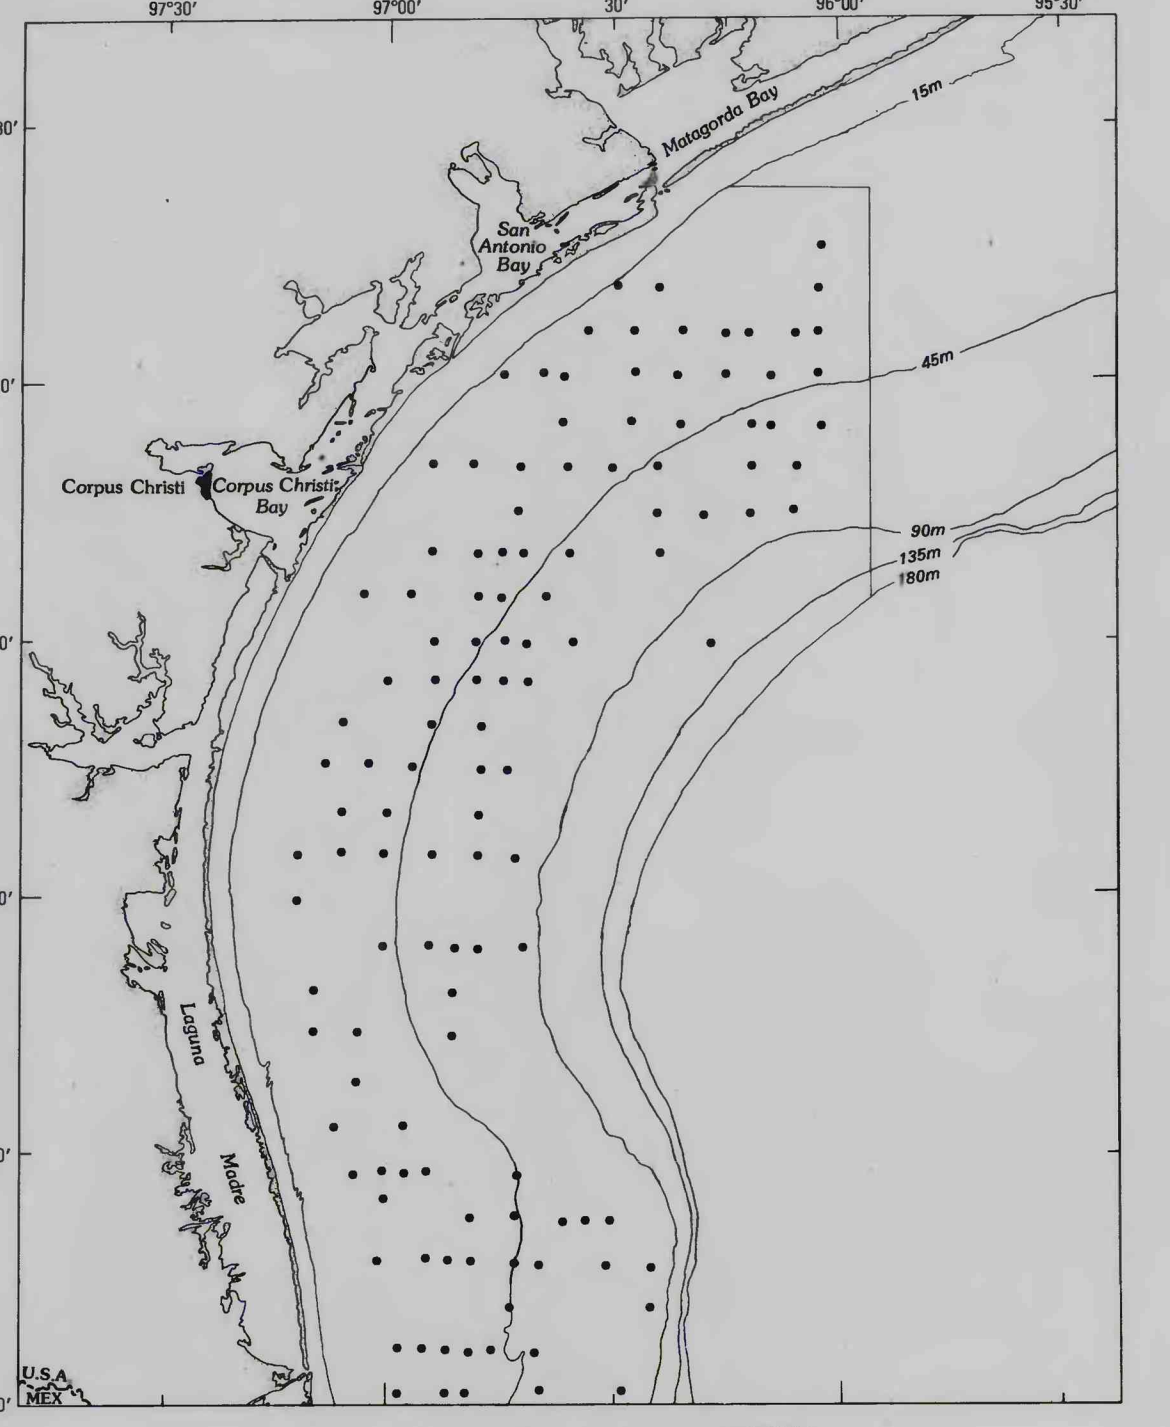

Distribution of *Nereis* sp.

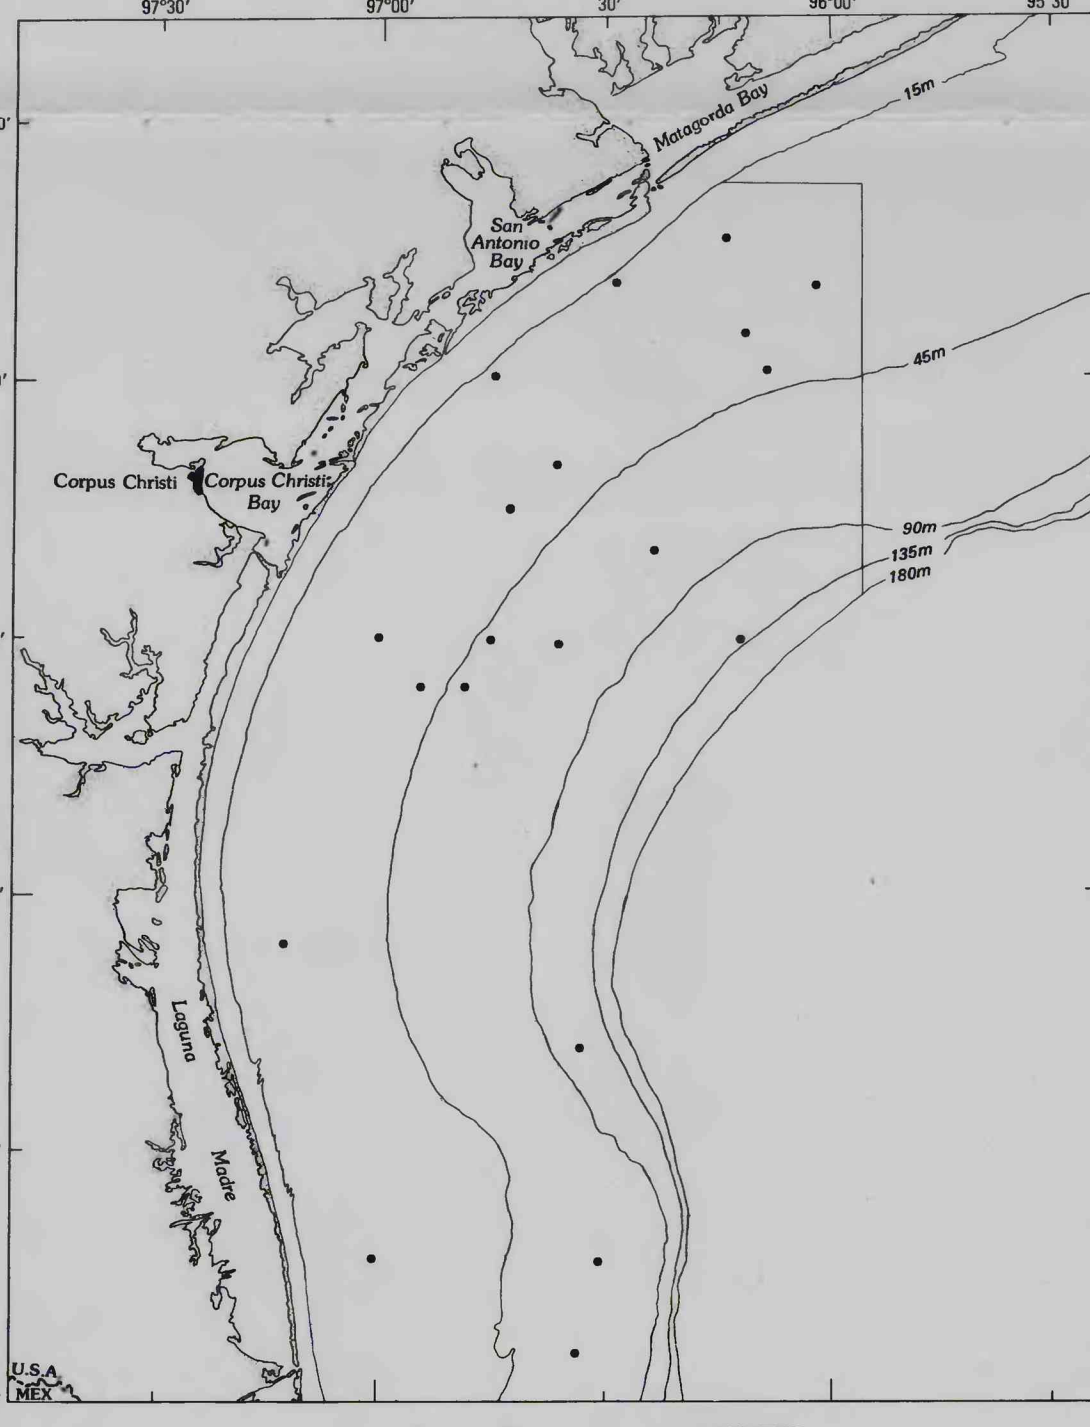

Distribution of *Paraprionospio pinnata*.

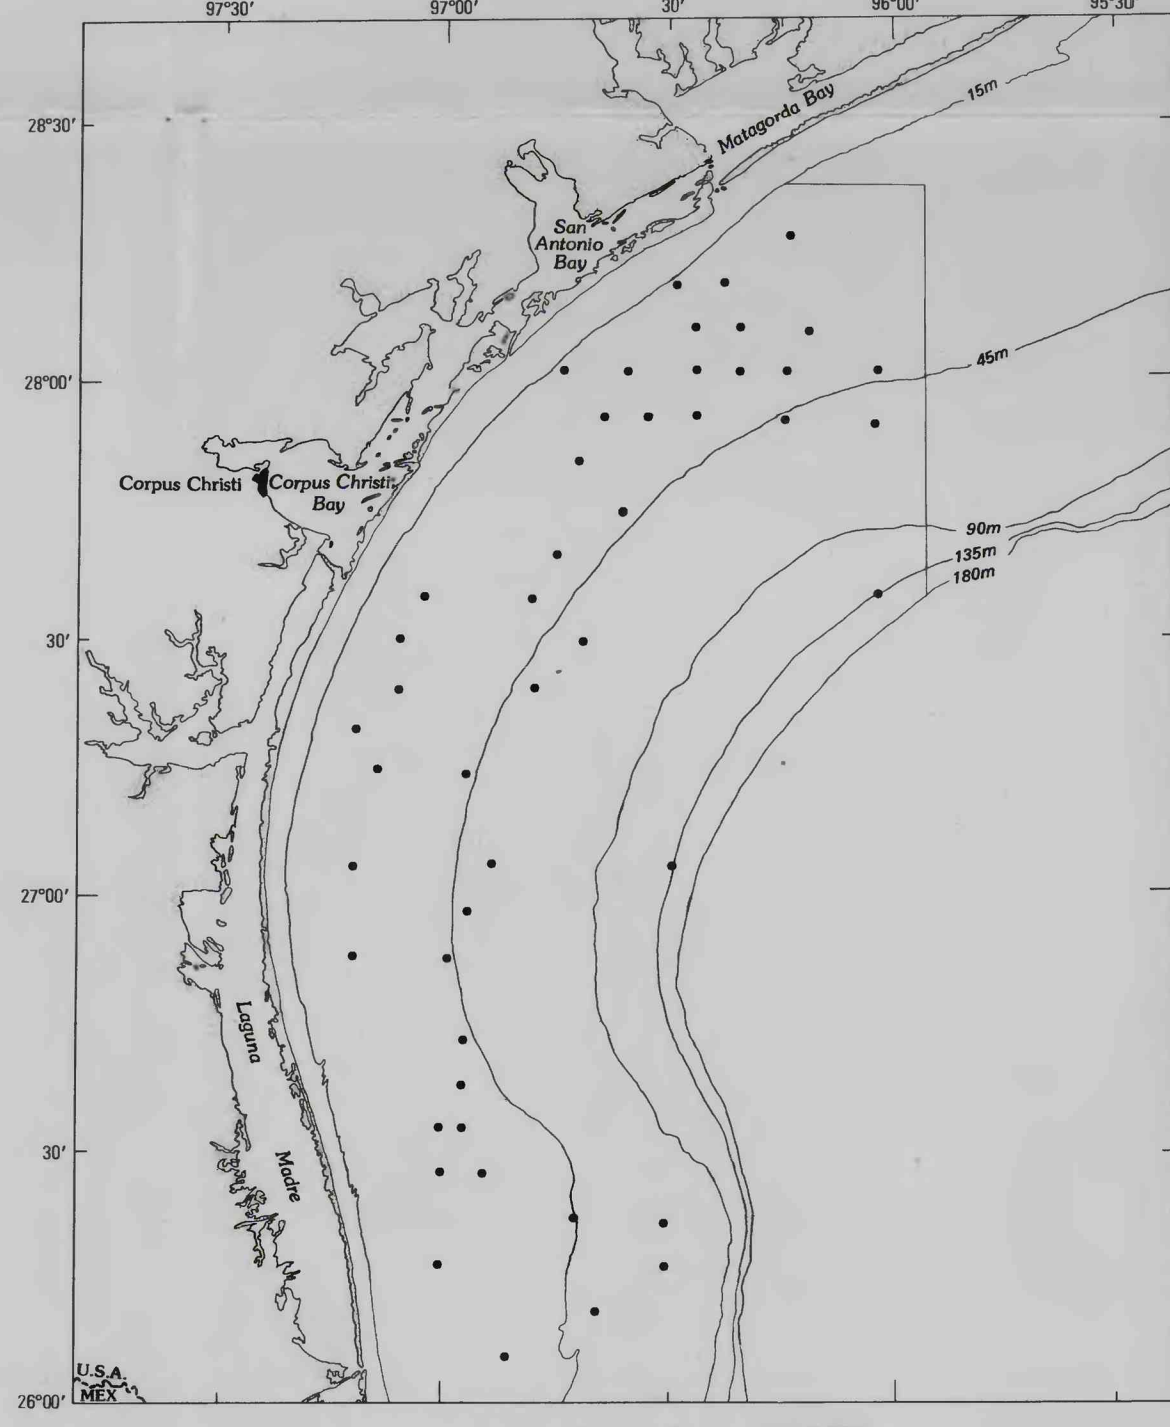

Distribution of unidentified nemertean.

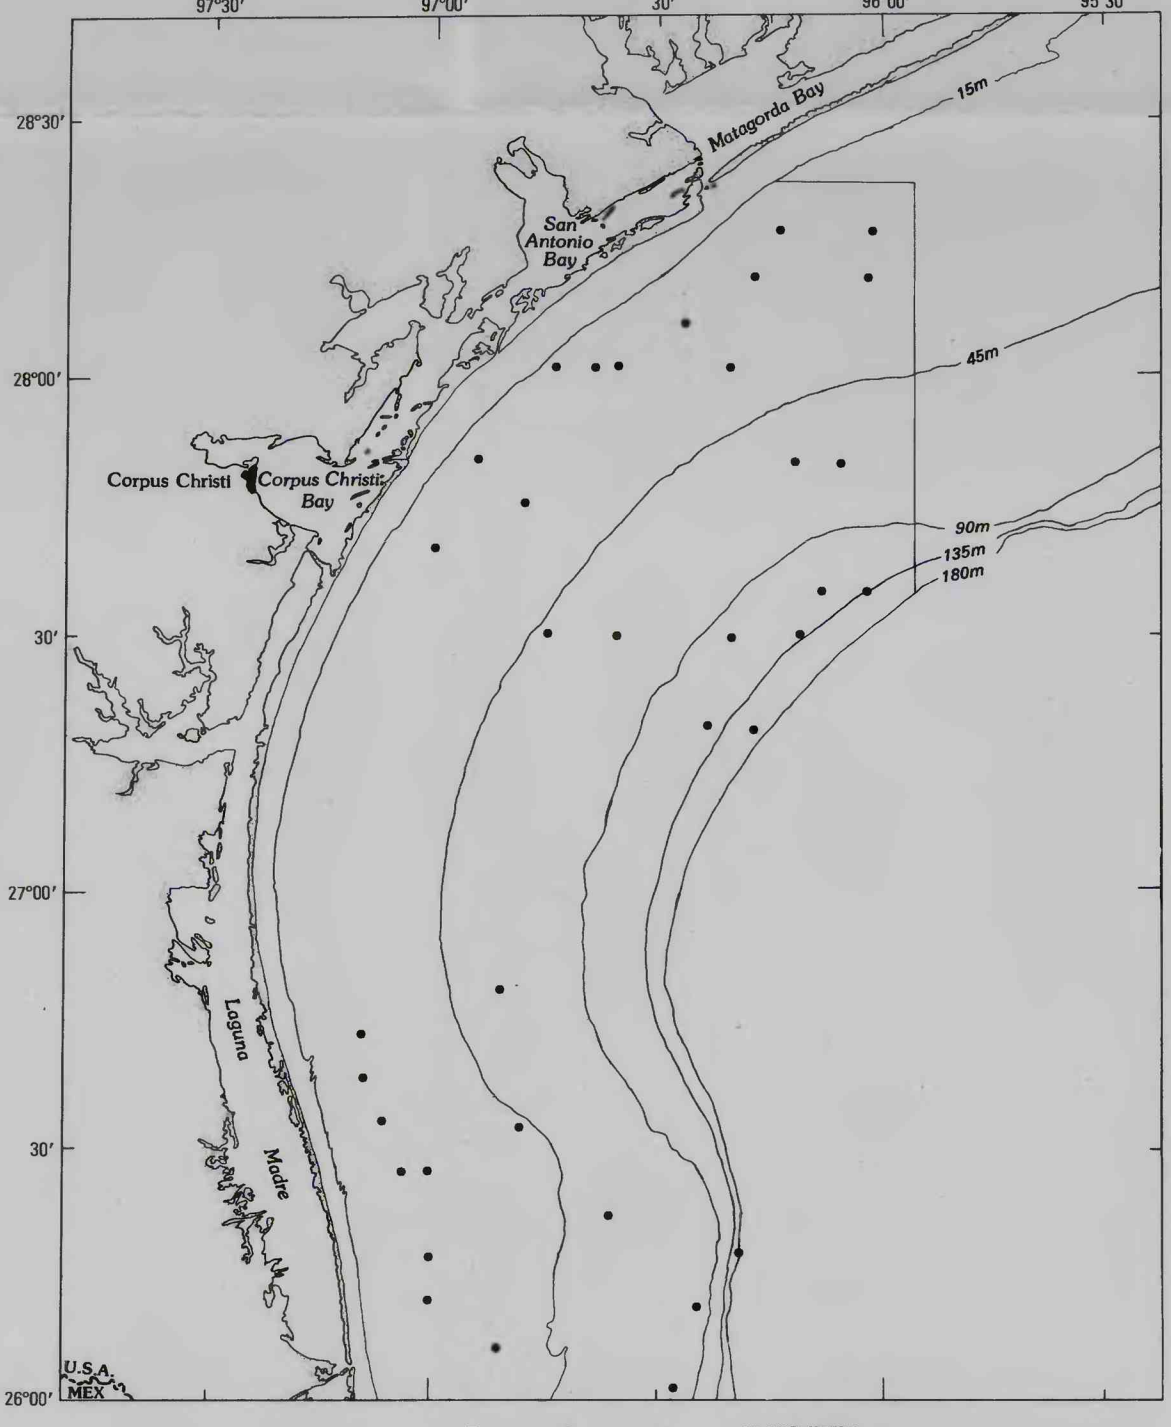

Distribution of *Magelona* sp.

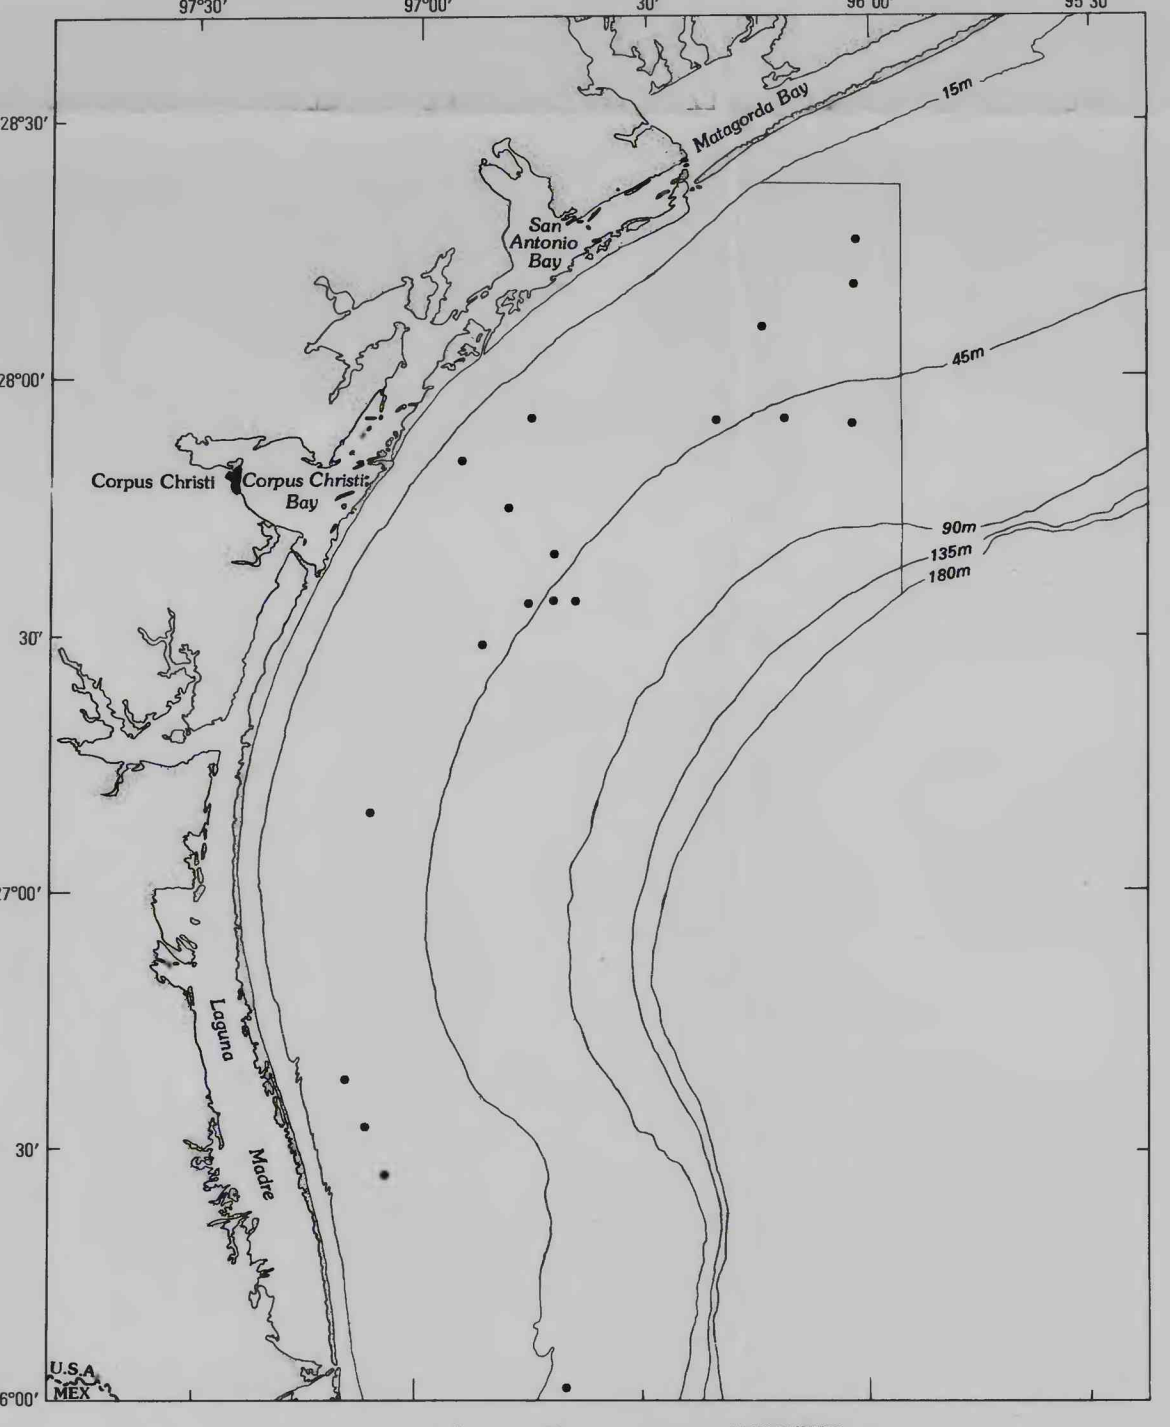

Distribution of *Chamocarcinus mississippiensis*.

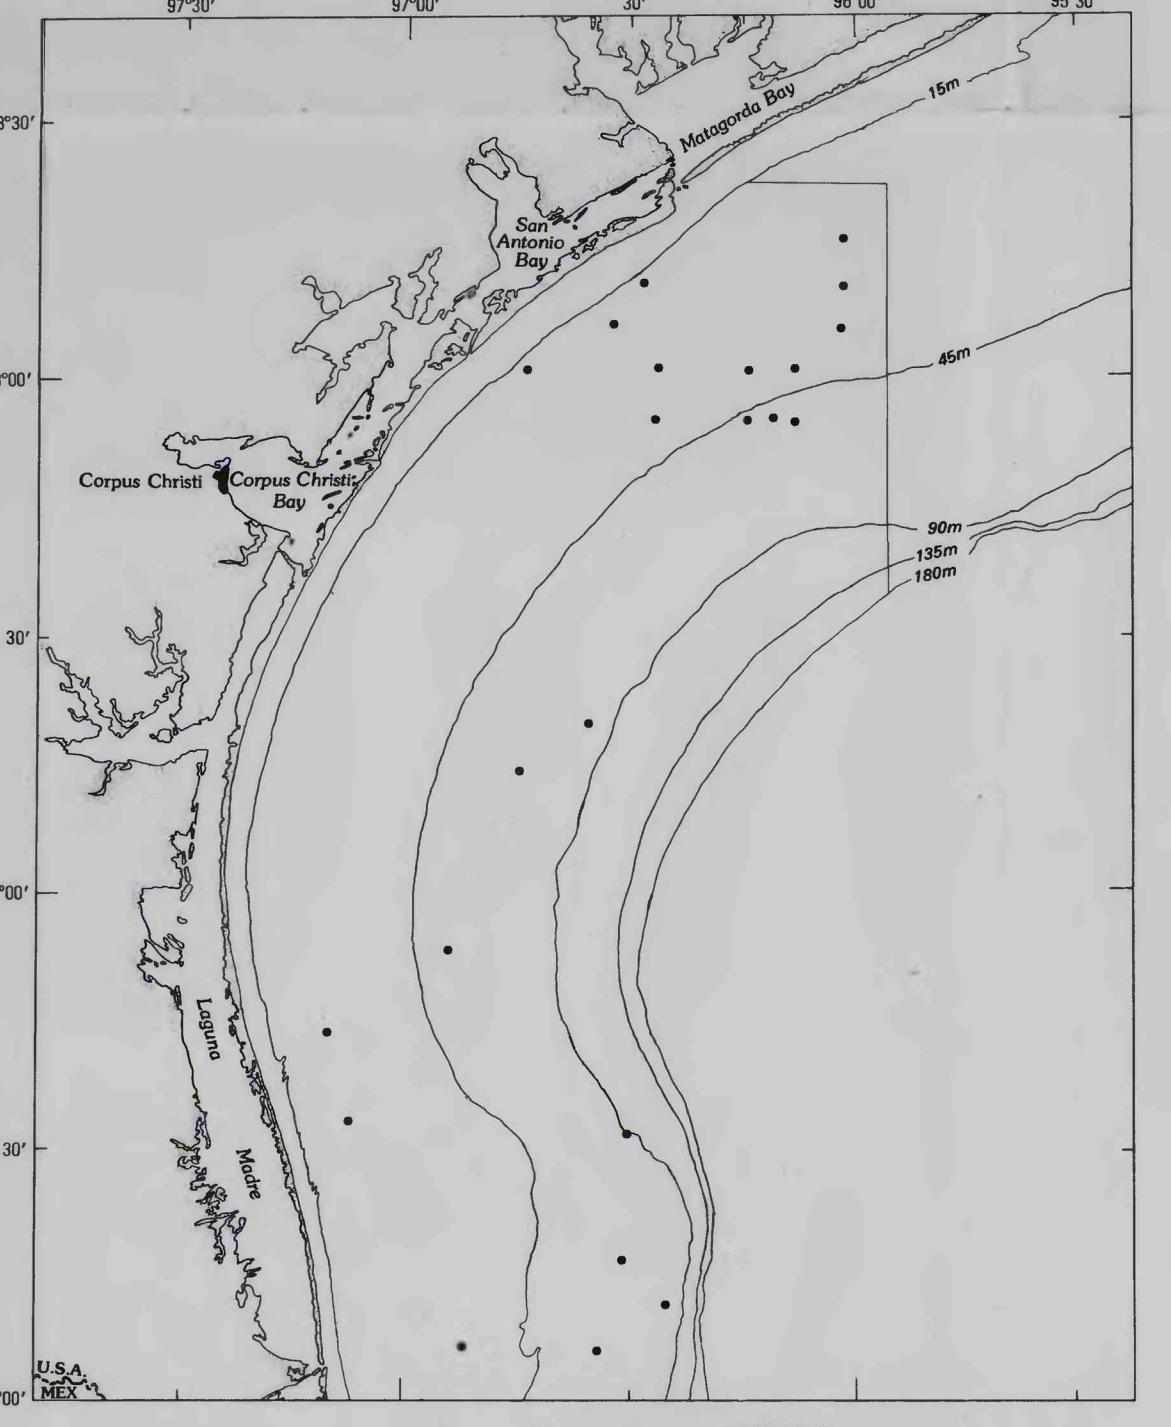

Distribution of *Ninoe nigripes*.

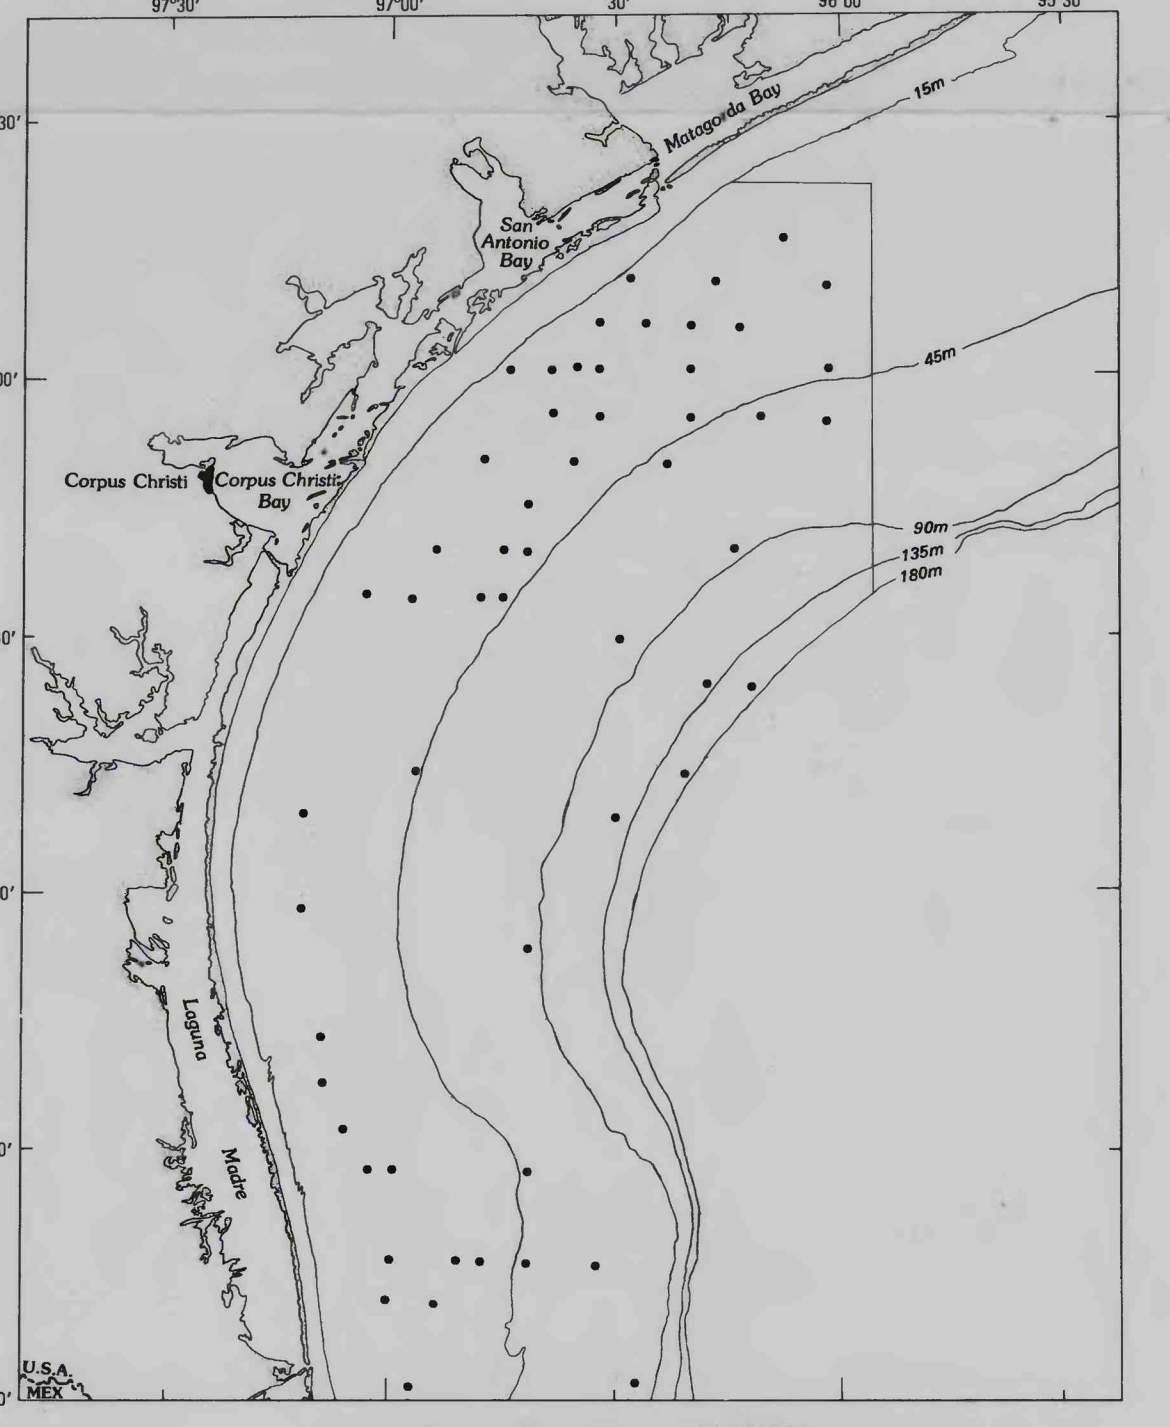

Distribution of *Onuphis* sp.

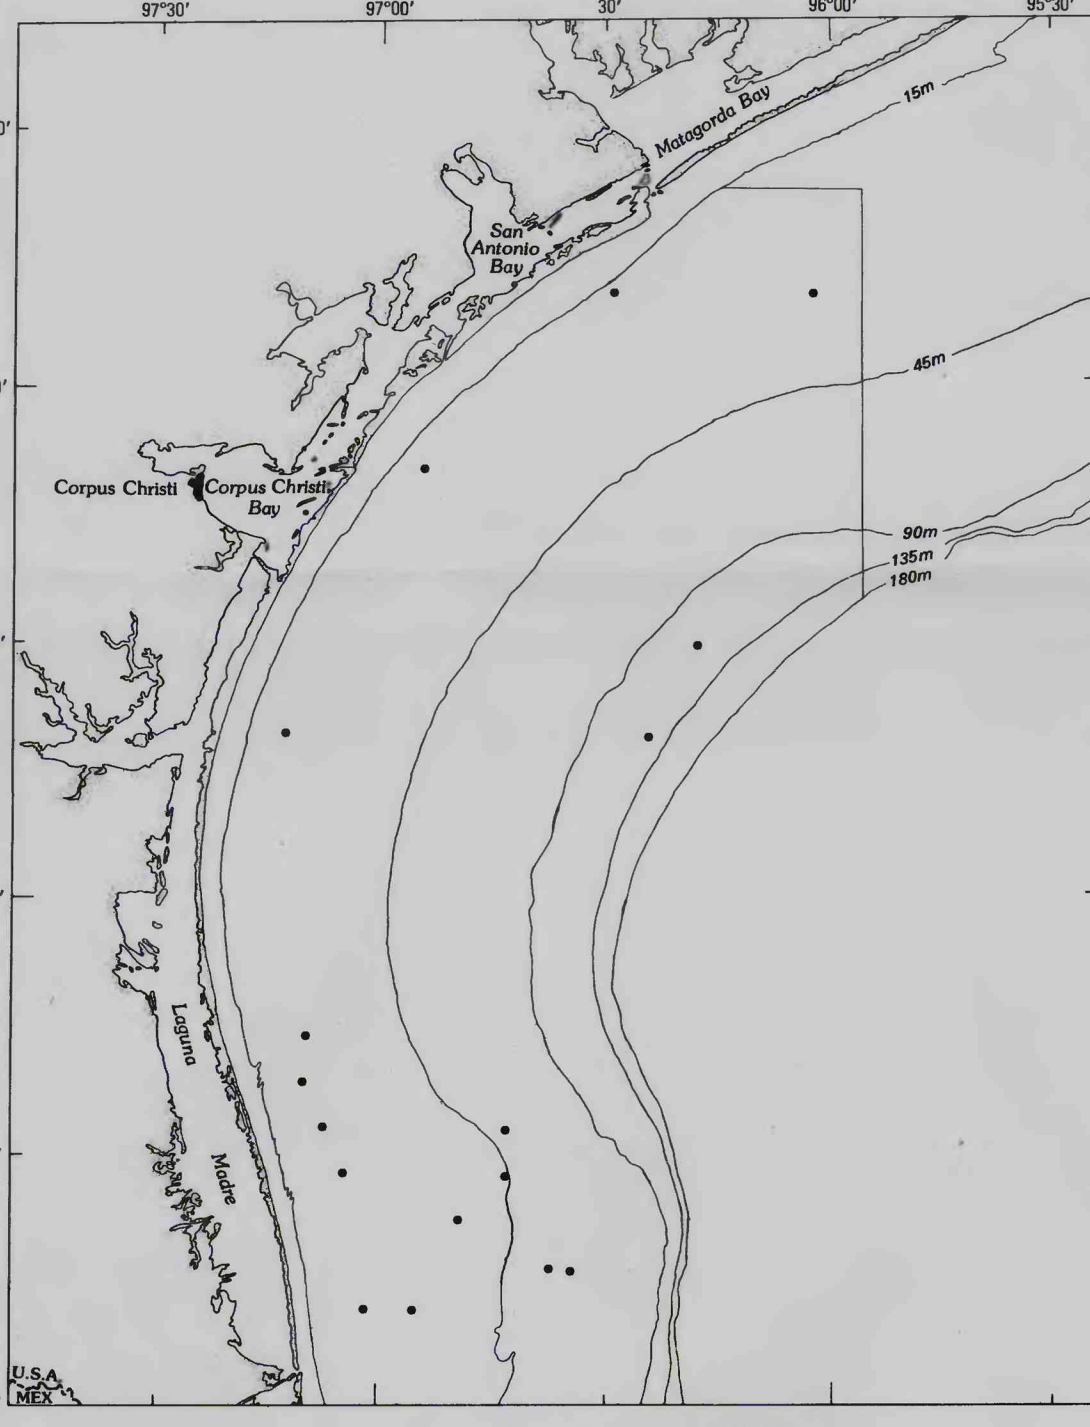

Distribution of *Speocarcinus* sp.

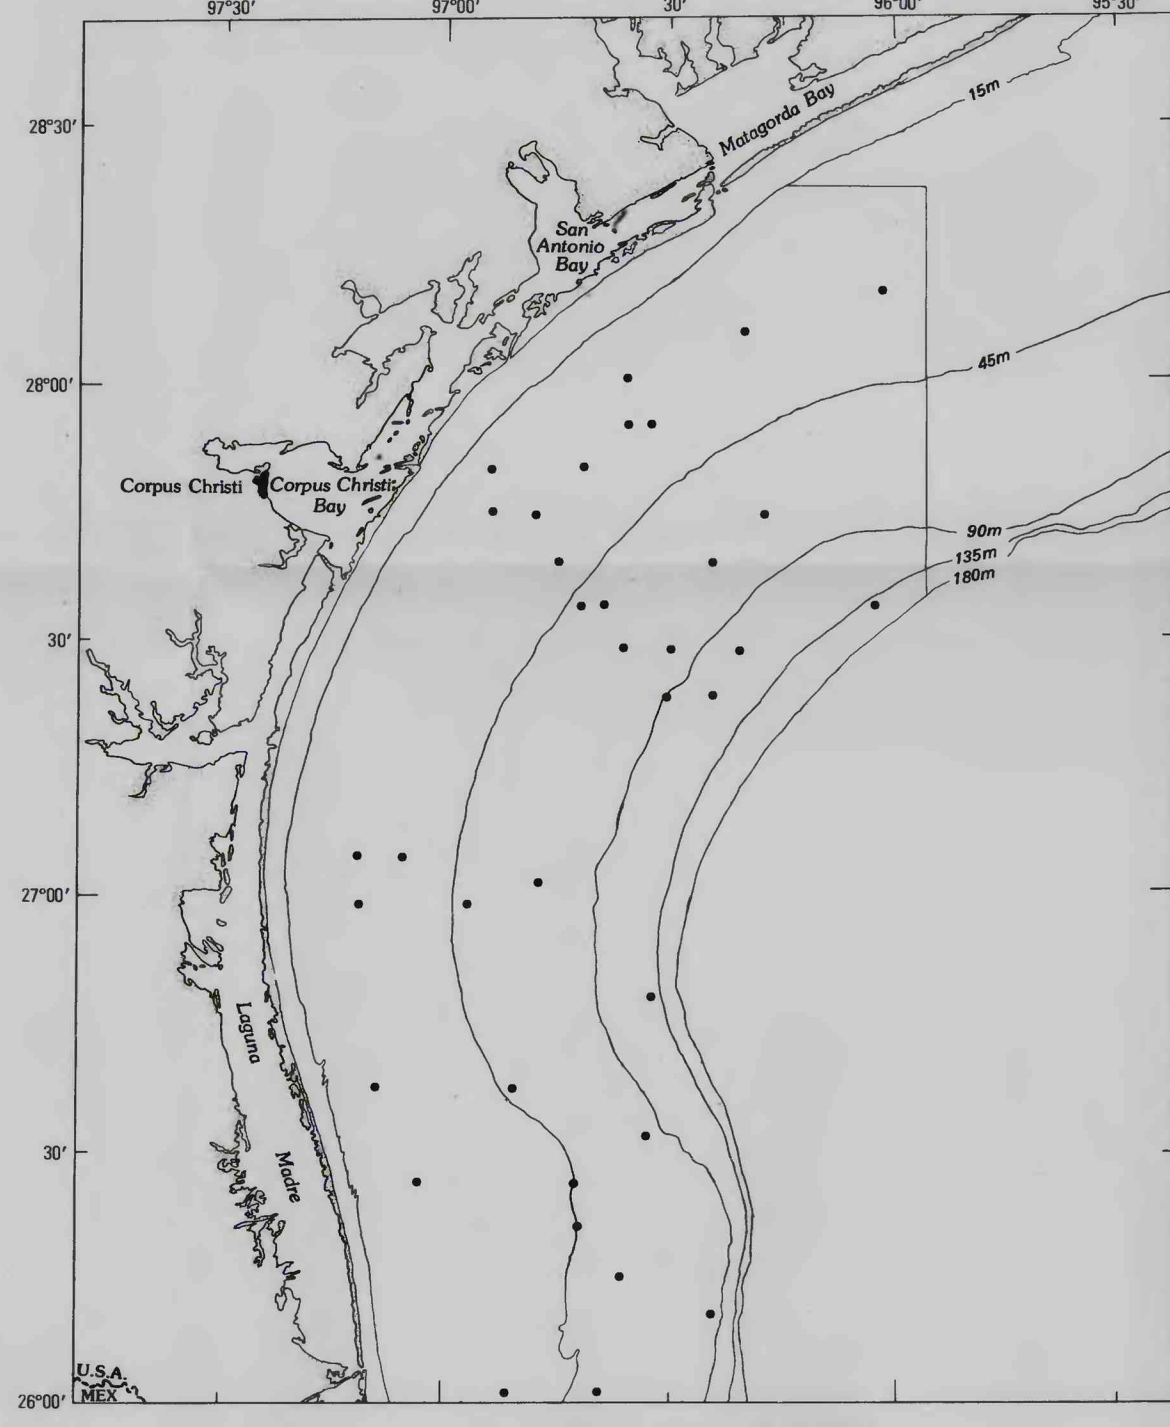

Distribution of an unidentified malacostrac.

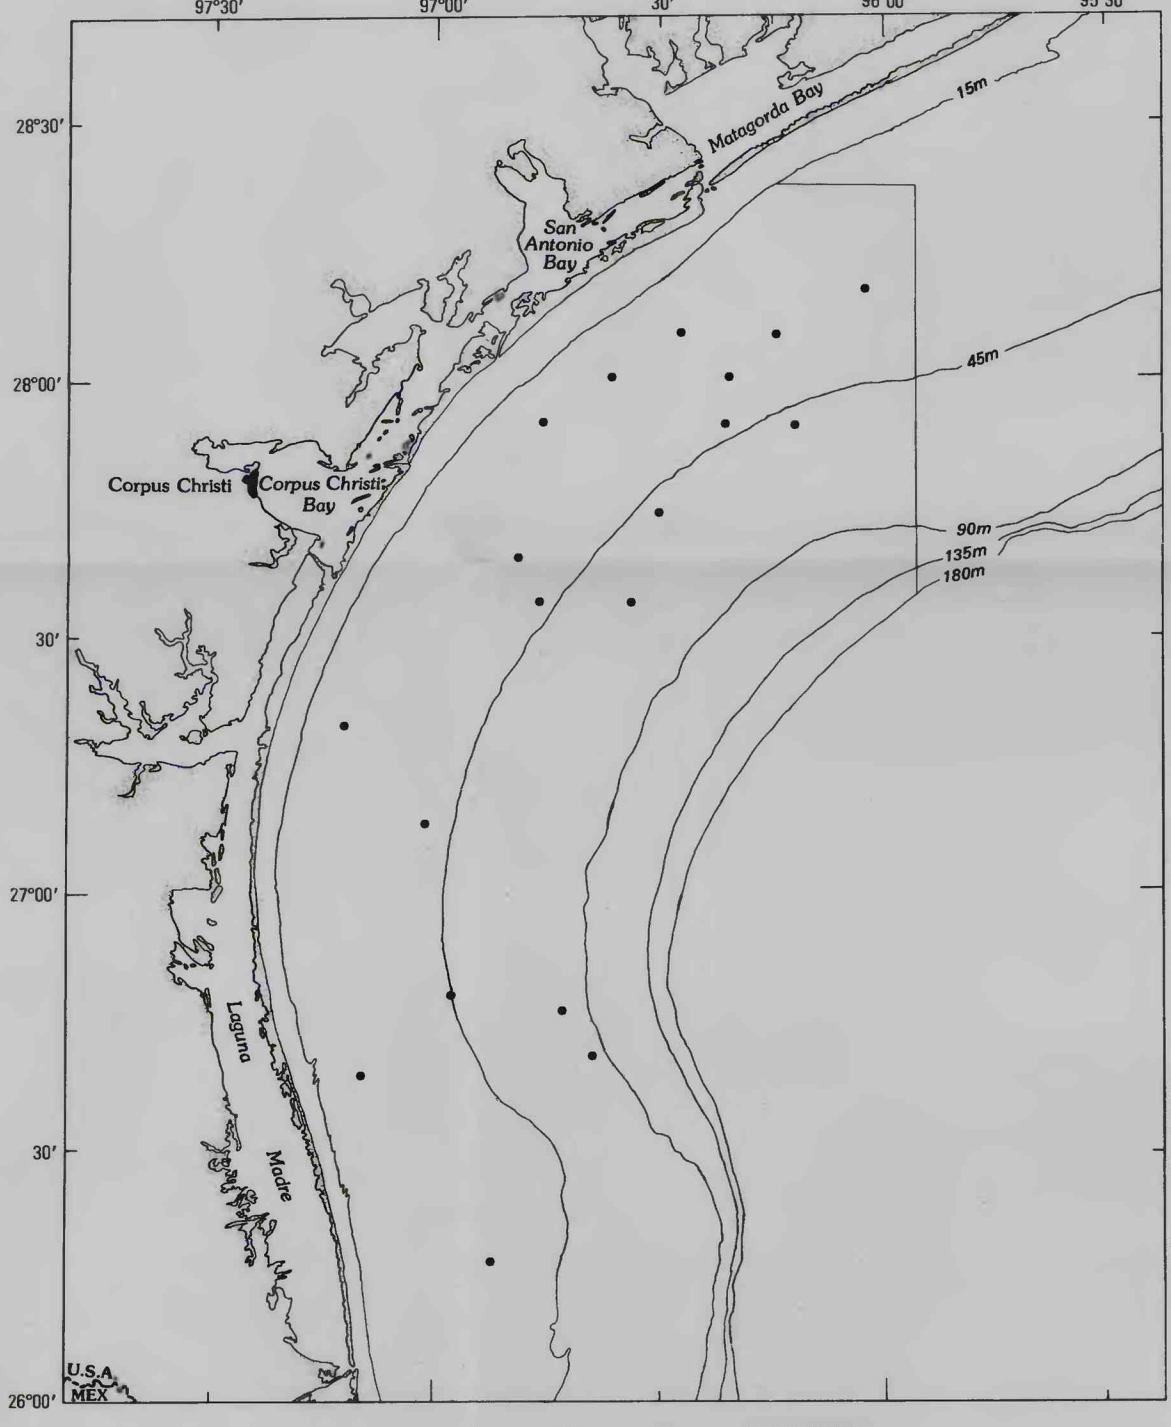

Distribution of *Ampelicea cristoides*.

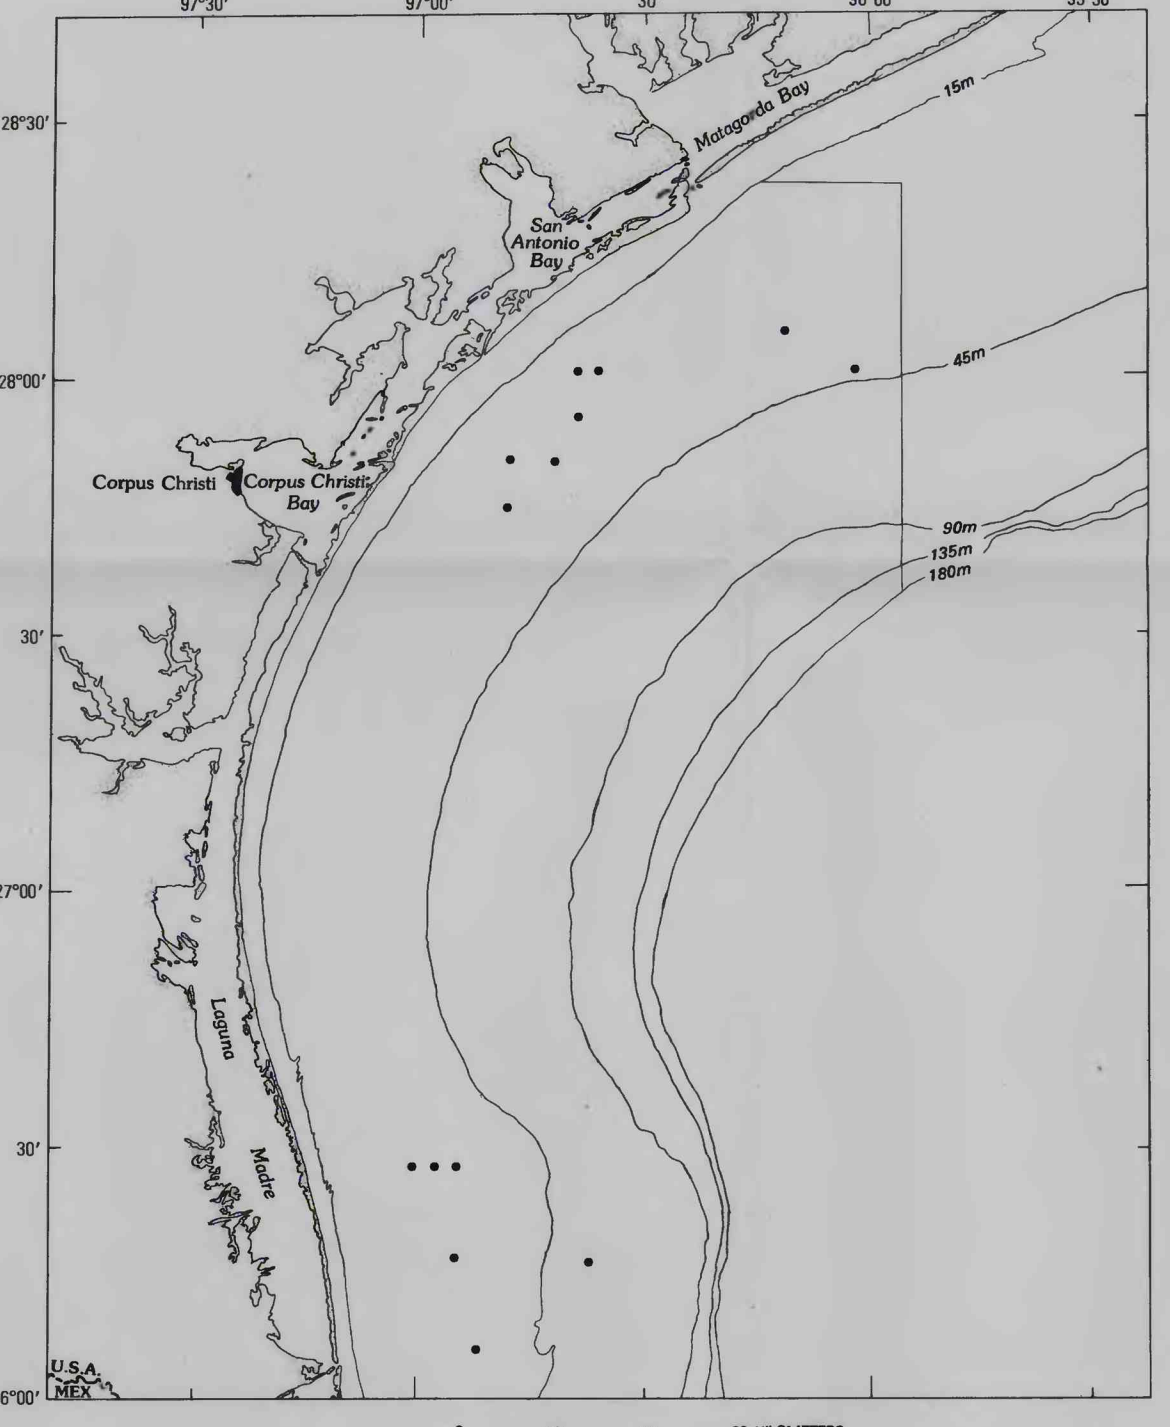

Distribution of *Nuculana concentrica*.

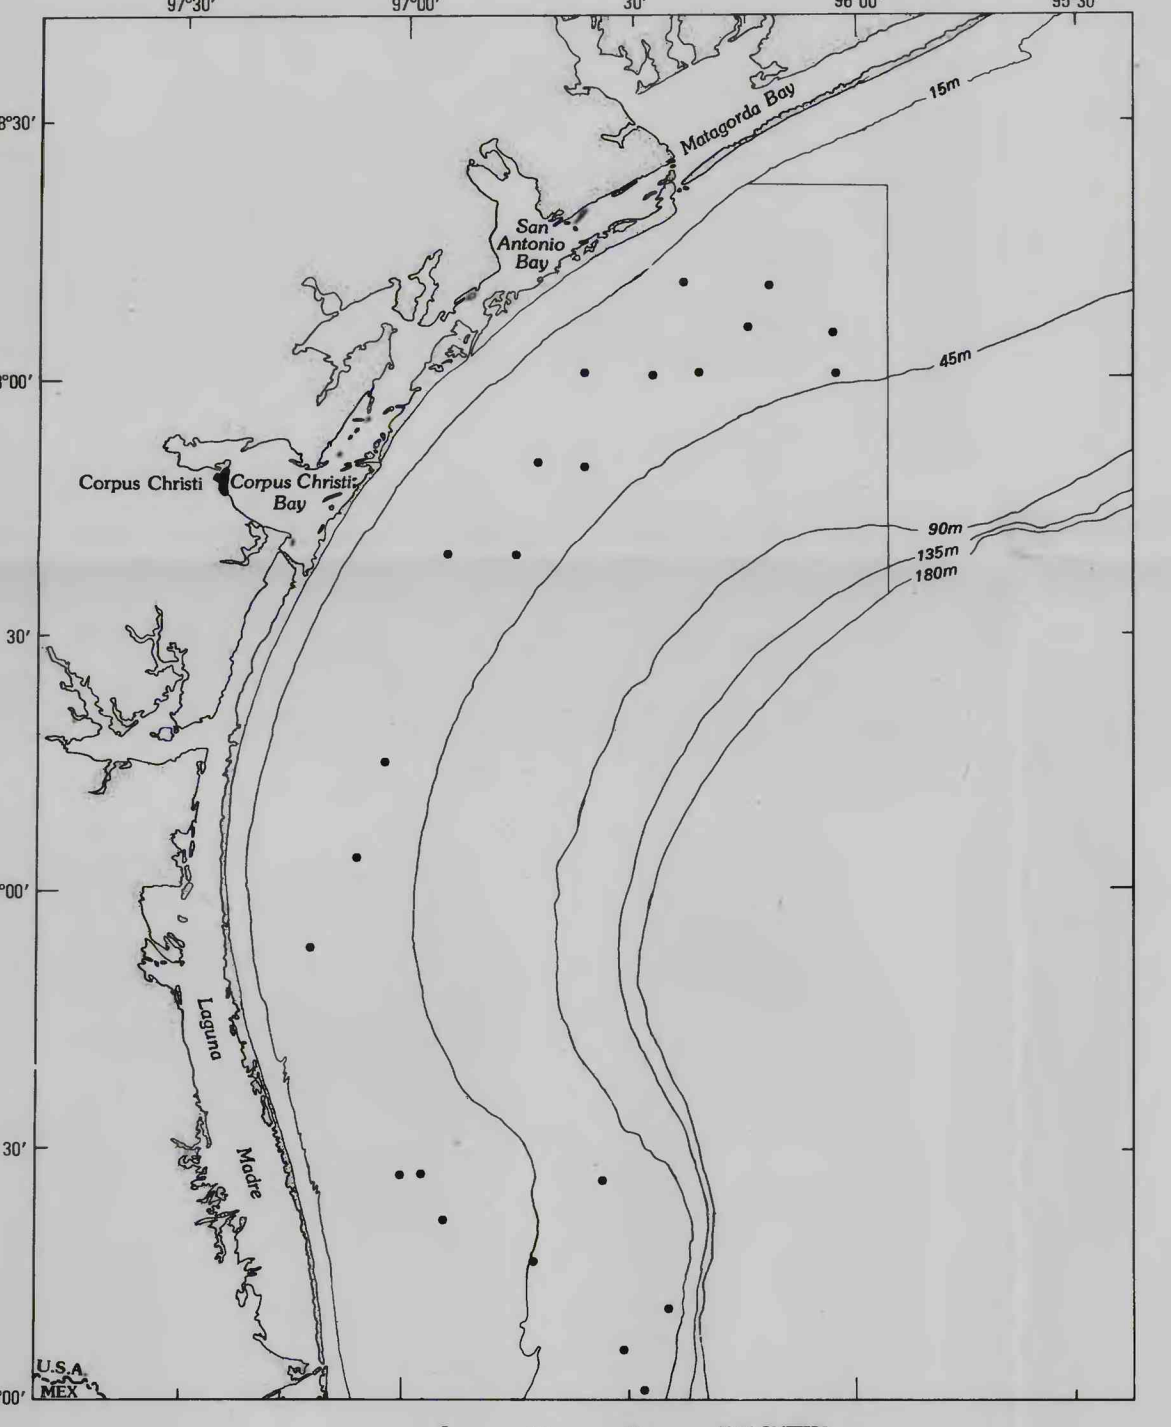

Distribution of *Sigambra tentaculata*.

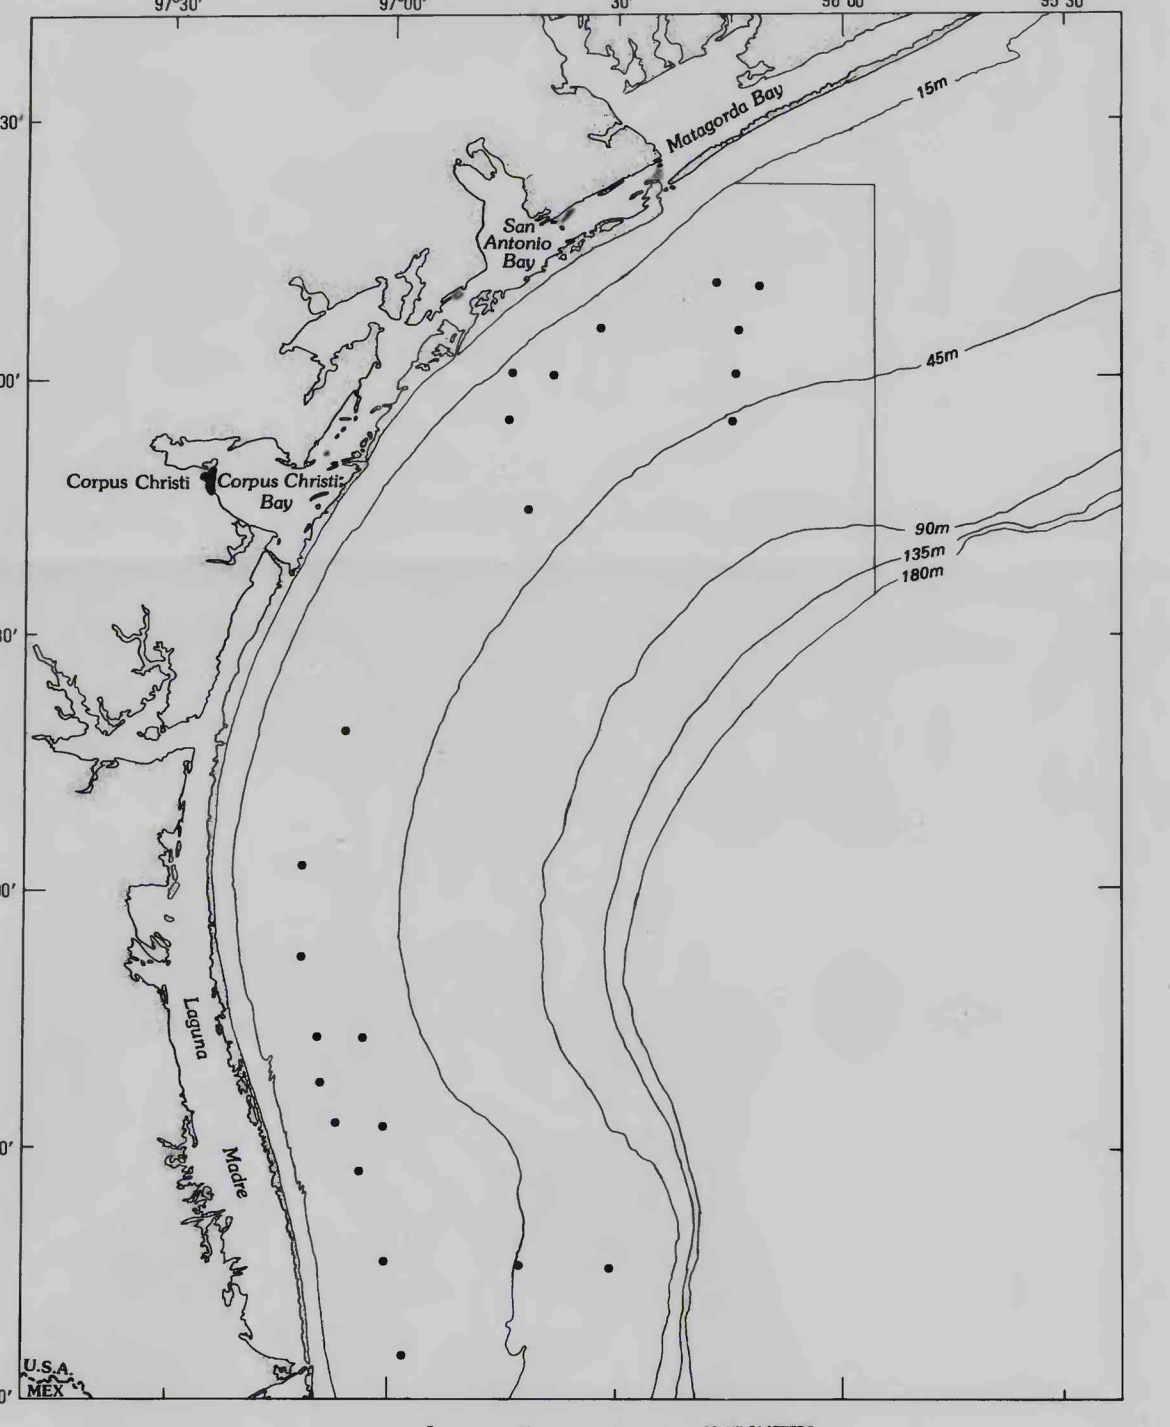

Distribution of *Armandia agilis*.

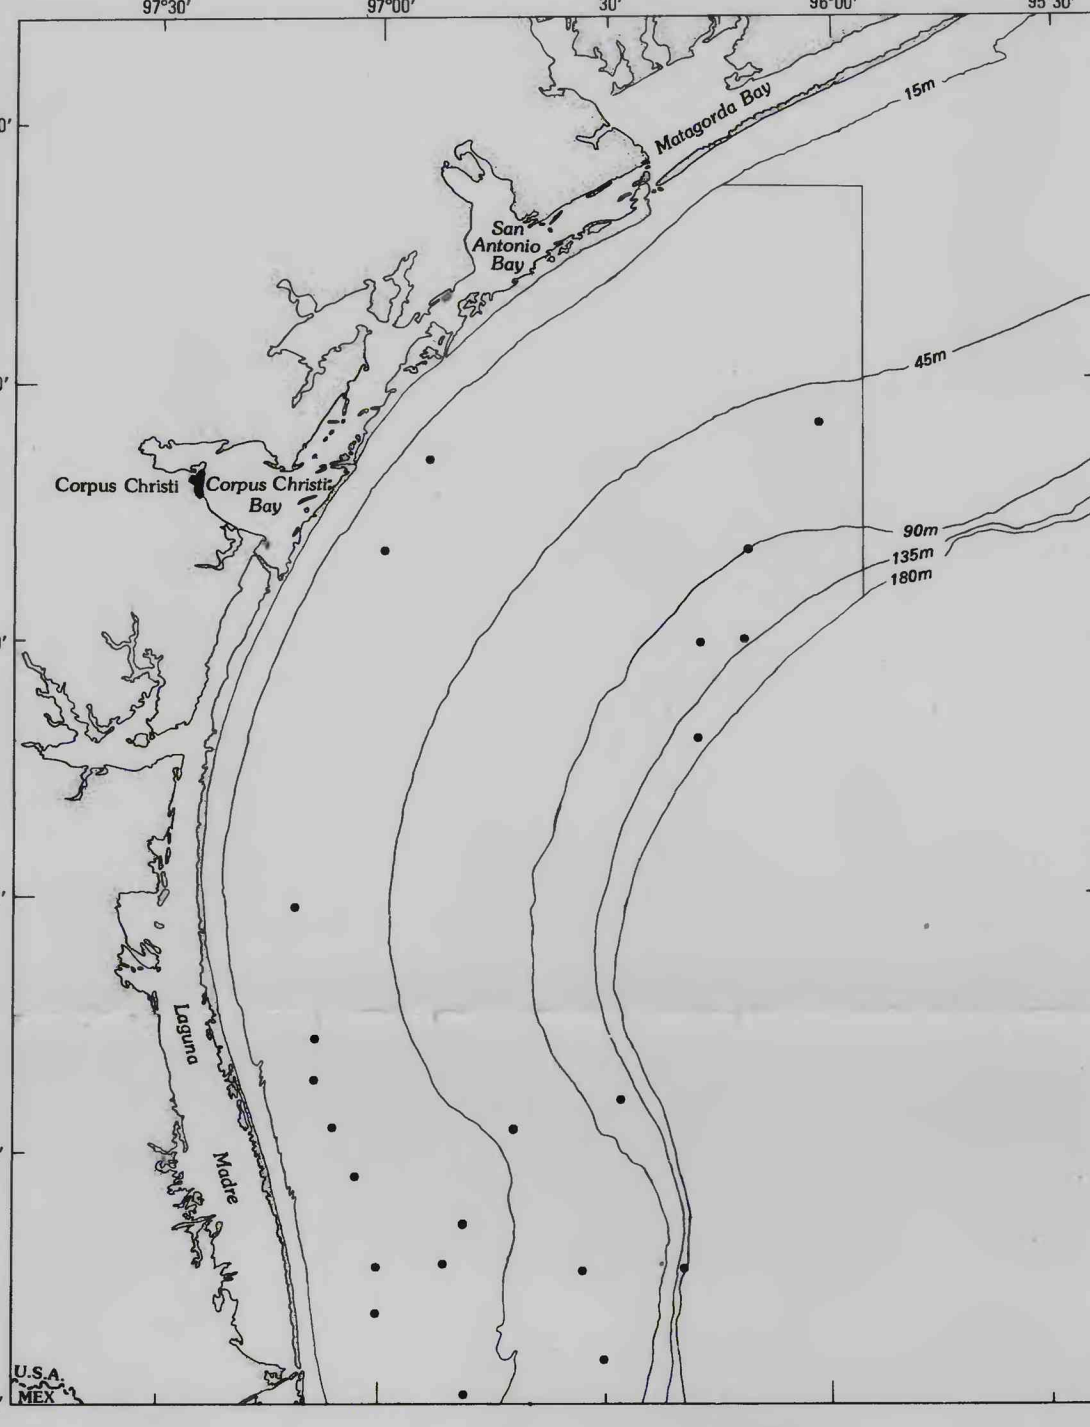

Distribution of *Ampelicea cf. cristata*.

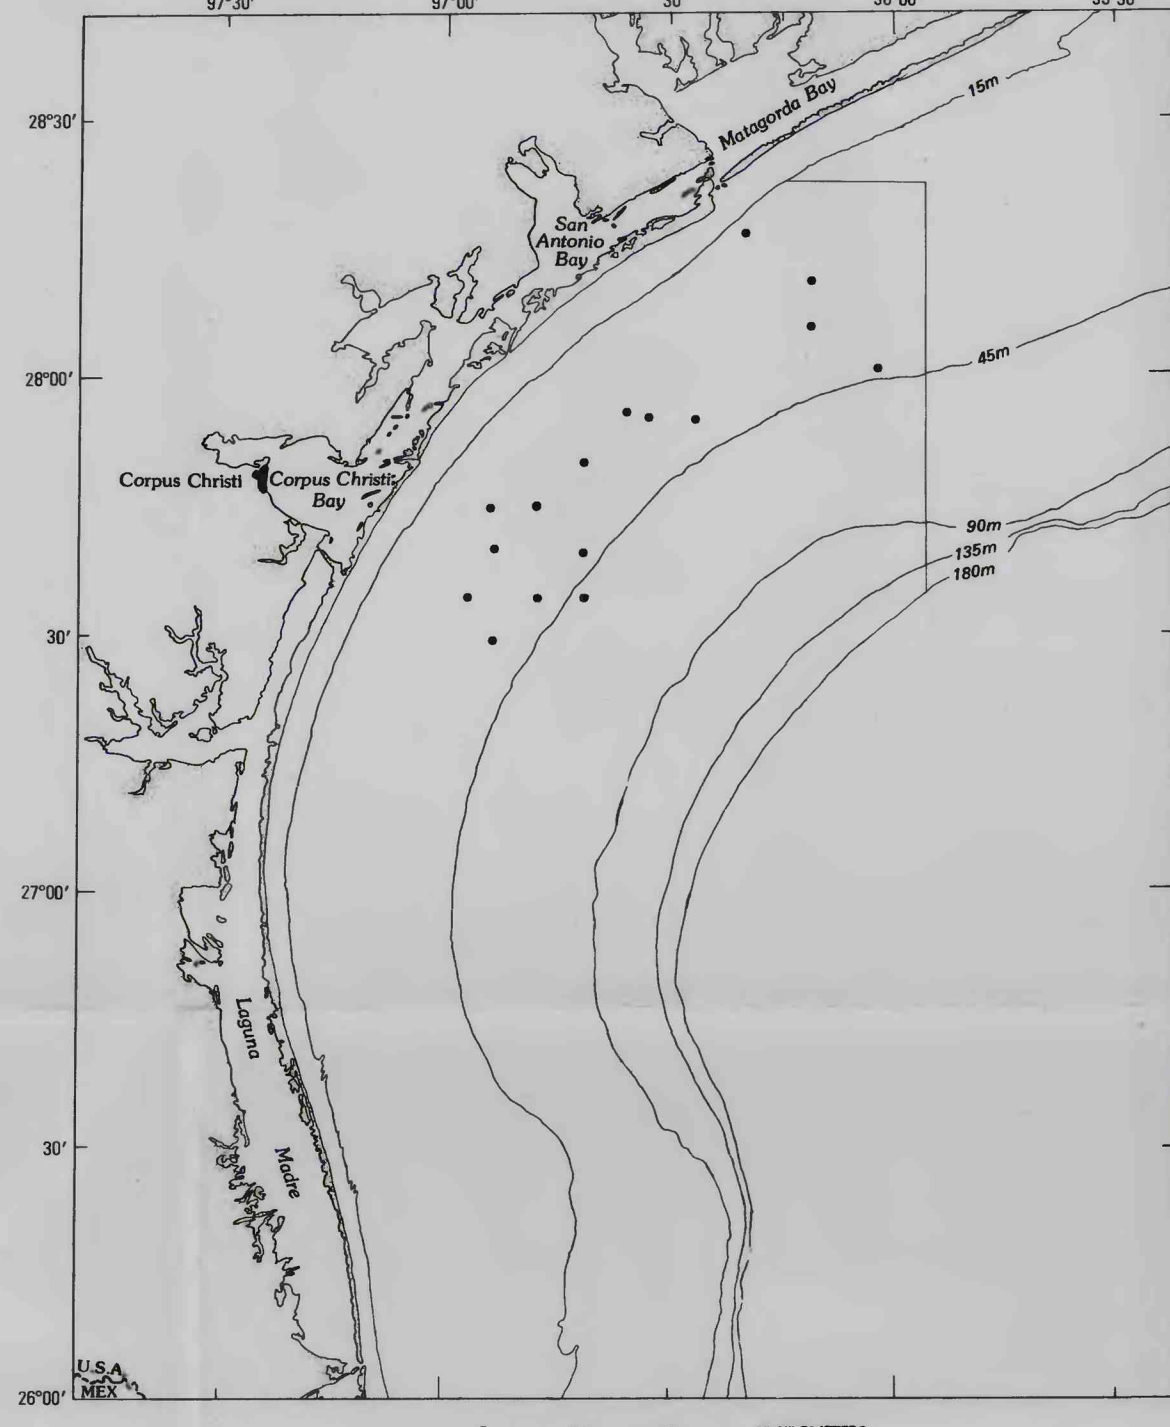

Distribution of *Nitomastus latericus*.

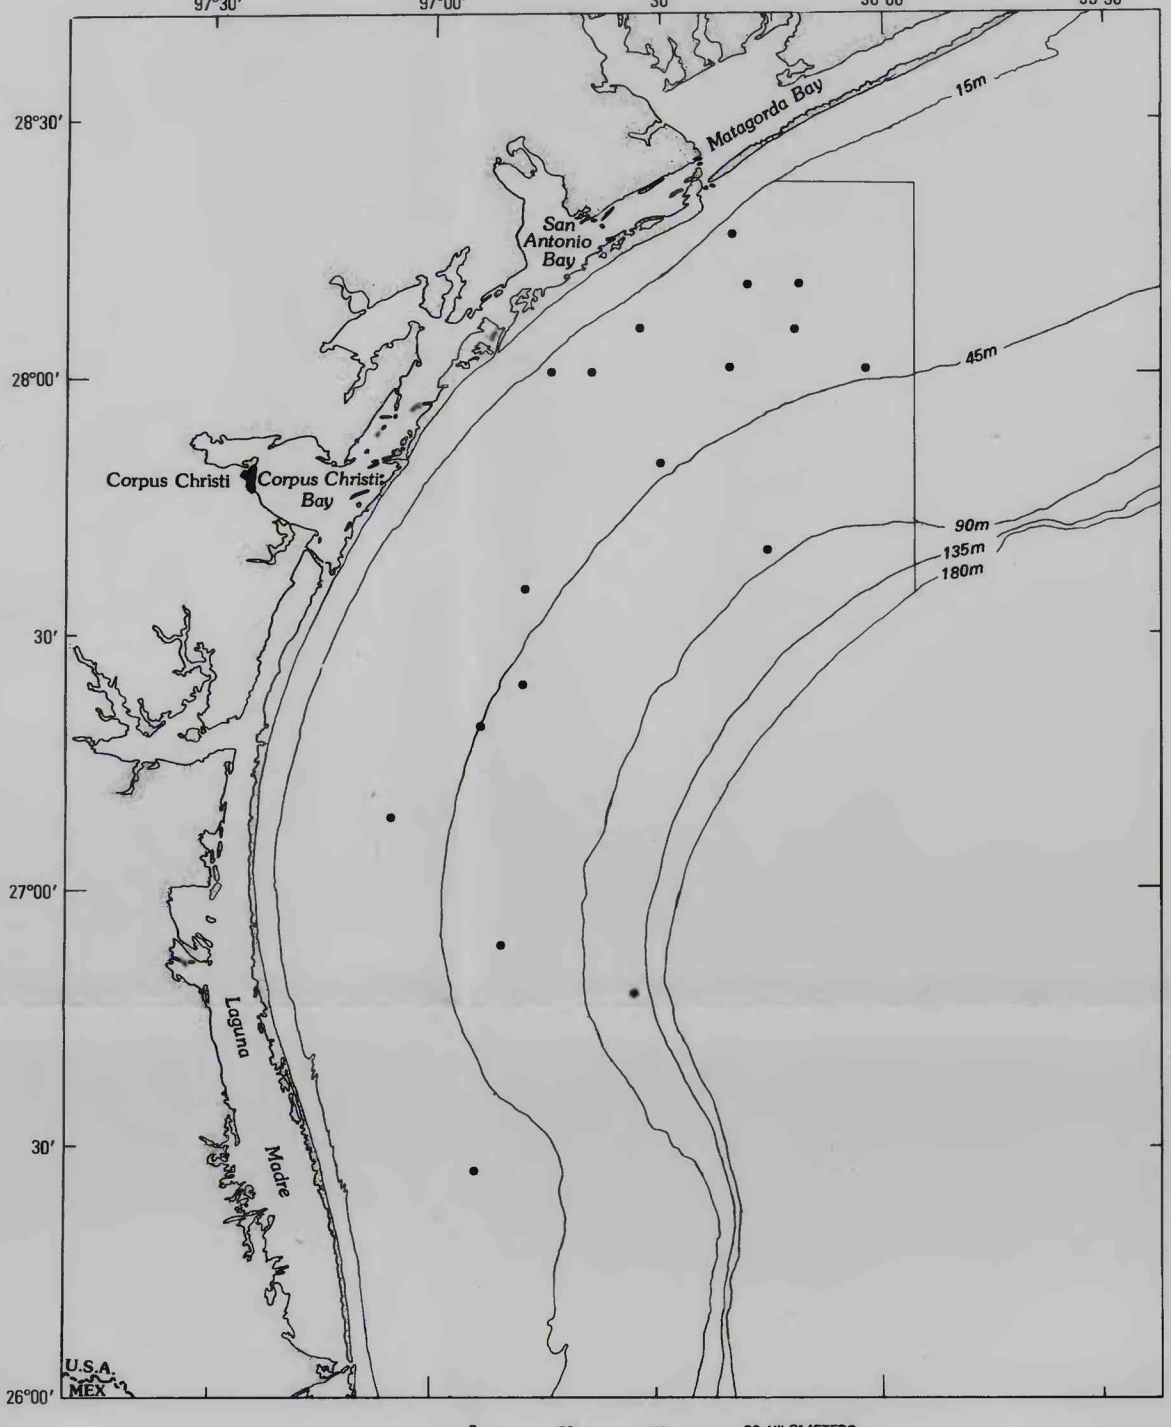

Distribution of *Diopatra cuprea*.

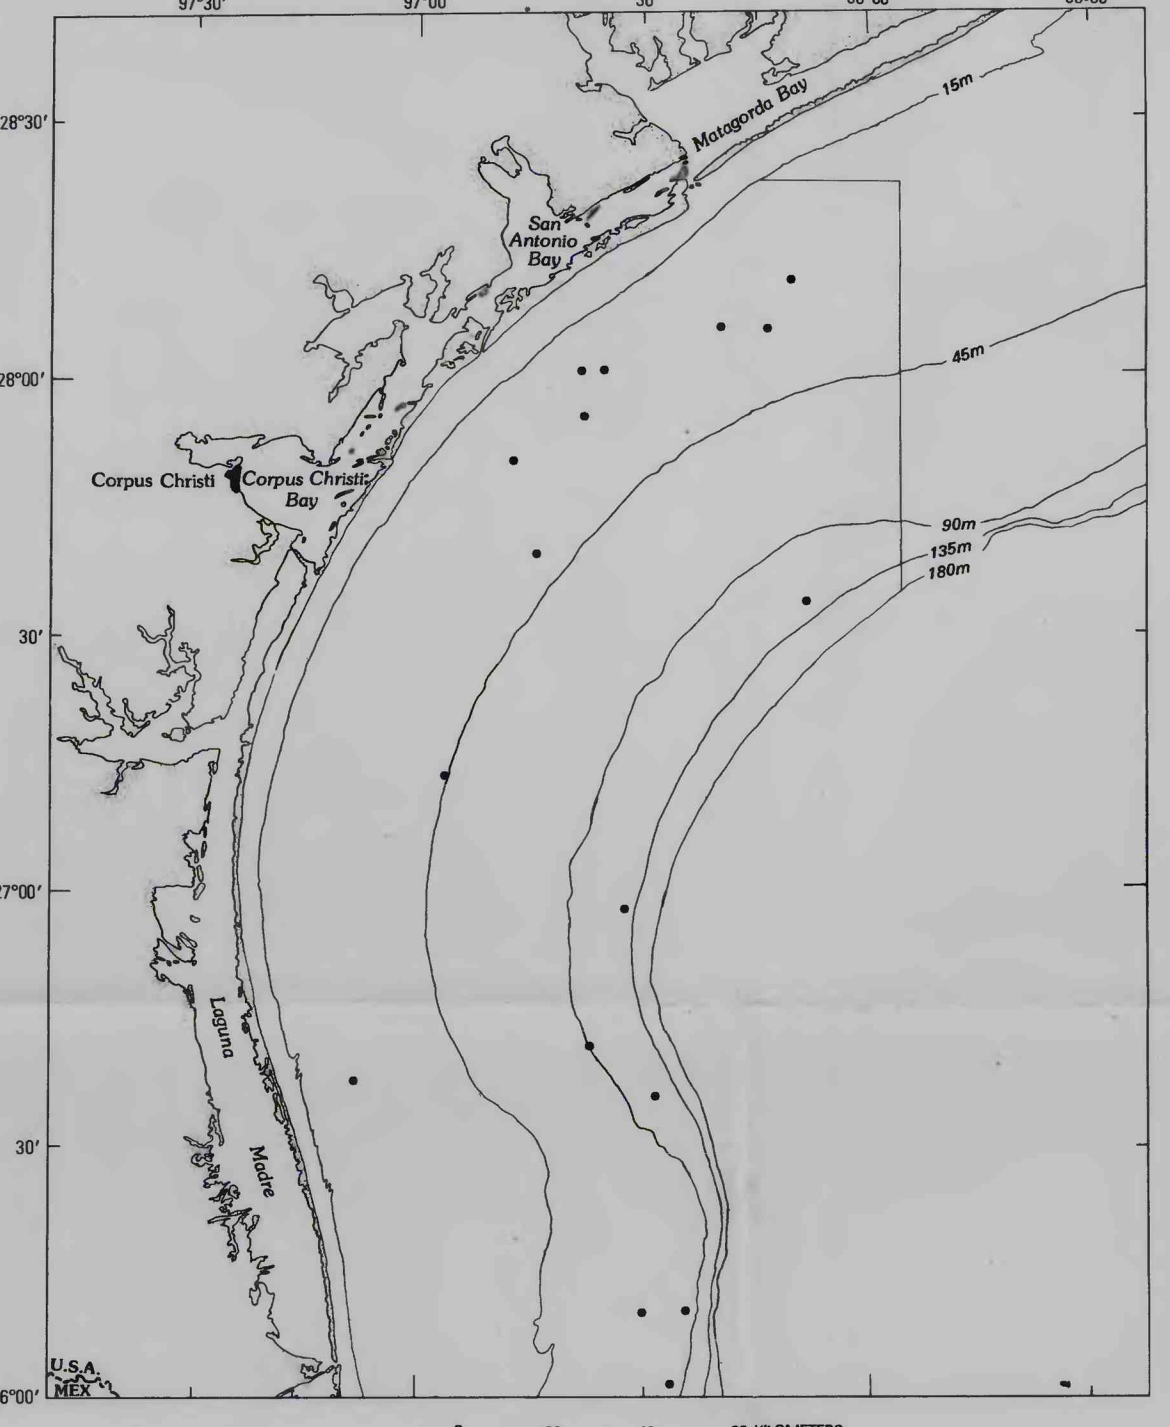

Distribution of *Nuculana acuta*.

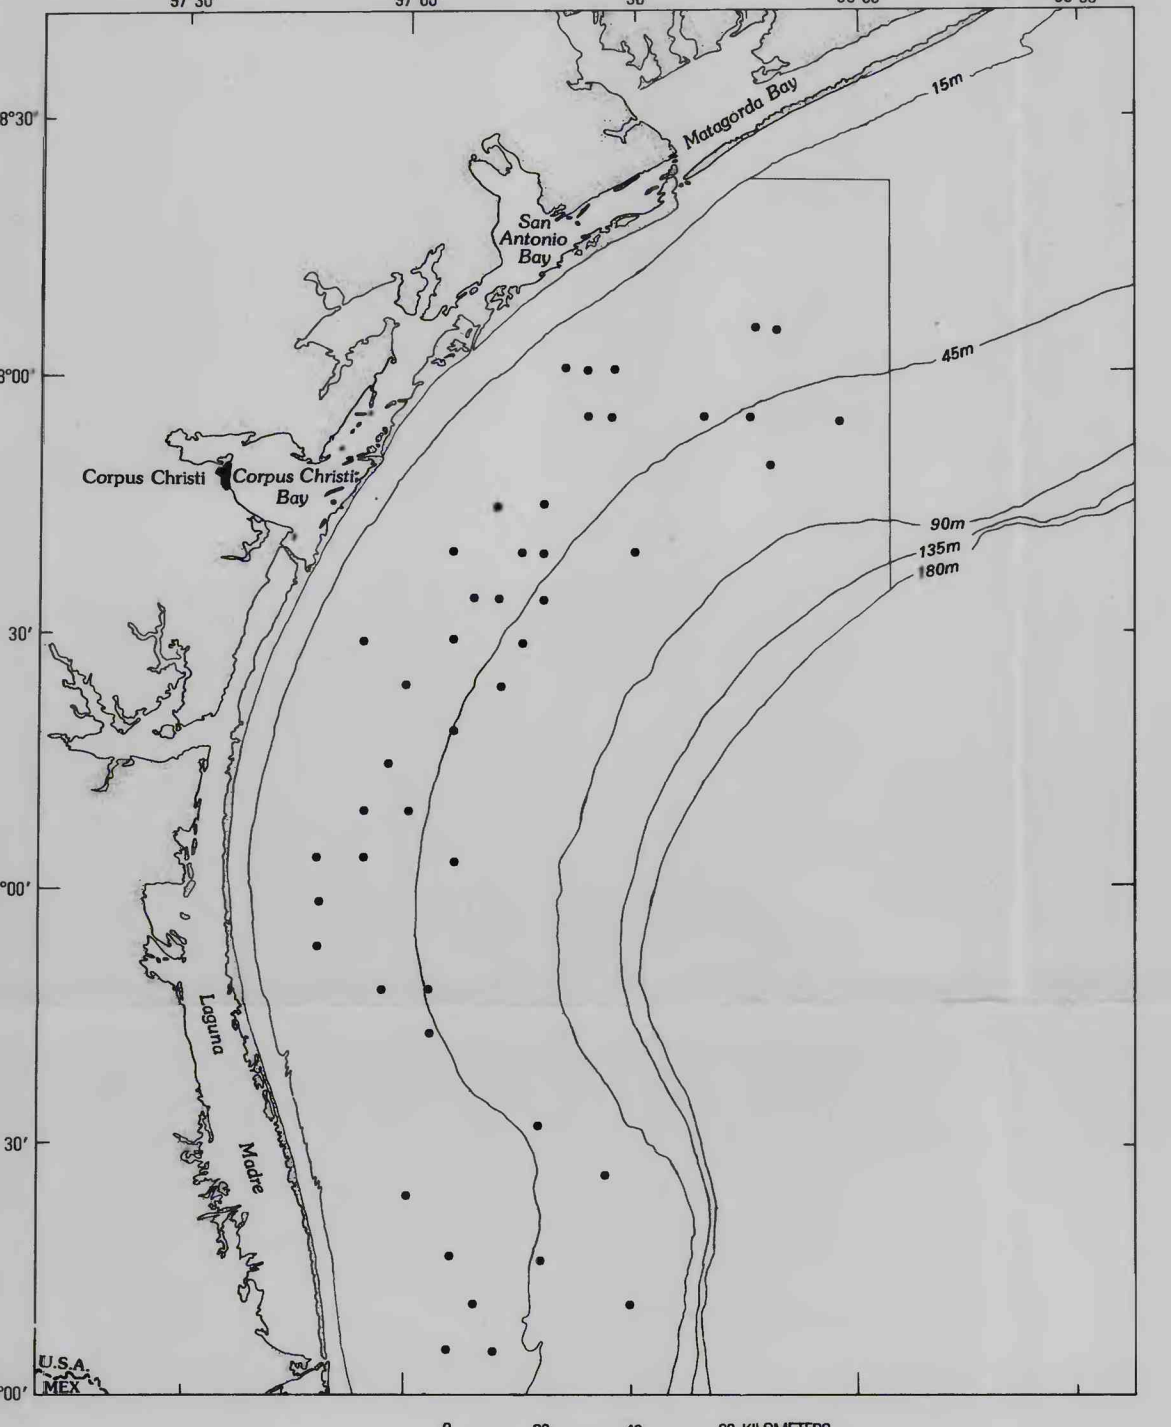

Distribution of *Armandia maculata*.

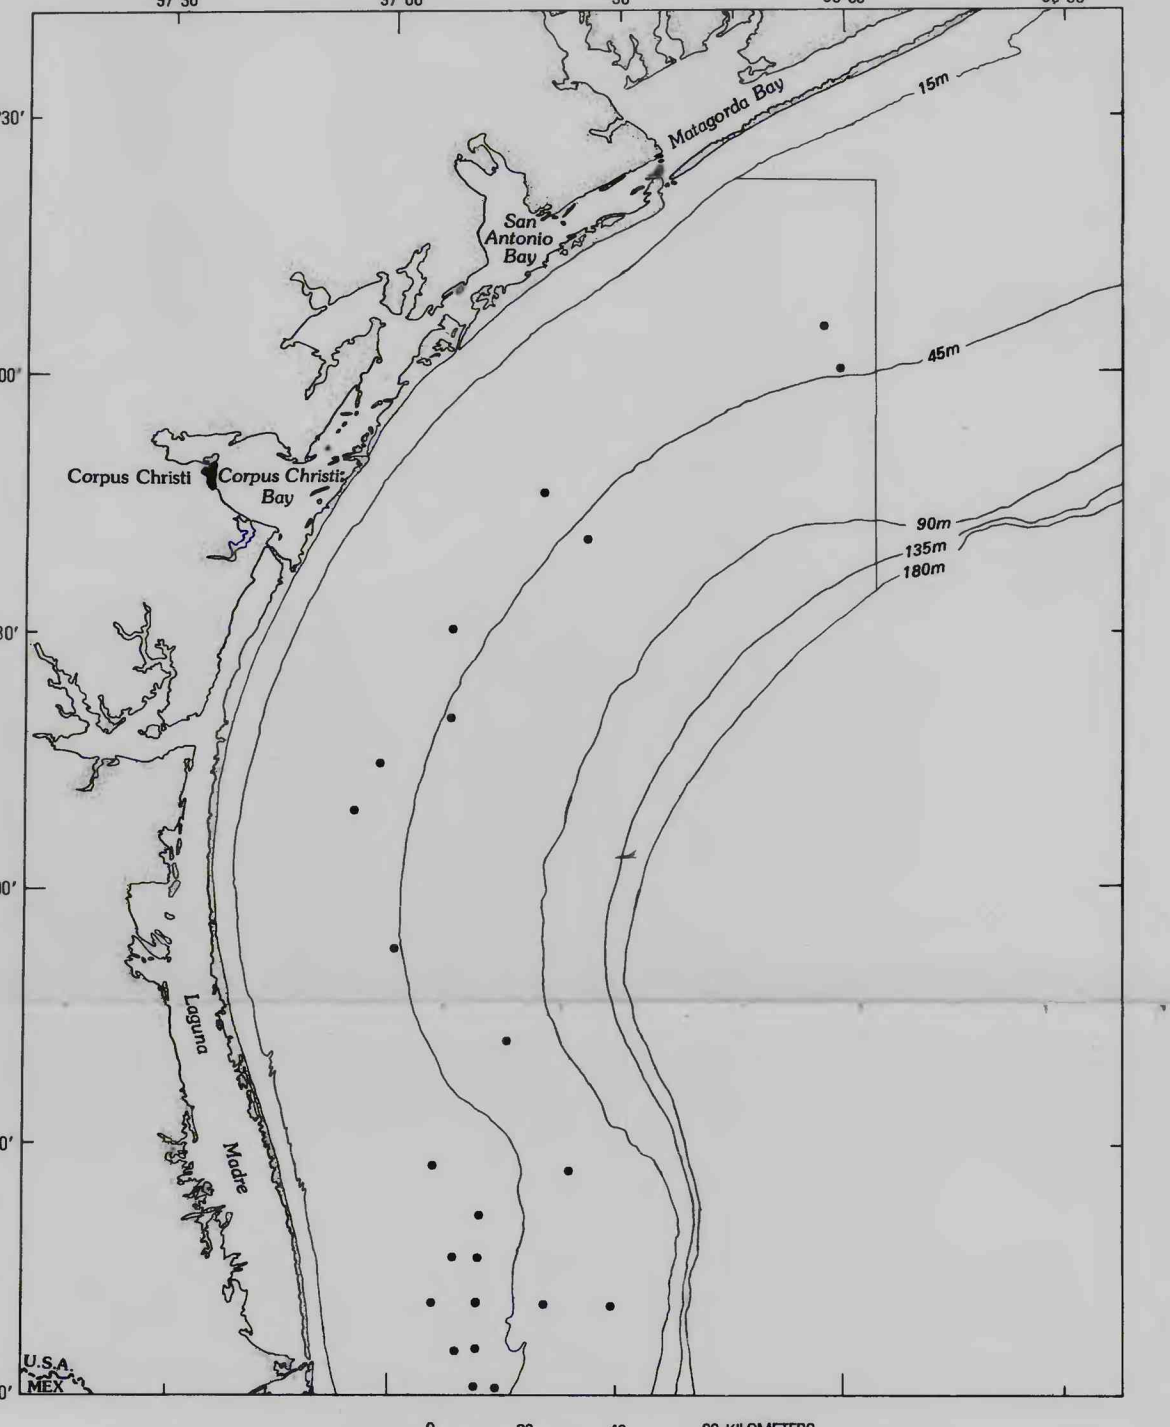

Distribution of unidentified sipunculid.

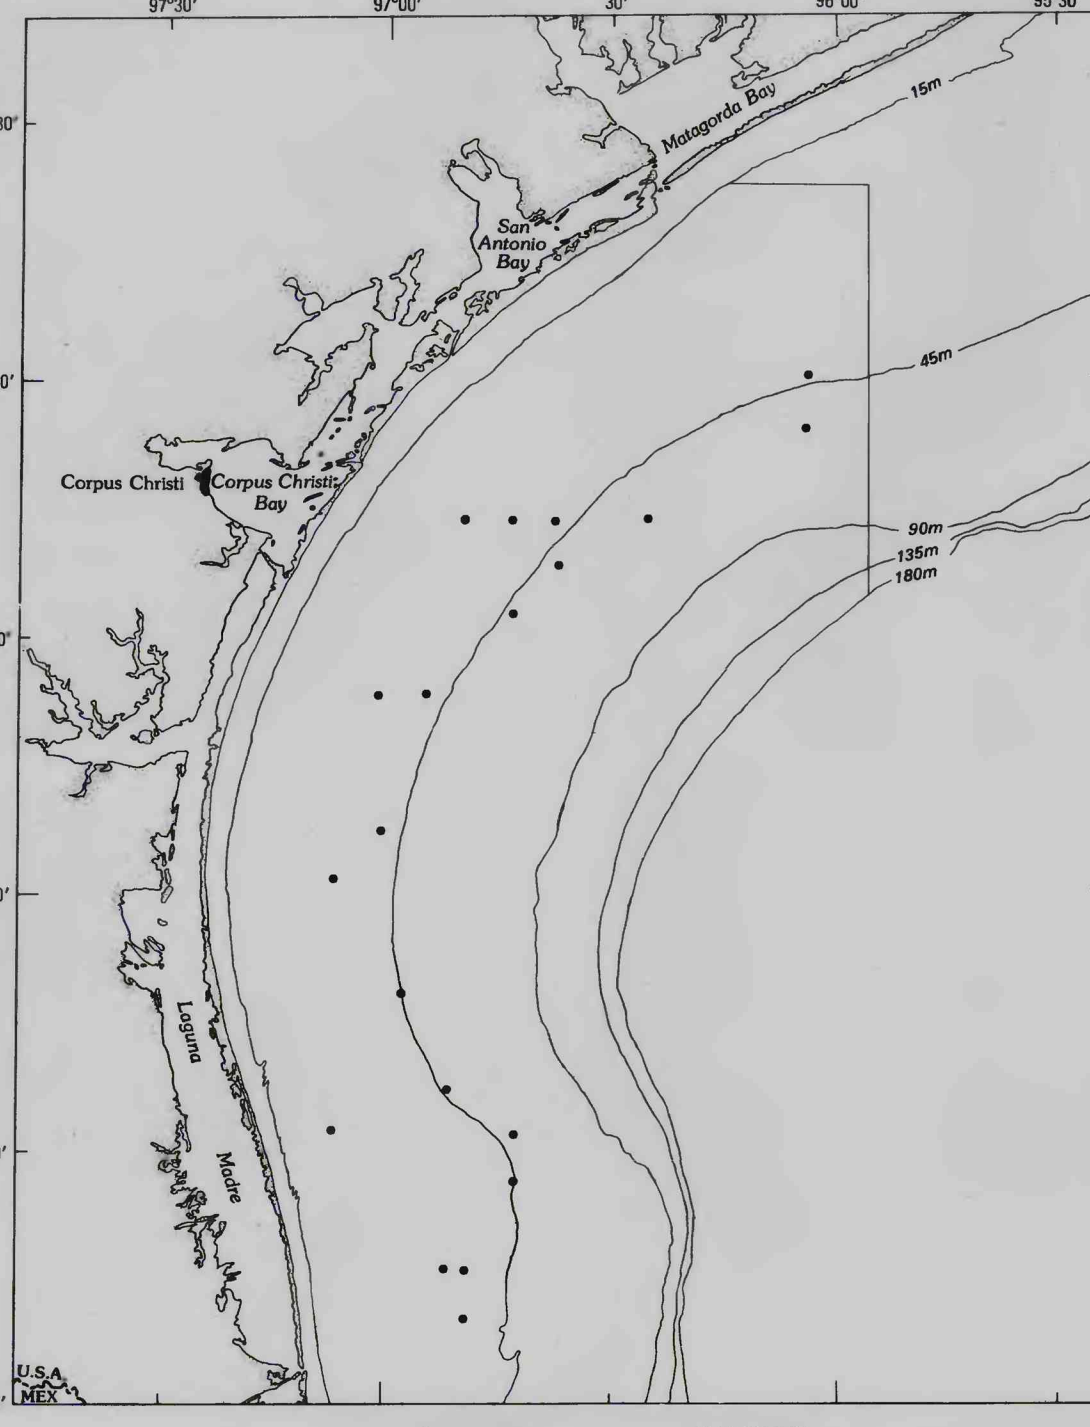

Distribution of *Sthenelais* sp.

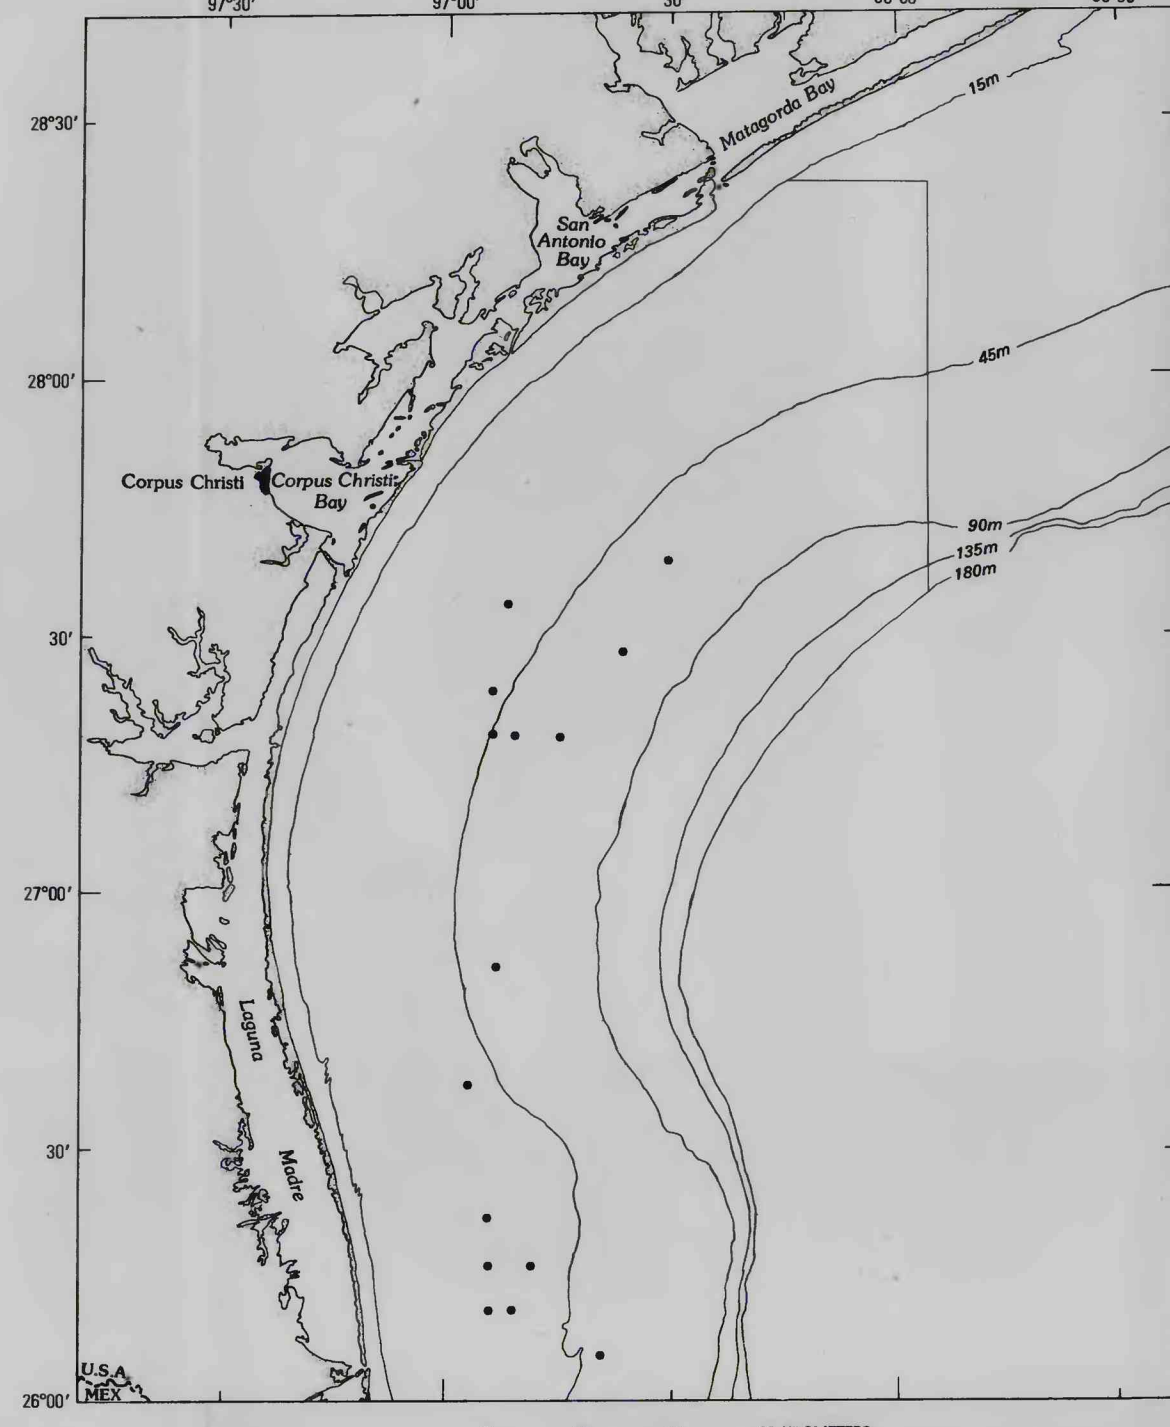

Distribution of *Eudorella monodon*.

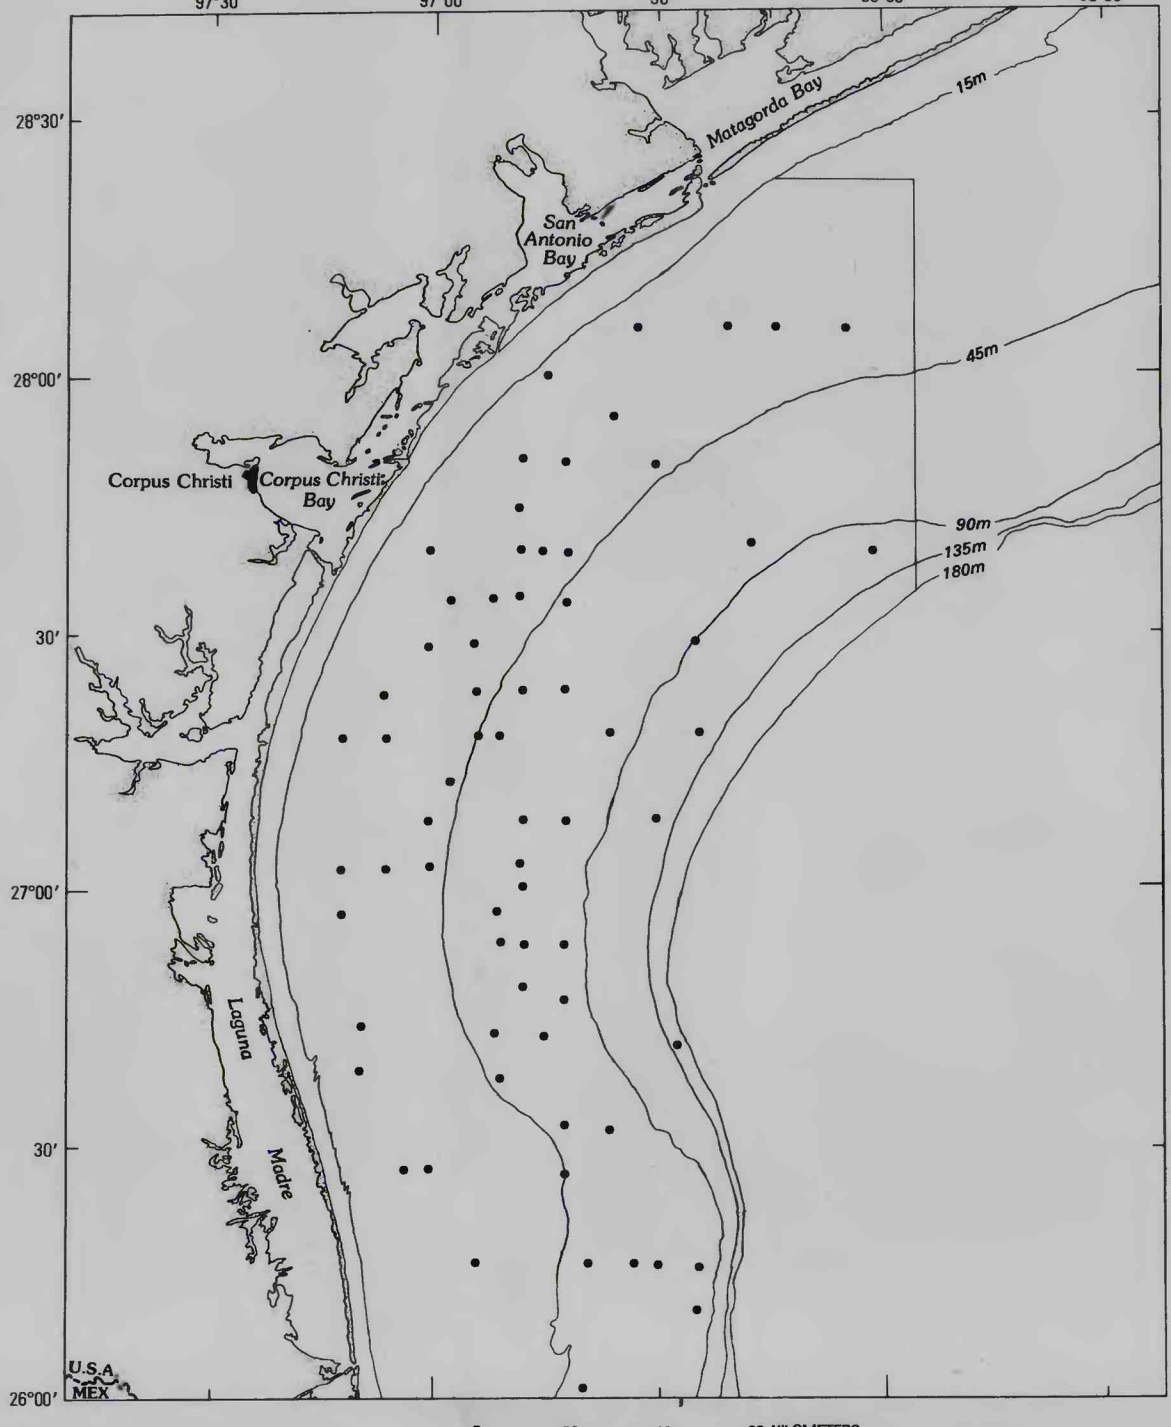

Distribution of *Pinna retifera*.

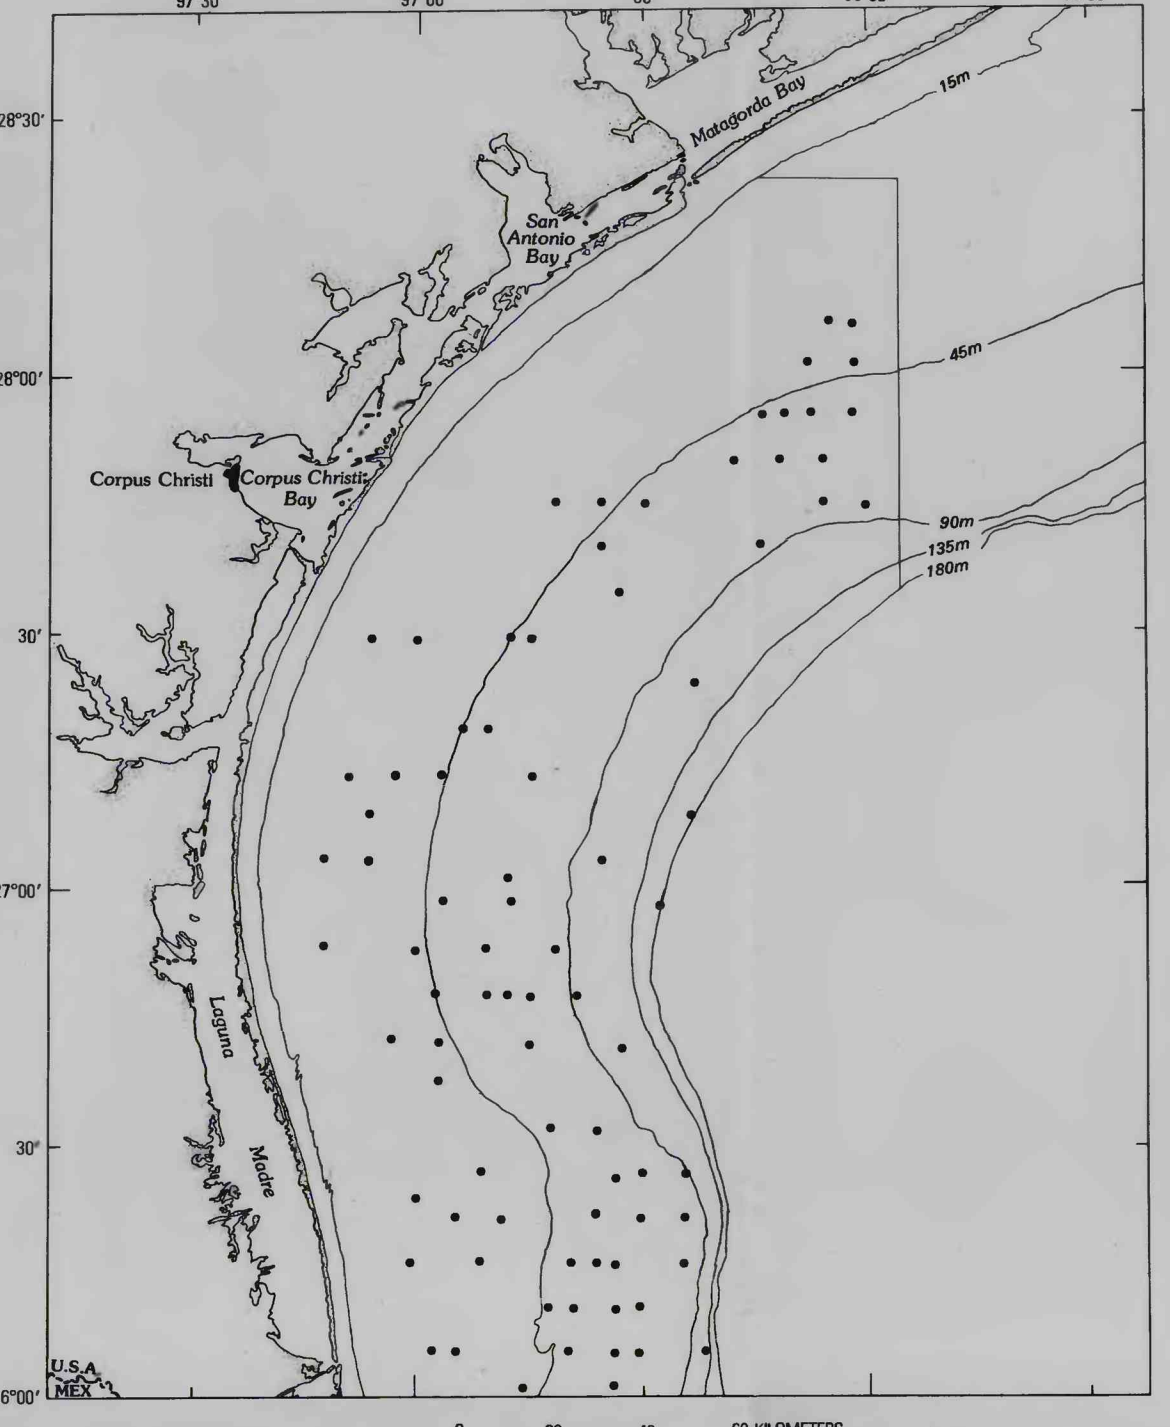

Distribution of *Leptognathia gracilis*.

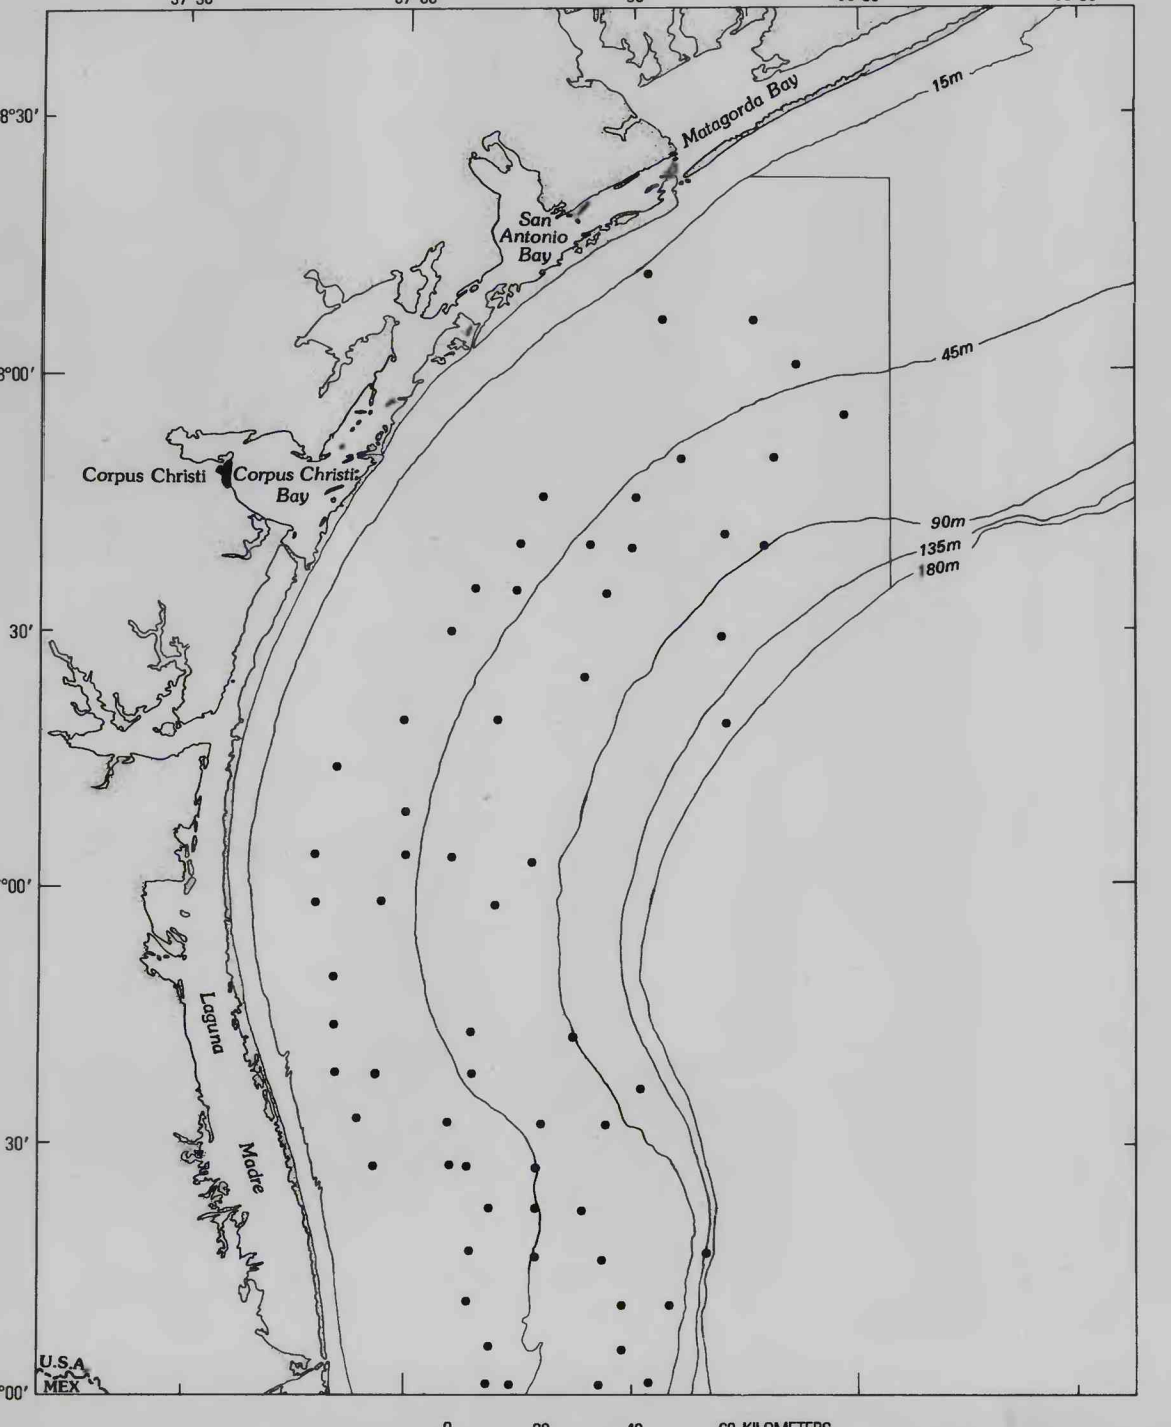

Distribution of an unidentified gastropod.

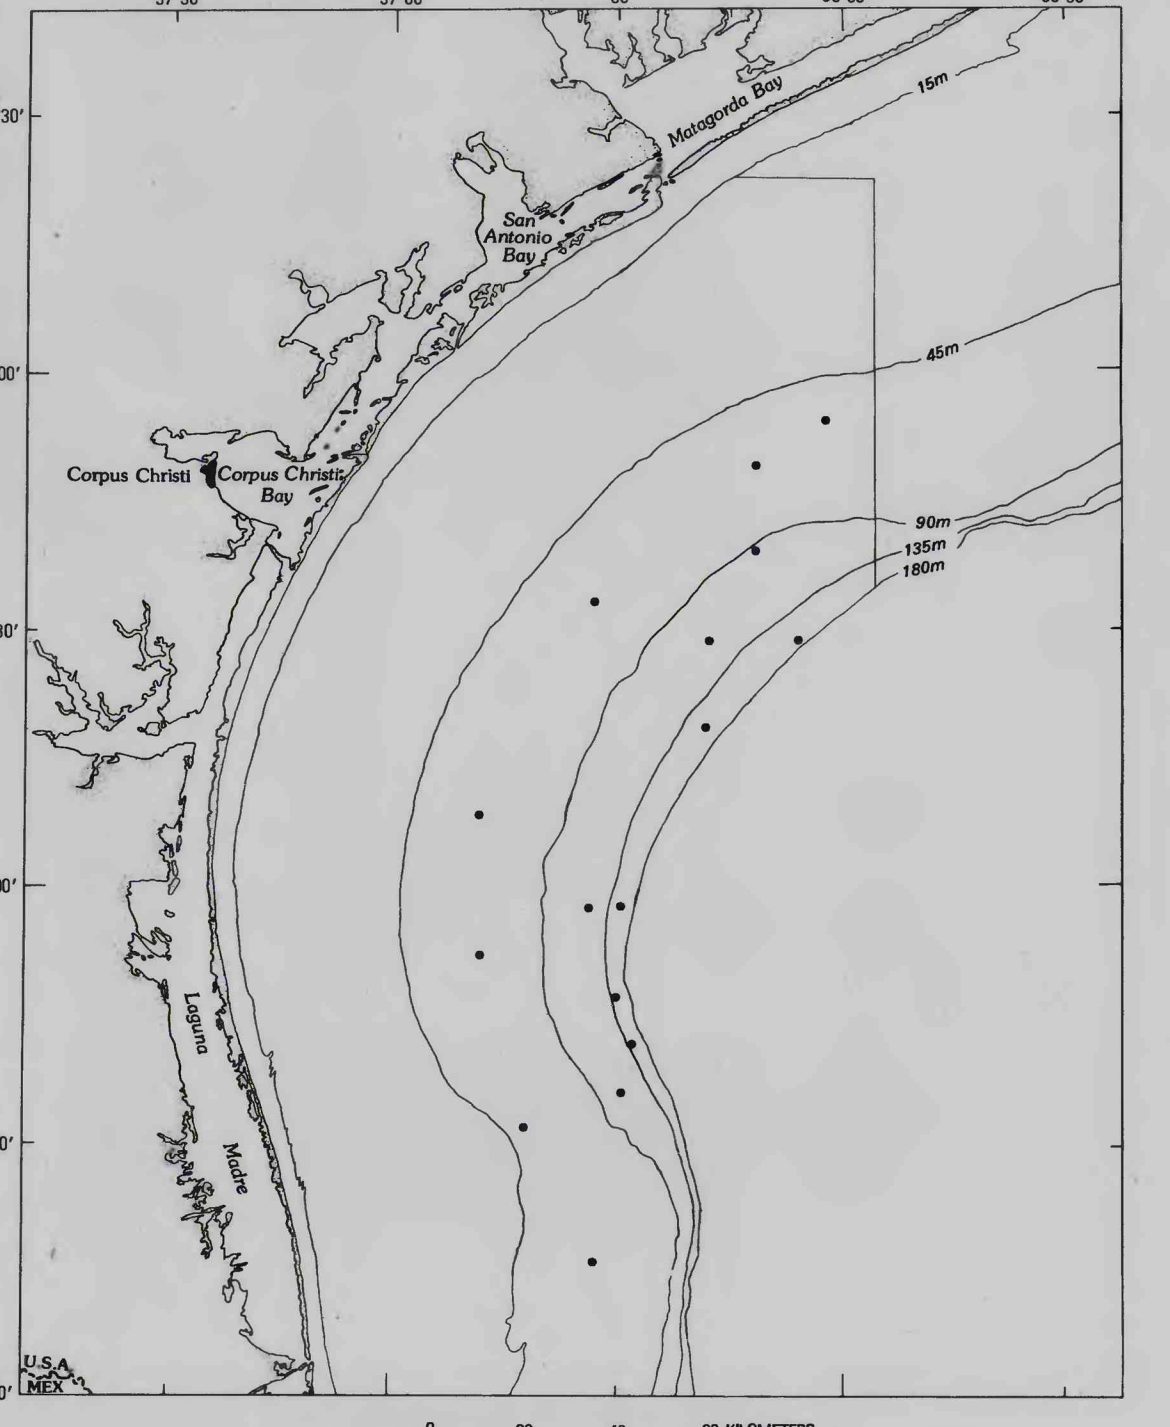

Distribution of *Cossura delta*.

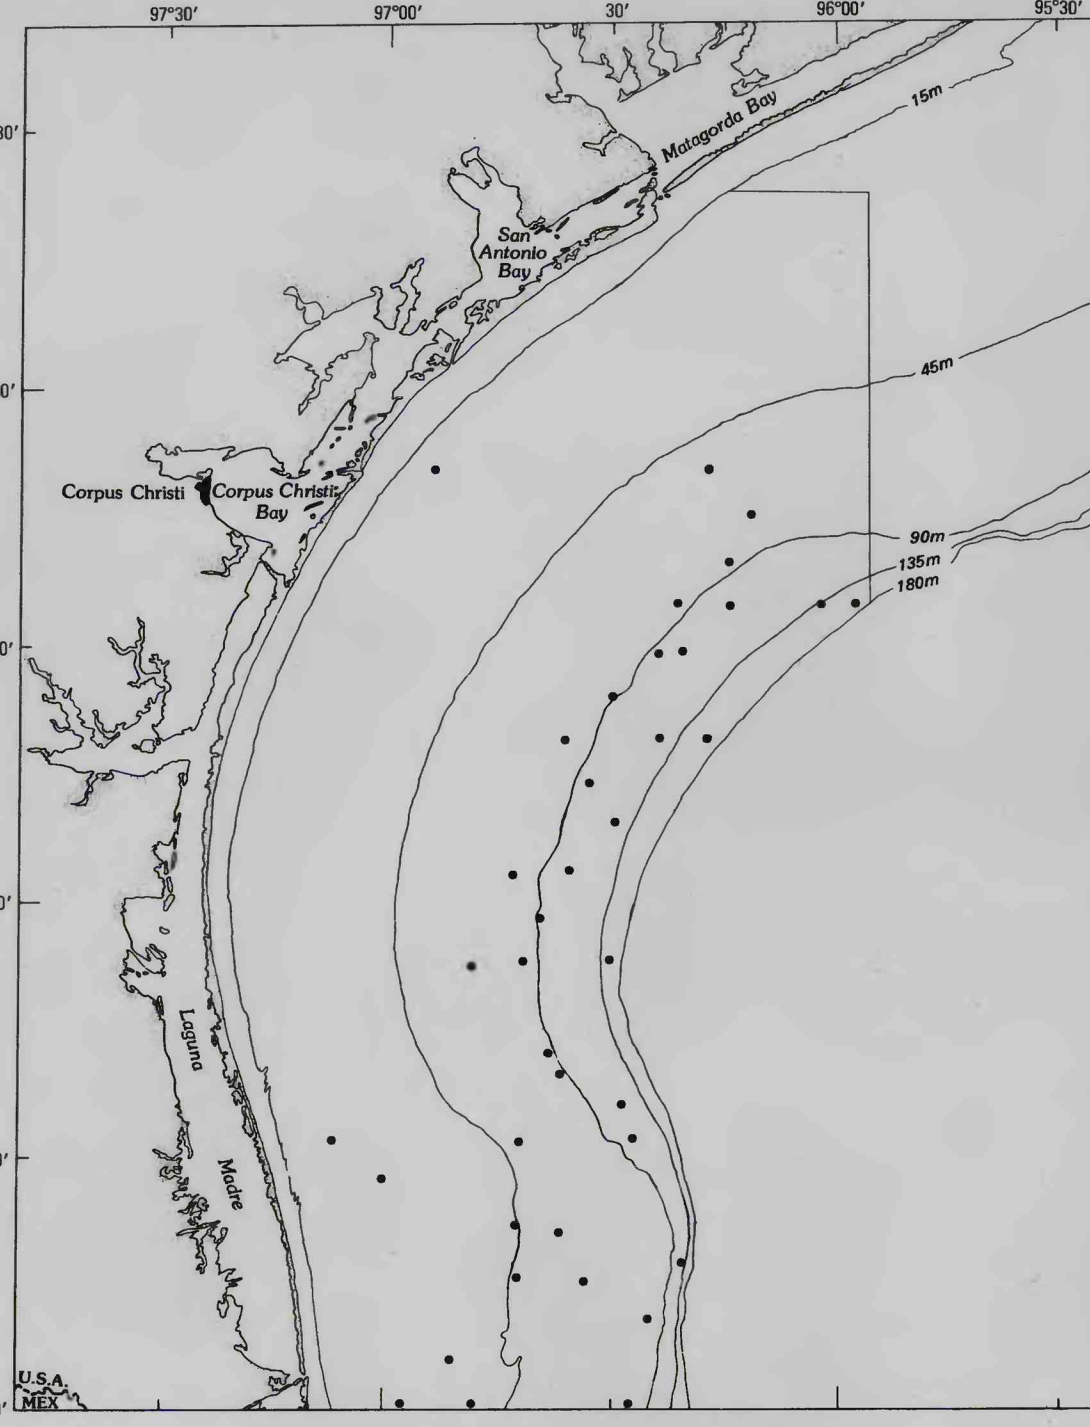

Distribution of an unidentified ophiurid.

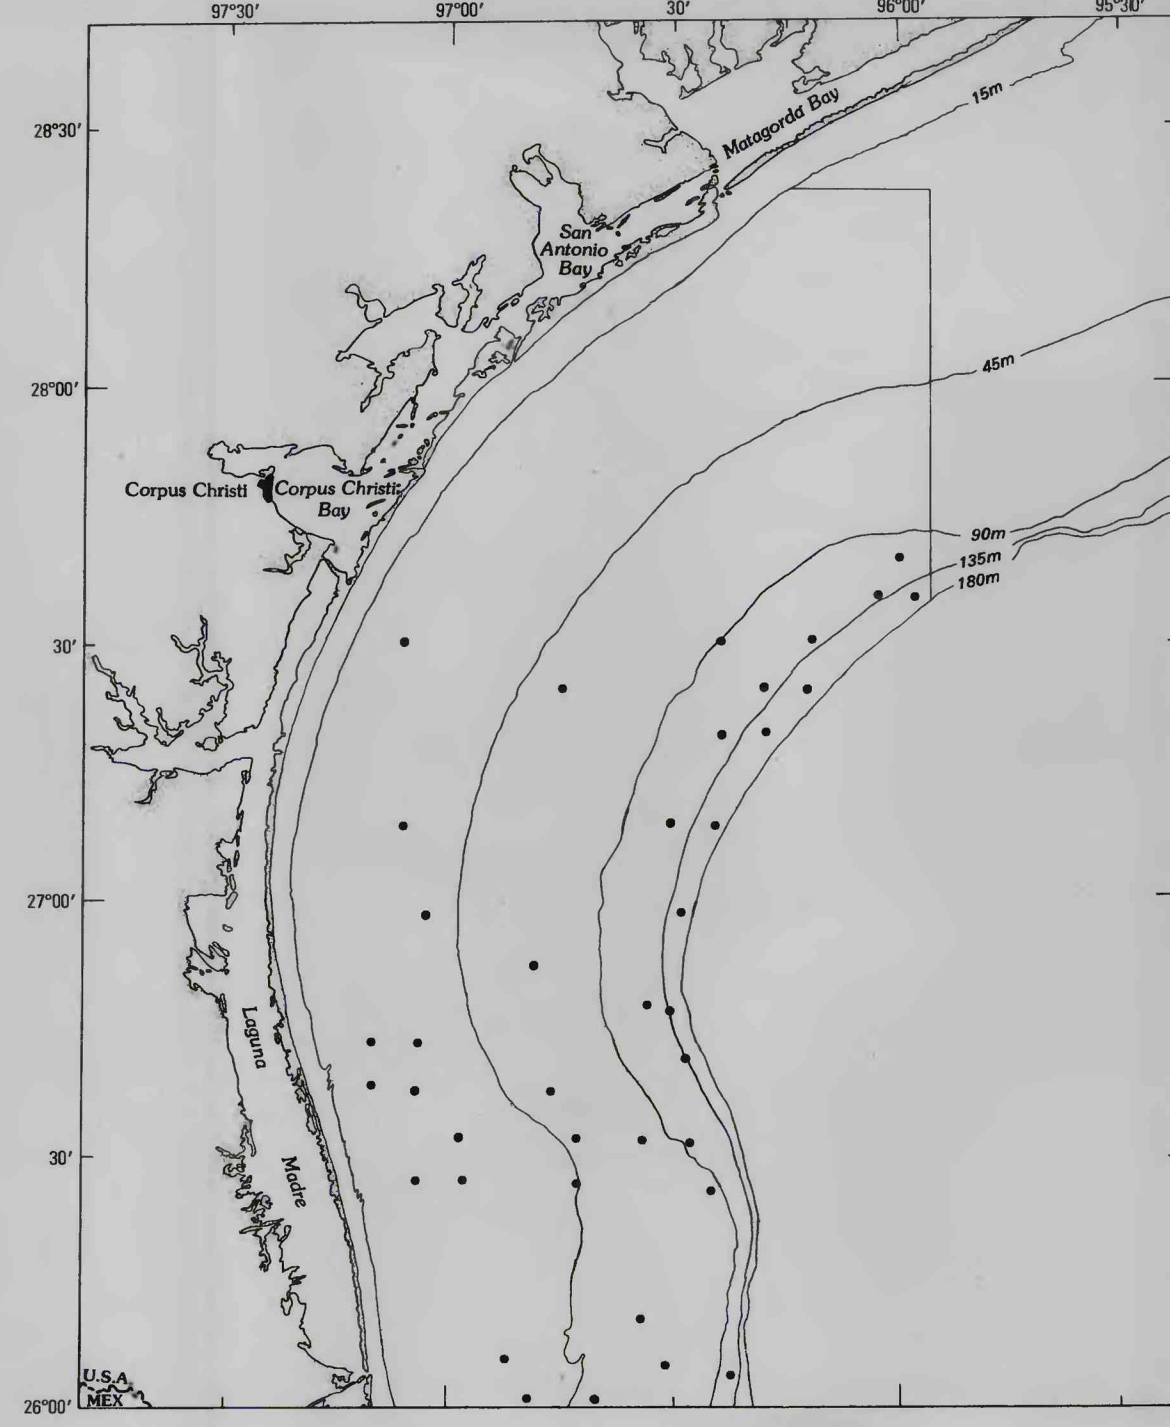

Distribution of *Corbula* sp.

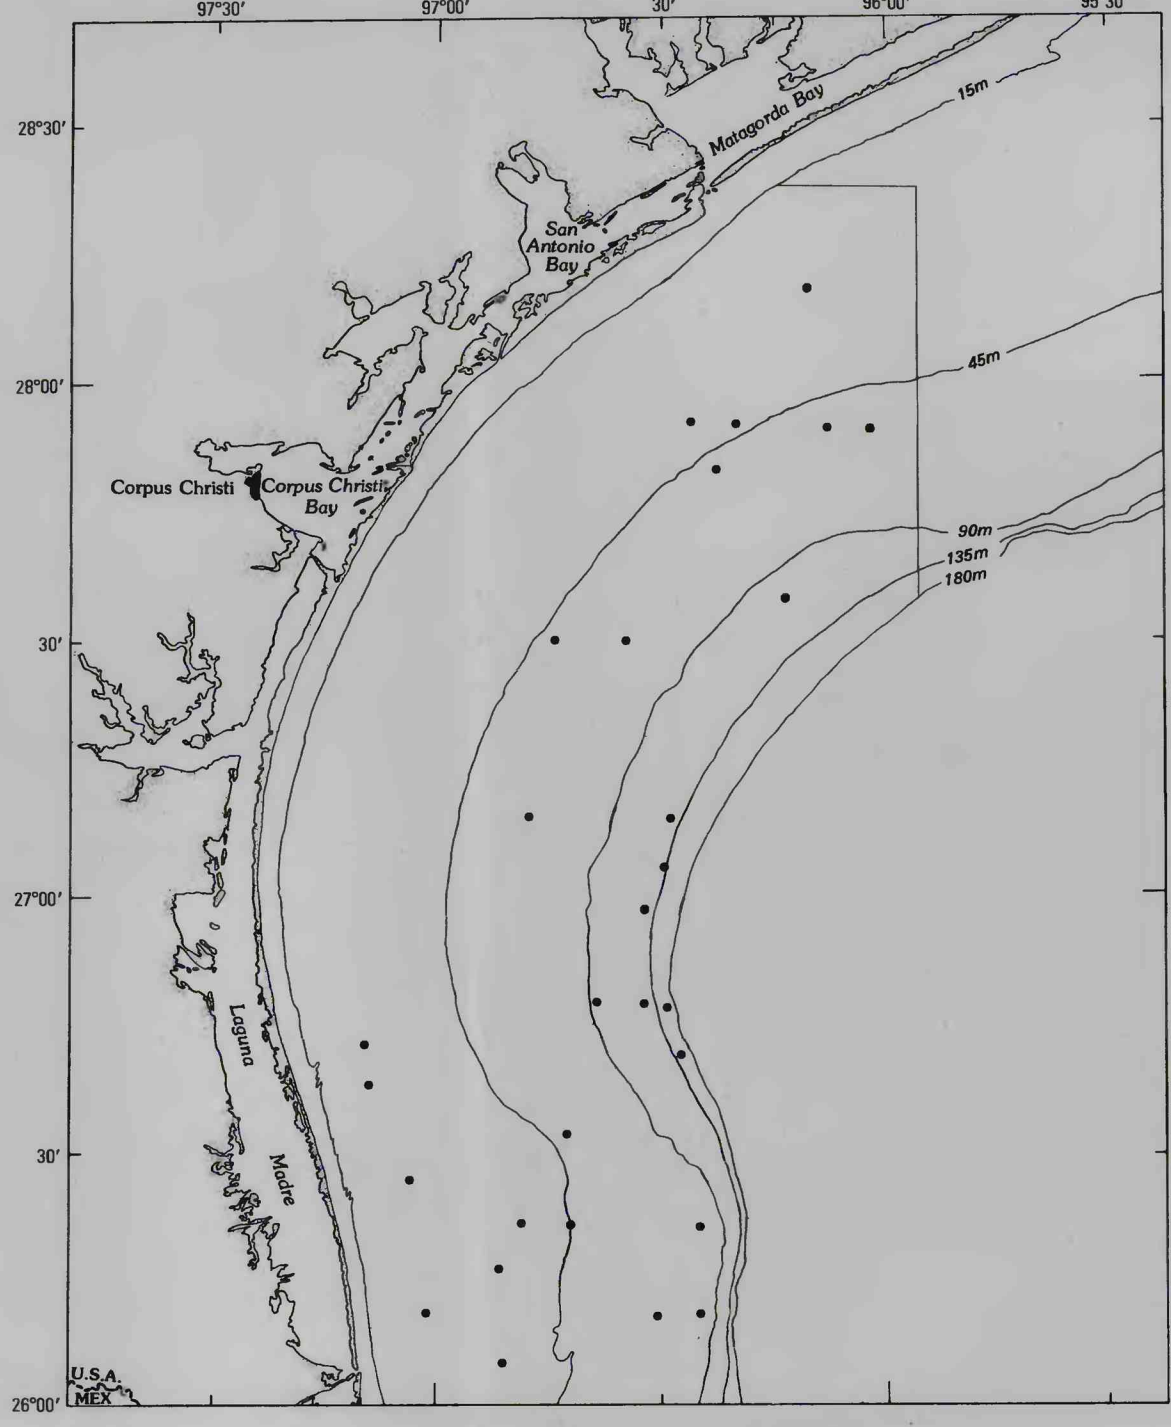

Distribution of *Diploporia* sp.

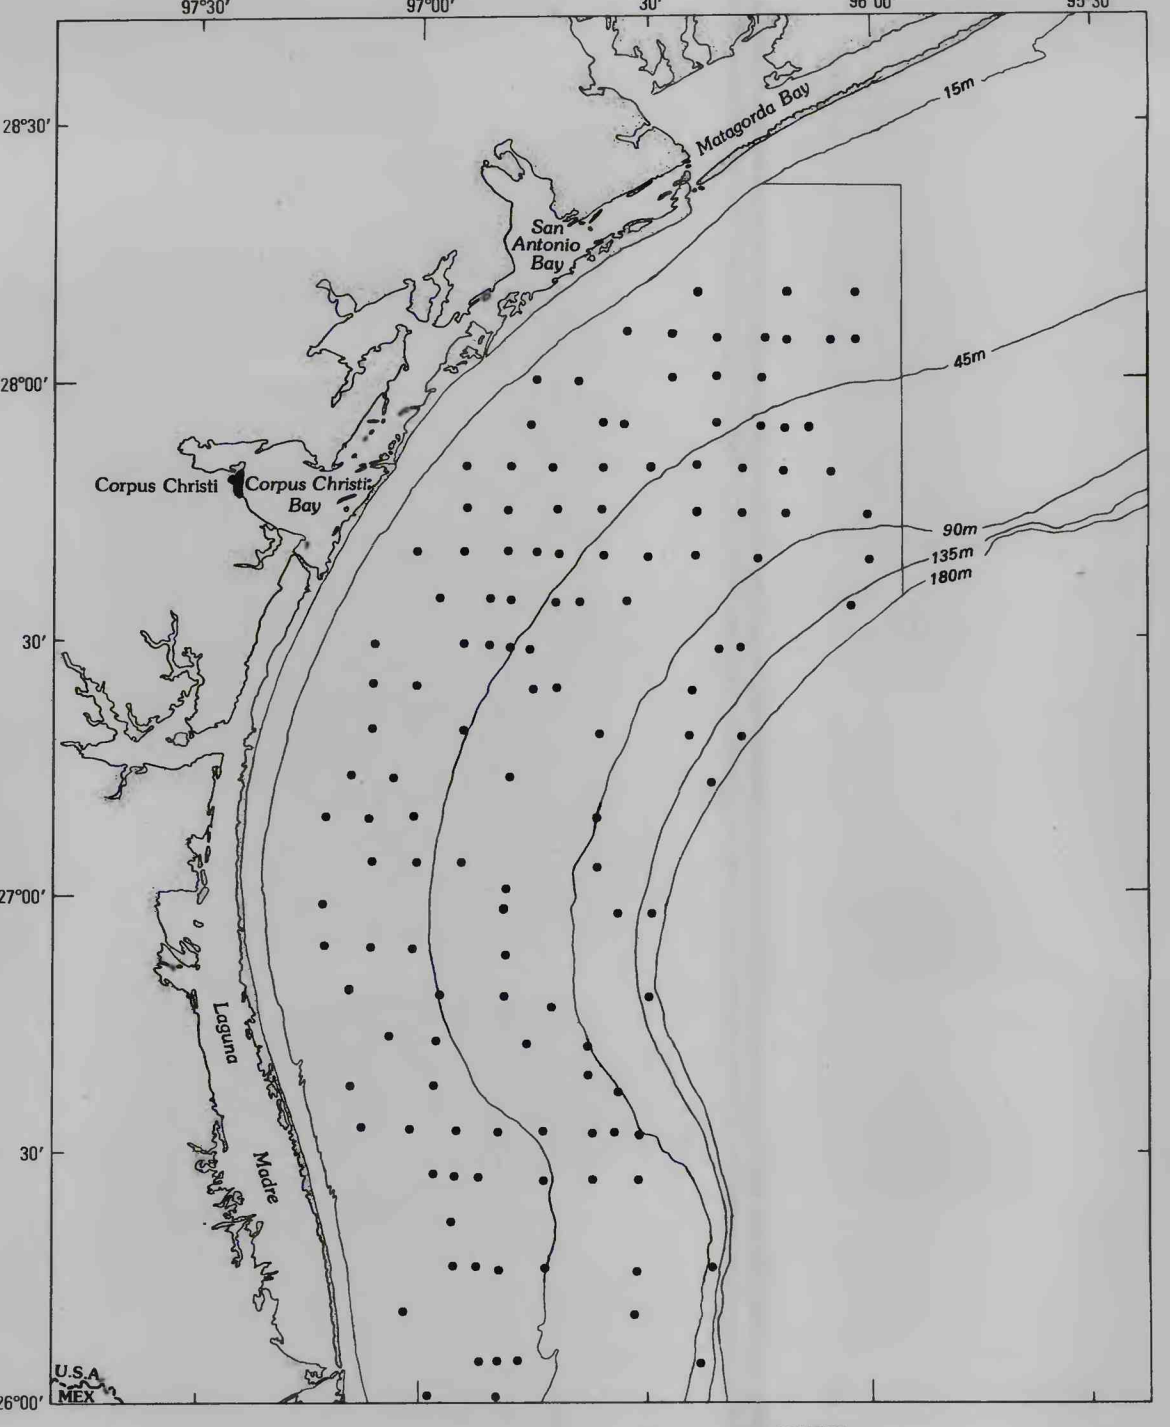

Distribution of *Glycera* sp.

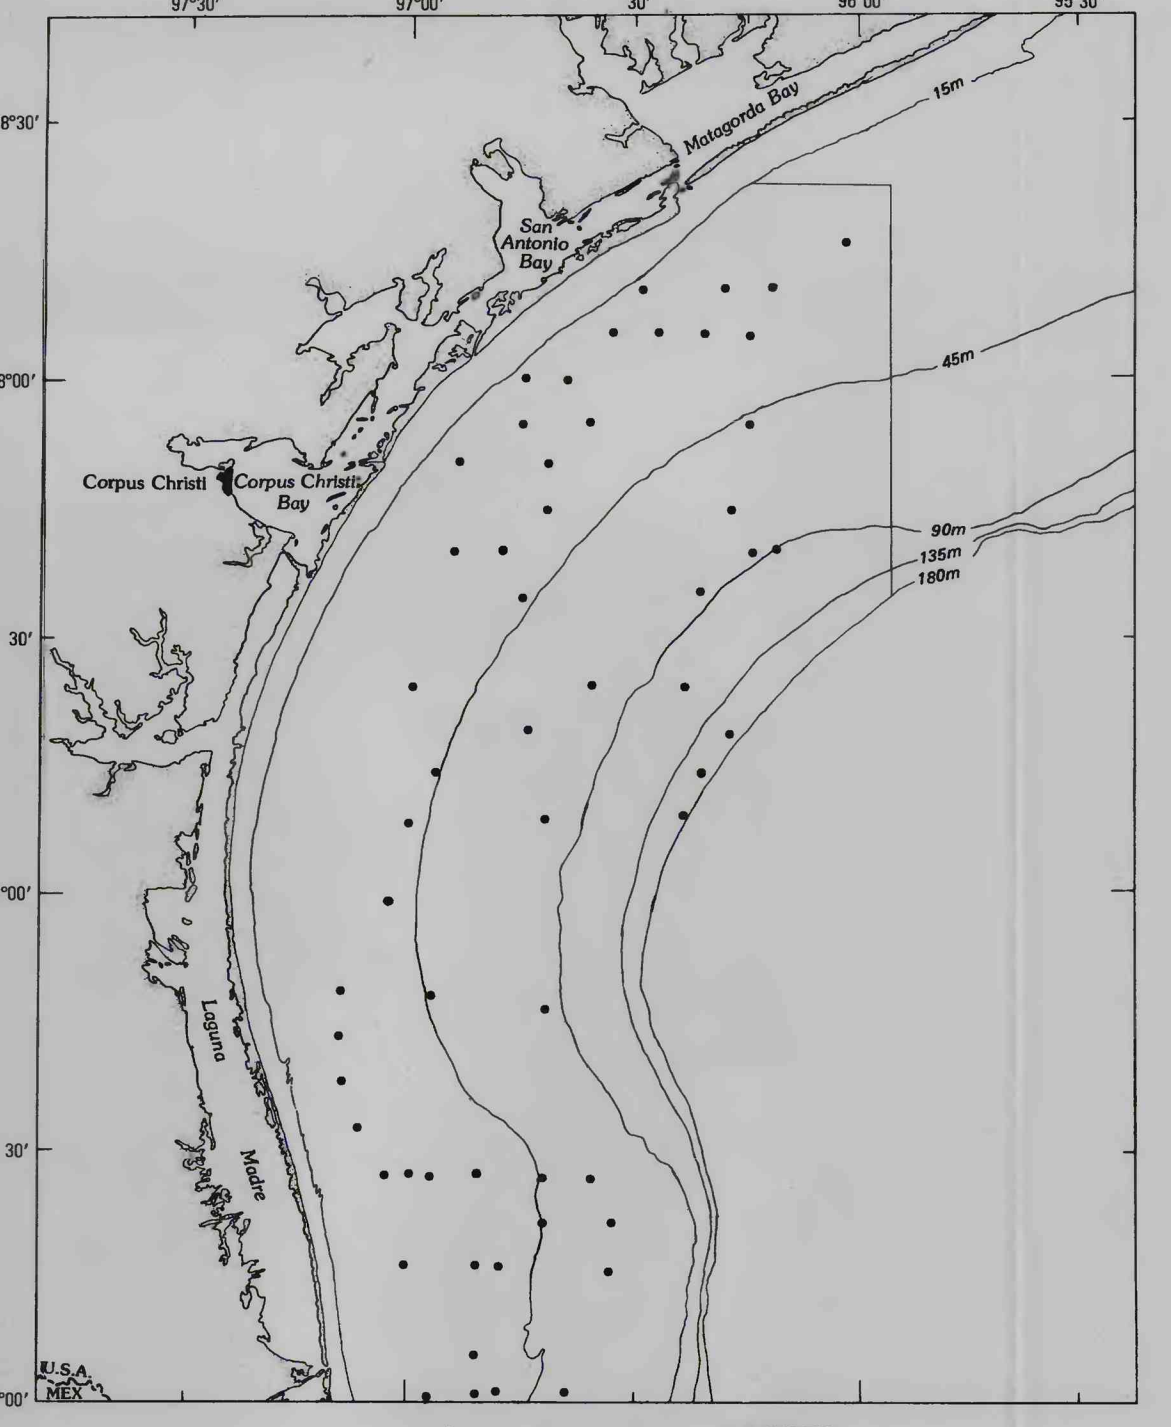

Distribution of an unidentified echiurid.

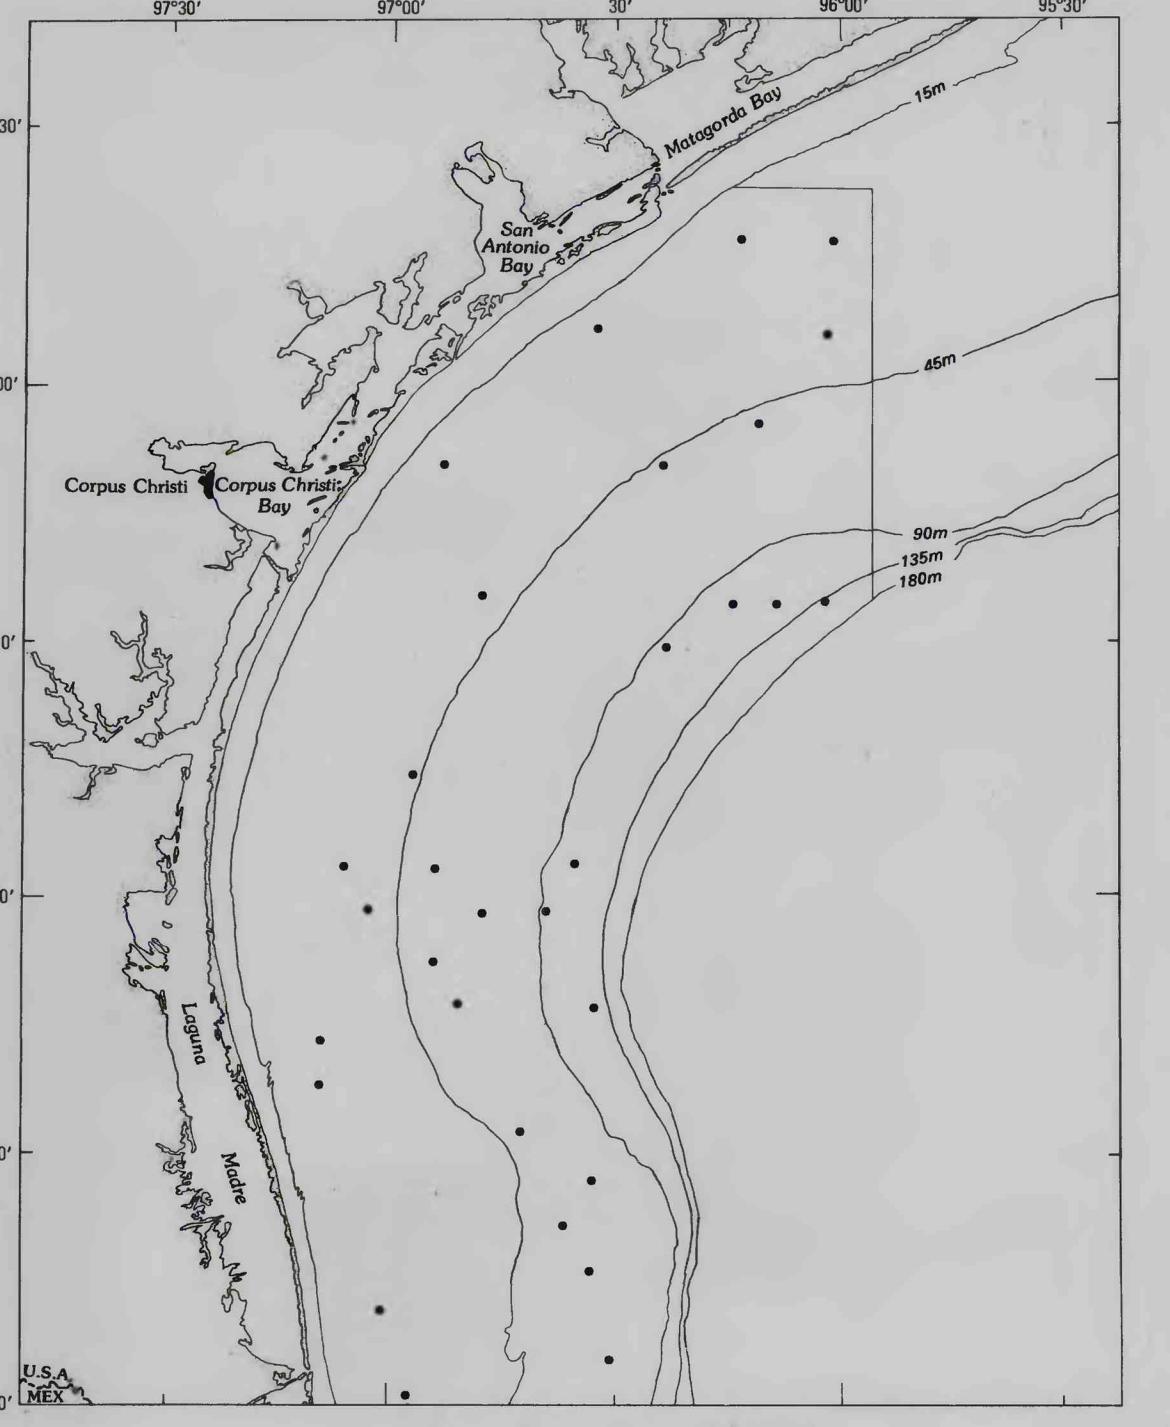

Distribution of an unidentified cirratulid.

Distribution of *Nephysa picta*.

Distribution of *Lumbrineris* sp.

Distribution of an unidentified pararonid.
