

EXPLANATION

af	ARTIFICIAL FILL
Qc	COLLUVIUM (HOLOCENE)
Qal ₁	UNIT 1 ALLUVIUM (HOLOCENE)—Qal ₁ f, alluvial-fan surface
Qal ₂	UNIT 2 ALLUVIUM (HOLOCENE)—Qal ₂ f, recently abandoned alluvial-fan surface
Qal ₃	UNIT 3 ALLUVIUM (PLEISTOCENE)
Qal ₄	UNIT 4 ALLUVIUM (PLEISTOCENE)—Qal ₄ f, remnant of alluvial-fan surface
qm	QUARTZ MONZONITE AND GRANODIORITE (CRETACEOUS)
wd	WILSON DIORITE OF MILLER (1934) (CRETACEOUS)
gn	GNEISS (PRE-CRETACEOUS)

Note: See plates 21-24 for detailed description of geologic units

CONTACT

FAULT—Showing dip. Dashed where approximately located; dotted where concealed; queried where inferred. Arrows indicate direction of relative movement

BOREHOLE

LOCALITY OF DIRECT EVIDENCE FOR QUATERNARY FAULTING—See pls. 21 and 22

LOCALITY OF INDIRECT EVIDENCE FOR QUATERNARY FAULTING—See pls. 21 and 22
