

EXPLANATION

- Snow and glacier boundary
- Artificial boundary for measurement purposes
- Stagnant ice
- Basal contours
- Drainage divide
- Bedrock altitude of measurement point
- Roads

Base from U.S. Geological Survey Mowich Lake, Wash., 1971; Sunrise, Wash., 1971; Mount Rainier West, Wash., 1971 and Mount Rainier East, Wash., 1971 1:24 000 topographic maps. Basal topography by P. Kennard; glacier boundary update by C. Driedger, U.S. Geological Survey

BASAL AND SURFACE CONTOURS OF RADAR-MEASURED GLACIERS ON MOUNT RAINIER, WASHINGTON
