

**EXPLANATION**

- Area of outcrop or shallow subcrop
- Fault—Vertical or nearly so. U, upthrown side; D, downthrown side. Dashed where inferred
- Structure contour—Shows altitude of top of rocks of Austinian age. Dashed where approximately located. Contour interval 100 and 500 feet. Datum is sea level
- Approximate boundary of outcrop—Dashed where uncertain
- Approximate subsurface boundary of rocks of Austinian age
- Well control point
