

EXPLANATION

Area of bedrock outcrop

—300— **Structure contour**—Shows altitude of top of basement confining unit. Contour interval 300 feet. Datum is sea level

Base from U.S. Geological Survey
1:500,000
Lambert Conformal Conic projection
Standard parallels 33° and 45°
Central meridian -125°00'

SCALE 1:500,000
1 inch equals approximately 8 miles

1 inch equals approximately 8 miles

A horizontal scale bar with two units. The top unit is miles, with markings at 10, 20, and 30. The bottom unit is kilometers, with markings at 10, 20, and 30. The bar is divided into segments by vertical lines. The top segment is labeled '10', the middle '20', and the right '30 MILES'. The bottom segment is labeled '10', the middle '20', and the right '30 KILOMETERS'.
