USGS QUAD MAP NORRIS JUNCTION (1986)
NGS PID PY0103

LATITUDE 44.70433
LONGITUDE -110.74509
ELEVATION 2225 m

DATE OF DESCRIPTION 2002

DESCRIPTION Proceed 3.25 mi southwest along the Madison-Norris highway from the junction at Norris. Bench mark is at the northwest edge of Gibbons Meadow, 129 ft northeast of the centerline of the highway, 58 feet northwest of the centerline of a graveled road (signed as a “service road”) leading northeast to a gravel pit, in the southeast edge of a cluster of pine trees, 179 feet northeast of and across the highway from the Gibbon Meadow sign board, about 1.5 feet below the highway, and on the top of a 5/8-inch copper coated steel rod that is driven to a depth of 61.5 feet and is encased in a 6-inch tile which projects 3 inches.

Looking north across gravel service road at bench mark (beneath yellow field book) and highway (behind the trees).

Close up of mark.

Looking east from intersection of the highway and service road towards bench mark (which is hidden in the trees).
