USGS QUAD MAP WEST YELLOWSTONE (1986)

NGS PID PY0353

LATITUDE

LONGITUDE

ELEVATION

DATE OF DESCRIPTION 2004

DESCRIPTION Proceed 1.85 mi east along the west entrance highway from the Museum of the Yellowstone in West Yellowstone, MT. Bench mark is 46 feet north of the centerline of the highway, in the top of a small boulder which projects 6 inches, 1.6 feet east of a 6-inch pine tree, and about level with the highway.

In 2004 this bench mark was searched for and not found. Construction of a new-looking road nearby might have destroyed the bench mark.
