USGS QUAD MAP MOUNT CHITTENDEN (1991)

NGS PID PY0894

LATITUDE 44.50396

LONGITUDE -110.23717

ELEVATION 2556 m

DATE OF DESCRIPTION 2008

DESCRIPTION Proceed 18.1 km (11.25 mi) southeasterly along the East Entrance Highway from its junction with the Canyon-Lake highway (just west of Fishing Bridge). Bench mark is near the center of the south side of a small dirt parking area, 17.4 m (57.1 ft) southwest of the centerline of the highway, and 1.5 m below the highway.

In 2003 and 2008 the bench mark was searched for and not found, presumed destroyed by road work and/or fire. The pullout referenced in the NGS description no longer exists. A thorough search was unsuccessful, as the mark is probably buried under ~20 feet of road fill or beneath a downed tree.

Looking east at likely location of mark (not found).
