ELEVATION

DATE OF DESCRIPTION 2008

DESCRIPTION Proceed 10.9 km (6.75 mi) south along the Canyon-Lake highway from the junction at Canyon Village, thence 9.7 km (6.05 mi) west on foot along Trout Creek Trail (the old fire road to Mary Lake). Bench mark is set in the top of a 5-inch cylindrical concrete monument on top of a prominent knoll (overlooking a small stream to the north), 240.0 m (787.4 ft) north-northwest of a saddle of a north-south ridge, 114.0 m (374.0 ft) north of the trail center, and 26.8 m (87.9 ft) southwest of two small trees along the west slope of the knoll.

In 2008 the bench mark was searched for and not found. A search for the station was conducted in thick sagebrush atop a prominent knoll, but neither of the two trees referenced in the NGS description, nor the bench mark itself, were found.
