**STAMPING** E 367 1987

**USGS QUAD MAP** CRYSTAL FALLS (1986)

**NGS PID** PY0968

**LATITUDE** 44.73122

**LONGITUDE** -110.52276

**ELEVATION** 2463 m

---

**DATE OF DESCRIPTION** 2008

**DESCRIPTION** Proceed 2.6 km (1.60 mi) west along the Canyon-Norris highway from the junction at Canyon Village. Bench mark is 13.1 m (43.0 ft) south of a storm drain (although the drain is overgrown and can't be seen from highway, it is marked on both sides of the road by brown markers), 10.7 m (35.1 ft) west of the centerline of the highway, and about 0.5 m above the highway. Access to datum point is had through a 5-inch logo cap. The access cover is broken and difficult to open, but steel rod appears undisturbed.

Looking southwest along highway at bench mark (beneath person). Storm drain marker is visible in foreground.

Close up of bench mark.

Looking northwest along highway at bench mark (about 6 feet behind person). Storm drain marker is visible in the foreground.
