---

**DATE OF DESCRIPTION** 2008

**DESCRIPTION** Proceed about 3.1 mi southeast along the East Entrance highway from its junction with the Canyon-Lake highway (just west of Fishing Bridge), thence 6.1 mi east and then southeast along the old highway (now a track road and trail towards Turbid Lake). Bench mark is 15 ft north of the old road, about level with the road, and in top of large boulder. Station may also be reached by driving 10.25 miles along the East Entrance highway from its junction with the Canyon-Lake highway (just west of Fishing Bridge) to where the old Turbid Lake section of highway diverges from the new highway, and following the road north for a few tenths of a mile.

In 2008, the mark was searched for, not found, presumed destroyed. The old road has been heavily reworked during a reclamation project in this area, and mark very likely was destroyed.
