STAMPING H 13 1923
USGS QUAD MAP MOUNT SHERIDAN (1986)
NGS PID PY0062

LATITUDE 44.36875
LONGITUDE -110.59042
ELEVATION 2447 m

DATE OF DESCRIPTION 2008

DESCRIPTION From West Thumb junction, proceed 0.8 mi south along the South Entrance highway to the junction with the old road to the west, thence 3.0 mi south on the old road. Bench mark is about 400 ft south of a marshy lake, 150 ft east of the road, 1.5 ft above the ground, in a large rock, next to a pine tree, and about 10 m west of the west edge of a meadow that trends north-south (parallel to, and ~150 m east of, the old road).

View east from old road at bench mark (beneath person).

Oblique close-up of bench mark (in boulder next to person) looking east.

View northwest from meadow at bench mark (beneath person).

Close up of bench mark.
