

P368

STAMPING P 368 1987
USGS QUAD MAP MARY LAKE (1986)
NGS PID PY0925

LATITUDE 44.59722
LONGITUDE -110.70306
ELEVATION

DATE OF DESCRIPTION 2008

DESCRIPTION Proceed 10.1 km (6.30 mi) south along the Madison-West Thumb highway from Madison Junction, thence 3.5 km (2.15 mi) east along a service road and Mary Mountain Trail to a foot bridge across Nez Perce Creek, thence 7.4 km (4.60 mi) east along Mary Mountain Trail. Bench mark is cemented in a drill hole in top of a 1- by 2-foot exposed area of a rock outcrop which projects 1 foot along its south edge, 0.8 km (0.50 mi) west of Cowan Creek, 65.0 m (213.3 ft) north-northwest of the trail at the south edge of the timber, and 10.0 m (32.8 ft) higher than the trail in a heavily wooded area at the western edge of a marshy open park.

In 2008 the bench mark was searched for and not found. The bench mark probably exists, but the outcrop could not be identified from the NGS description.
