DESCRIPTION Station is located 21.6 km (13.40 mi) southeast from Madison Junction along the Mary Mountain trail. Bench mark is a spike in the base of a large tree about 0.1 km (0.05 mi) east of Cowan Creek, at the north edge of a large, marshy, open park.

In 2008 the bench mark was searched for and not found. The bench mark is probably in tree that has fallen and should therefore be considered destroyed.
