### STAMPING

USGS QUAD MAP MARY LAKE (1986)

NGS PID PY0930

LATITUDE 44.59811

LONGITUDE -110.65907

ELEVATION 2353 m

---

### DATE OF DESCRIPTION 2008

**DESCRIPTION** Station is located 24.6 km (15.30 mi) southeast from Madison Junction along the Mary Mountain trail. Bench mark is a railroad spike in the base of a large dead tree, 3.0 m (9.8 ft) north of the trail.

In 2008 the bench mark was found as described, but the tree has fallen and the bench mark should therefore be considered destroyed.

Looking north at bench mark (in center of tree near its base) from trail.

Close up of bench mark.
