STAMPING W 367 1987

USGS QUAD MAP CANYON VILLAGE (1986)

NGS PID PY0852

LATITUDE 44.64207

LONGITUDE -110.45683

ELEVATION 2359 m

DATE OF DESCRIPTION 2008

DESCRIPTION Proceed about 7.3-7.6 miles north along the Lake-Canyon highway from the junction at Fishing Bridge. Bench mark is 0.2 km (0.10 mi) northwest of a highway bridge spanning Elk Antler Creek, 33.2 m (108.9 ft) southwest of the centerline of the highway, 8.0 m (26.2 ft) west of the center of an abandoned road bed, 2.7 m (8.9 ft) east of the center of a track road, and 1.5 m above the highway. Access to datum point is had through a 5-inch logo cap.

In 2008, the mark was searched for with metal detector, not found, and presumed buried (possibly under sagebrush). Finding the mark would require clearing sagebrush and use of a metal detector – a job that might take several hours.
