USGS QUAD MAP NORRIS JUNCTION (1986)
NGS PID PY0111

LATITUDE 44.745172172
LONGITUDE -110.71355677
ELEVATION 2305 m

DATE OF DESCRIPTION 2002

DESCRIPTION Station is about 1.75 miles north along the Norris Junction-Mammoth Hot Springs highway from Norris Junction, less than 0.1 mile north of a parking area on the southwest side of a curve in the highway, on the northeast slope of a hill, and 0.8 mile south of frying pan springs. The bench mark is set in the top of a rock outcrop which projects 5 inches above the ground on the northeast side, 56 feet west of the center line of the highway, 72 1/2 feet southwest of the west end of a corrugated culvert and headwall, and about 4 feet above the highway. In rocks or loose soil may be covering the bench mark.

Looking east from bench mark (beneath hard hat) at Mammoth-Norris highway.

Close up of bench mark (in cleared area in foreground).

Looking west across Mammoth-Norris highway at bench mark (beneath orange hard hat).
