*Pinus torreyana* (minimal data - nearest grid points used with environmental parameters)

![Map of North America with temperature and precipitation data](image)

- Annual temperature and precipitation data for various months.
- Heat map showing moisture index based on growing degree days.

- **Dry** conditions with moisture index AE/PE < 0.50.
- **Moderate** conditions with moisture index AE/PE: 0.50-0.75.
- **Wet** conditions with moisture index AE/PE: 0.75-1.0.
