Hydrographic Areas in the Great Basin Carbonate and Alluvial Aquifer System—PLATE 1

EXPLANATION
- Area where groundwater is recharged by precipitation
- Area where groundwater discharge is greater than recharge
- Area where groundwater discharge is equal to recharge
- Area where groundwater discharge is less than recharge
- Area where groundwater discharge is equal to recharge

Great Basin carbonate and alluvial aquifer system (GBACA) study area boundary
- Hydrographic area boundary—Area and number refer to hydrographic area 12
- U.S. Bureau of Reclamation storage sites

Hydrographic Areas, Groundwater Flow Systems, and Locations of Groundwater Discharge to Springs, Streams, and Evapotranspiration in the Great Basin Carbonate and Alluvial Aquifer System Study Area
By Vance M. Holbrook and Lynette E. Brooks
