

Geochemical data from the 1-H South well

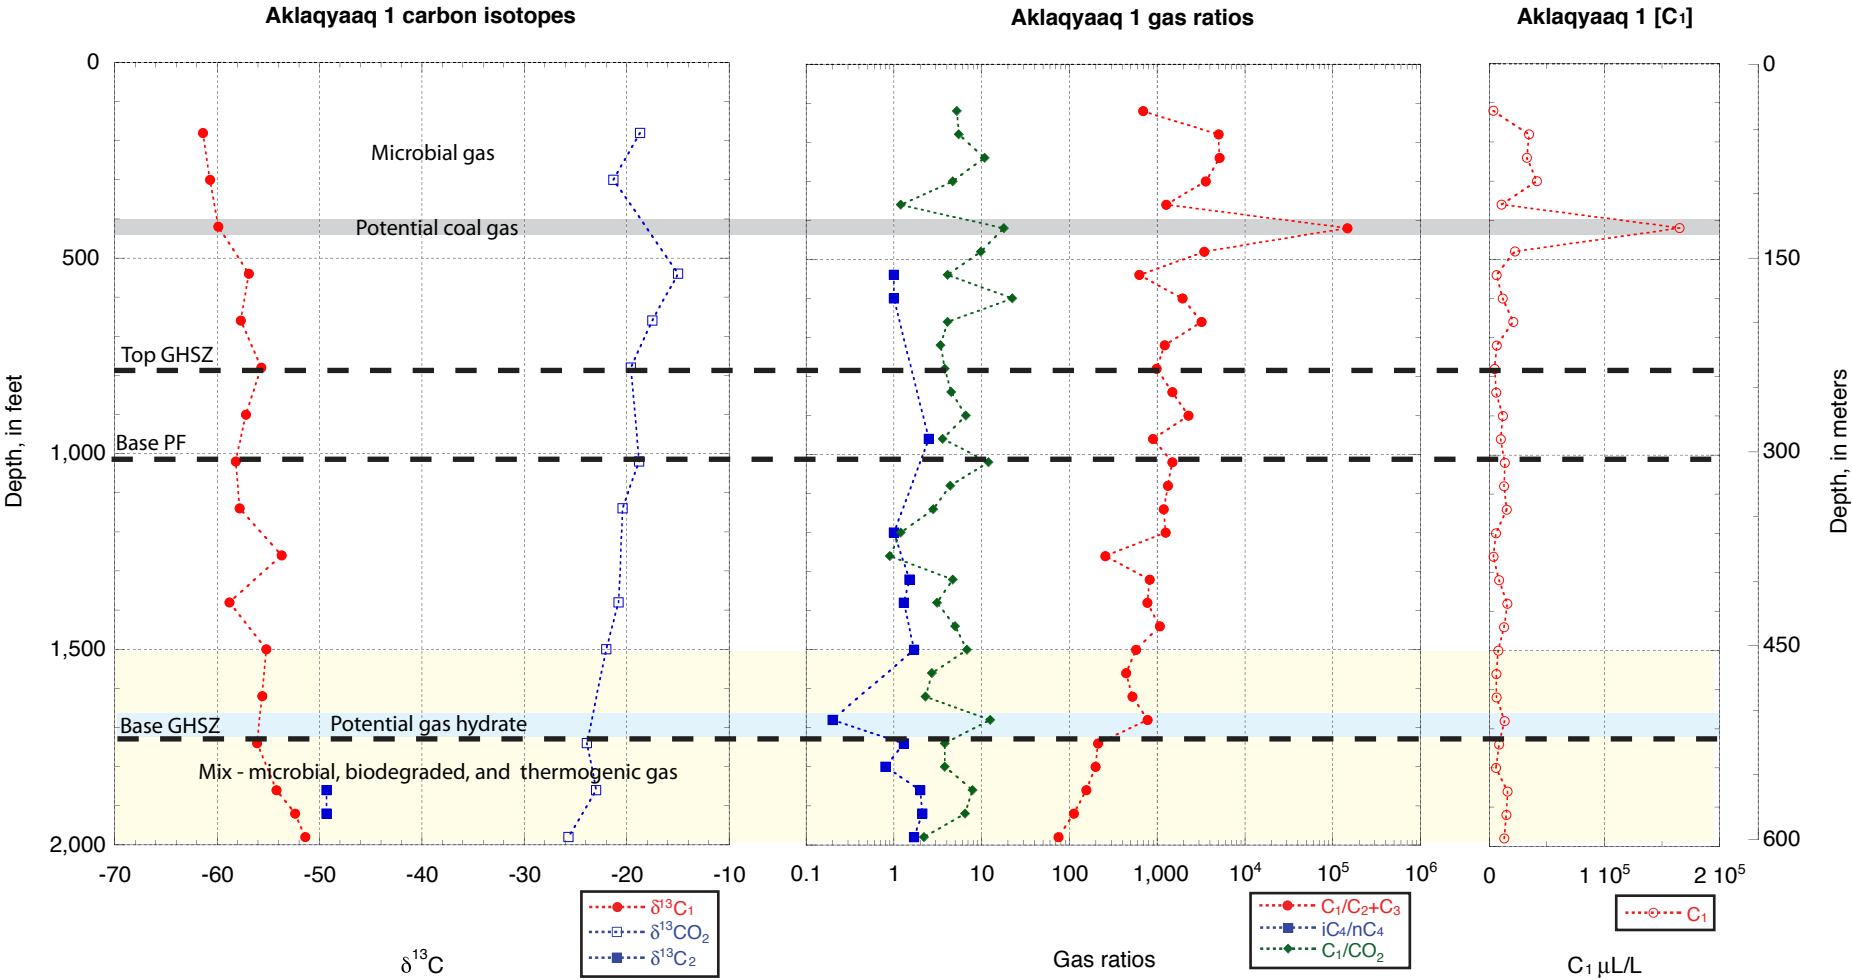

Geochemical data from the 1R-East well

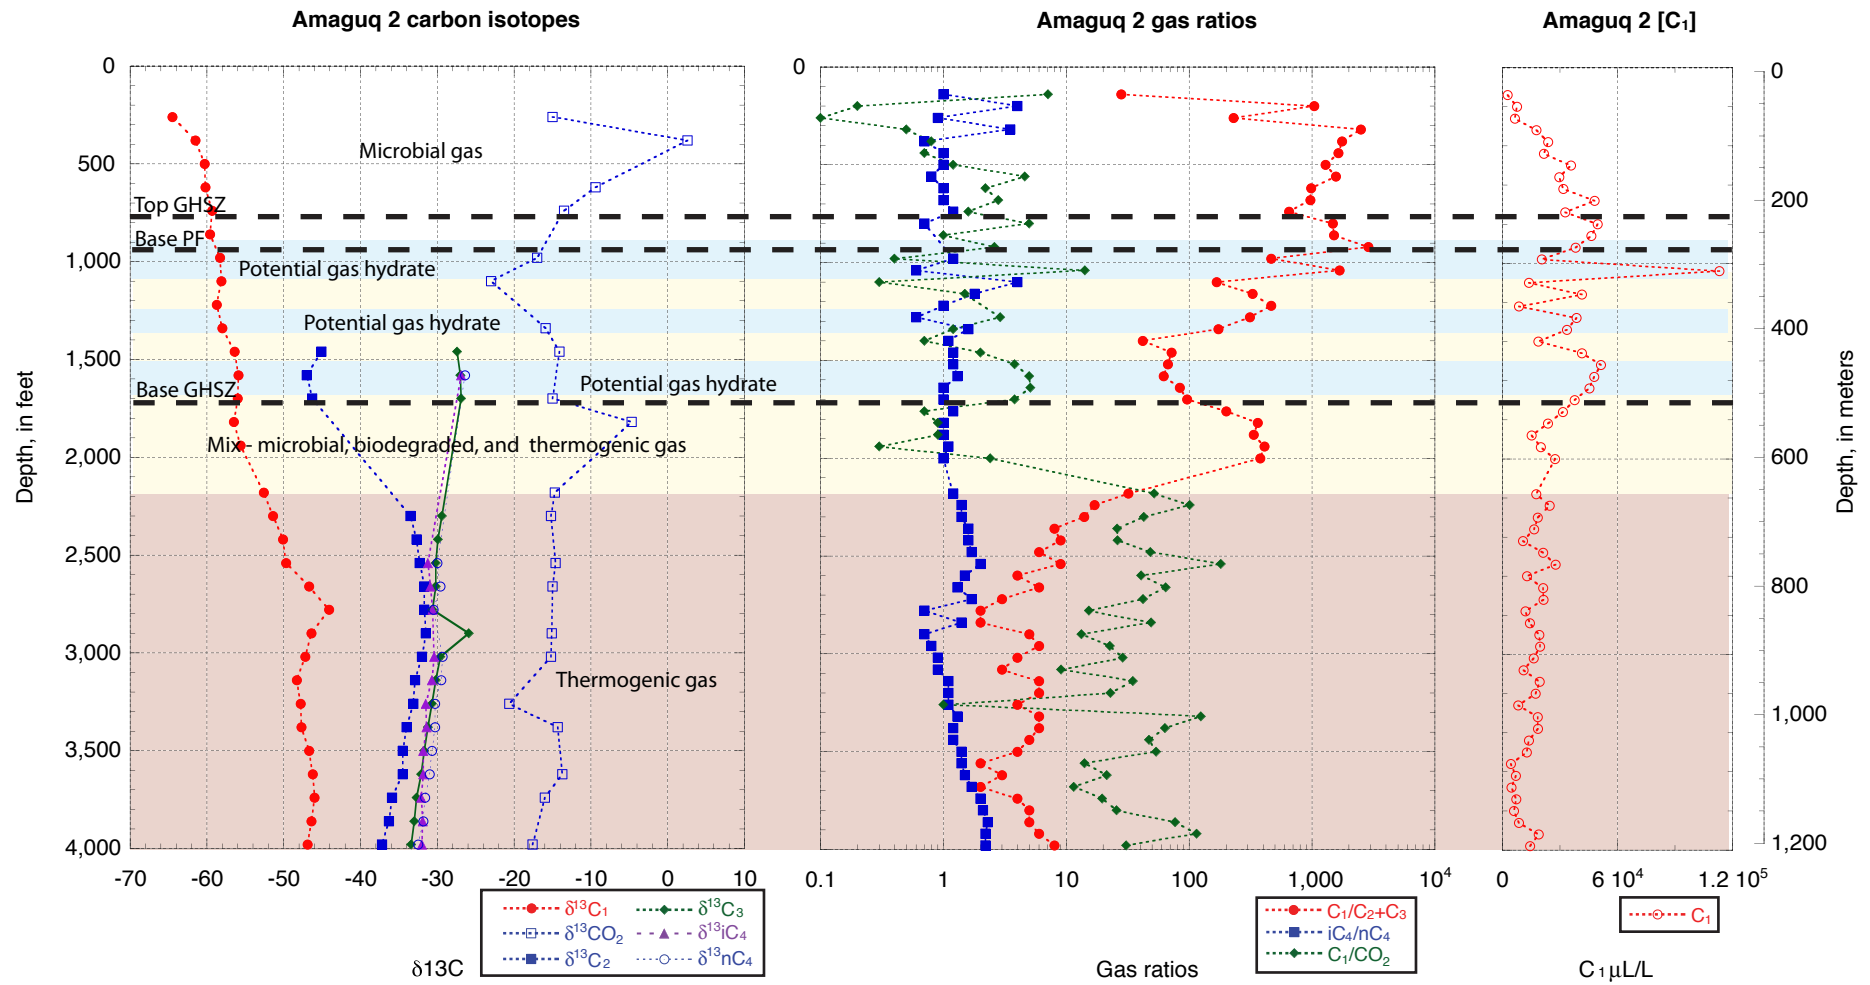

Geochemical data from the Aklaq 6 well

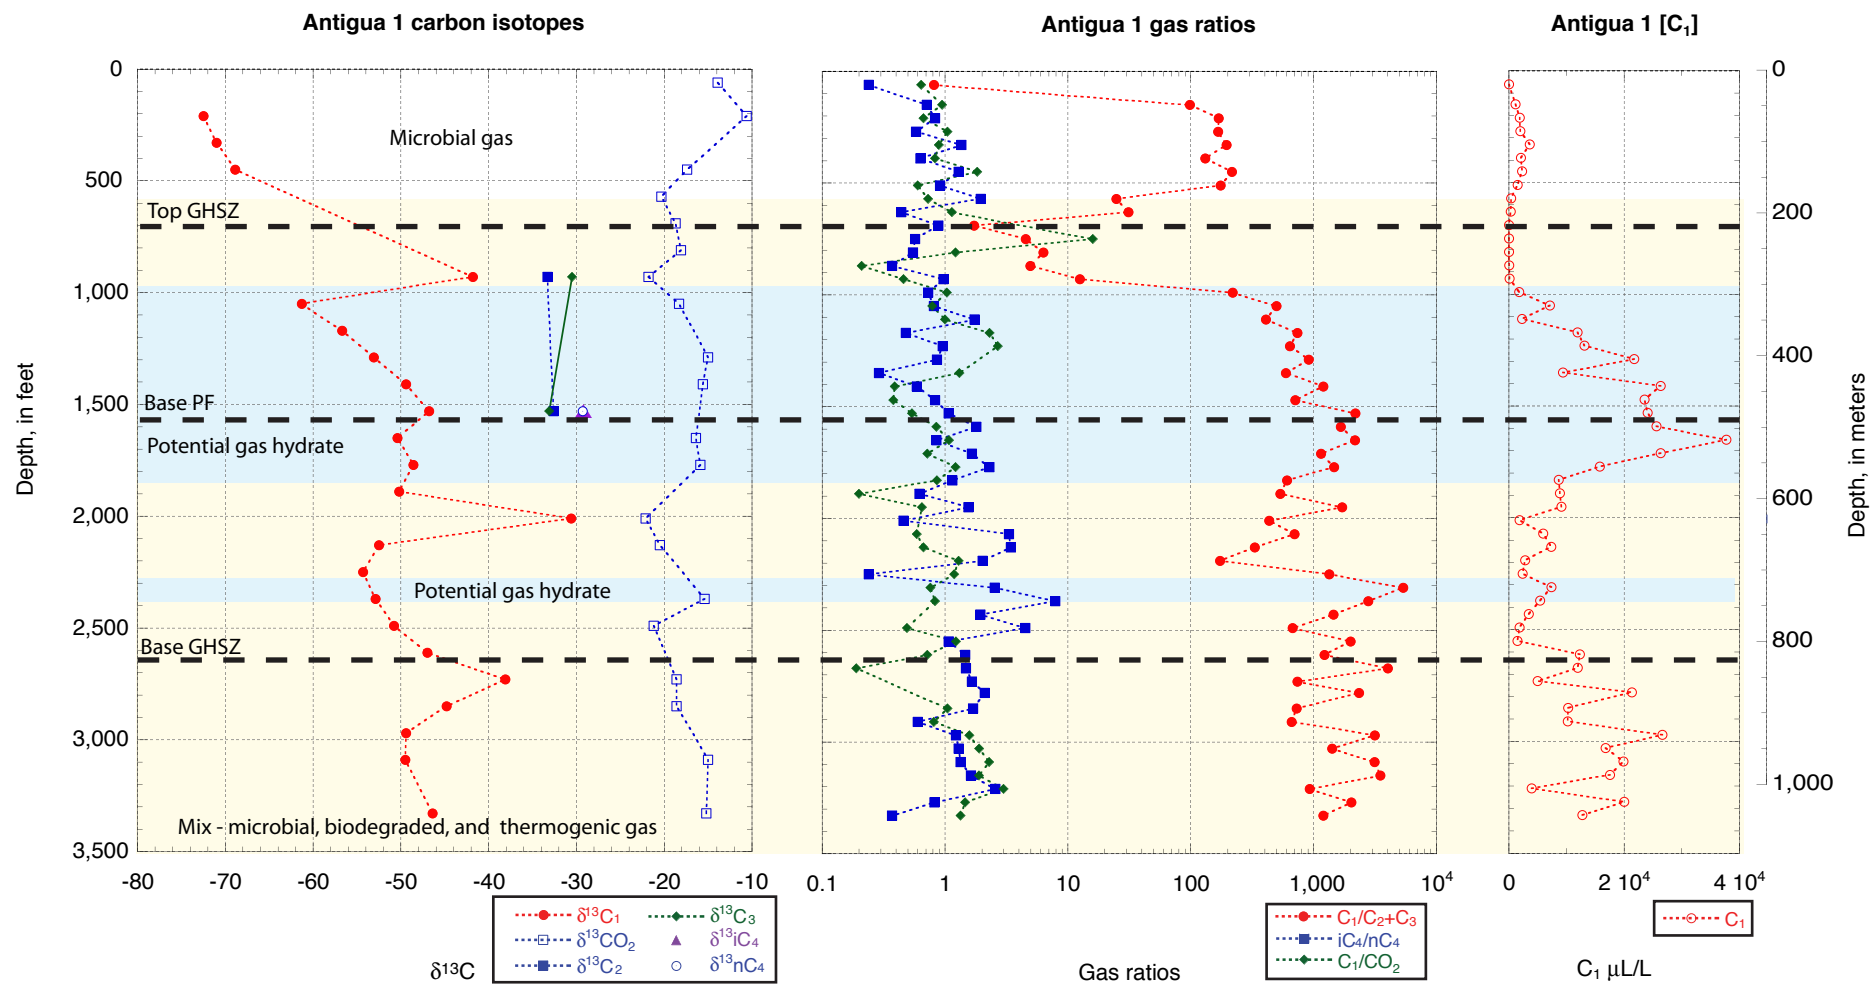

Geochemical data from the Aklaqyaaq 1 well

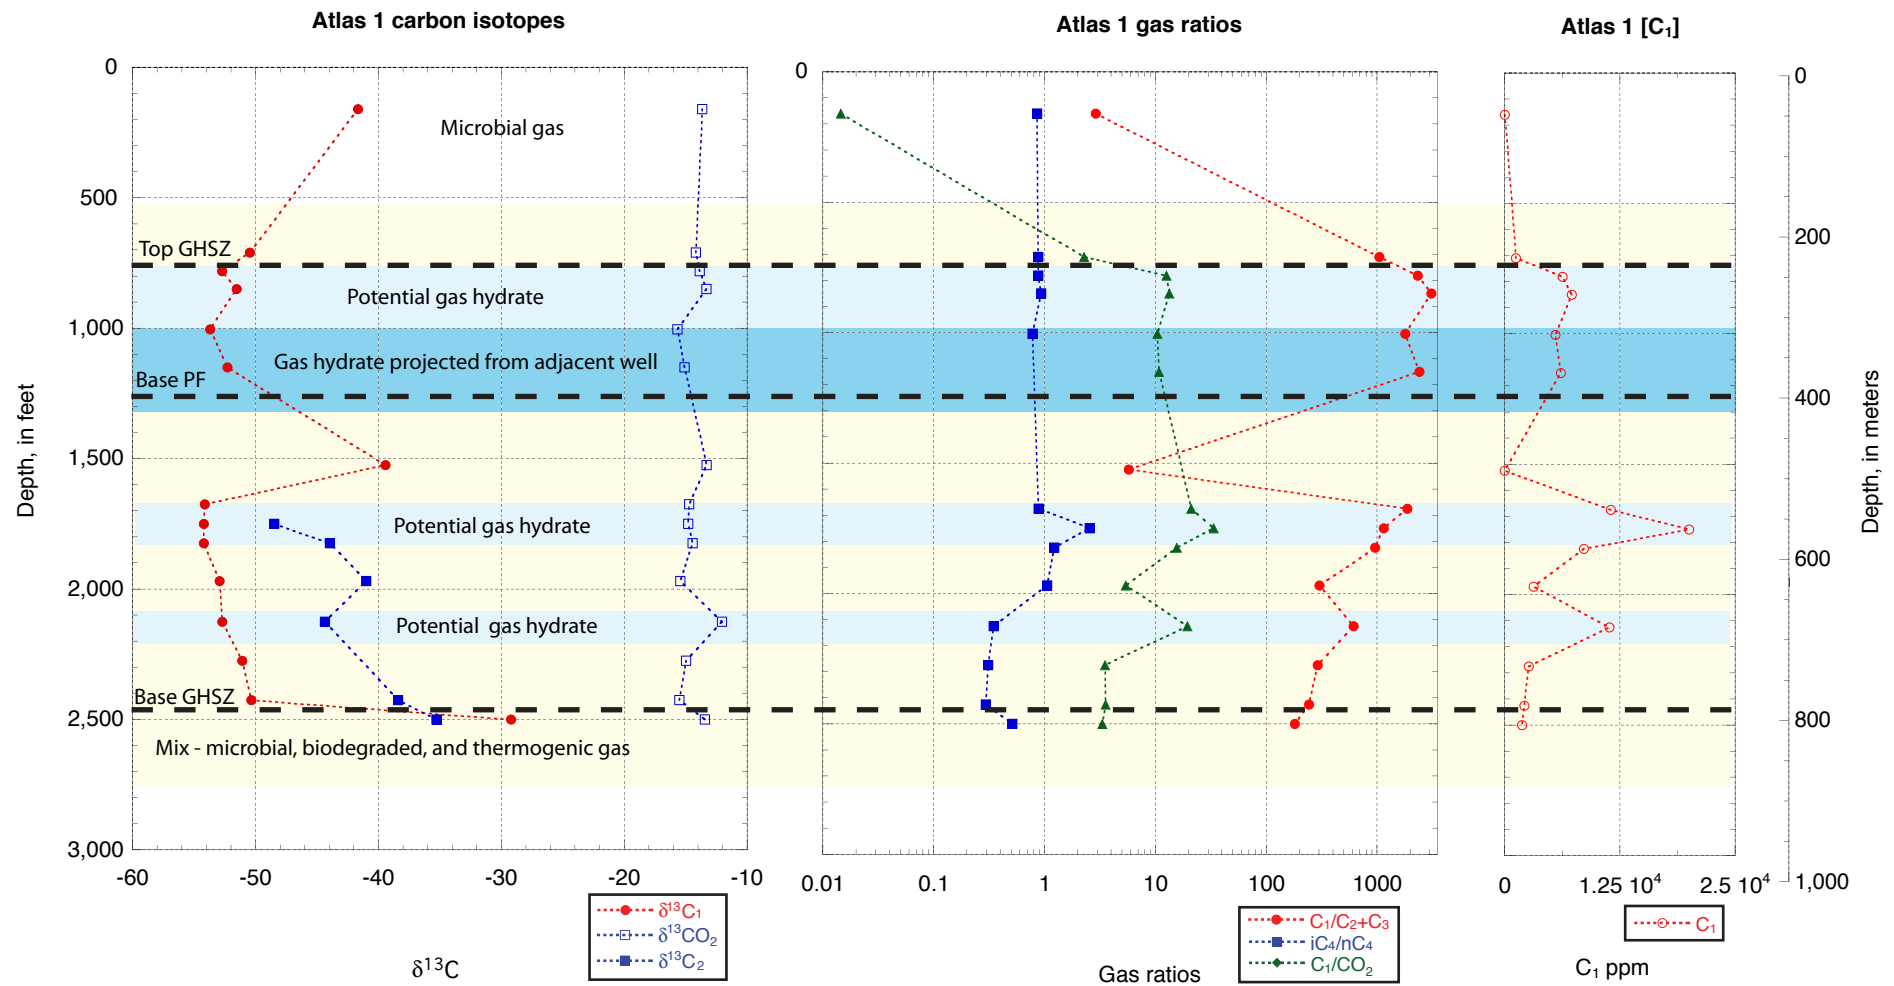

Geochemical data from the Amaguq 2 well

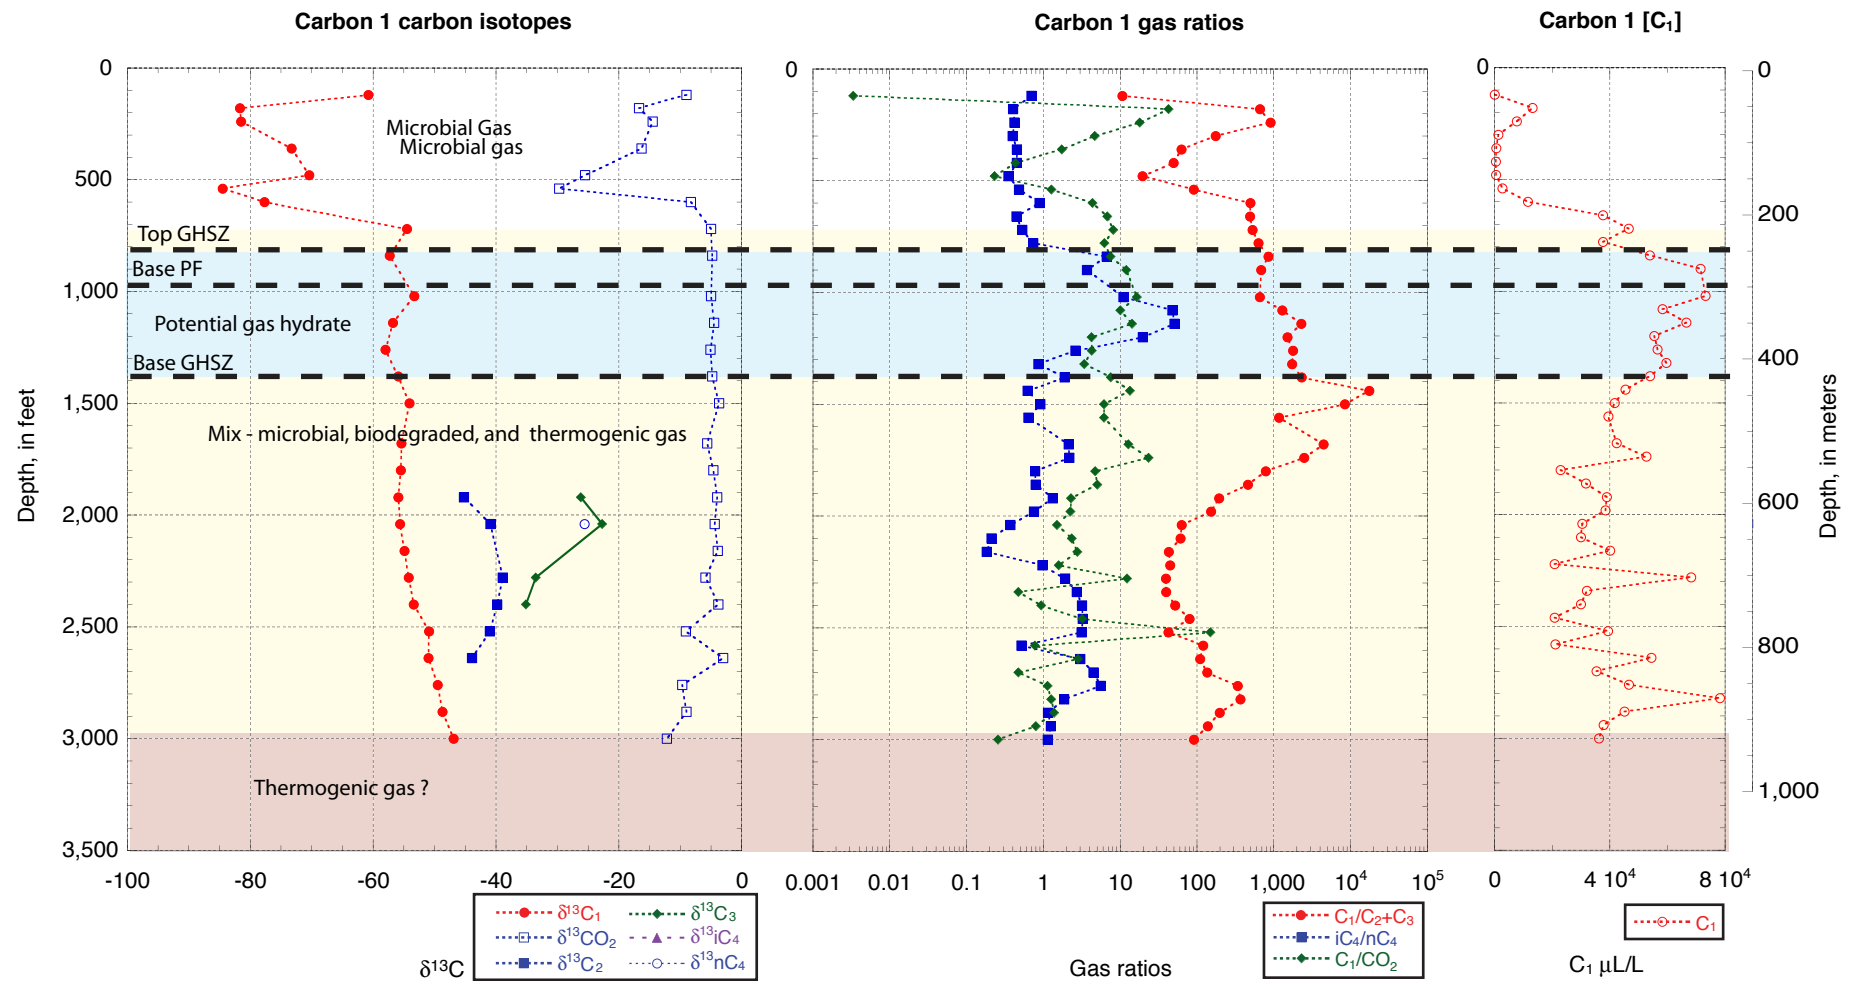

Geochemical data from the Antigua 1 well

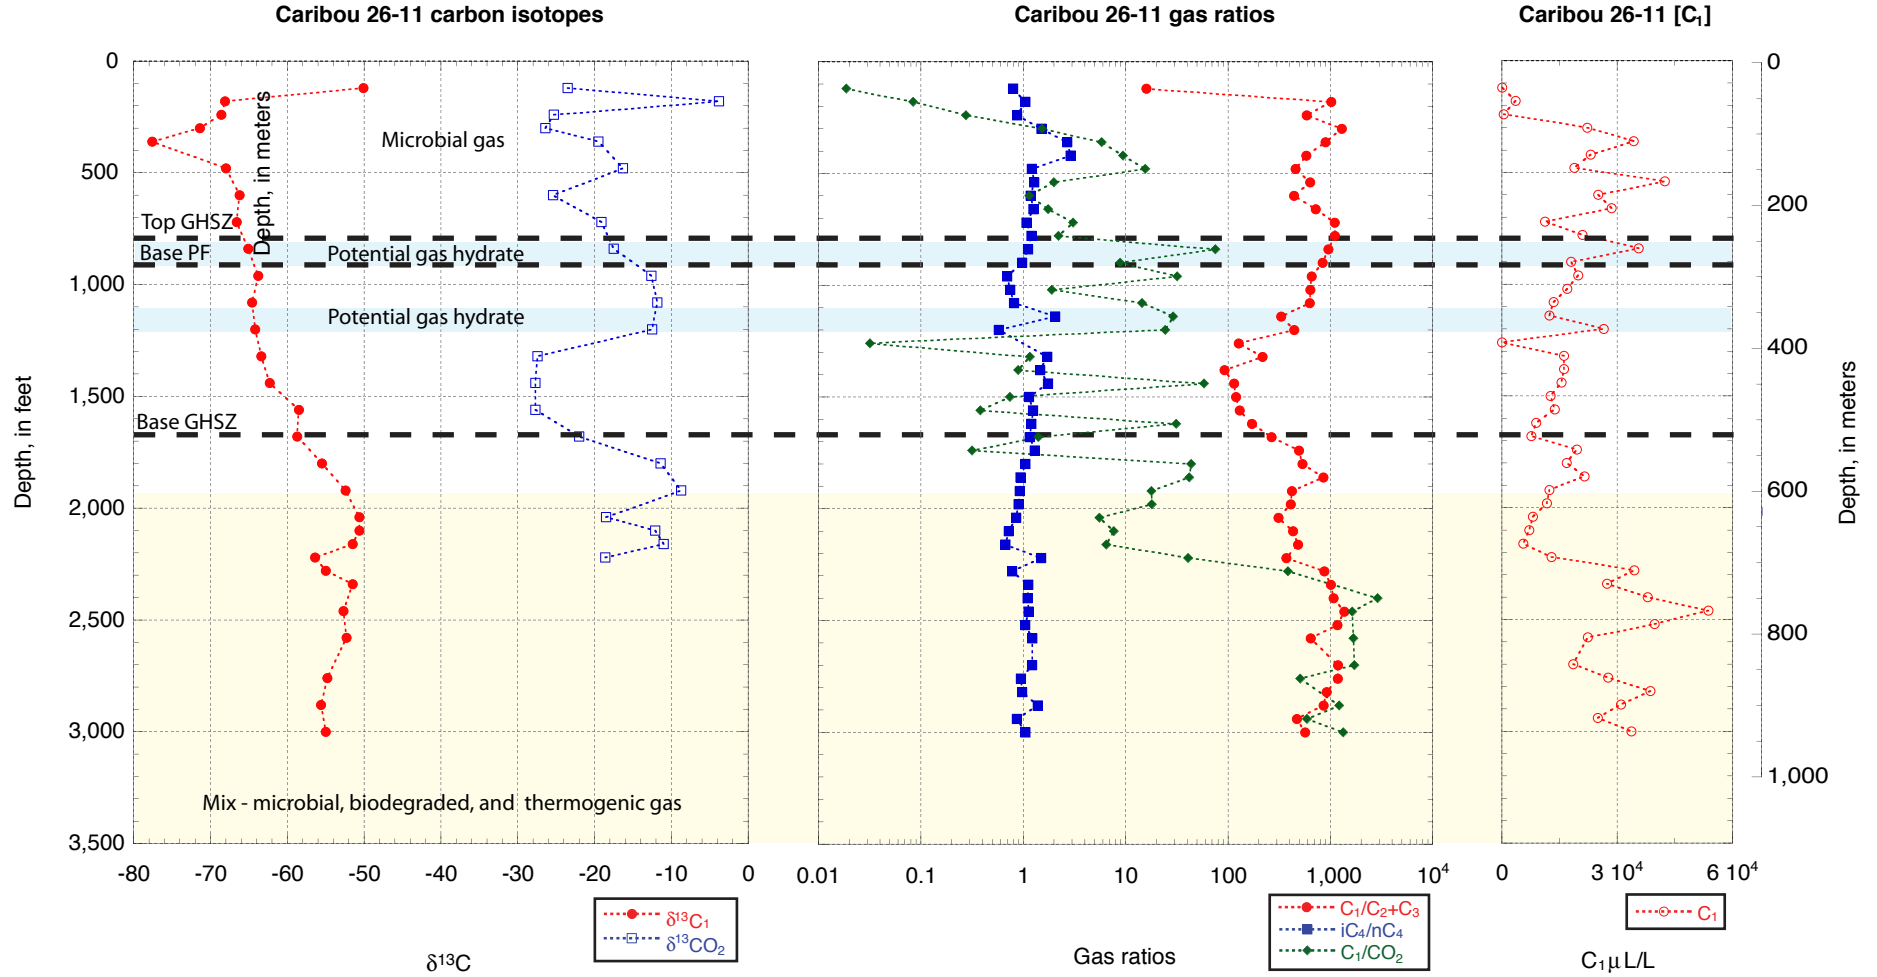

Geochemical data from the Atlas 1 well

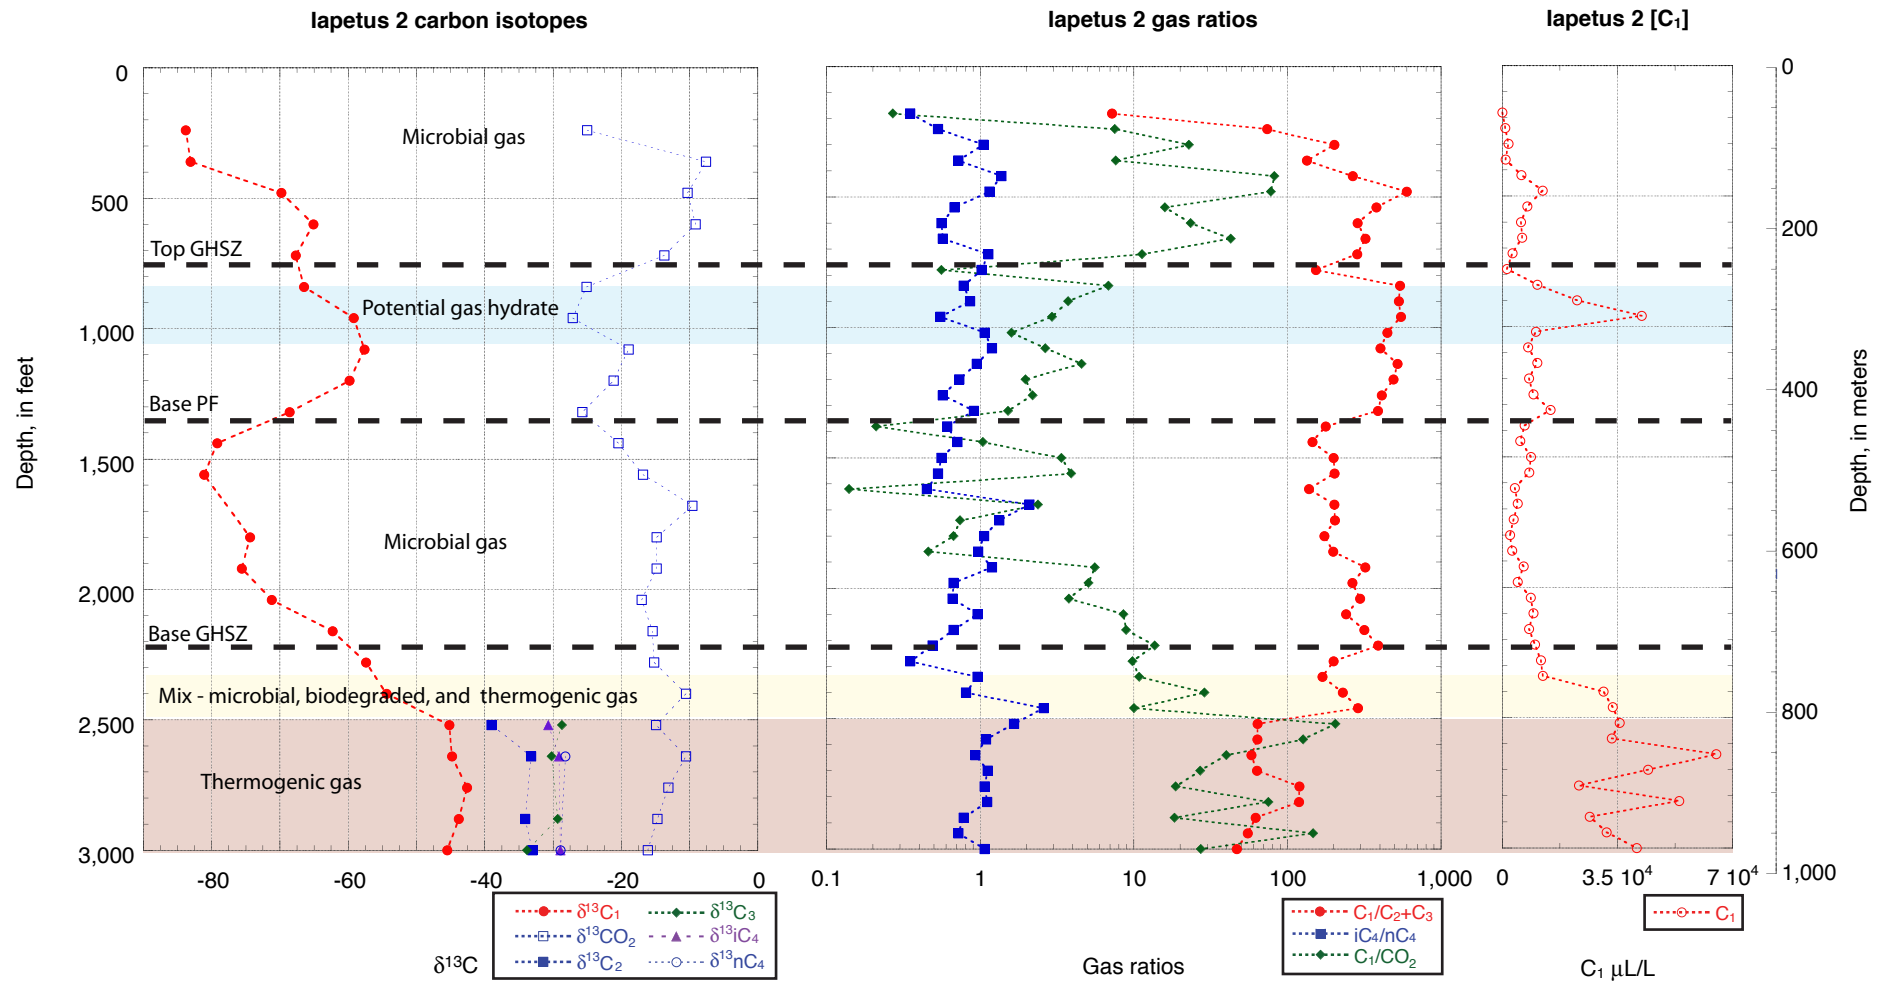

Geochemical data from the Carbon 1 well

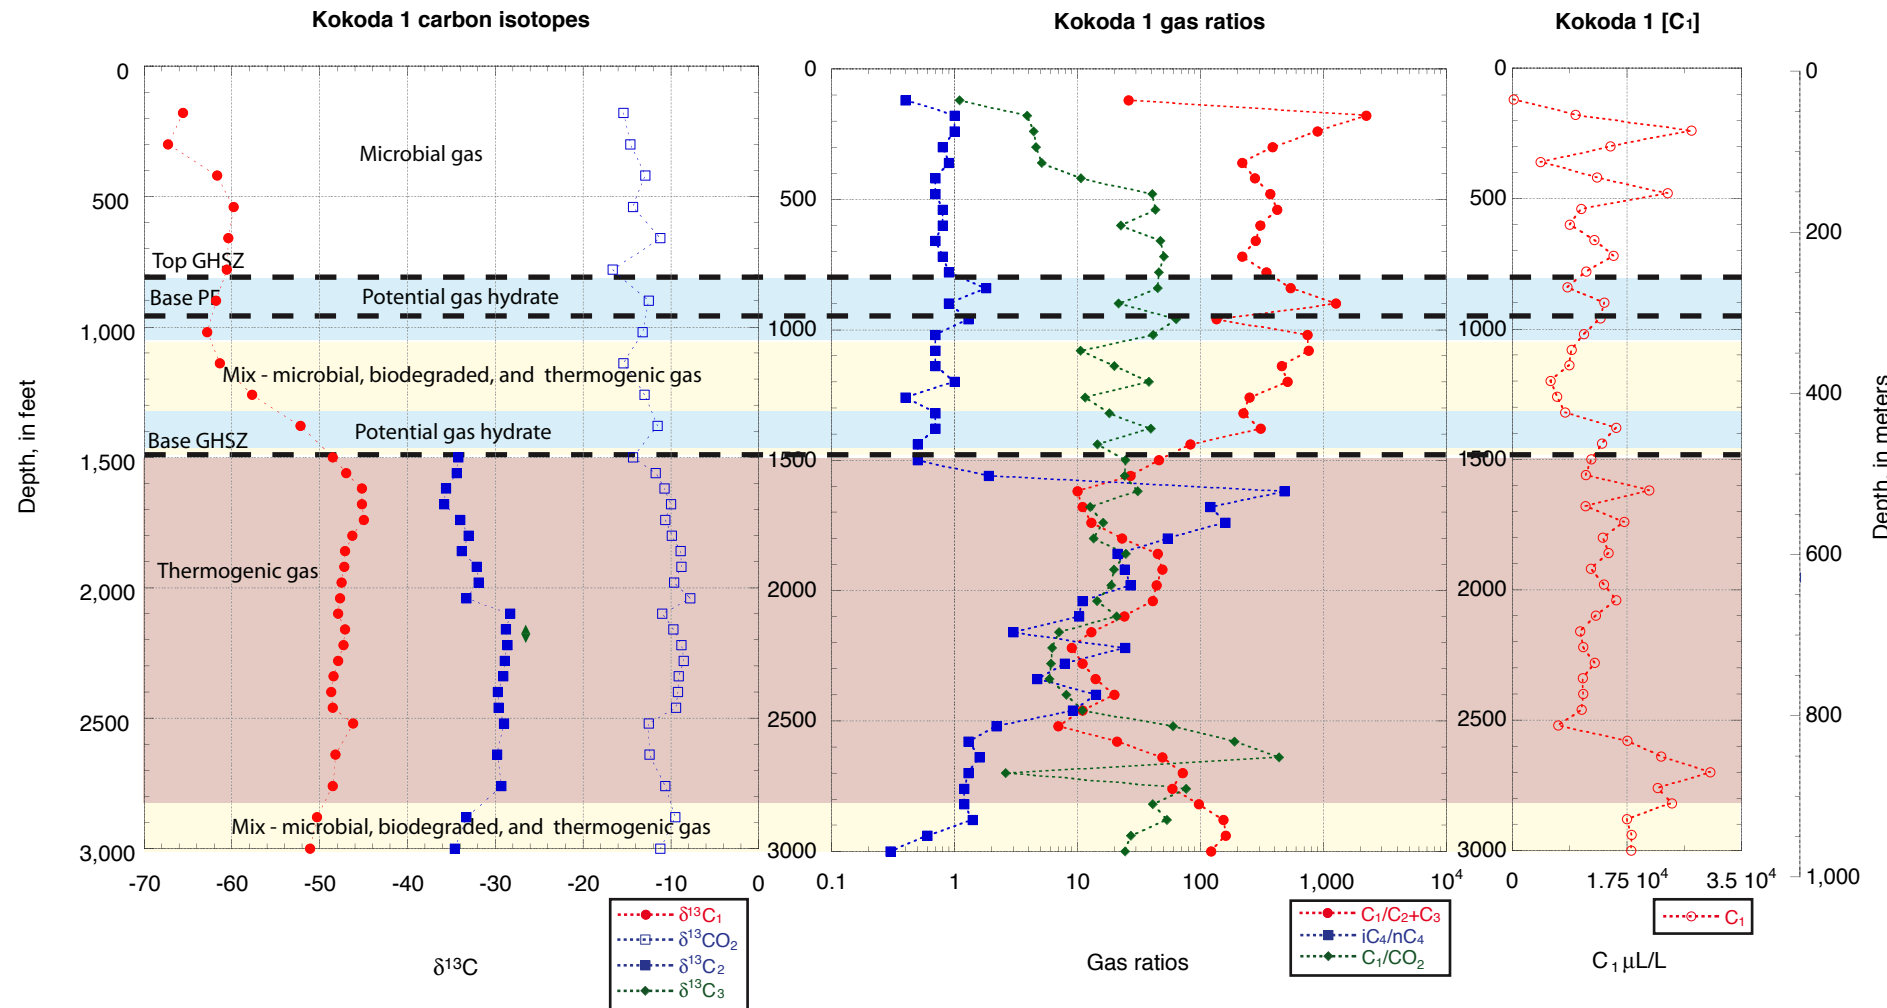

Geochemical data from the Caribou 26-11 well

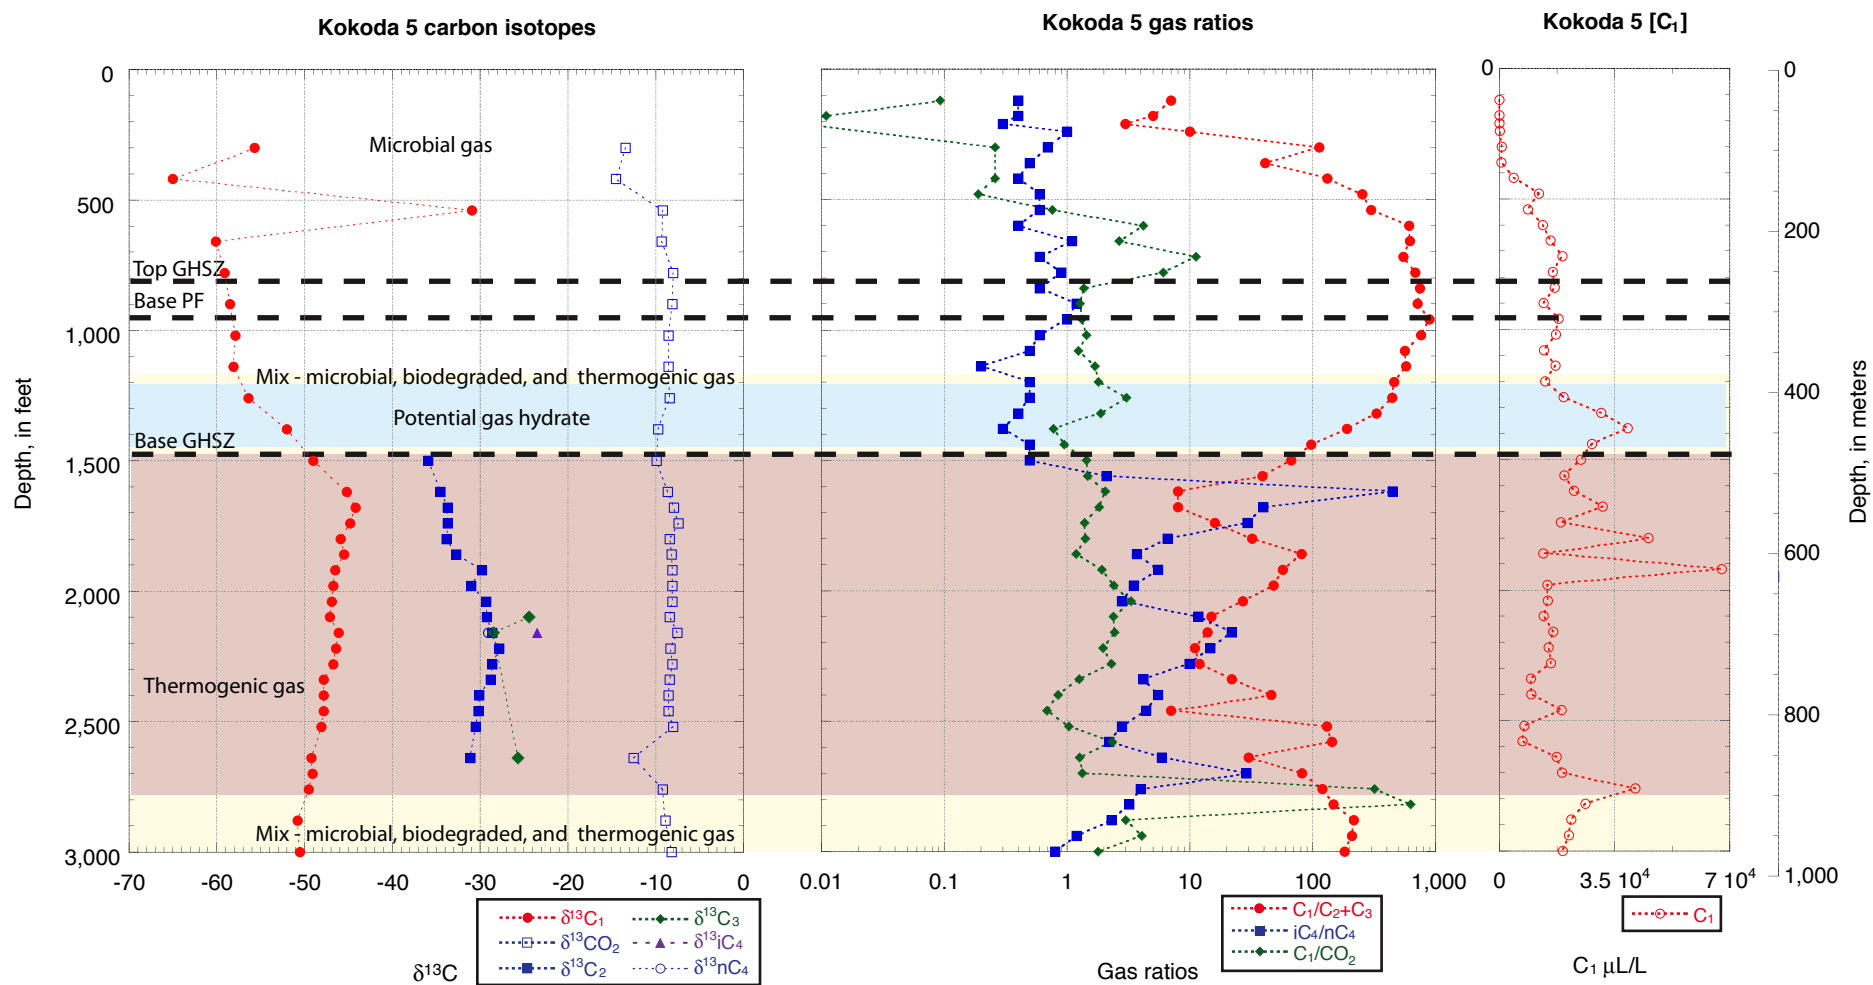

Geochemical data from the lapetus 2 well

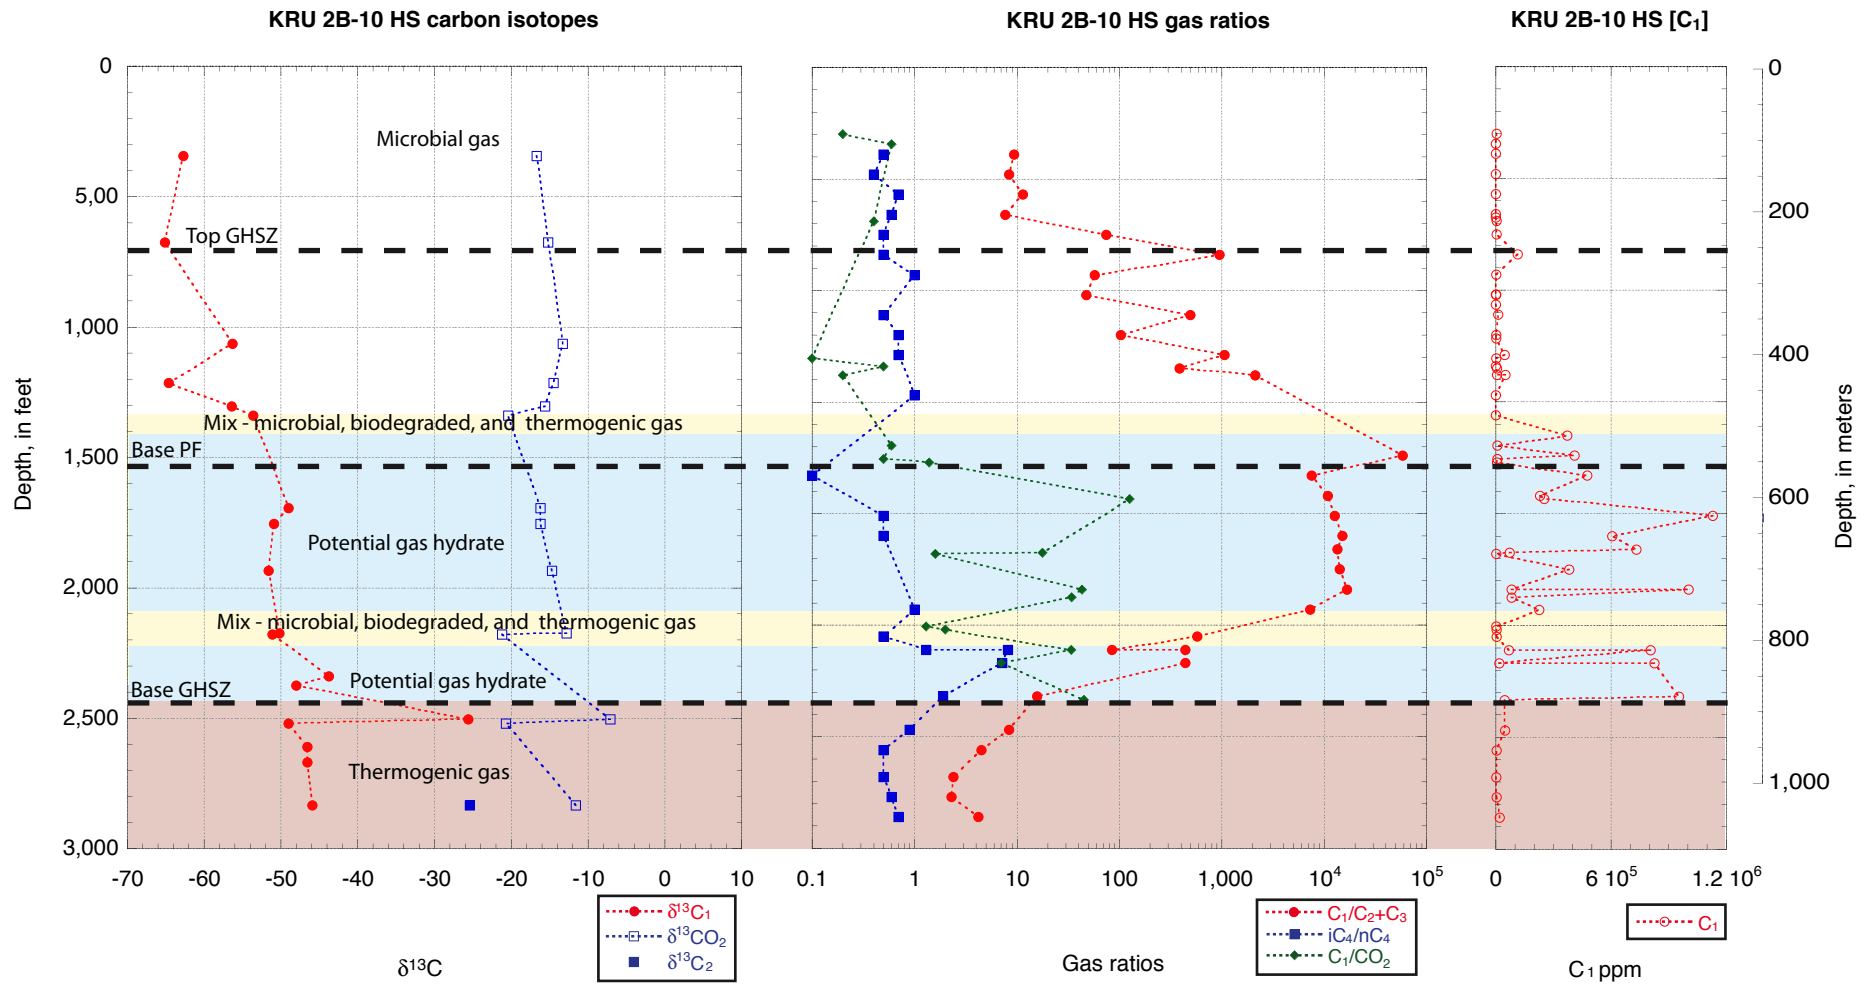

Geochemical data from the Kokoda 1 well

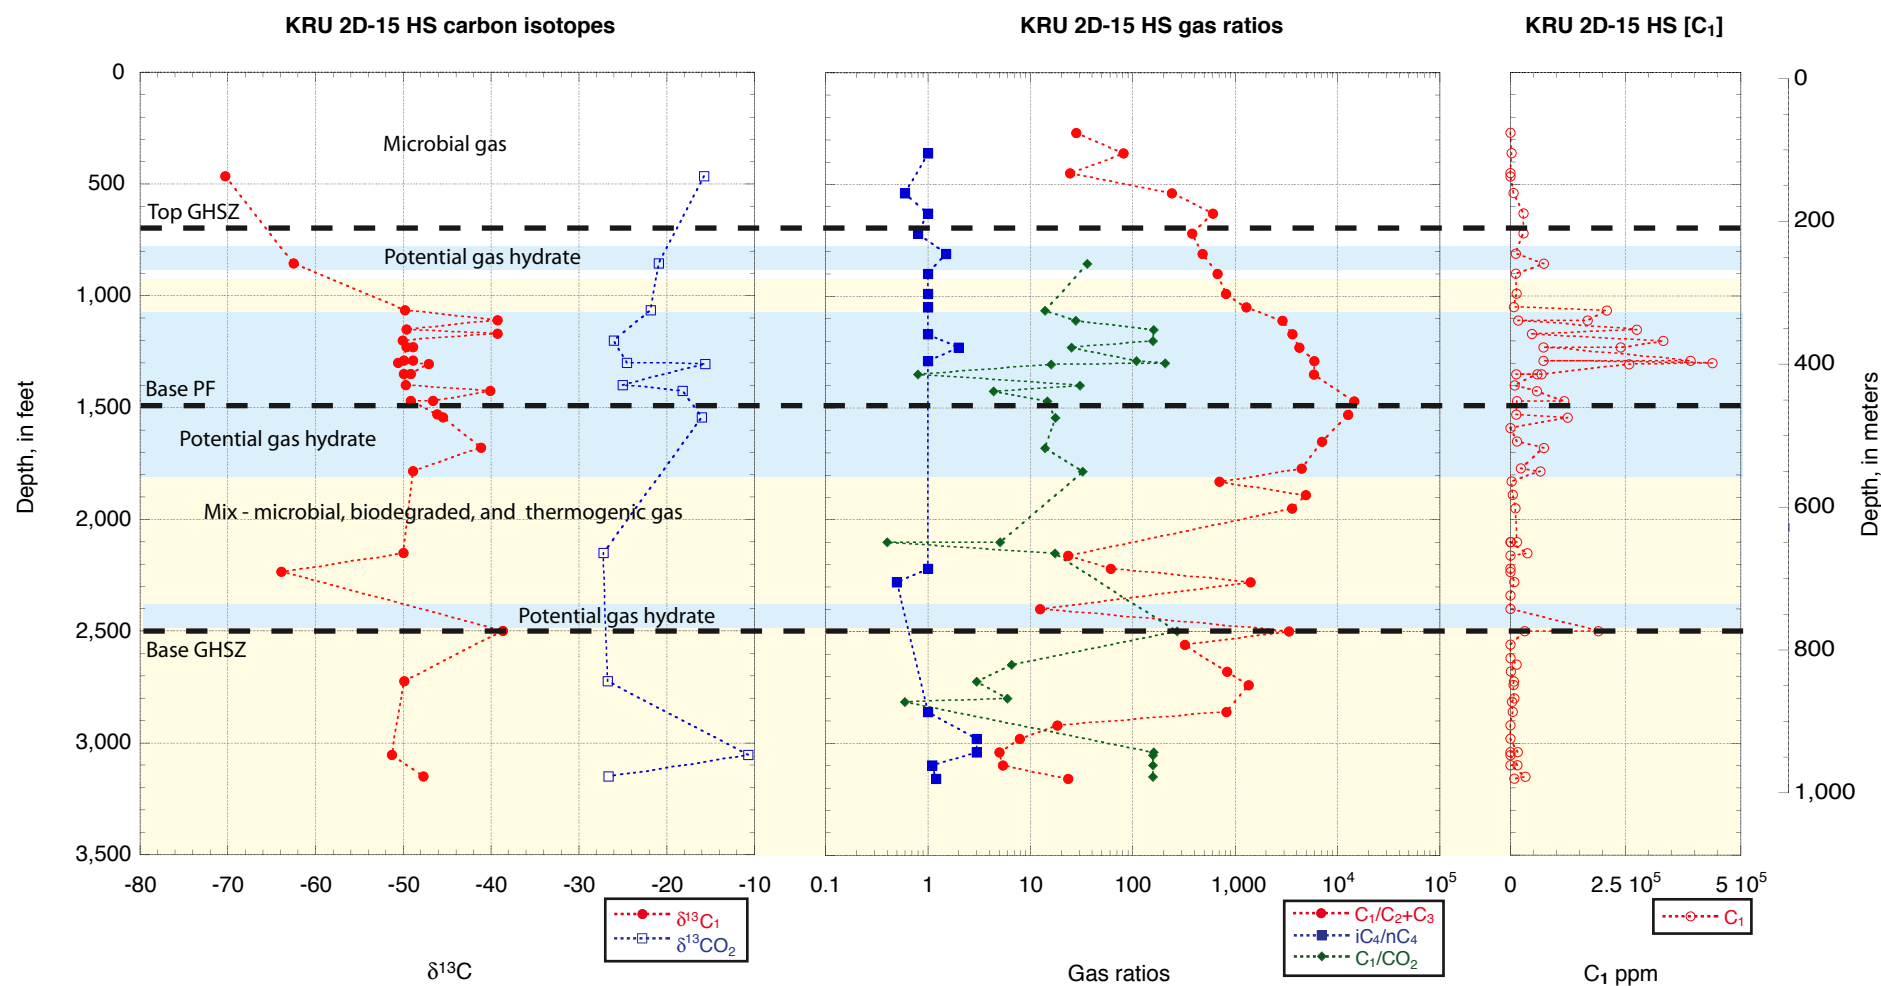

Geochemical data from the Kokoda 5 well

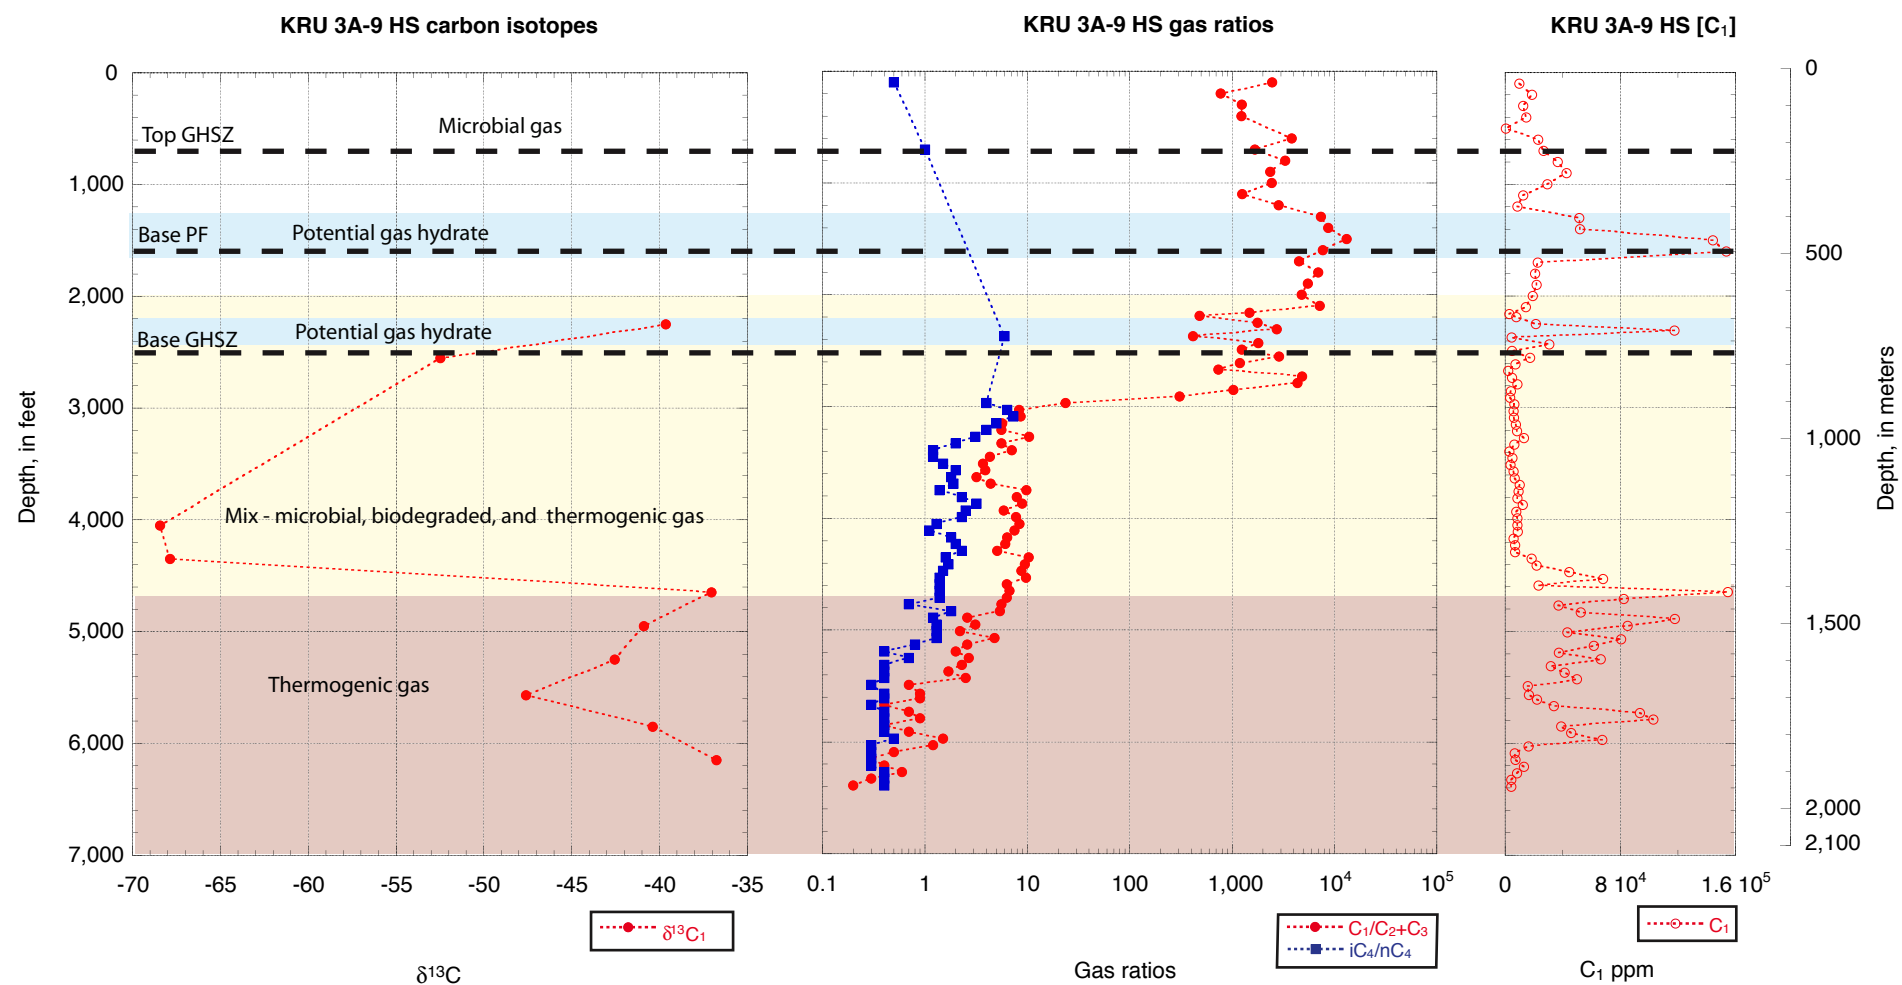

Geochemical data from the KRU 2B-10 well, HS

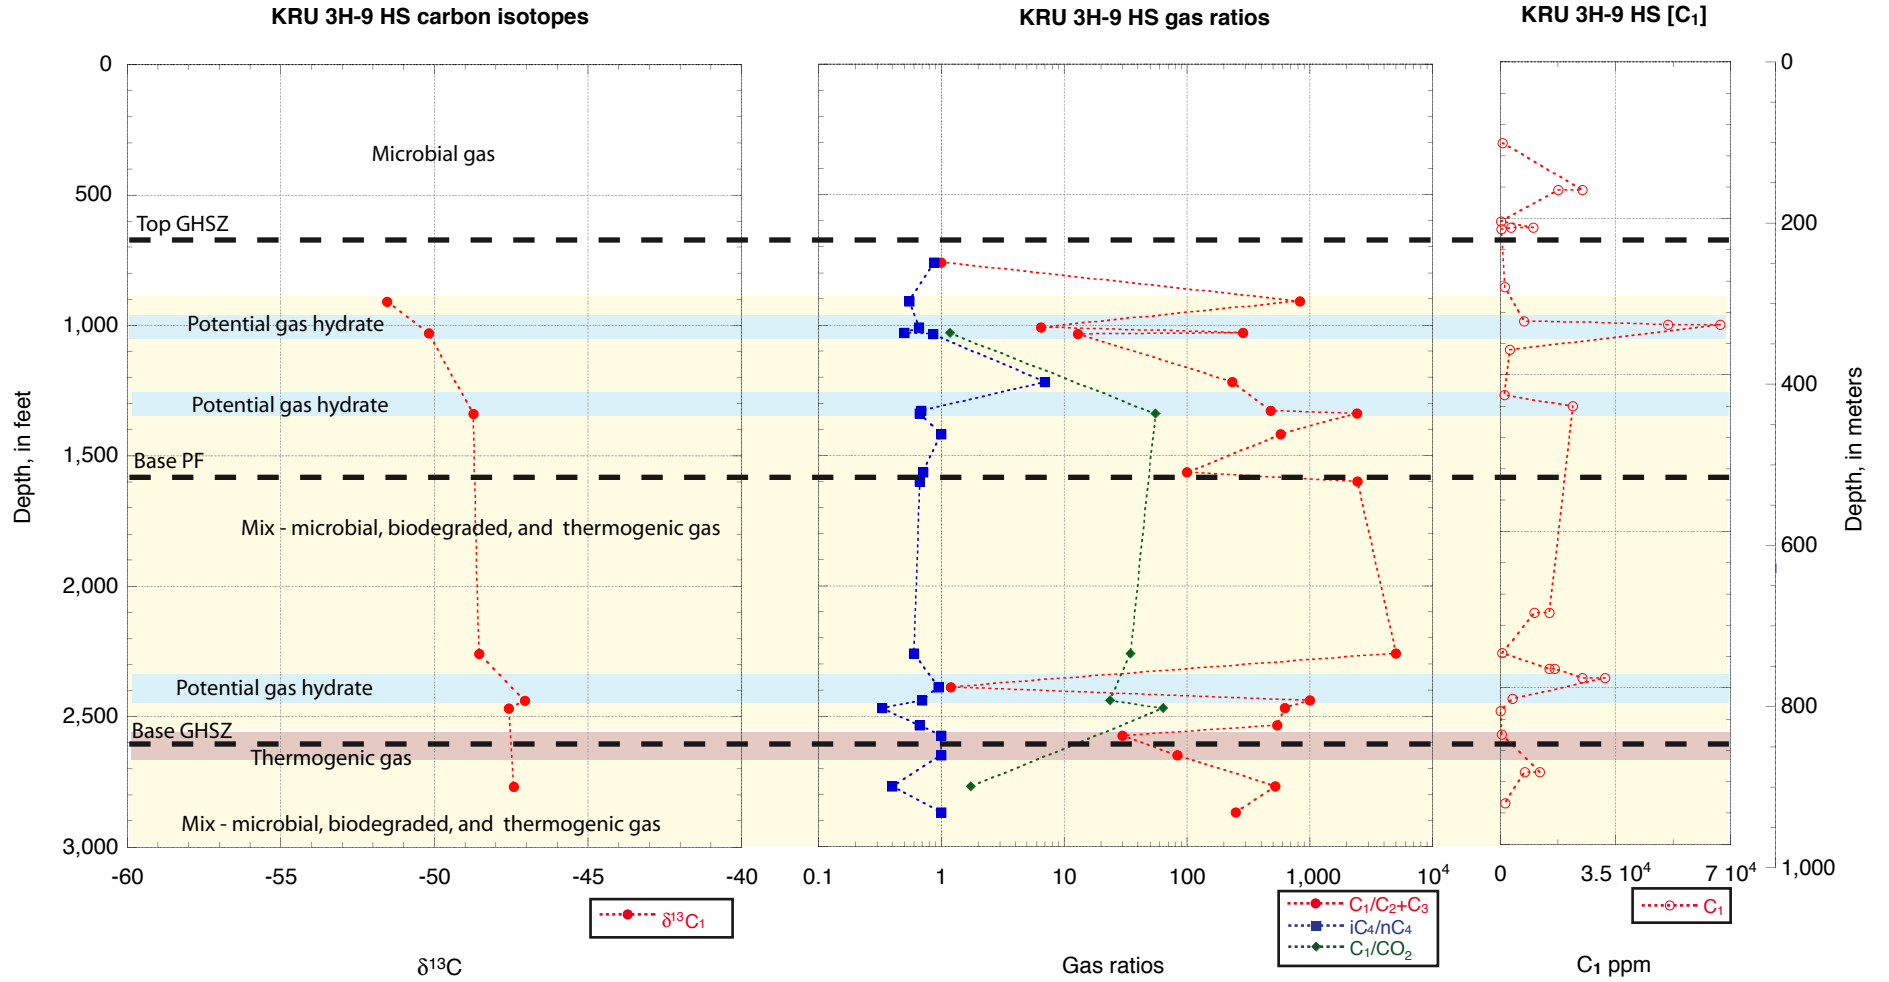

Geochemical data from the KRU 2D-15 well, HS

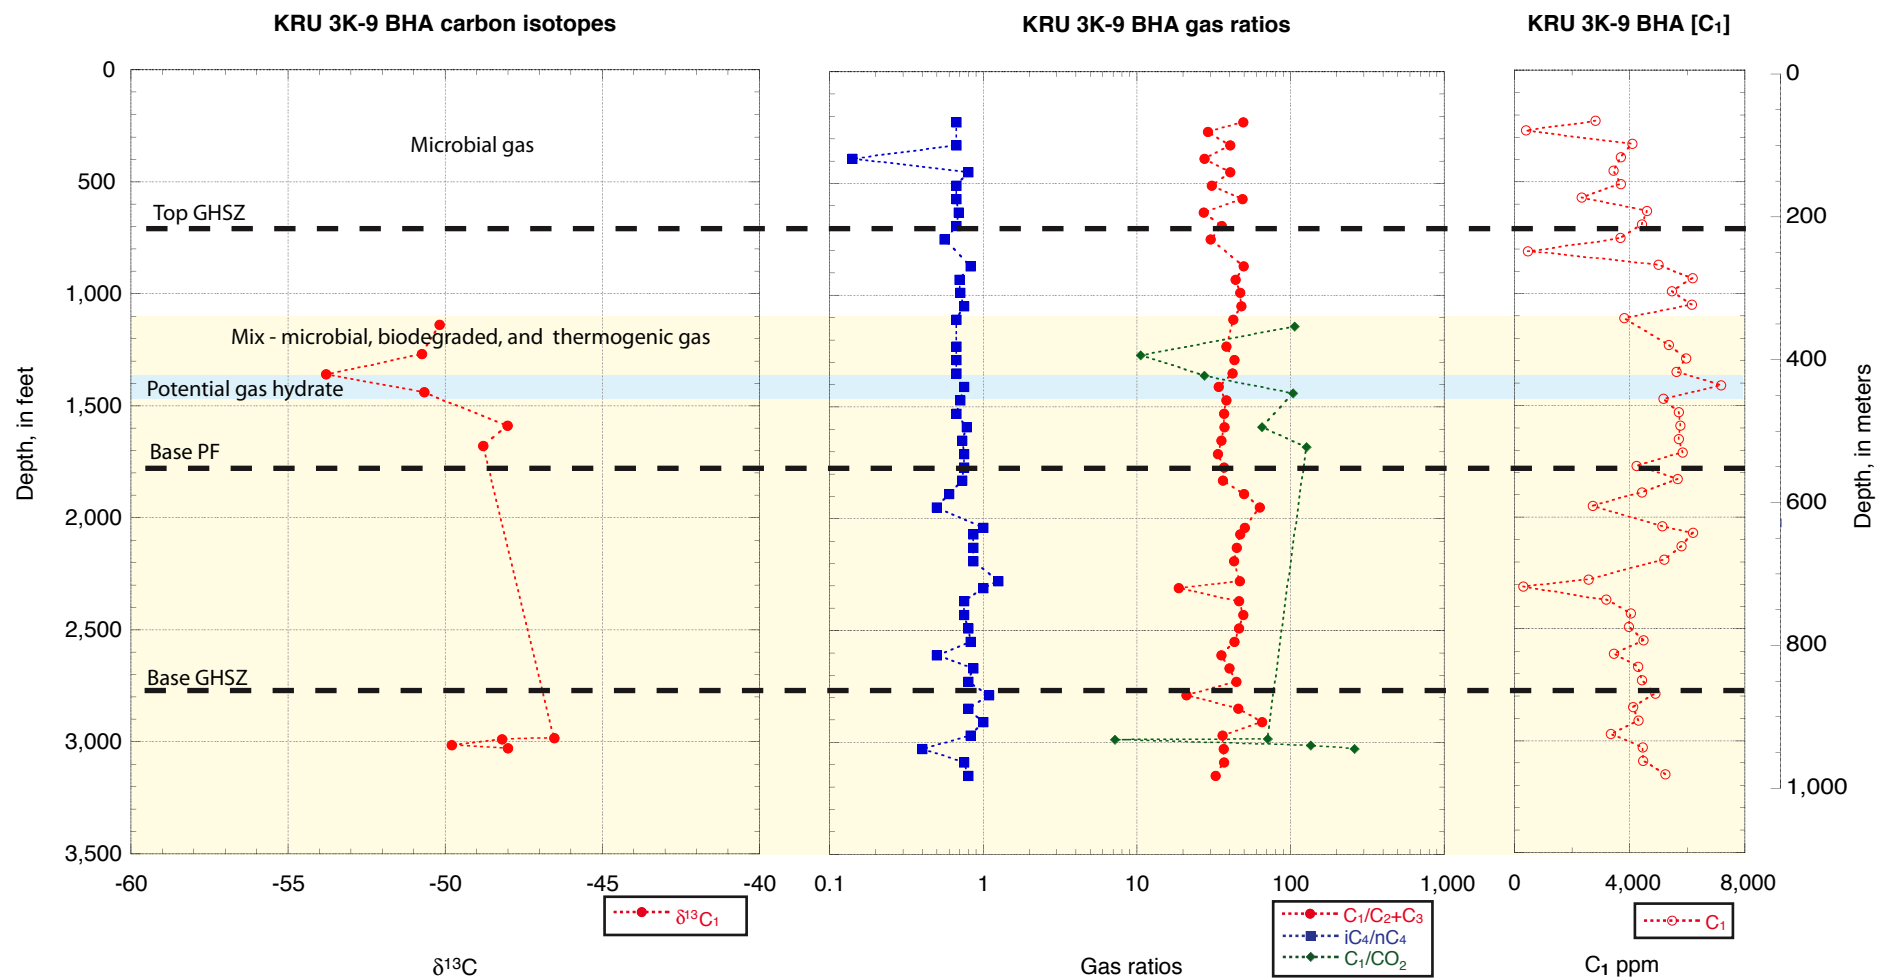

Geochemical data from the KRU 3A-9 well, HS

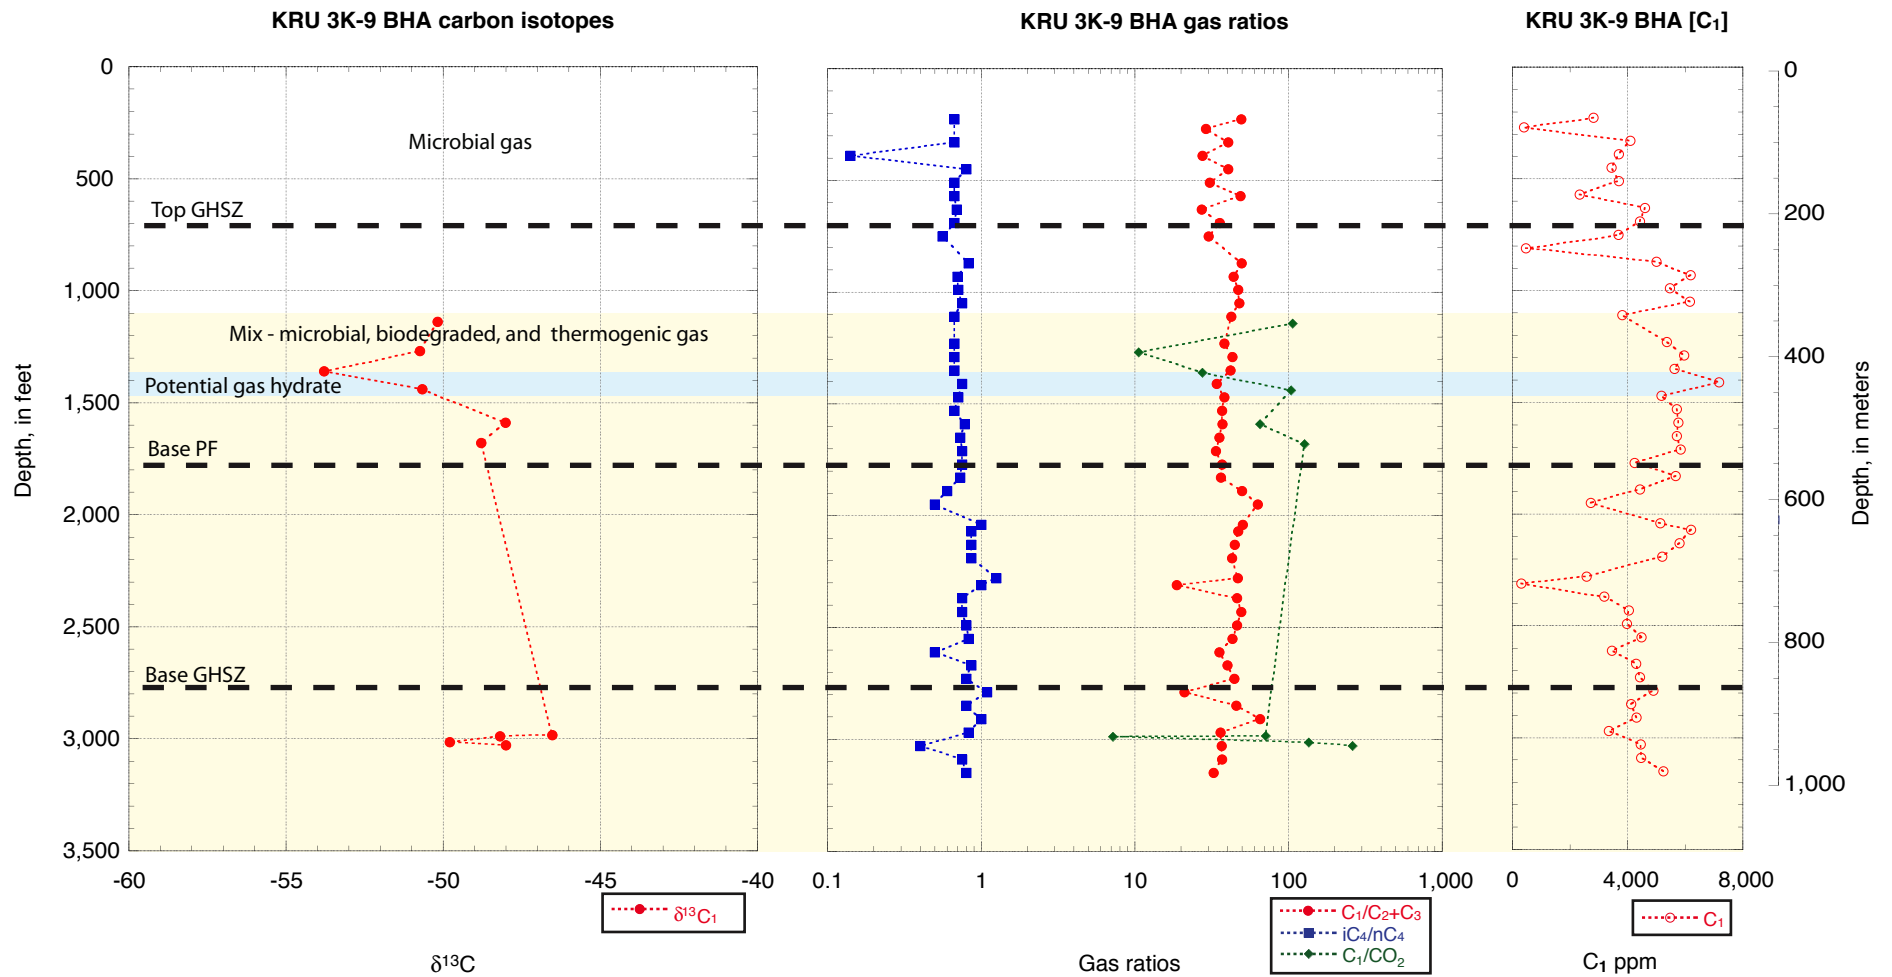

Geochemical data from the KRU 3H-9 well, HS

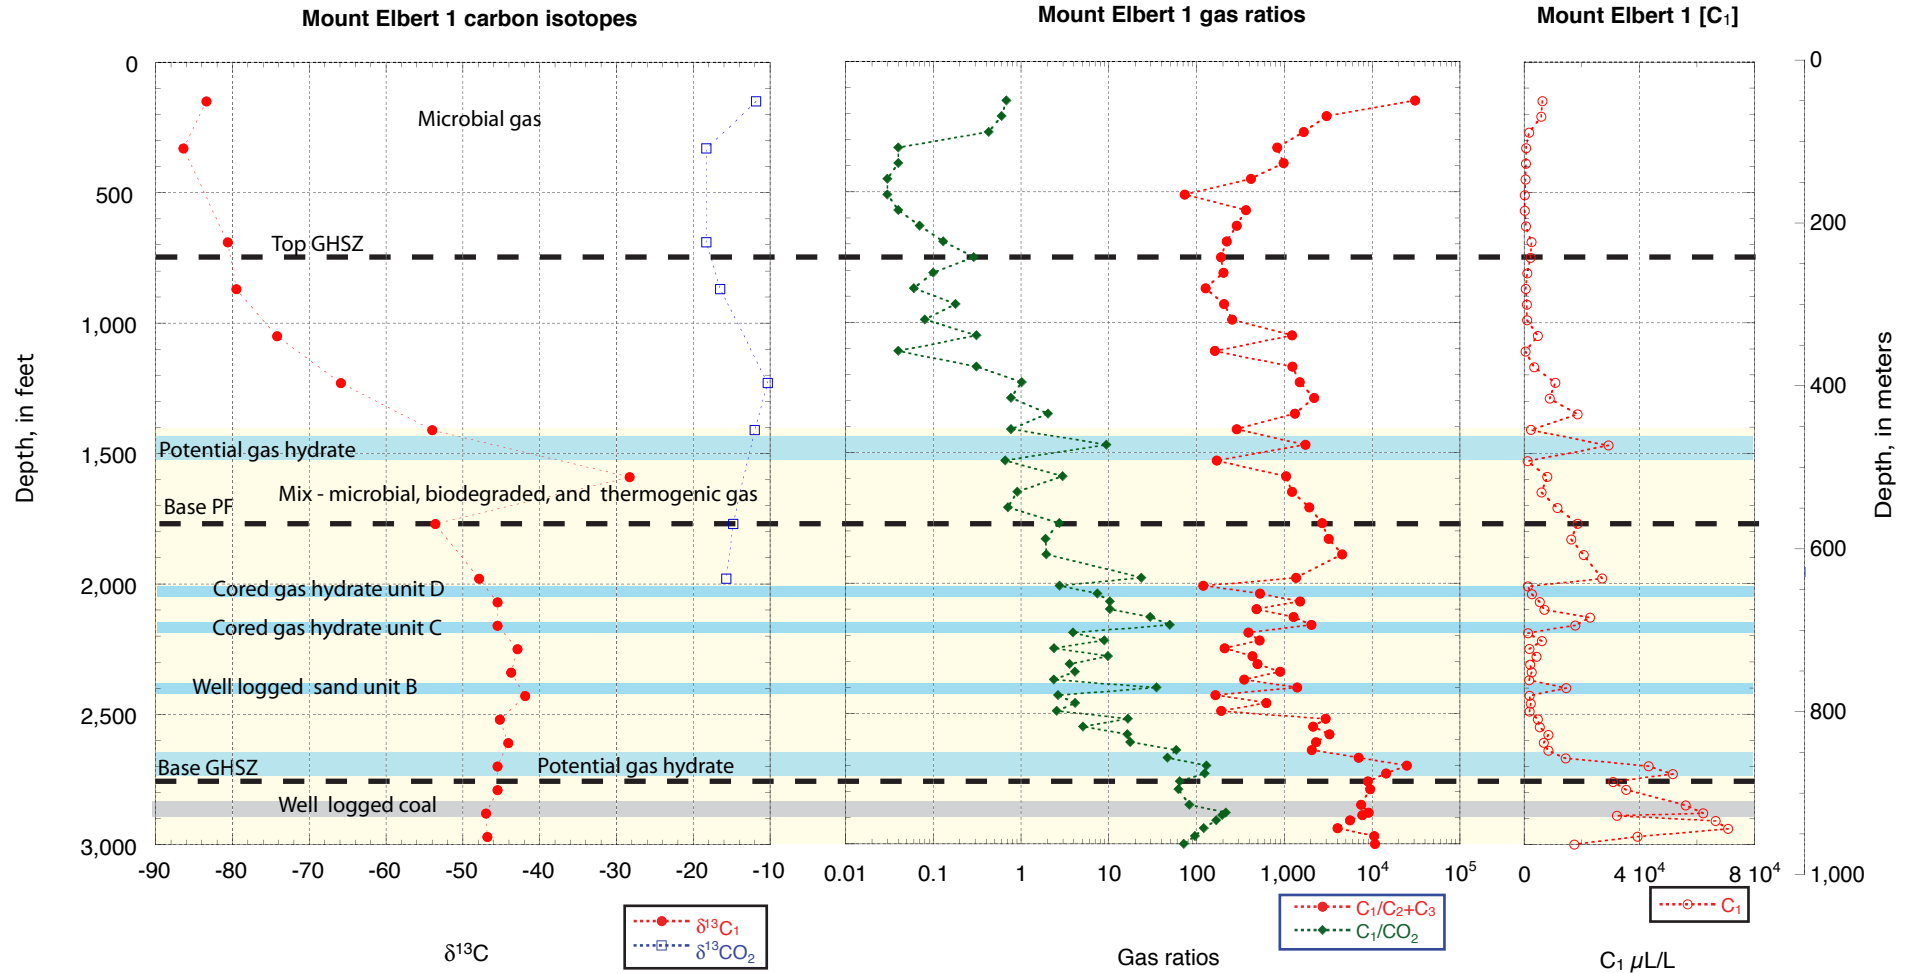

Geochemical data from the KRU 3K-9 well, BHA

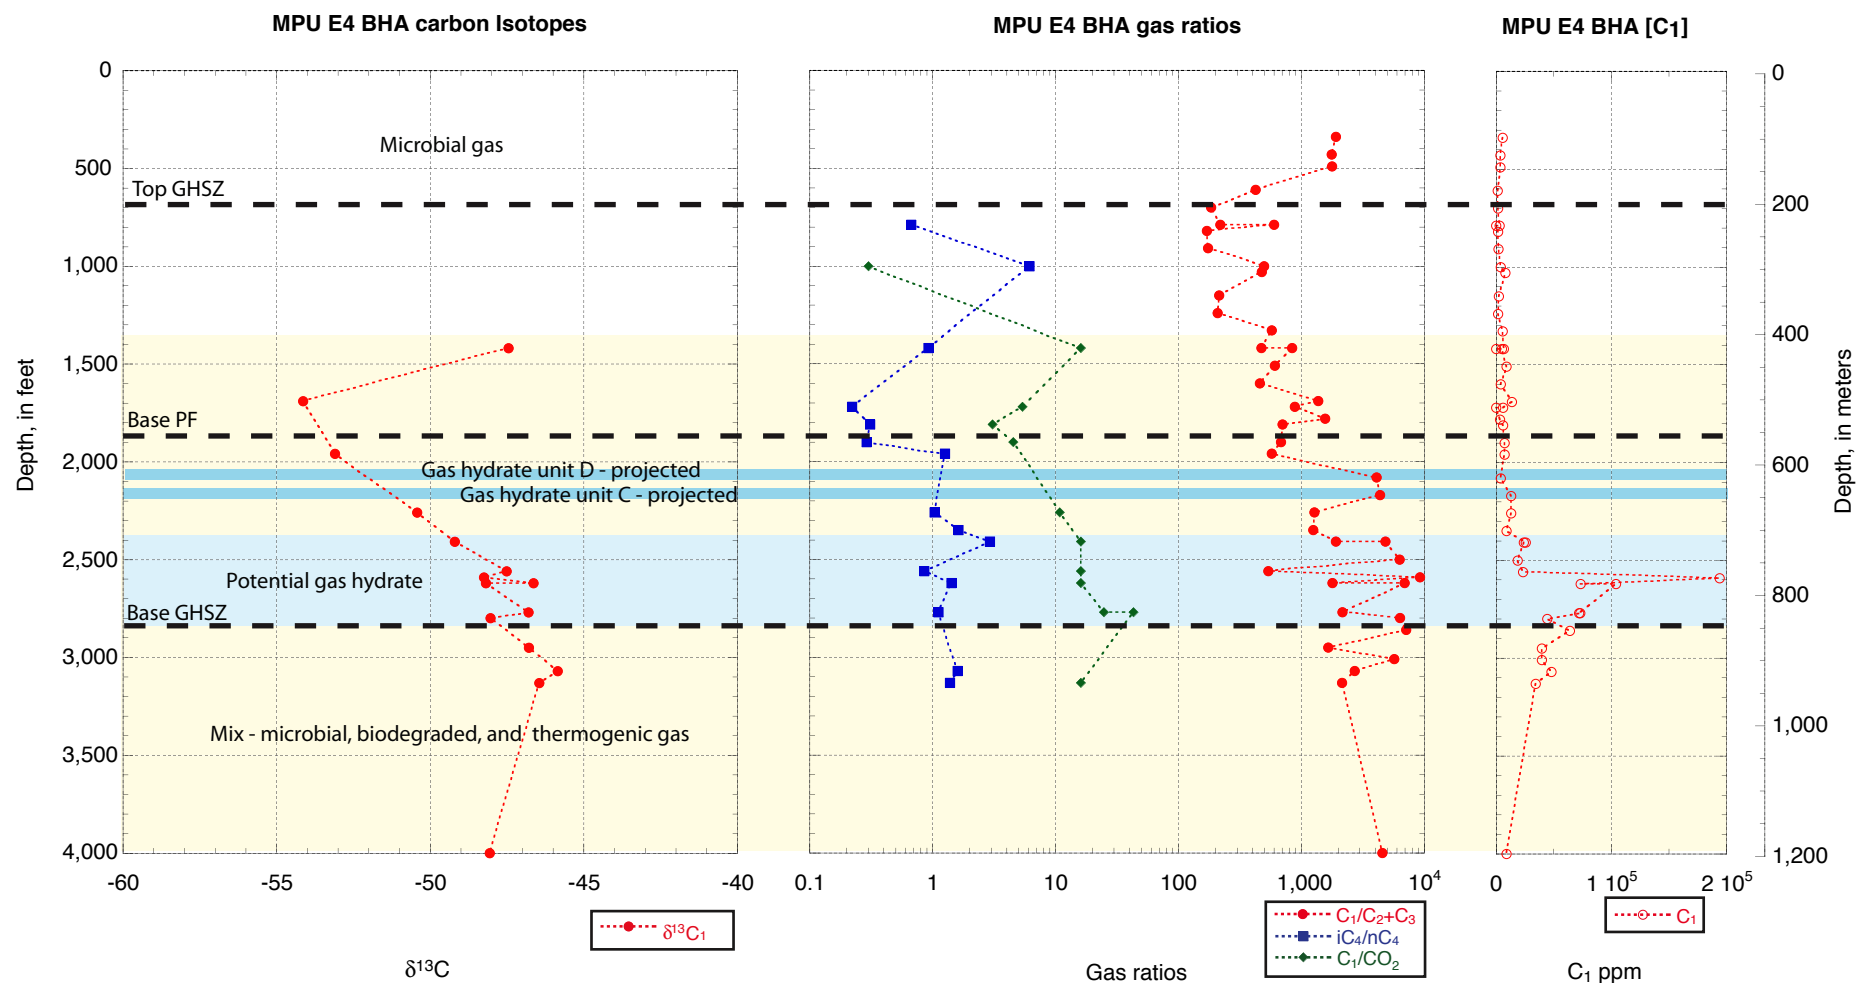

Geochemical data from the KRU 3K-9 well, BHA + HS

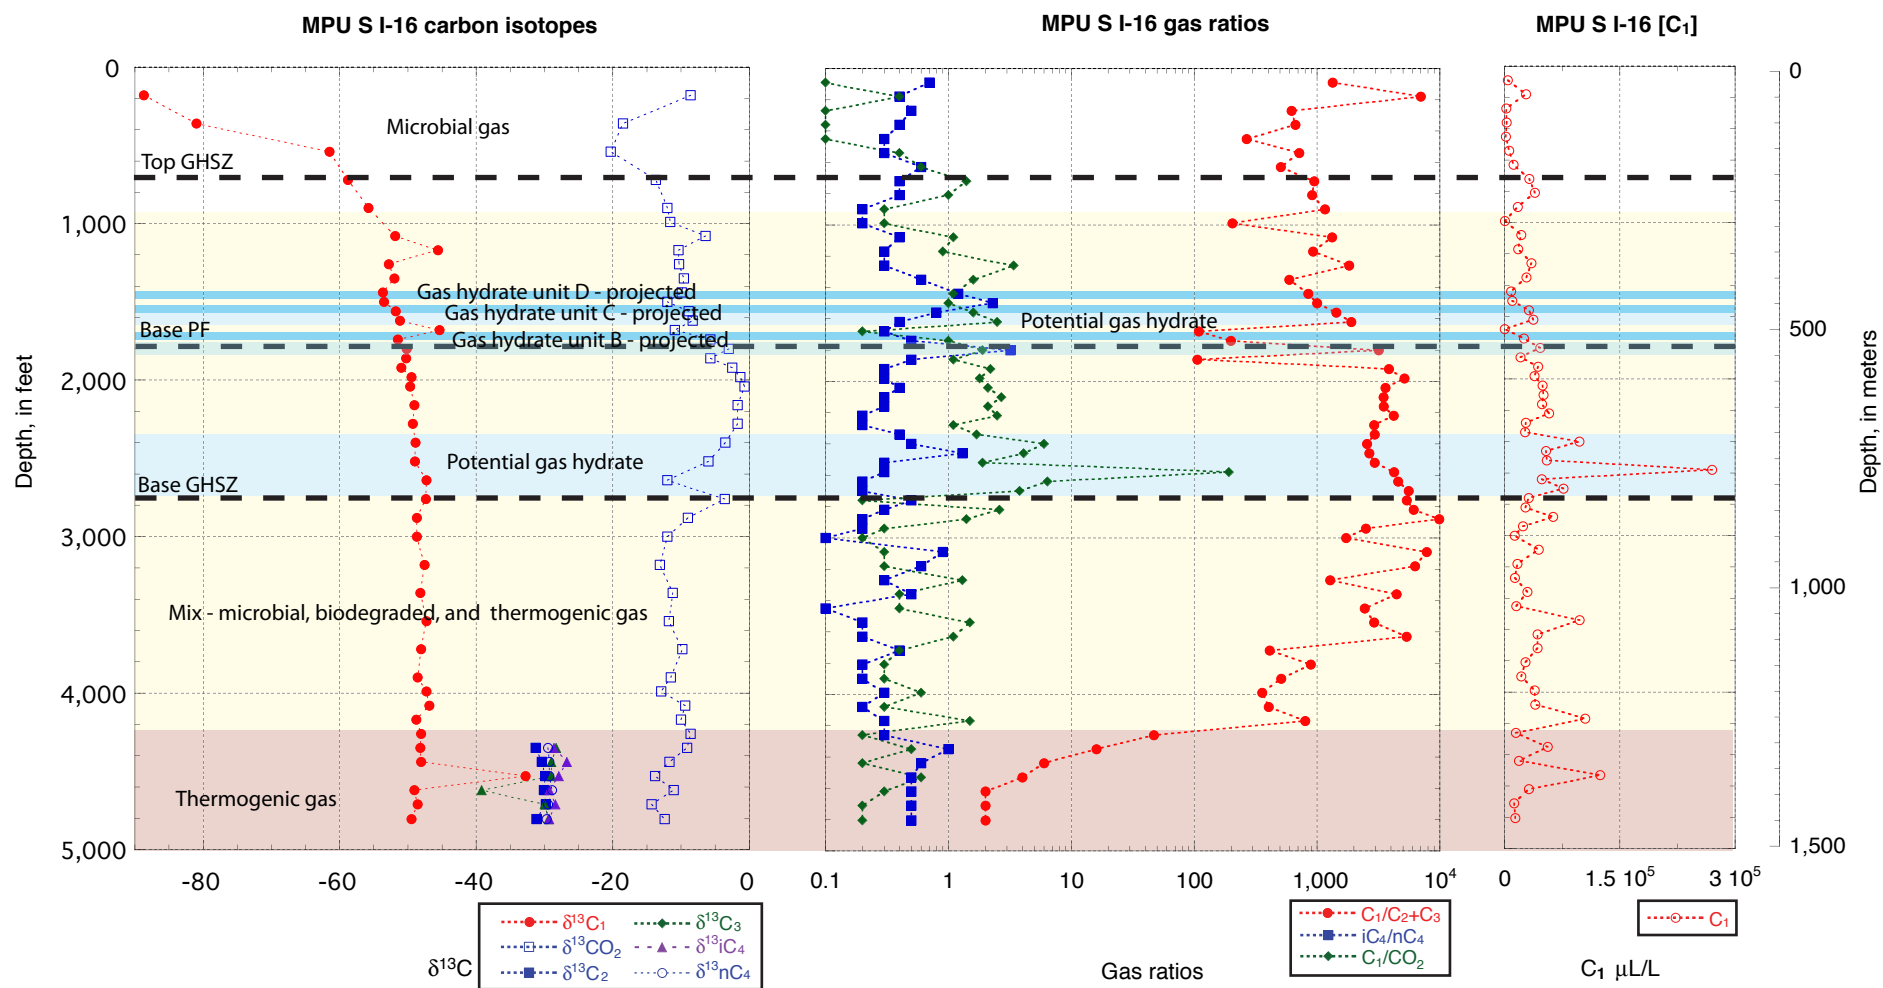

Geochemical data from the Mount Elbert 1 well

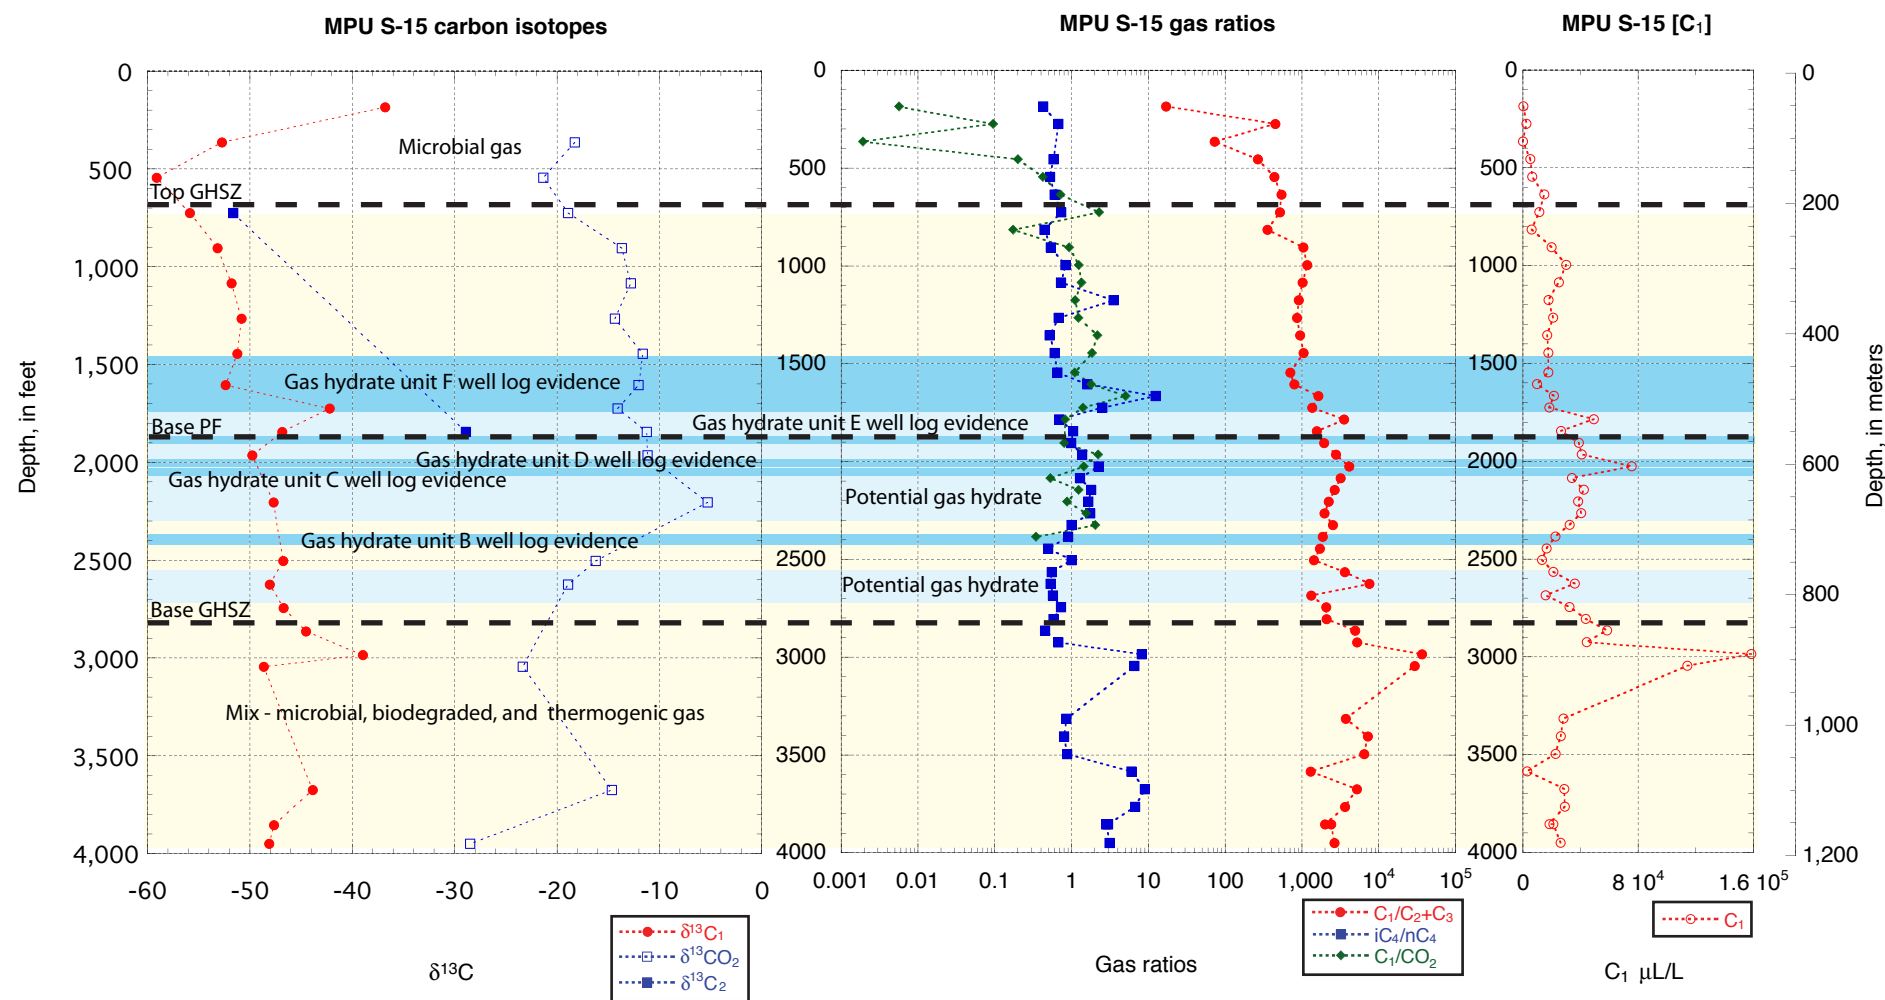

Geochemical data from the MPU E4 well, BHA

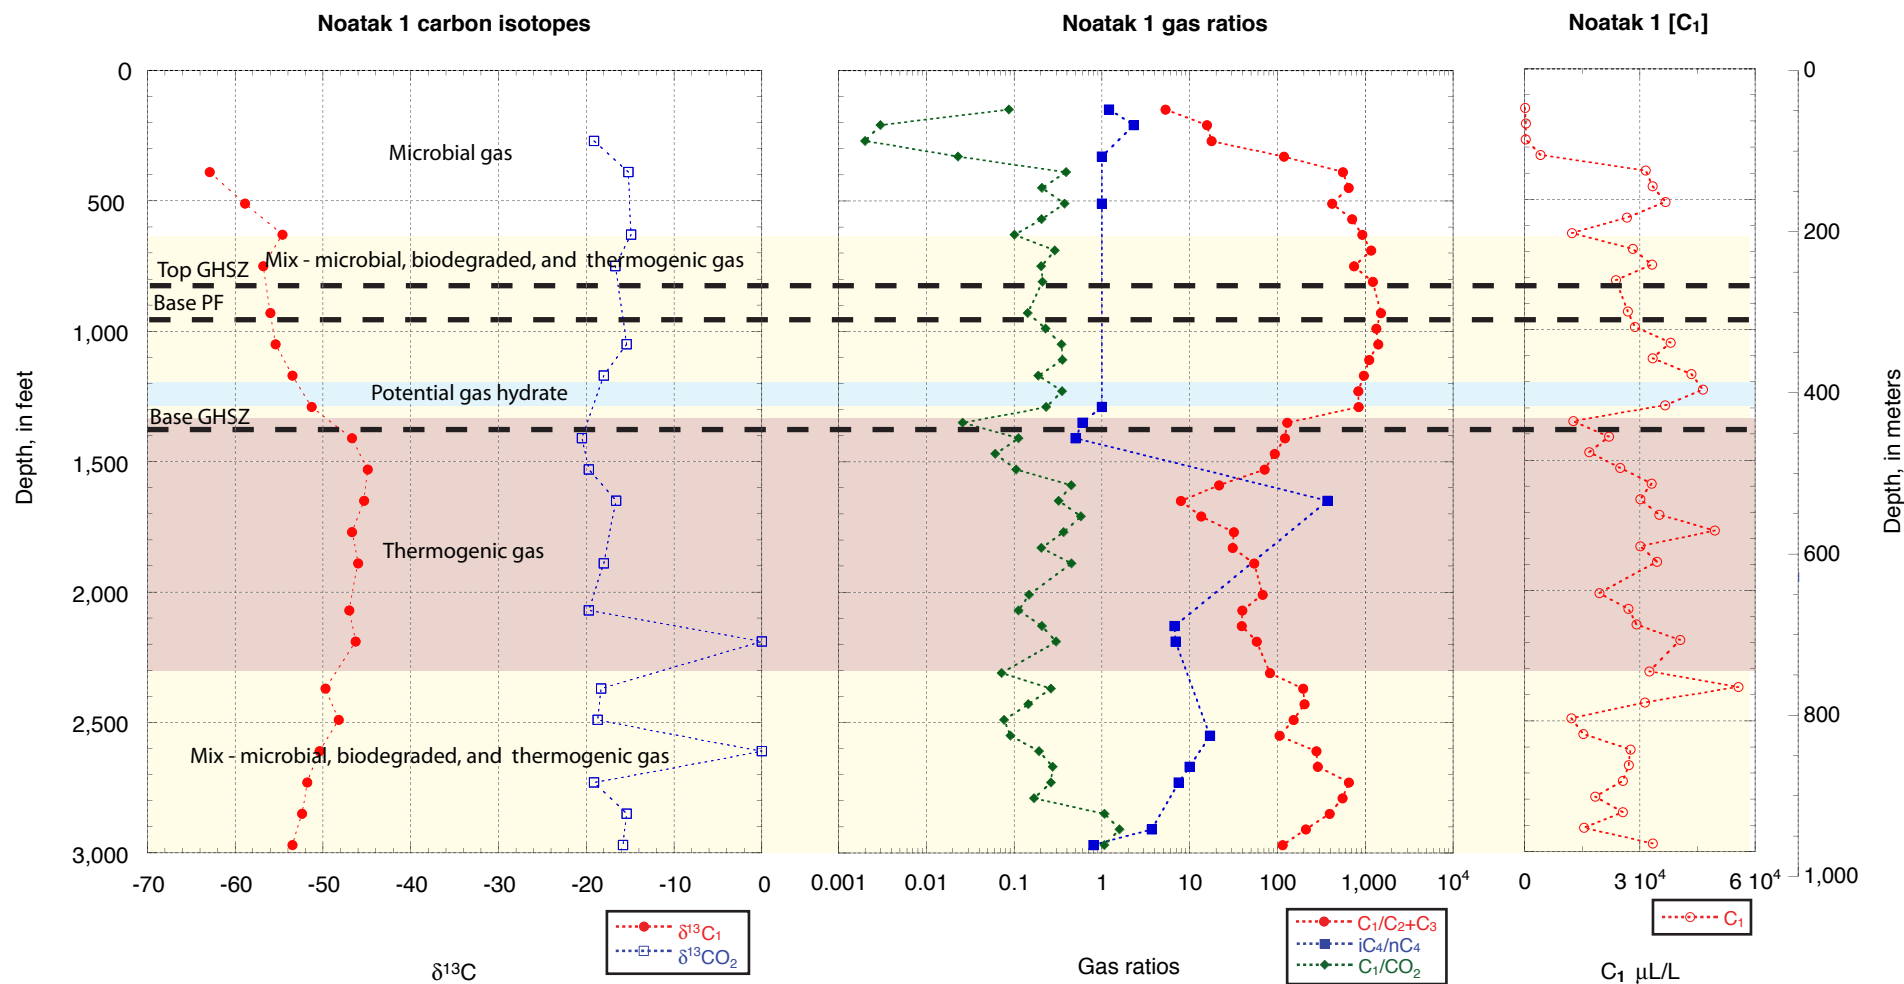

Geochemical data from the MPU S I-16 well

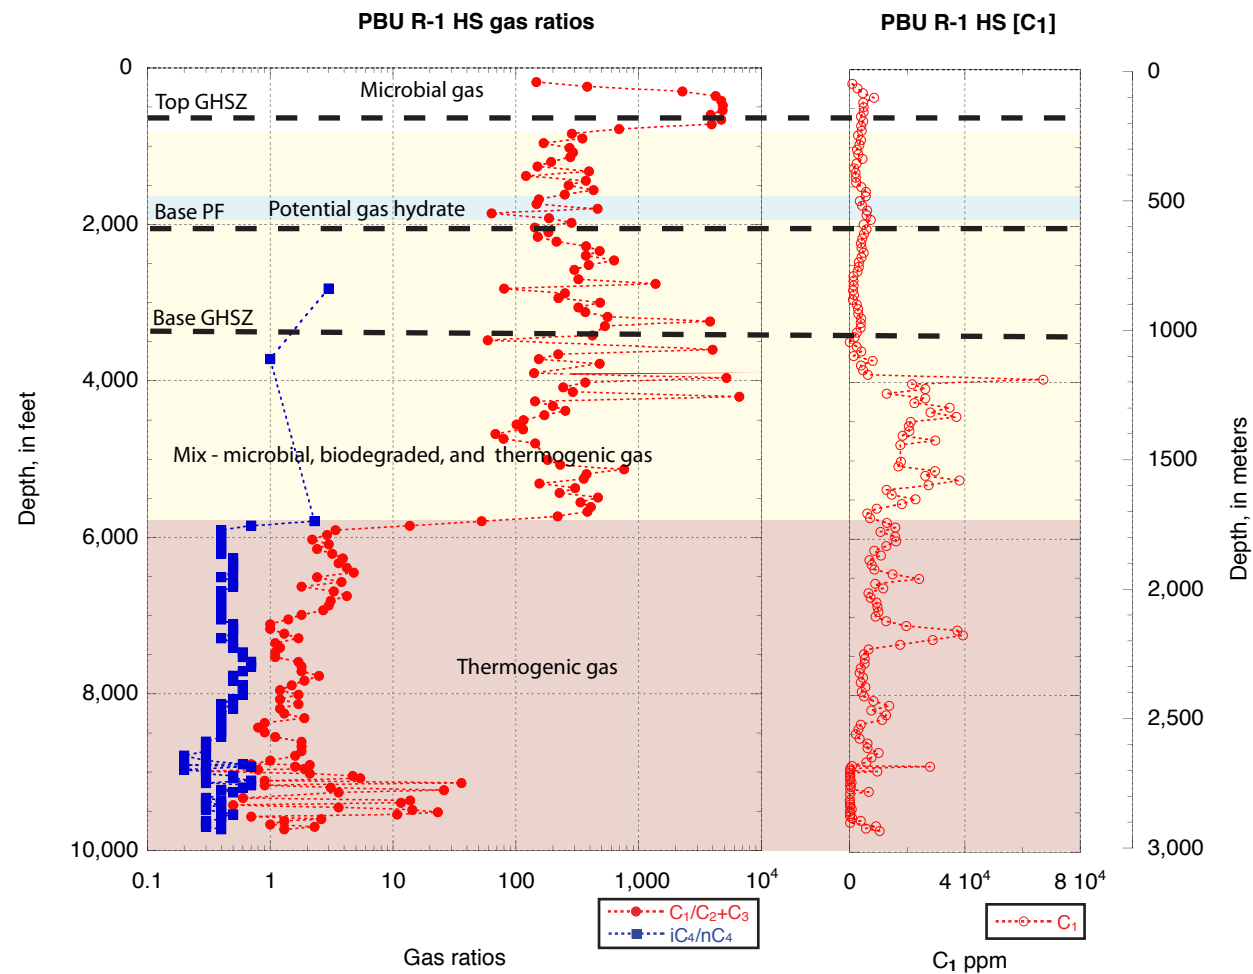

Geochemical data from the MPU S-15 well

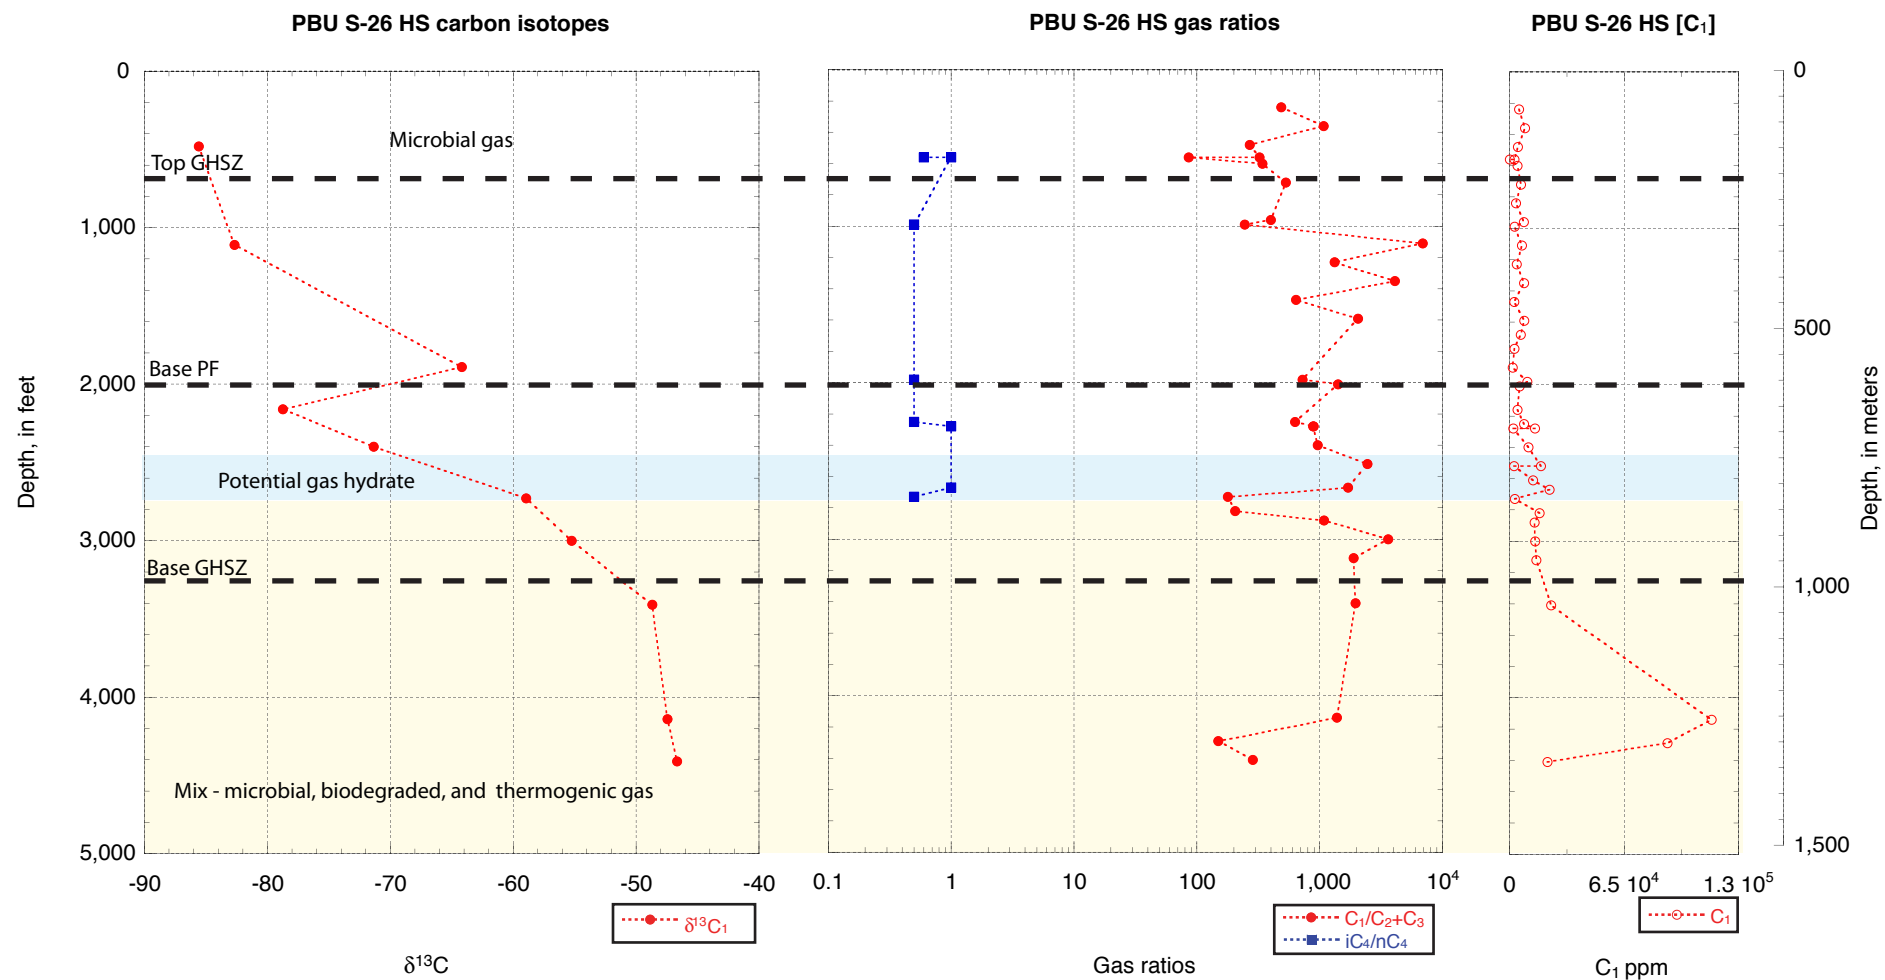

Geochemical data from the Noatak 1 well

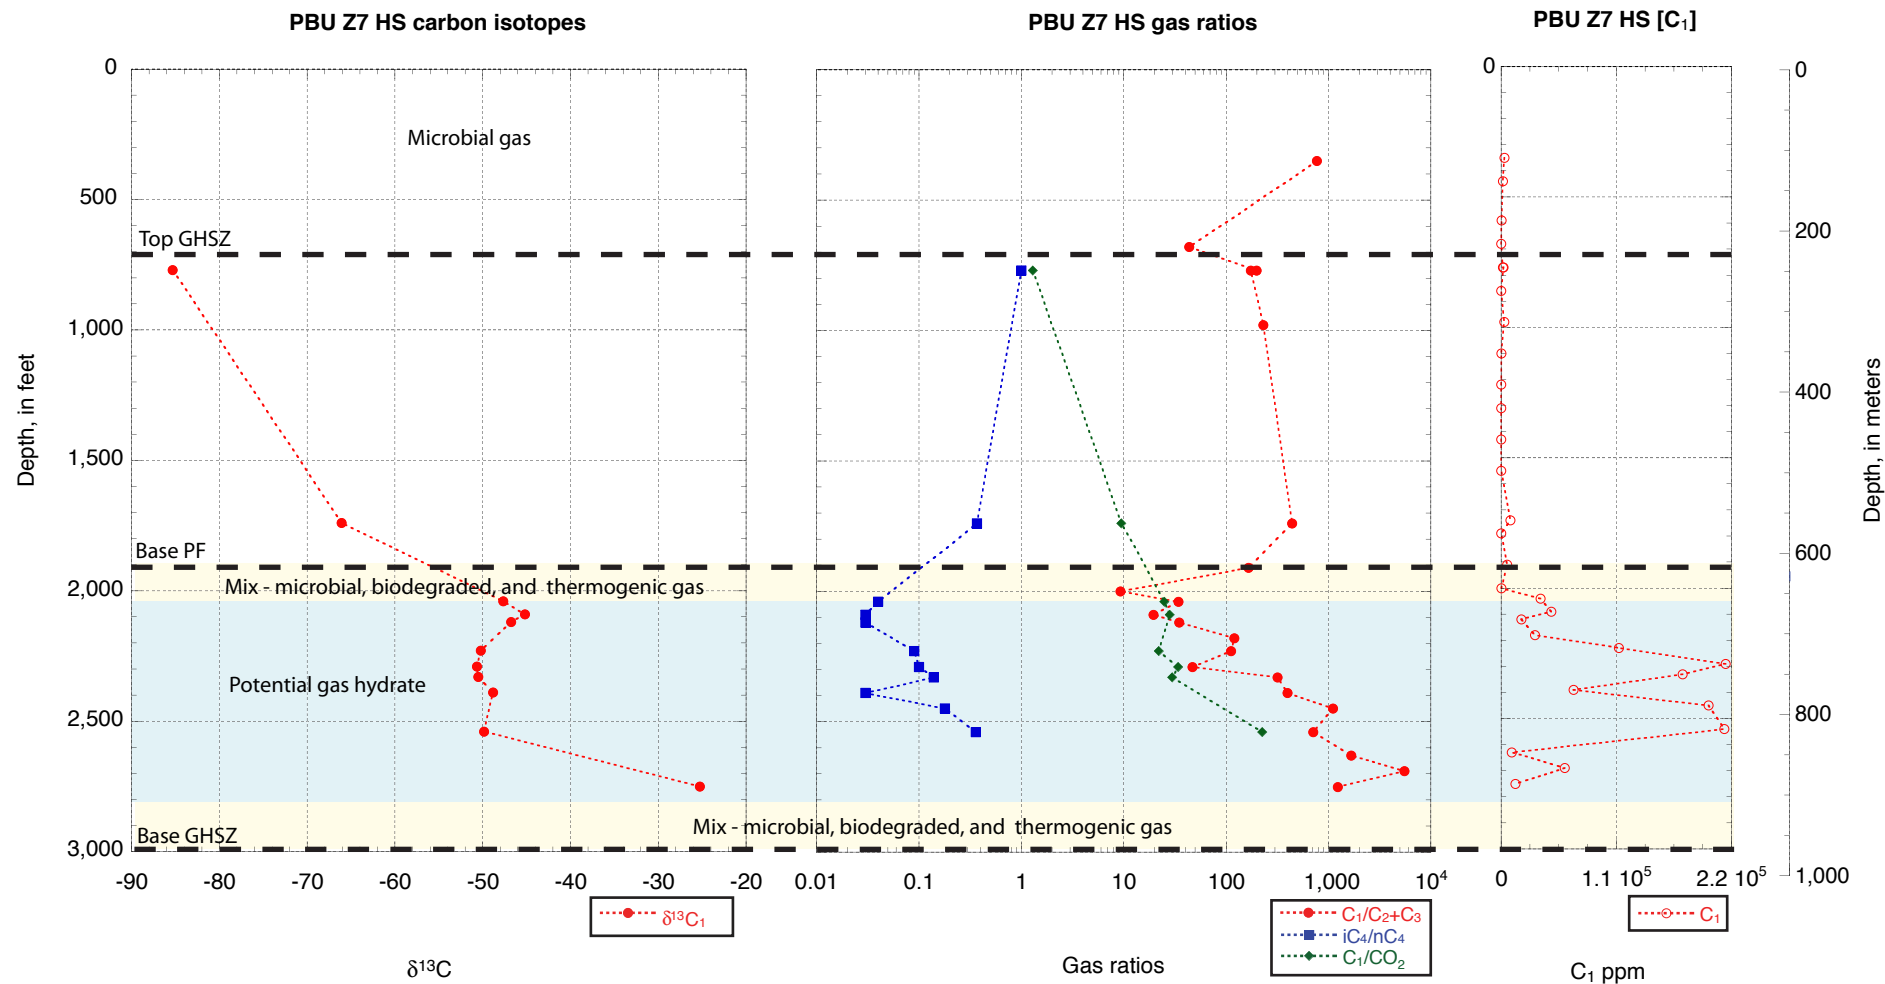

Geochemical data from the PBU R-1 well, HS

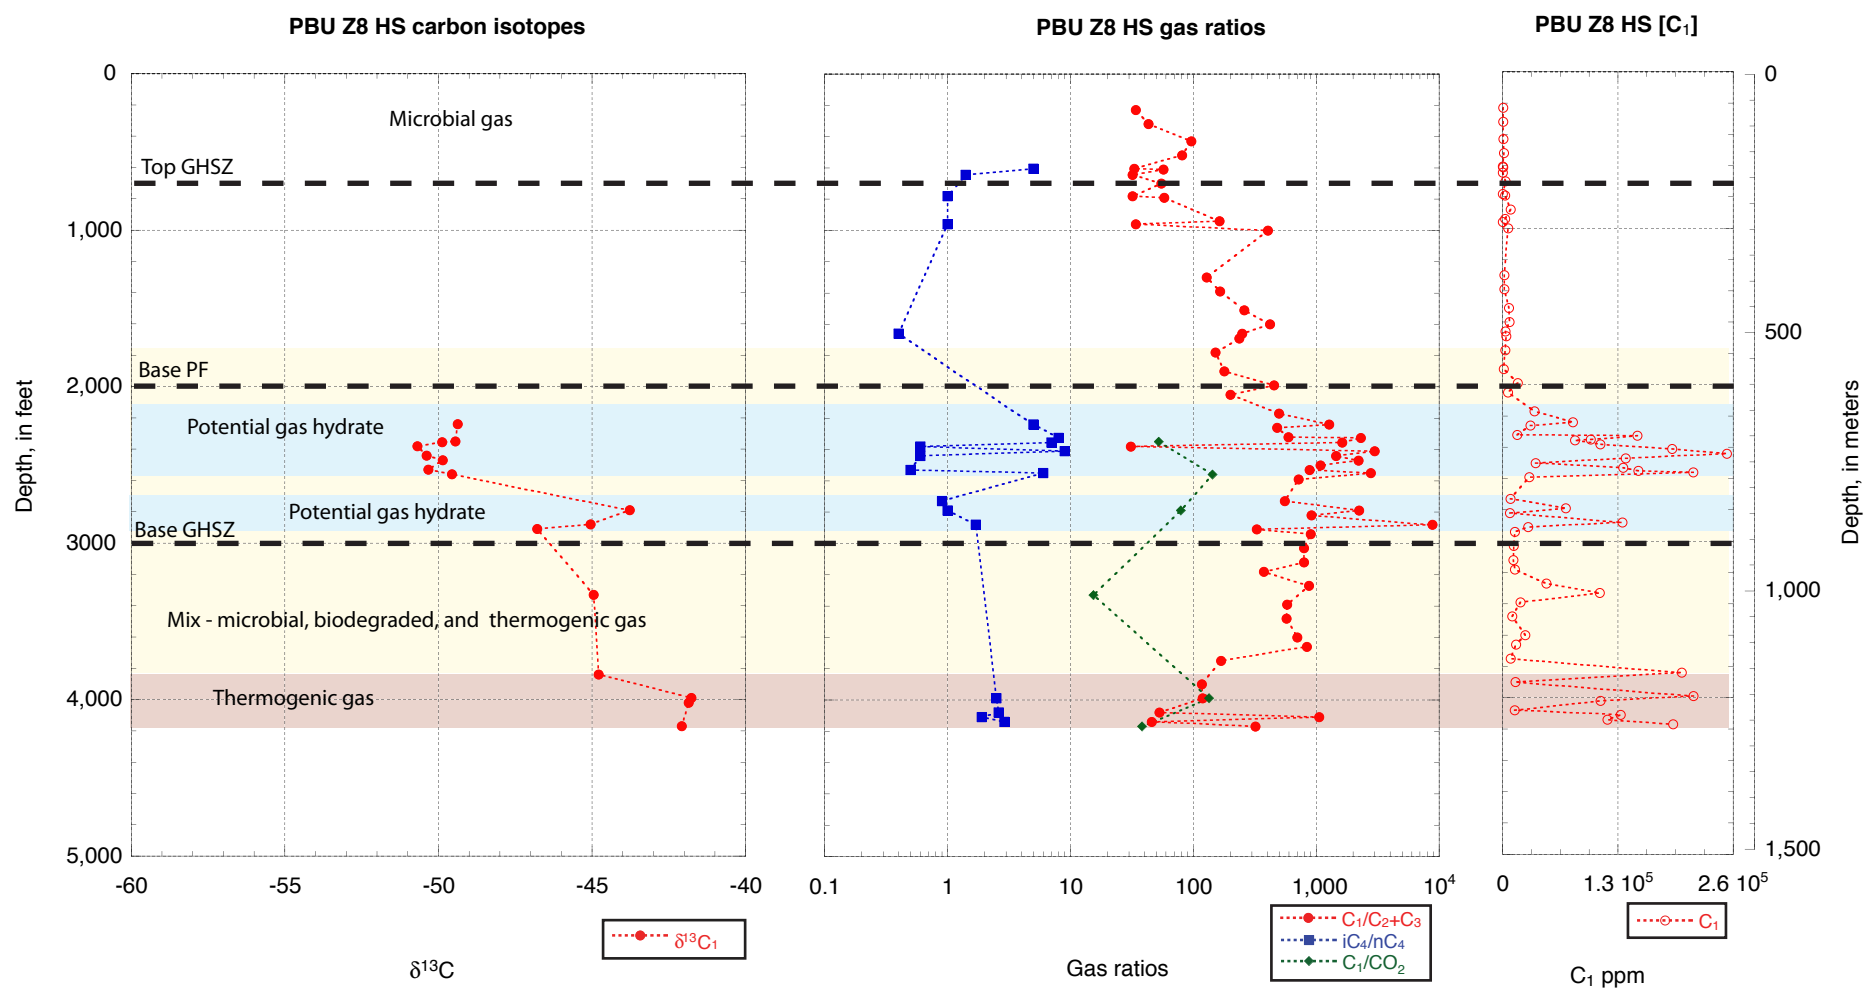

Geochemical data from the PBU S-26 well, HS

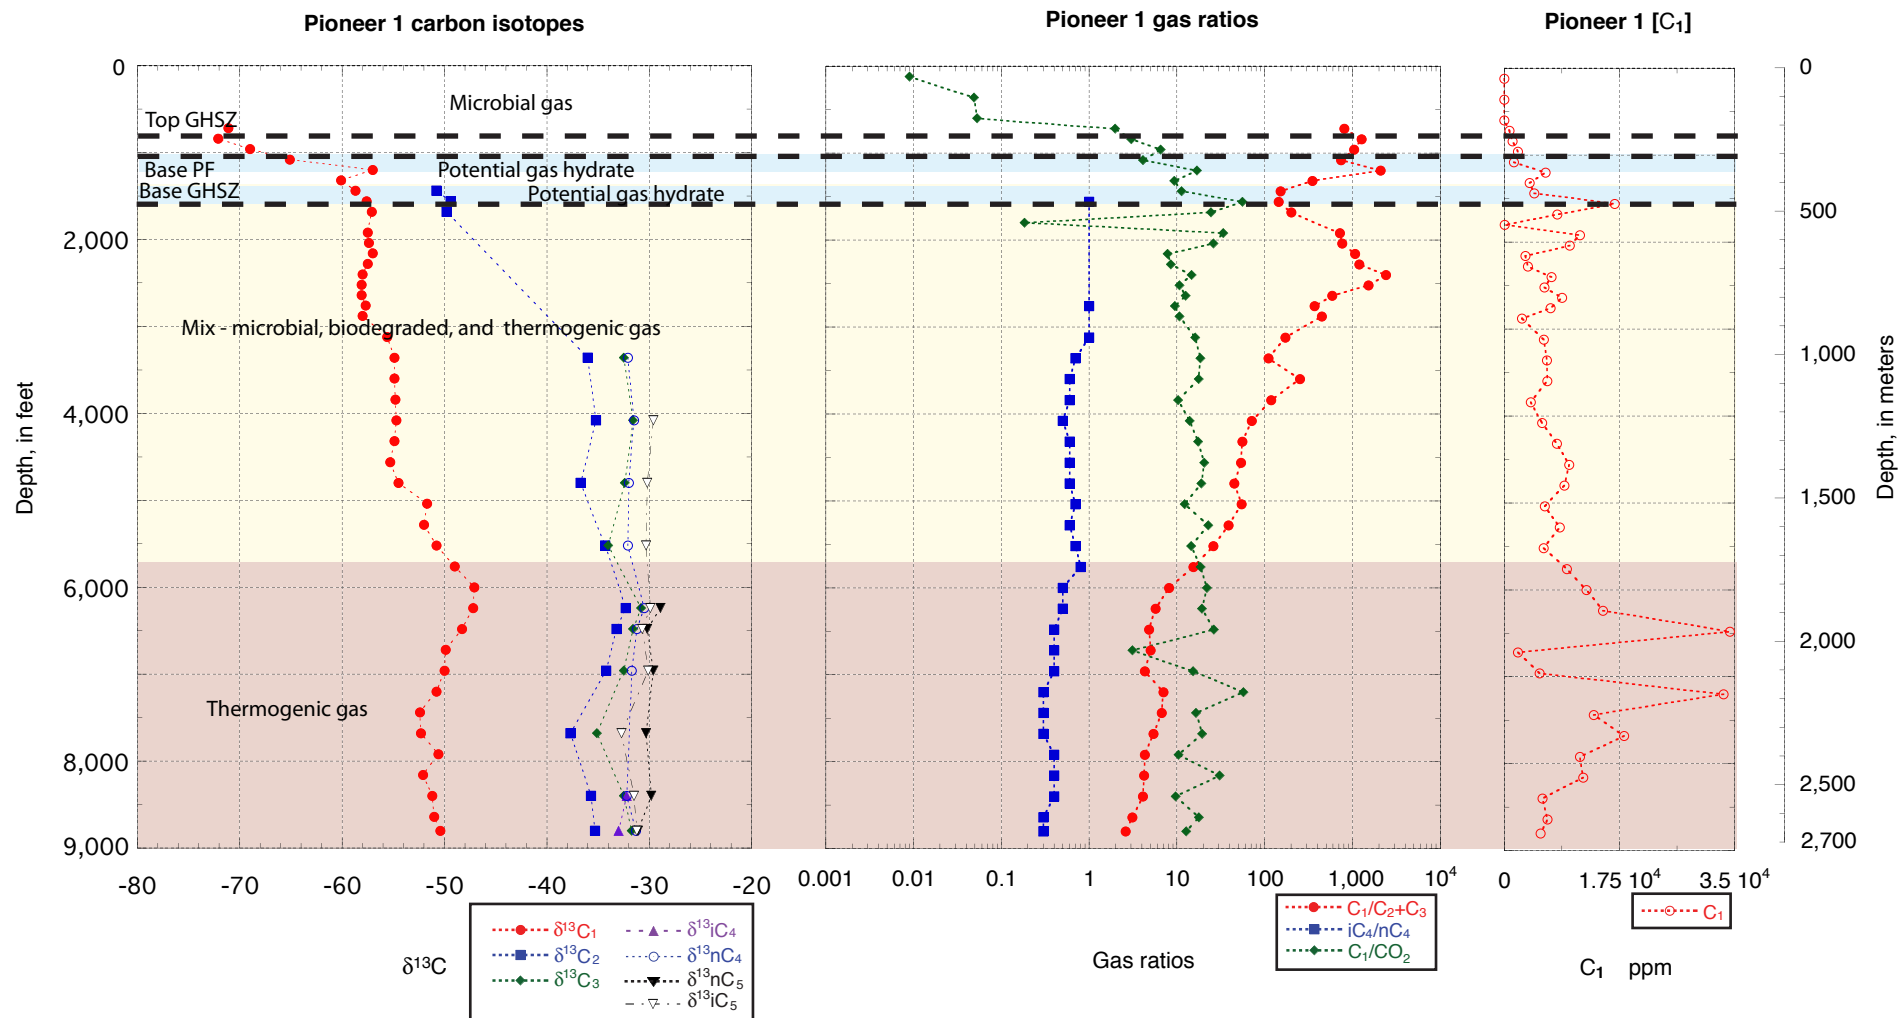

Geochemical data from the PBU Z7 well, HS

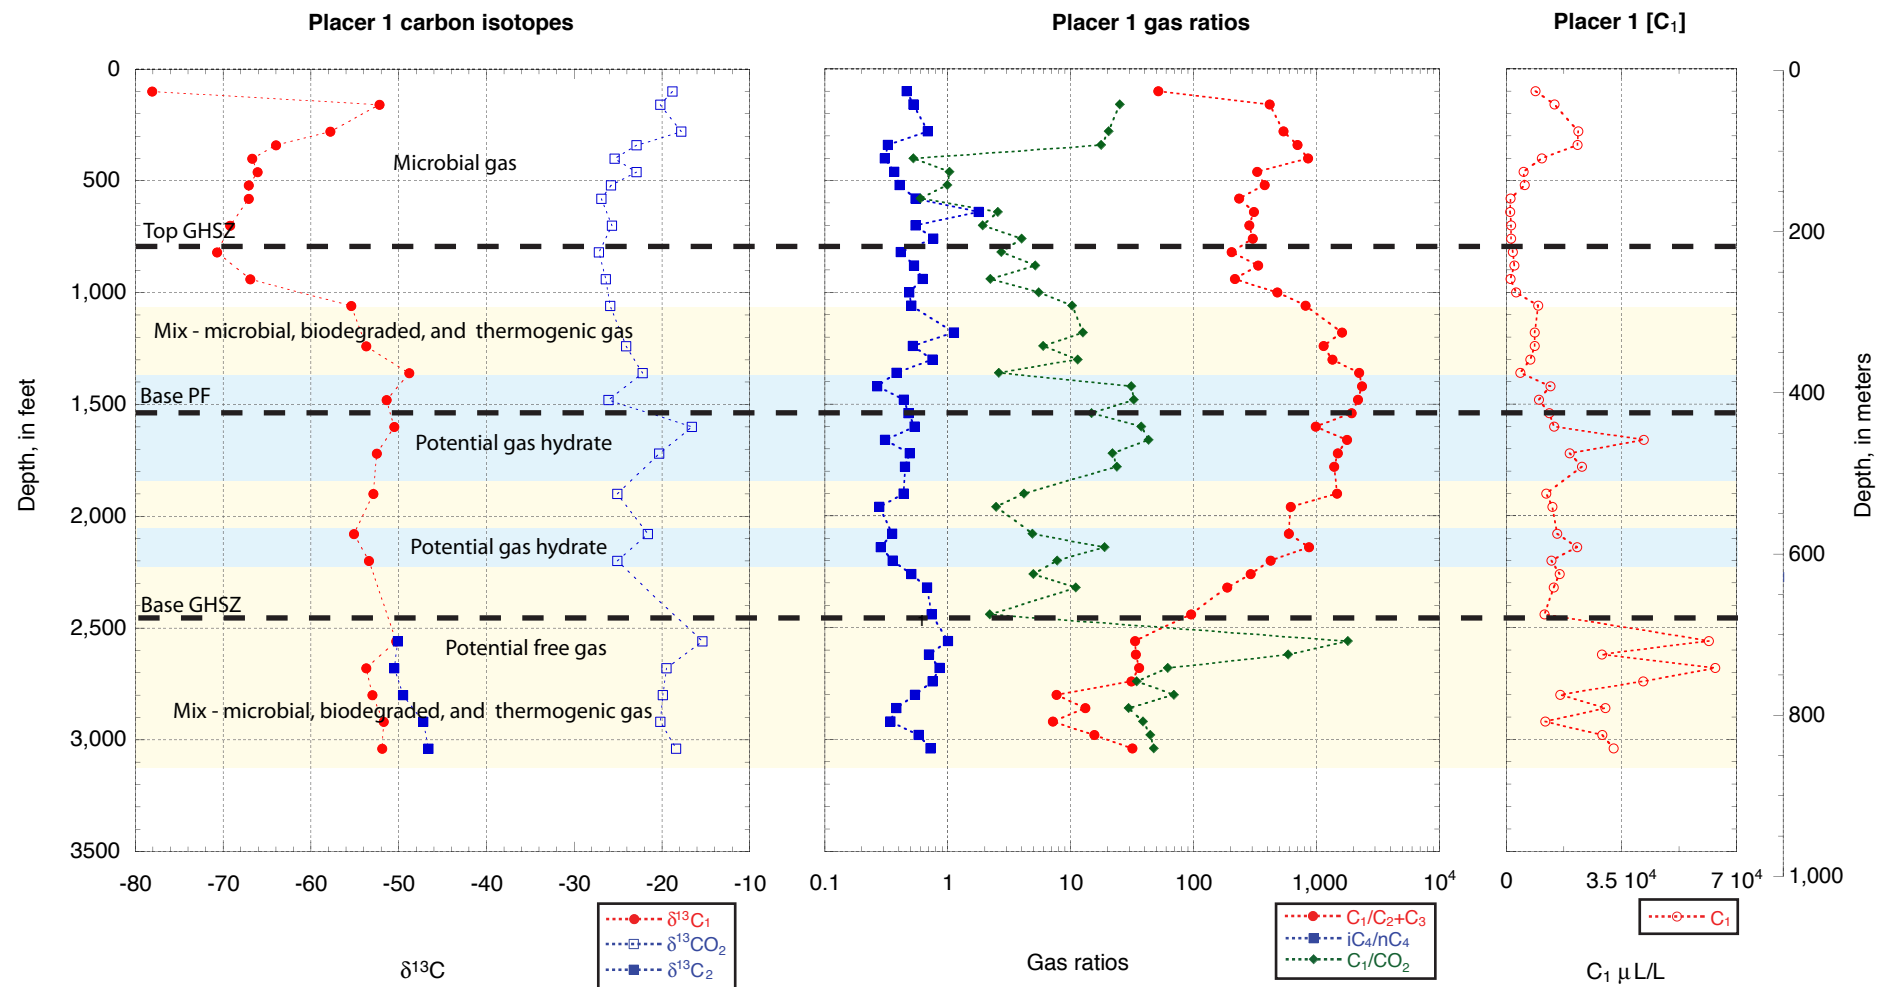

Geochemical data from the PBU Z8 well, HS

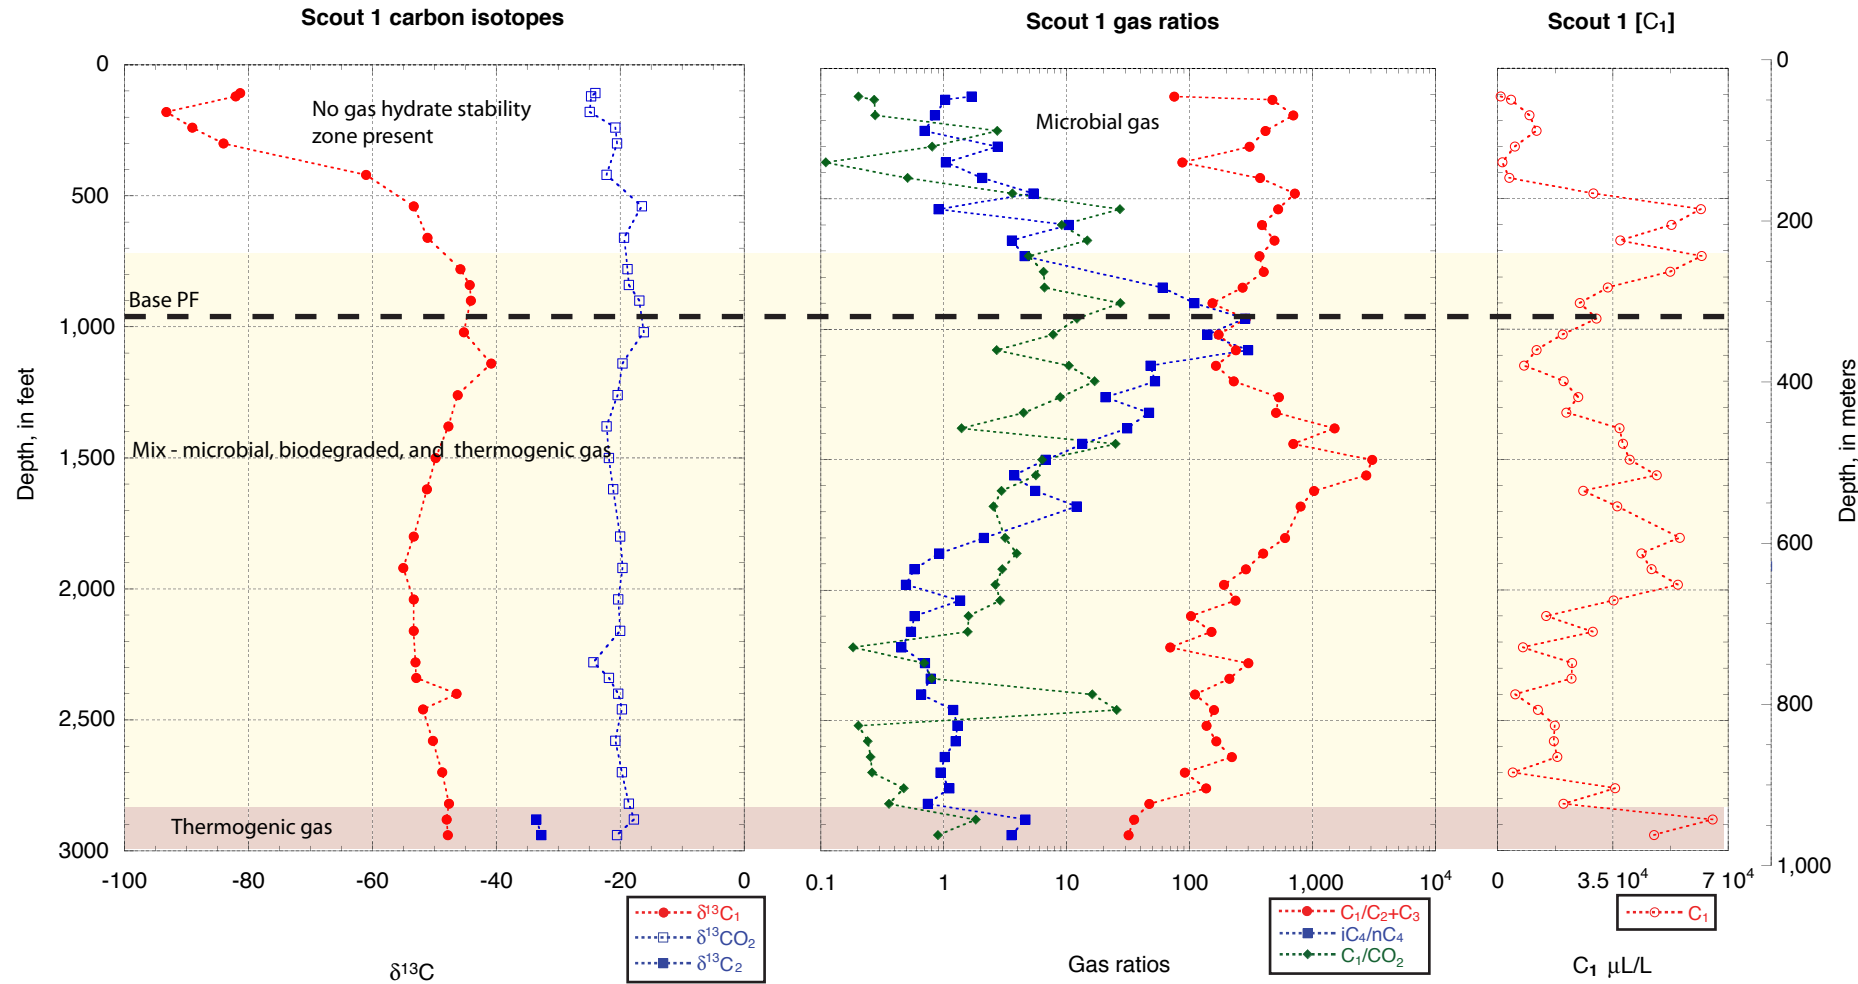

Geochemical data from the Pioneer 1 well

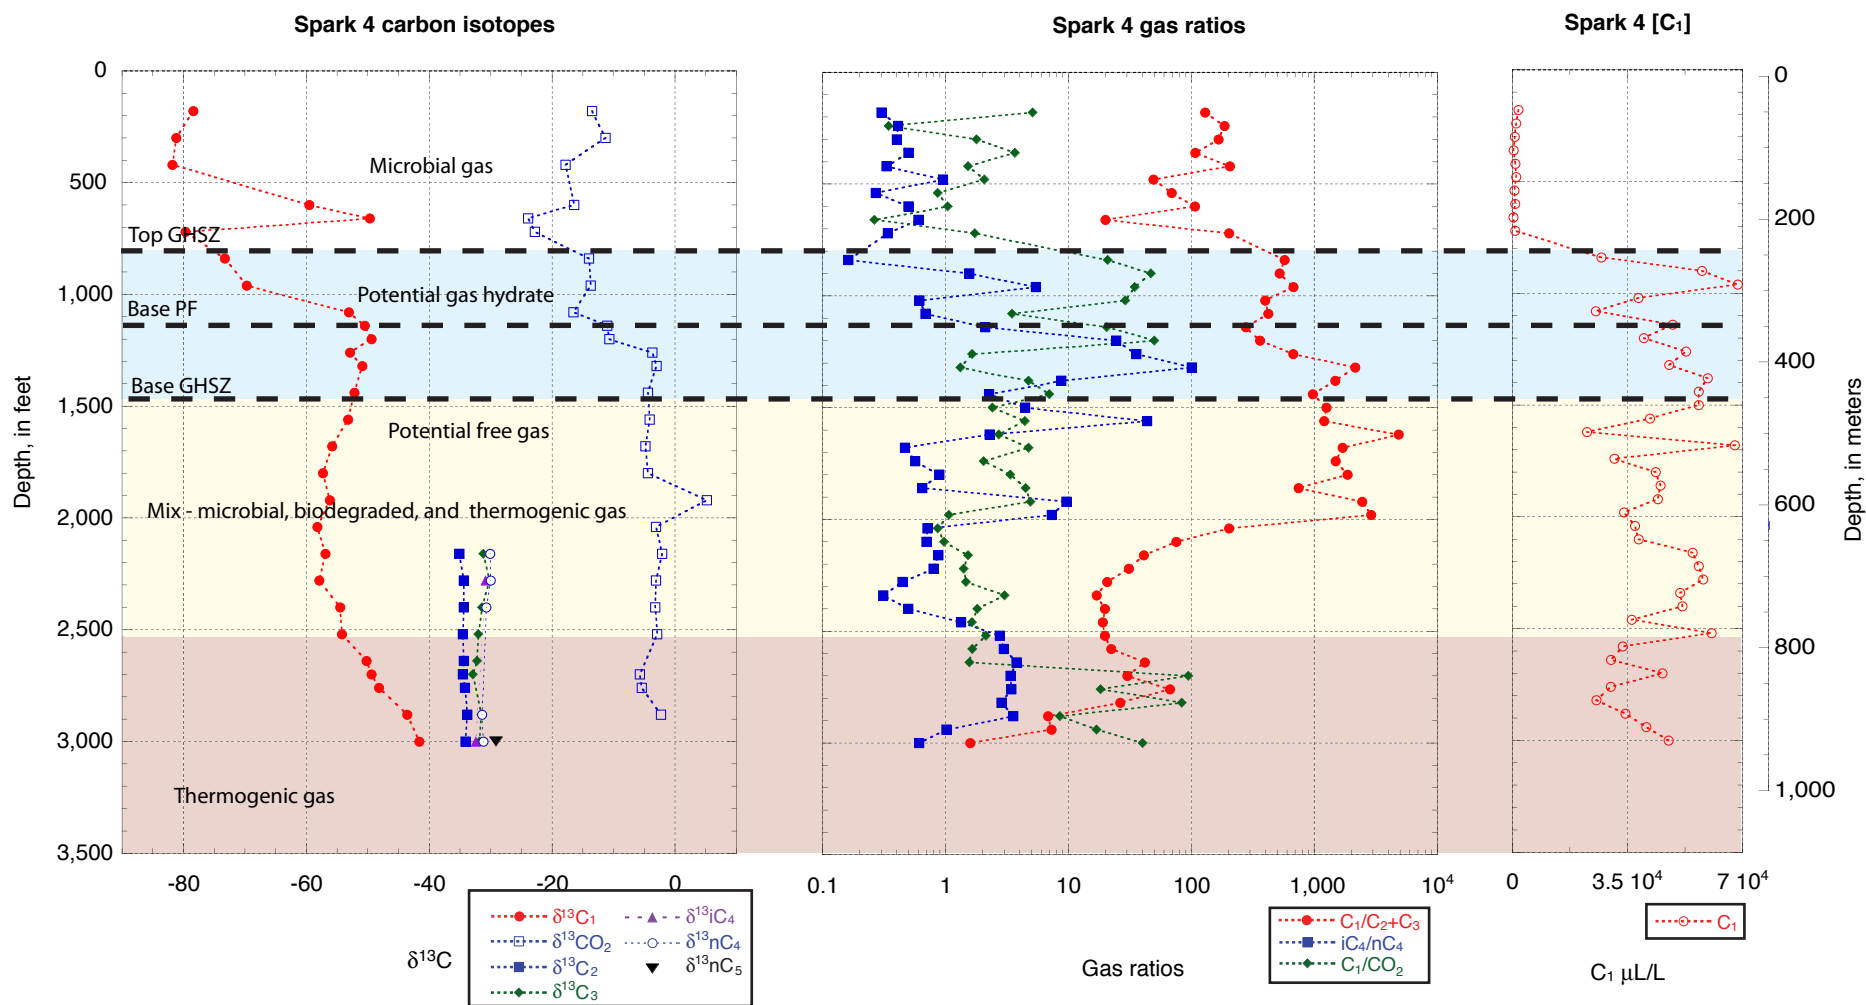

Geochemical data from the Placer 1 well

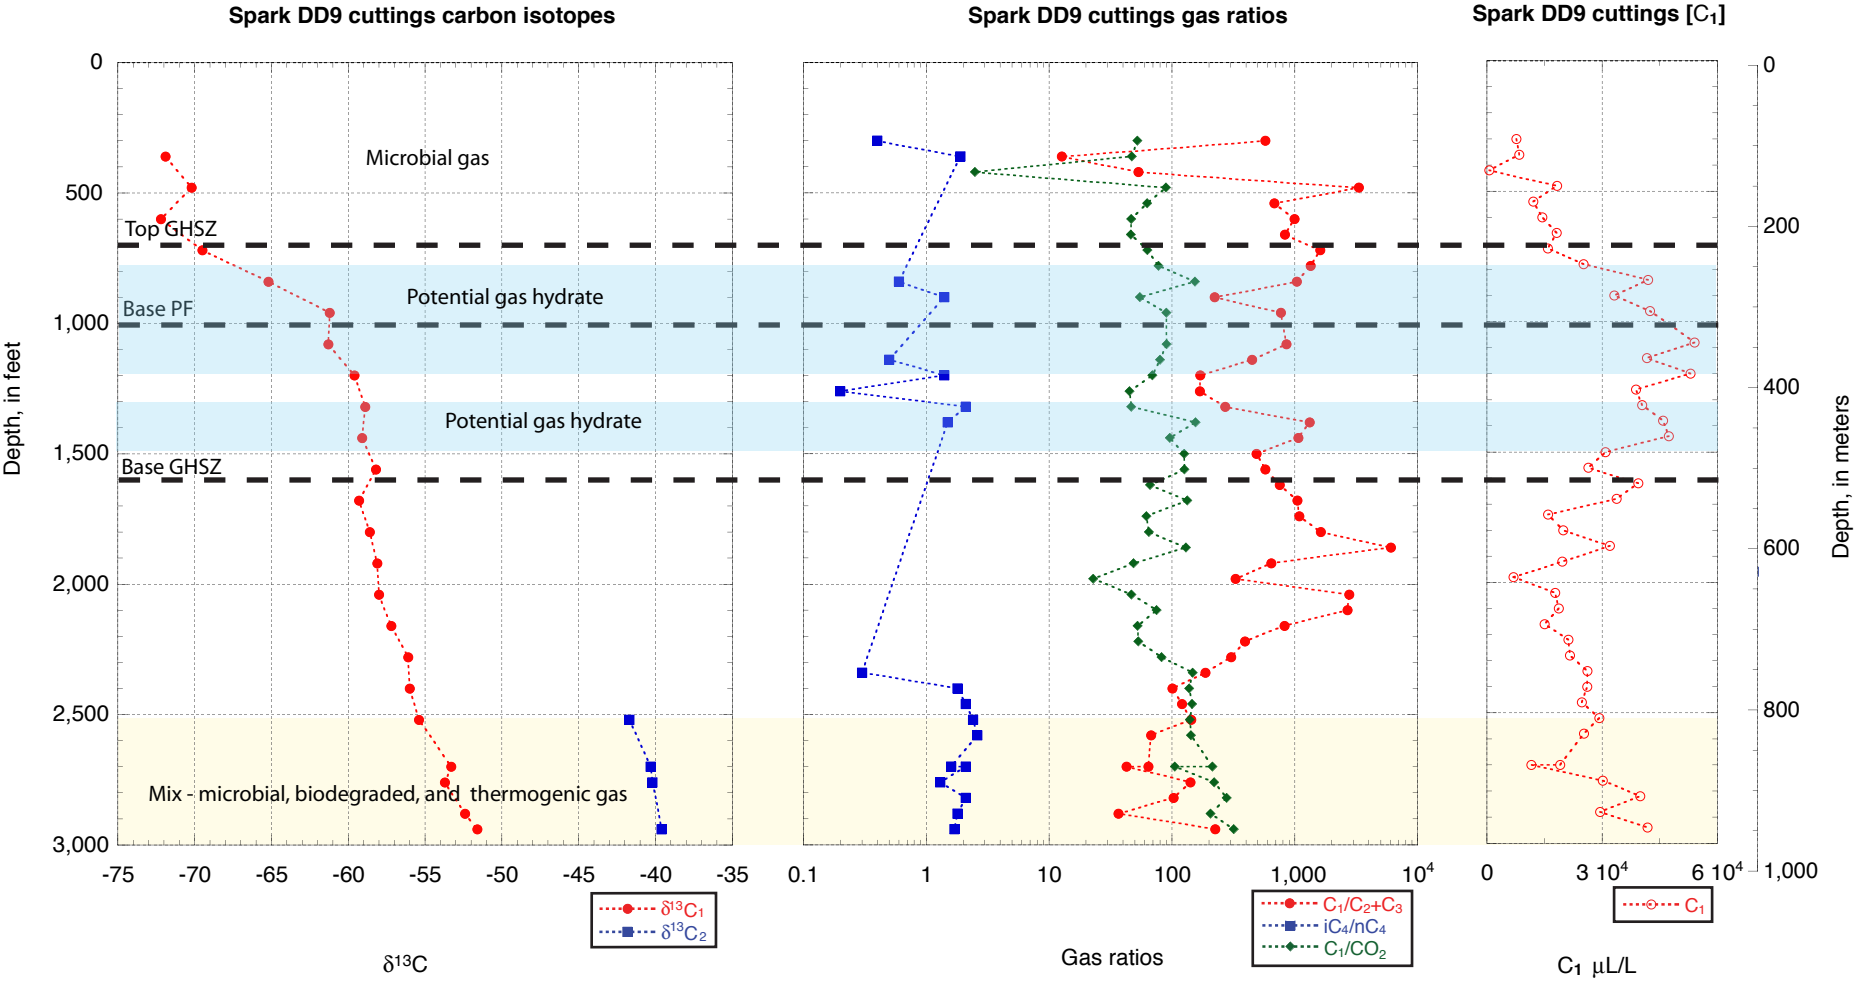

Geochemical data from the Scout 1 well

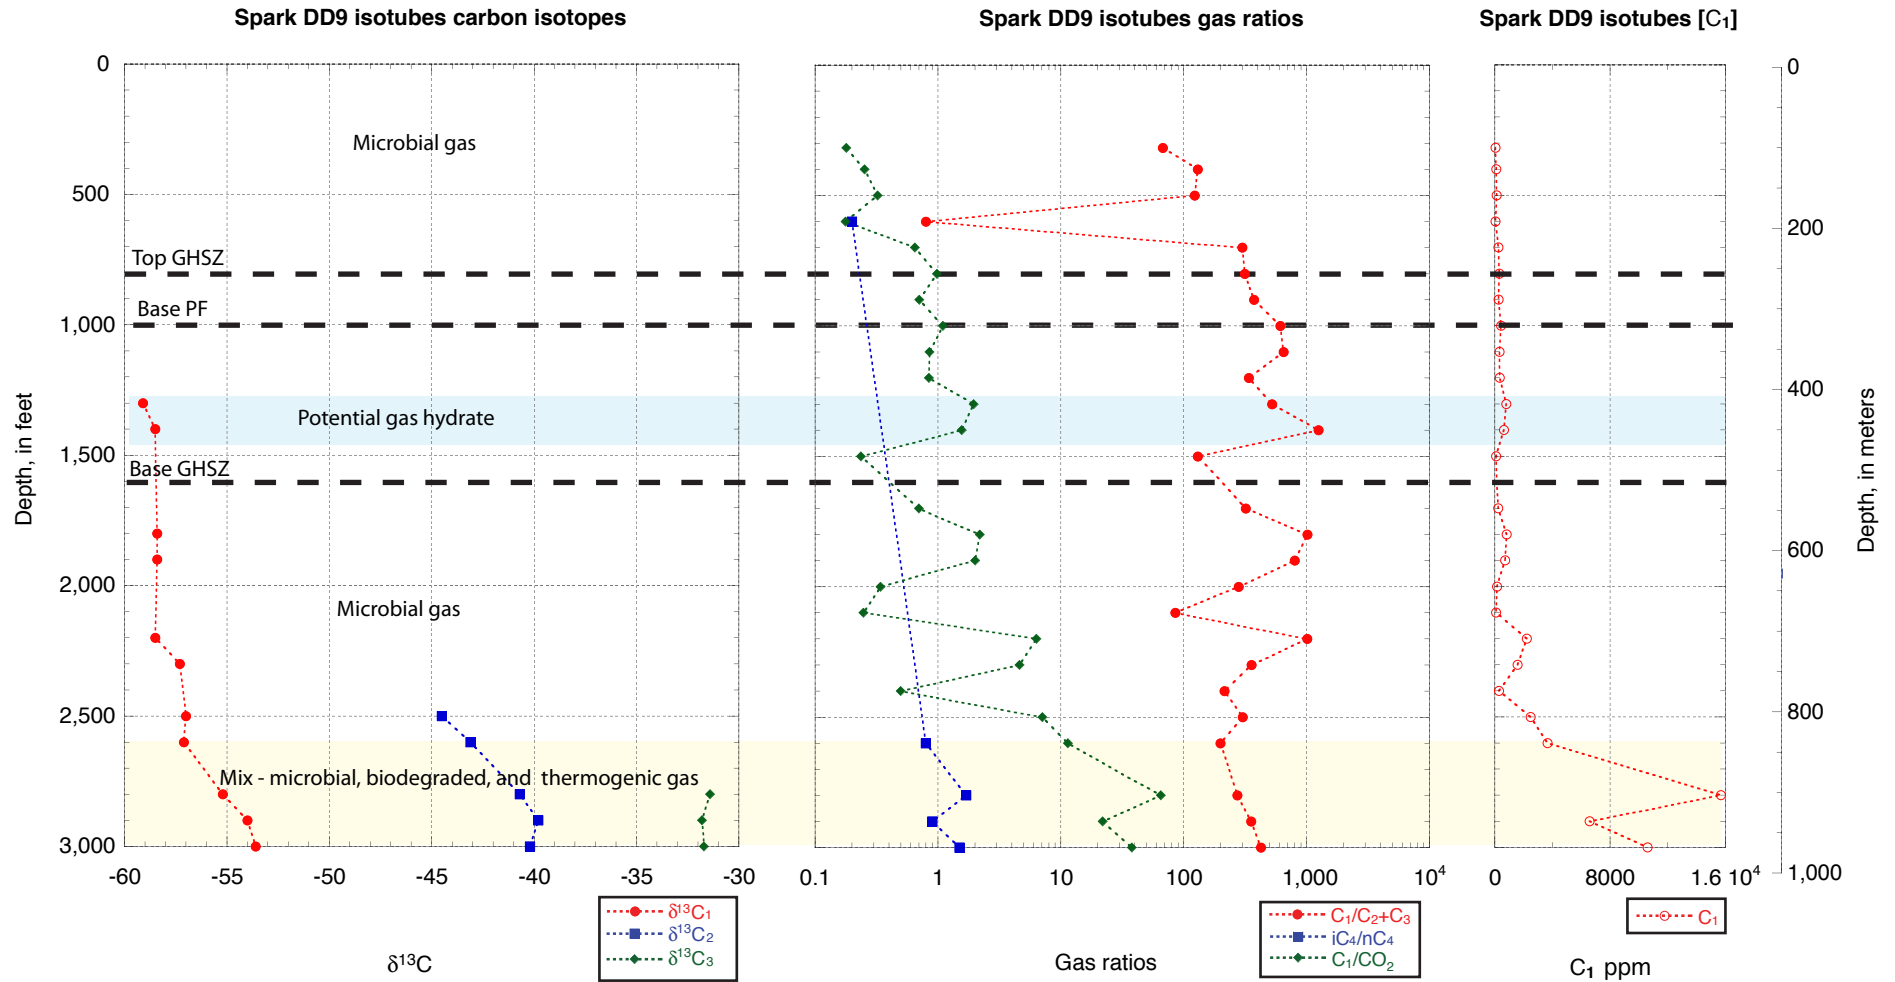

Geochemical data from the Spark 4 well

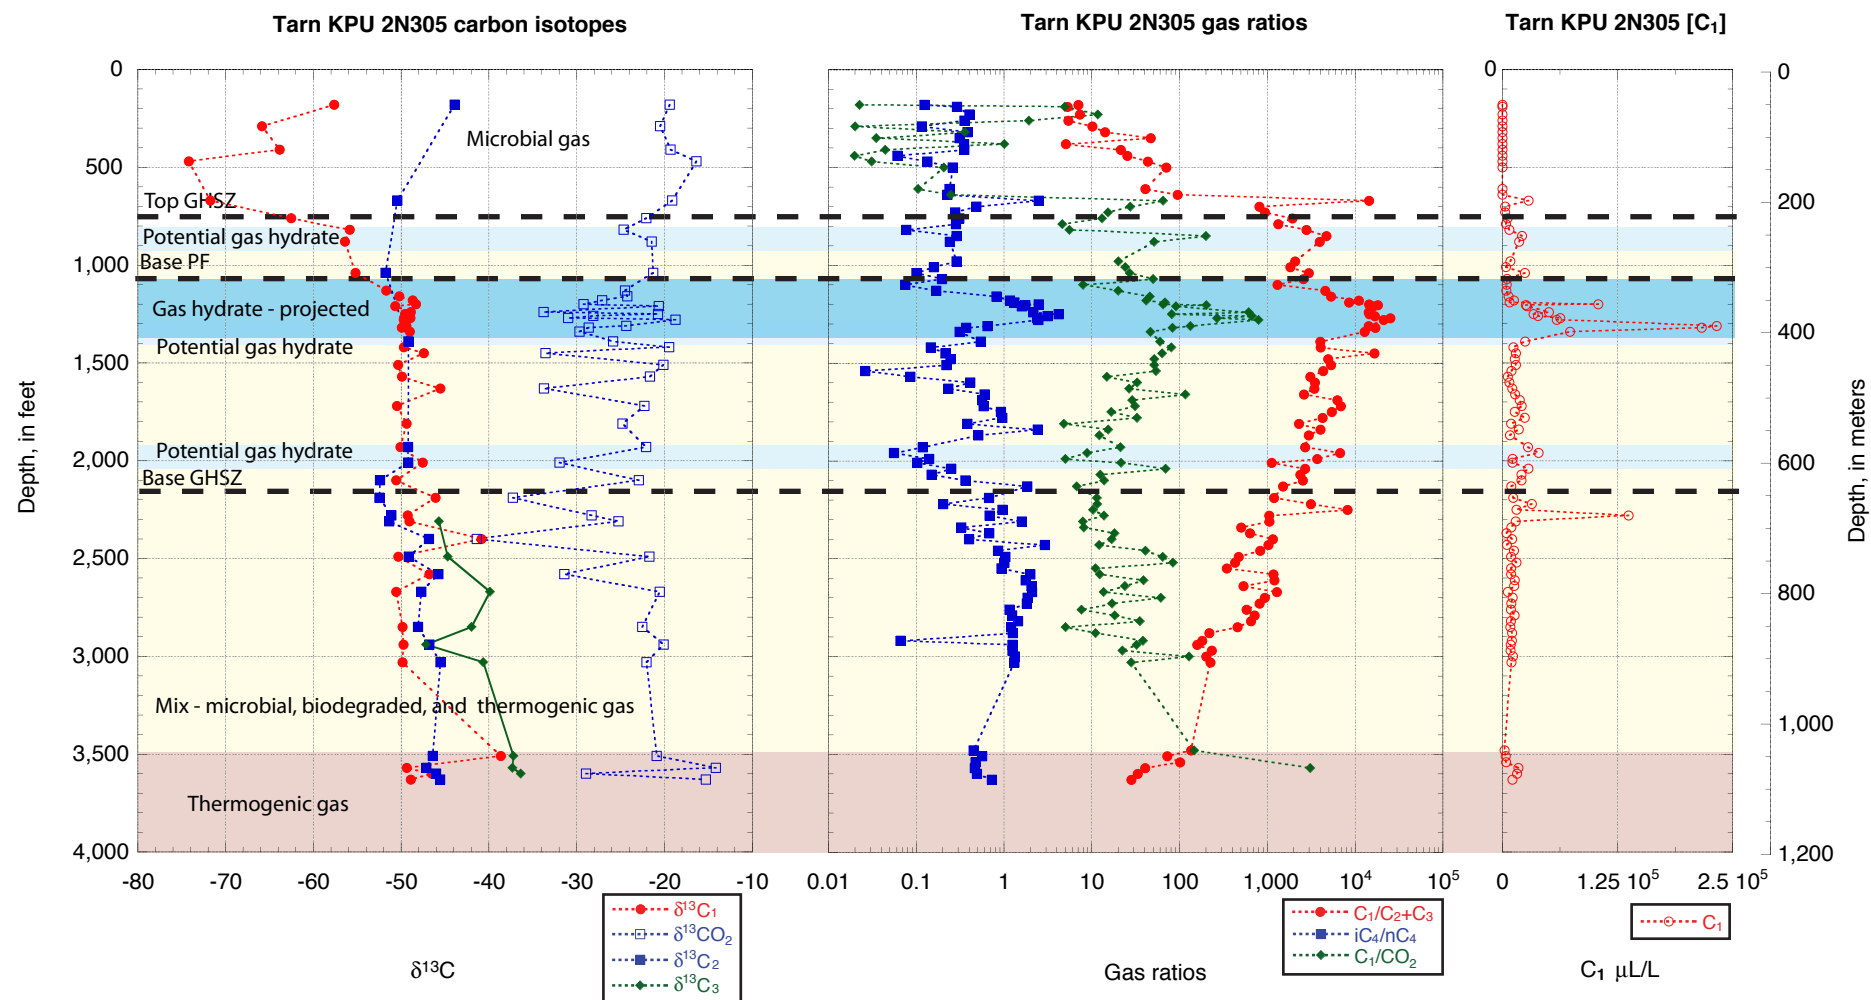

Geochemical data from the Spark DD9 well, cuttings

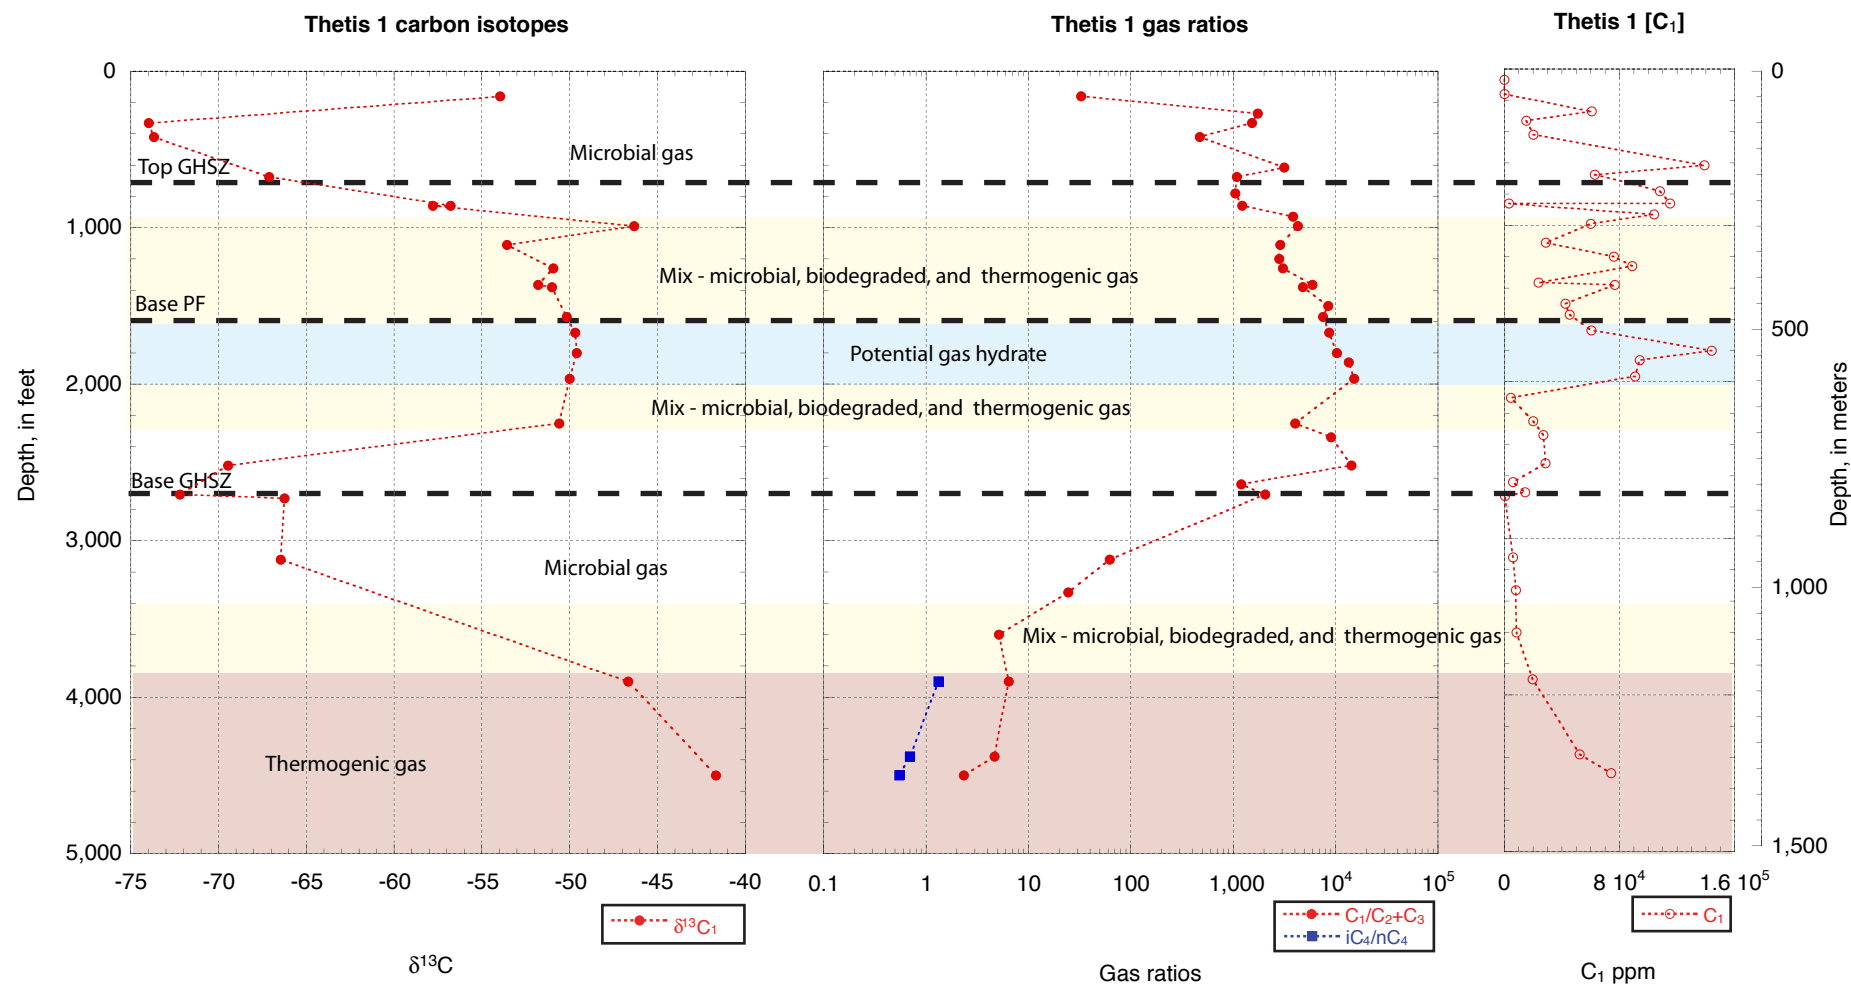

Geochemical data from the Spark DD9 well, isotubes

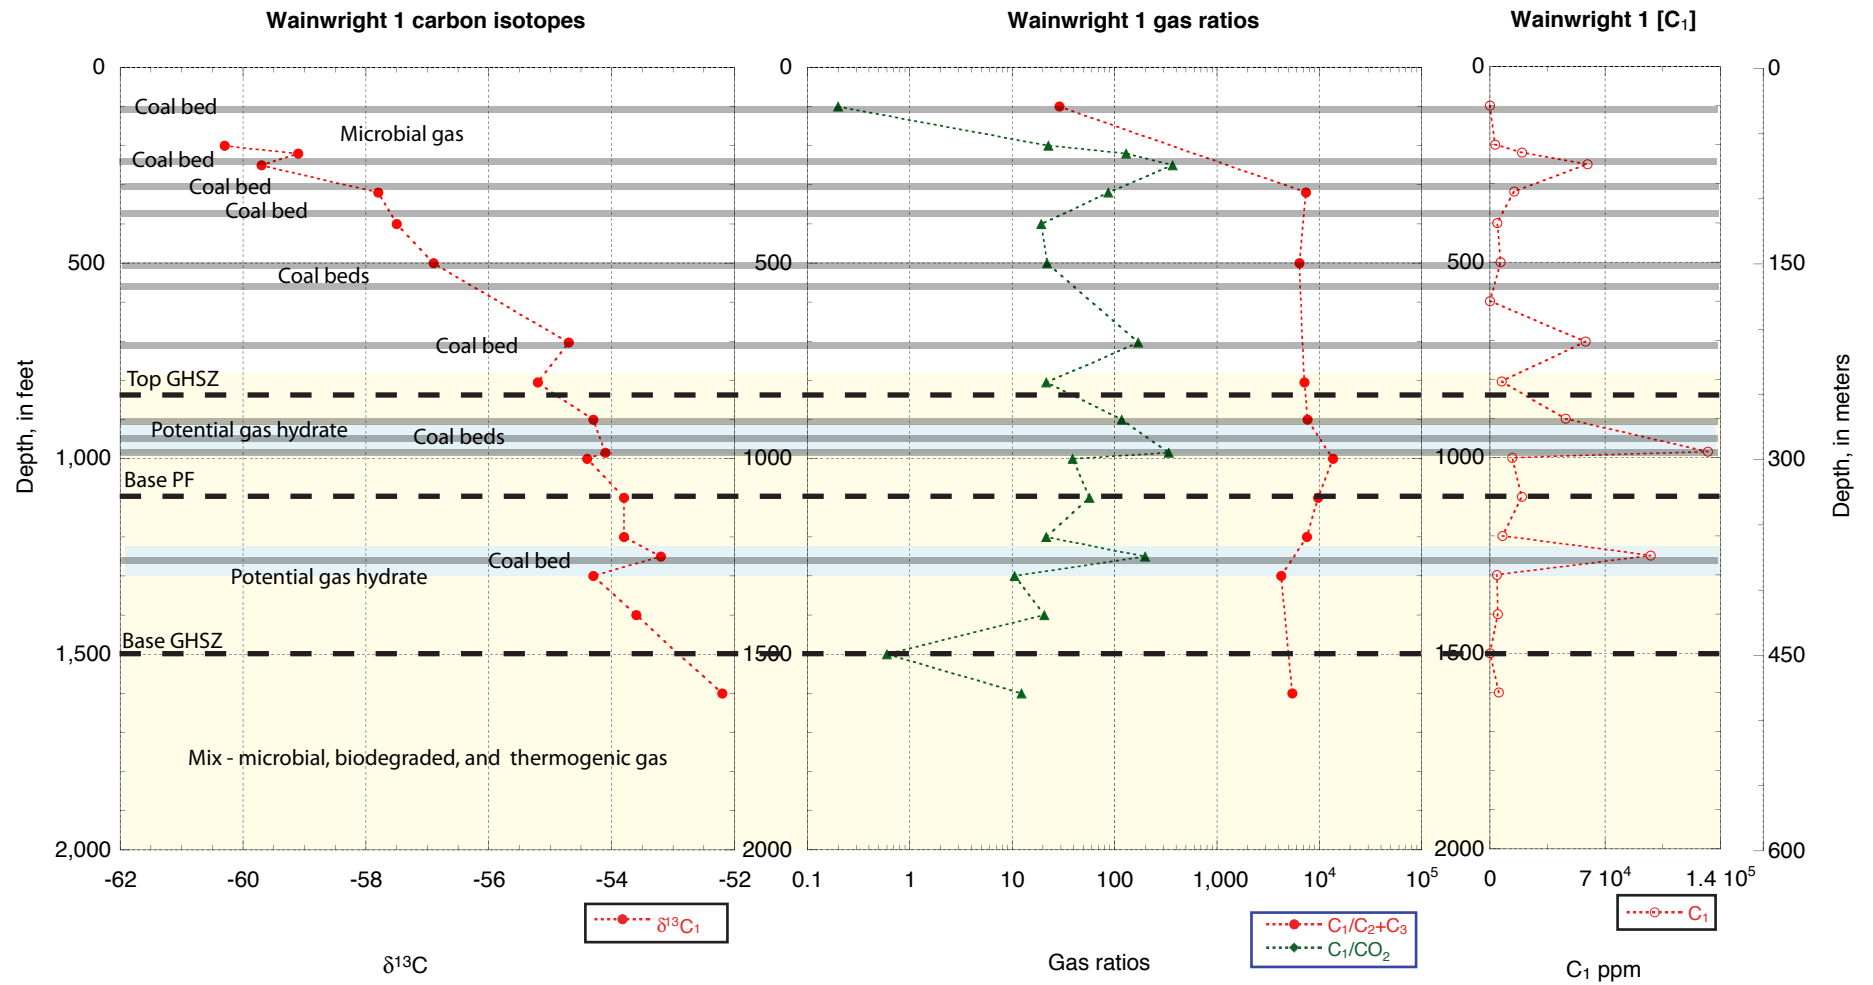

Geochemical data from the Tarn KRU 2N305 well

Geochemical data from the Thetis 1 well

Geochemical data from the Wainwright 1 well

Geochemical data from the Wainwright W- OC1-08 well
