

Indian National Gas Hydrate Program Expedition 01 Report

Scientific Investigations Report 2012–5054

U.S. Department of the Interior
U.S. Geological Survey

Indian National Gas Hydrate Program Expedition 01 Report

Mumbai, India to Chennai, India
Sites NGHP-01-01 through NGHP-01-21
April 28, 2006–August 19, 2006

Volume Authorship

By T. Collett, M. Riedel, J. Cochran, R. Boswell, J. Presley, P. Kumar, A. Sathe, A. Sethi,
M. Lall, and the NGHP Expedition Scientists

Scientific Investigations Report 2012–5054

**U.S. Department of the Interior
U.S. Geological Survey**

U.S. Department of the Interior

SALLY JEWELL, Secretary

U.S. Geological Survey

Suzette M. Kimball, Acting Director

U.S. Geological Survey, Reston, Virginia: 2015

Schlumberger Logger

Heather Paul
Laboratory Officer

Jennifer Presley
Project Secretariat

Pieter Pretorius
Marine Instrumentation Specialist

Shivek Ranjan
Schlumberger Logger

Patrick Riley
Laboratory Specialist: Core

Alexander Roth
Laboratory Specialist: Physical Properties

Ritesh Shah
Schlumberger Logger

Michael Storms
Operations Superintendent

Johanna Suhonen
Laboratory Specialist: Core

Paul Ténrière
Laboratory Officer

Bradley Weymer
Laboratory Specialist: Core

Robert Wheatley
Laboratory Specialist: Chemistry

Acknowledgments

As Chairman of the Steering Committee of Indian National Gas Hydrate Program (NGHP), Mr. M.S. Srinivasan, Secretary to the Government of India, Ministry of Petroleum and Natural Gas accorded all the approvals for the execution of NGHP Expedition 01. The keen interest and priority accorded by Mr. Srinivasan demonstrated the high level of commitment of the Government of India for exploration and research activities pertaining to gas hydrates and for developing gas hydrates as an energy resource. We are grateful to Mr. Srinivasan for his wholehearted help and support in the program. The support extended by all the members of NGHP Steering Committee is hereby acknowledged.

The financial support for the NGHP Expedition 01, from the Oil Industry Development Board, Oil and Natural Gas Corporation Ltd., GAIL (India) Ltd. and Oil India Ltd. is gratefully acknowledged. The authors acknowledge the support extended by all the participating organizations of the NGHP: MoP&NG, DGH, ONGC, GAIL, OIL, NIO, NIOT, and RIL. The authors are also thankful to Mr. K.A. Murali, Mr. S.K. Singh, and Mr. R.K. Mathur, of DGH who made all the necessary arrangements for various clearances for the NGHP Expedition 01.

Various scientists belonging to the constituents of the NGHP have contributed immensely to the success of the NGHP in general, and Expedition 01 in particular. We gratefully acknowledge their contributions, especially those of Mr. A.K. Sethi, Dr. Pushpendra Kumar, and Mr. A.V. Sathe.

Dr. T.S. Collett, as Co-Chief Scientist from the United States Geological Survey (USGS), coordinated not only the science project but also helped DGH in the planning, coordination, and execution of the NGHP Expedition 01. Dr. Collett was instrumental in mobilizing the entire team of scientists from various international organizations and also from the United States Department of Energy (USDOE). NGHP is extremely grateful for all his support.

Thanks to all the consortium members of NGHP Expedition 01, including Overseas Drilling Ltd. for providing the research vessel JOIDES Resolution and the drilling crew and support staff, Lamont-Doherty Earth Observatory for LWD/Wire-line Logging tools and operations, Fugro/GEOTEK for pressure coring tools and laboratory science support and the USGS for scientific staffing and critical technical expertise. Additional technical support and equipment were provided to this project by members of Integrated Ocean Drilling Program, including the Joint Oceanographic Institutes and Texas A&M University.

The authors are thankful to USDOE for making available specialty tools such as the infrared core imaging system, coring tools, seismic sources and the pressure core transfer van and also for sponsoring studies by some of the science teams involved in this effort.

Thanks are expressed to all the science team members of the NGHP Expedition 01 for their contribution and the time on the ship, leaving their homes and families for long durations.

It was the combined team effort of all mentioned above that led to the success of this expedition.
