

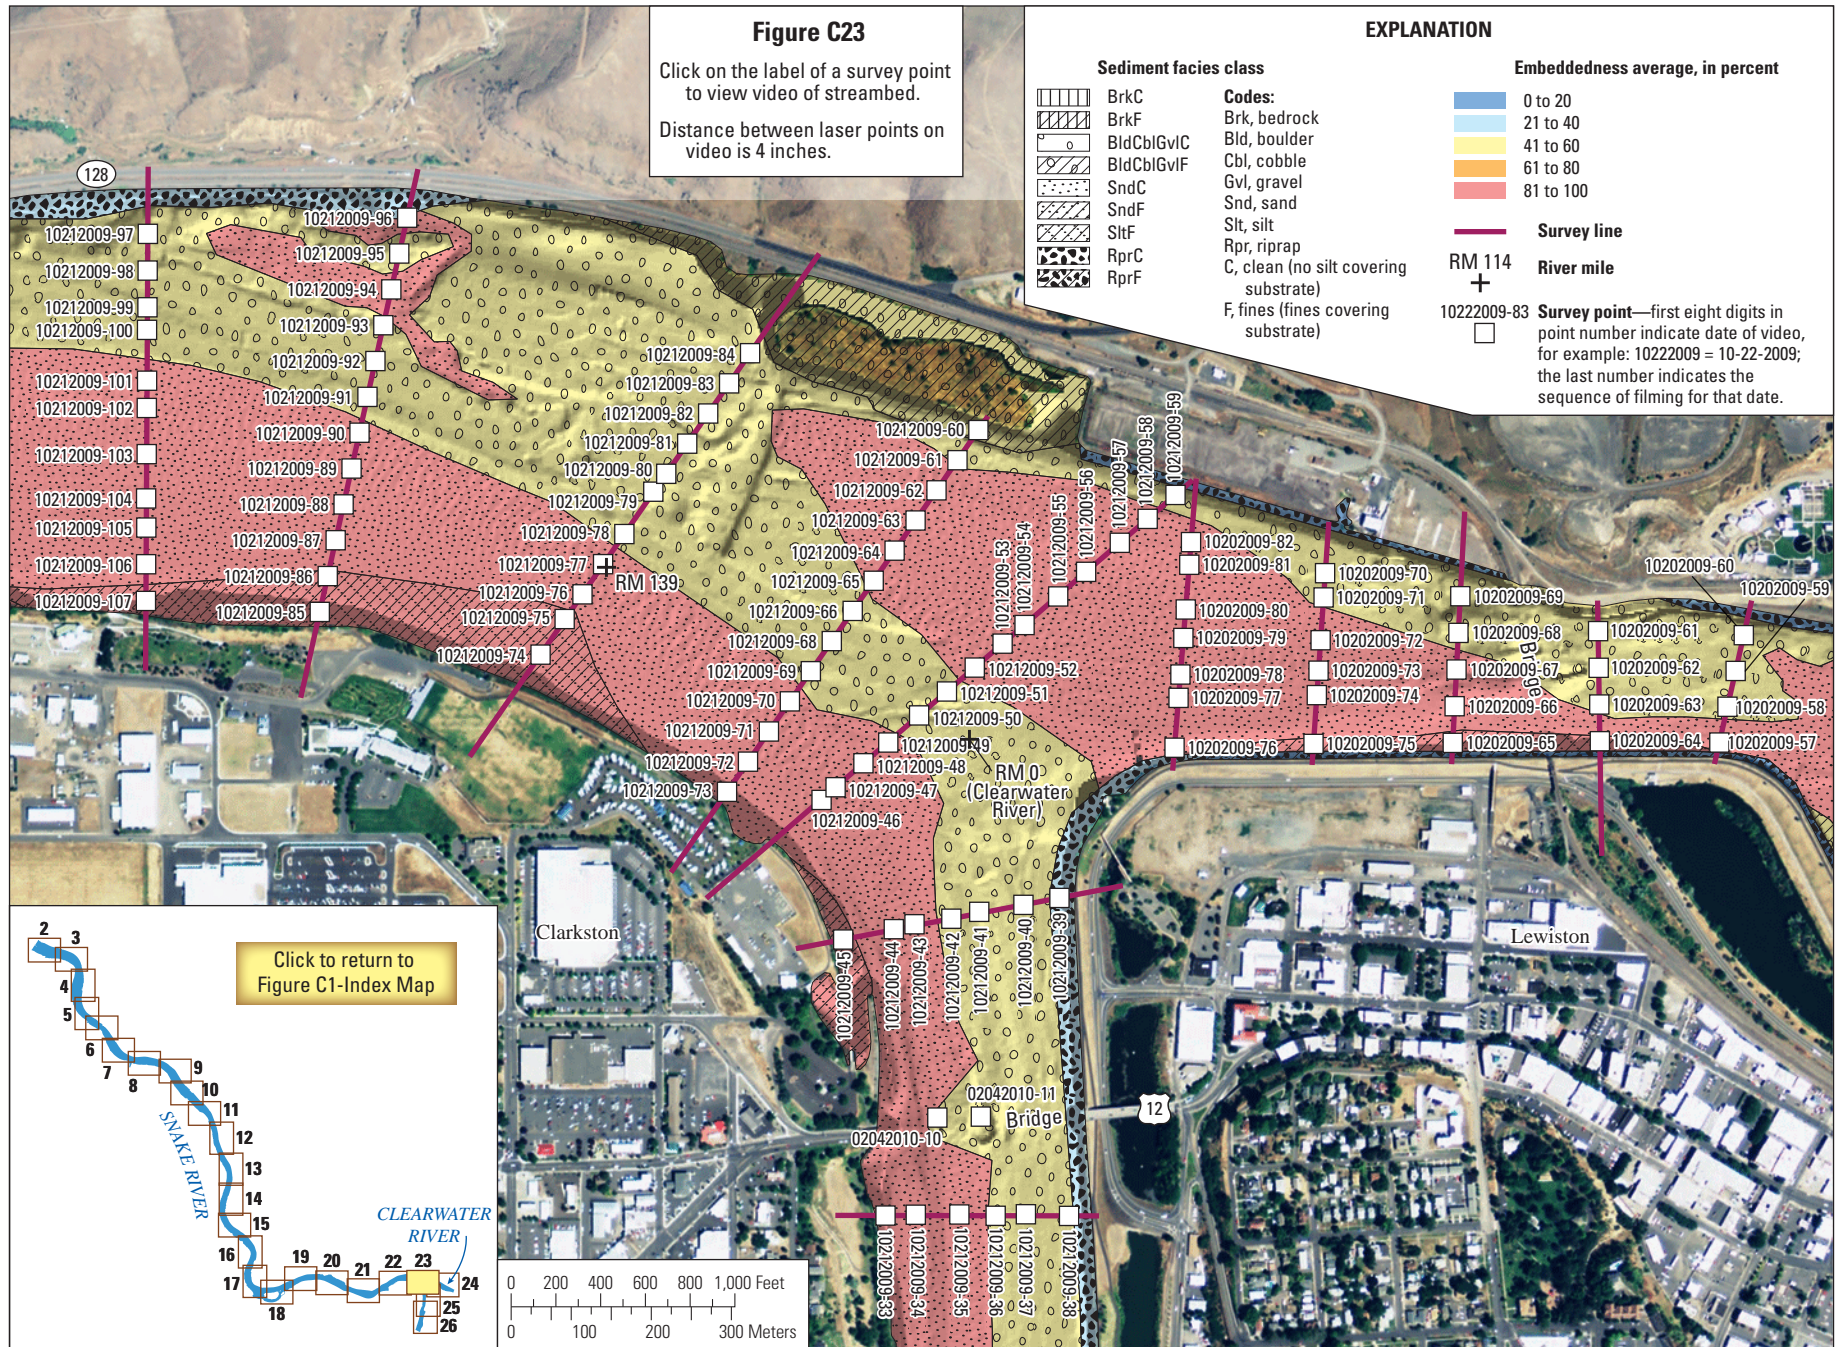

Figure C23

Click on the label of a survey point
 to view video of streambed.
 Distance between laser points on
 video is 4 inches.

EXPLANATION

Sediment facies class		Embeddedness average, in percent	
	BrkC		0 to 20
	BrkF		21 to 40
	BldCblGvIC		41 to 60
	BldCblGvIF		61 to 80
	SndC		81 to 100
	SndF		Survey line
	SlitF		RM 114
	RprC		Survey point —first eight digits in point number indicate date of video, for example: 10222009 = 10-22-2009; the last number indicates the sequence of filming for that date.
	RprF		
	Codes:		
	C, clean (no silt covering substrate)		
	F, fines (fines covering substrate)
