

EXPLANATION

Oil and gas exploration well status

Number of wells per 1/4-mile square unit (all wells dry)

1 well

Oil and gas plays

- Montana thrust belt
- Miocene Lacustrine (Lake Bruneau)
- Pre-Miocene (Non-quantitative)

Geologic province

- Idaho-Snake River downwarp province
- Idaho-Snake River downwarp province boundary

Base data

- USGS study area boundary
- Proposed withdrawal areas
- State boundaries
- County boundaries
