Water Cycle Branch, Earth System Processes Division

October 11, 2017

## EMAIL MEMORANDUM

To: Brian Twining, Hydrologist, USGS, INL Project Office, Idaho Falls, ID

From: Devin L. Galloway, Water Cycle Branch, WMA, USGS, Indianapolis, IN

Subject: AQUIFER TEST PACKAGE—"Aquifer test analysis, TAN-2312, Test Area North, Idaho National Laboratory, eastern Snake River Plain, ID".

The subject aquifer-test package is adequately documented and the analyses are technically sound. The aquifer-test package is approved for release to the Aquifer Test Archive (ATA). Please archive the test package (copy of the revised report, data, analysis files, and supporting information) in the Idaho Water Science Center ATA, and enter the estimated hydraulic properties in NWIS for the relevant wells.

cc: Roy Bartholomay, Chief, INL Project Office, Idaho Water Science Center  
James Bartolino, Groundwater Specialist, Idaho Water Science Center
