

EXPLANATION

- Area of multibeam survey data collection**
- Boundary of resurvey for point-to-point quality-assurance data collection (cross-check line)**
- Water-surface elevation**—Shows mean water-surface elevation (865.7 feet, see table). Datum is North American Vertical Datum of 1988 using the geoid model GEOID18
- Spillway elevation**—Shows approximate emergency spillway elevation (865.8 feet, see table). Datum is North American Vertical Datum of 1988 using the geoid model GEOID18
- Bathymetric contour**—Shows elevation of the lake bottom. Index contour interval 10 feet. Intermediate contour (gray) interval 2 feet. Datum is North American Vertical Datum of 1988 using the geoid model GEOID18
- Reference mark and identifier**—Shows location of survey control used in the survey. RM1 located at the chiseled arrow on east end of north spillway wing wall. Elevation 870.83 feet. RM2 located at the chiseled X on a rock outcrop near the golf course sign. Elevation 884.80 feet. Datum is North American Vertical Datum of 1988 using the geoid model GEOID18

Table 1. Surface area and capacity at specified water-surface elevations for Number 41 Lake (Milan Golf Course Lake) near Milan, Missouri, July 6, 2020.

[Primary spillway elevation is about 865.8 feet; the mean water-surface elevation during the survey was about 865.7 feet (row shaded in the table)]

Water-surface elevation, ¹ in feet	Surface area, in acres	Capacity, ² in acre-feet
842.0	0.94	0.14
844.0	4.94	5.87
846.0	8.40	19.2
848.0	11.8	39.5
850.0	16.0	67.0
852.0	20.0	103
854.0	23.6	147
856.0	27.9	198
858.0	33.0	259
860.0	37.4	329
862.0	41.1	408
864.0	44.3	493
865.7	48.3	572
865.8	48.5	577

¹Elevations are referenced to the North American Vertical Datum of 1988 using the geoid model GEOID18.

²Capacities were calculated from surface testing at 0.08-foot vertical accuracy at a 95-percent confidence level. An explanation of the vertical accuracy calculation can be found in the "Bathymetric Surface, Contour Map, and Bathymetric Change Quality Assurance" section of the report of which this plate is a part.

Bathymetric Contour Map and Surface Area and Capacity Table for Number 41 Lake (Milan Golf Course Lake; lake 18) near Milan, Missouri, 2020
