TRENCH N  
Geologic section along southeast wall  
viewed from the southeast

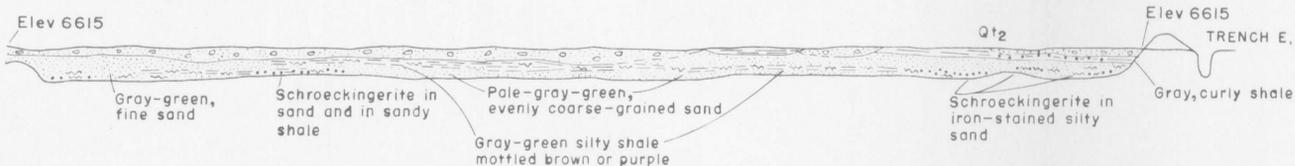

INSET A-B  
Scale 0 5 Feet

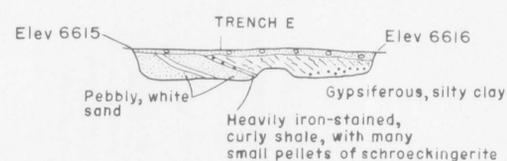

INSET C-D  
Scale 0 5 Feet

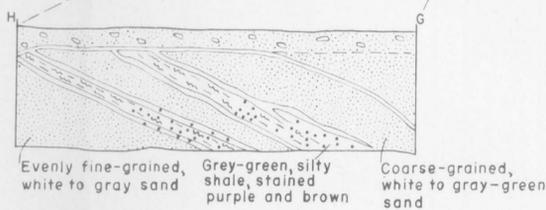

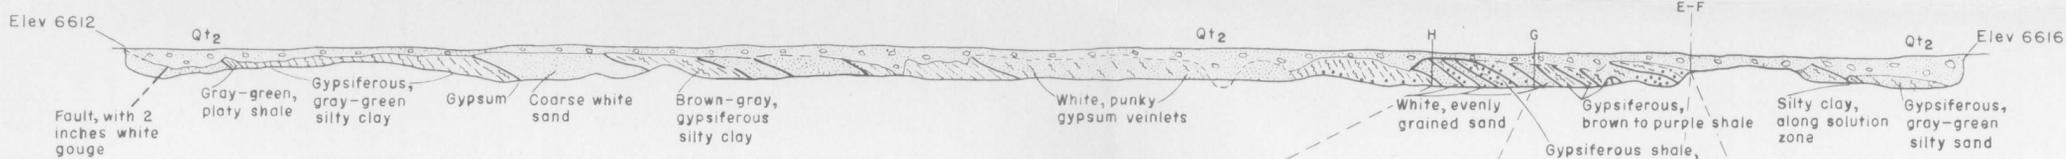

TRENCH L  
Geologic section along northeast wall  
viewed from the southwest

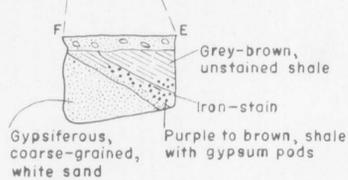

SOUTHEAST PART OF TRENCH E  
Geologic section along southwest wall  
viewed from the southwest

TRENCH E,  
Geologic section along southeast wall  
viewed from the southeast

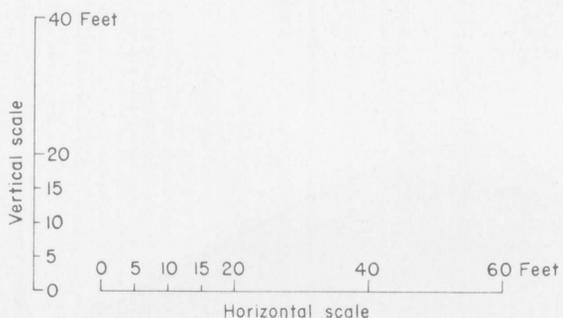

INSET G-H  
Scale 0 5 Feet

INSET E-F  
Scale 0 5 Feet

TRENCH C  
Geologic section along southeast wall  
viewed from the southeast

EXPLANATION

- Qtz
- PLEISTOCENE TERRACE DEPOSIT
- Sand
- Silt
- Clay
- Ash
- EOCENE SEDIMENTS, FORMATIONS UNDIFFERENTIATED
- Platy shale
- EOCENE GREEN RIVER FORMATION
- Ore: schroeckingerite pellets, density of dots approximates abundance of pellets
- Solution zone, stained by iron oxides
- Contact, dashed where approximately located (not shown except between Qt<sub>2</sub> and underlying rocks)
- Fault
