FIGURE 4 — GEOLOGIC SECTIONS, DIAMOND DRILL HOLES, Peerless Pegmatite, Pennington County, South Dakota

EXPLANATION

- **Quartz pegmatite**
- **Cleavelandite-quartz pegmatite**
- **Albite-quartz-muscovite pegmatite**
- **Quartz-mica schist**

- **Fault zone**
- **Fault**
- **Pegmatite contact**

NOTE: Some of the zones are not shown on the geologic section due to scale limitations.

Fault lines and contact boundaries are shown in the diagram.

U.S. Bureau of Mines diamond drill hole number 2, inclination 20°.
