Dear Phil:

Transmitted herewith are two copies of TEM-377-A, "Photogeologic map, Elk Ridge-16 quadrangle, San Juan County, Utah," by C. F. Miller. This map of part of the Colorado Plateau area is one of the series of 7½-minute photogeologic quadrangle maps that are being prepared and supersedes TEM-377 which was transmitted on April 29, 1952.

We are asking Mr. Hosted to approve our plan to place this map in open file and to publish it in the Miscellaneous Geologic Investigations series.

Sincerely yours,

*for* *Dwight M. Lemmon*
