Dear Bob:

Transmitted herewith are two copies of TEM-450-A, "Photogeologic map, Mt. Peale-9 quadrangle, San Juan County, Utah and Montrose and San Miguel Counties, Colorado," by R. J. Hackman. This map of part of the Colorado Plateau area is one of the series of 7½-minute photogeologic quadrangle maps that are being prepared and supersedes TEM-450 which was transmitted in September 1952.

We are asking Mr. Hosted to approve our plan to publish this map in the Miscellaneous Geologic Investigations series.

Sincerely yours,

for John H. Eric
