Dear Bob:

Transmitted herewith are two copies of TEM-451-A, "Photogeologic map, Mt. Peale-10 quadrangle, San Juan County, Utah," by R. J. Hackman. This map of part of the Colorado Plateau area is one of the series of $7\frac{1}{2}$ -minute photogeologic quadrangle maps that are being prepared and supersedes TEM-451 which was transmitted in February 1953.

We are asking Mr. Hosted to approve our plan to publish this map in the Miscellaneous Geologic Investigations series.

Sincerely yours,

for John H. Eric
