Dear Phil:

Transmitted herewith are two copies of TEM-671, "Preliminary geologic map of the Comb Ridge area, San Juan County, Utah," prepared under the supervision of J. D. Sears and R. D. Sample, December 1953.

This map was prepared entirely on Geological Survey funds. We are transmitting it to you as we believe it may be of interest to geologists working on the Colorado Plateau.

Sincerely yours,

for W. H. Bradley  
Chief Geologist
