Mr. Robert D. Nininger, Assistant Director  
Division of Raw Materials  
U. S. Atomic Energy Commission  
Washington 25, D. C.

Dear Bob:

Transmitted herewith are two copies of TEM-957, "Photogeologic map, Paria Plateau SW quadrangle, Coconino County, Arizona," by J. P. Minard, March 1956. This map of part of the Colorado Plateau area is one of the series of  $7\frac{1}{2}$ -minute photogeologic quadrangle maps that are being prepared.

We are asking Mr. Hosted to approve our plan to publish this map in the Miscellaneous Geologic Investigations series.

Sincerely yours,

*for John H. Eric*  
W. H. Bradley  
Chief Geologist

INDEX MAP OF PART OF  
THE COLORADO PLATEAU AREA,  
SHOWING LOCATION OF  
PHOTO GEOLOGIC QUADRANGLE MAPS

The map displays a grid of photogeologic quadrangles across the Colorado Plateau area, primarily in Utah and Arizona. The grid is bounded by 114°W to 110°W longitude and 36°N to 40°N latitude. Key features include the Colorado River, the San Juan River, and the Kaibab Plateau. Towns such as Moab, Blanding, and Bluff are marked. The map is divided into quadrangles by dashed lines, with labels for each quadrangle. The title 'INDEX MAP OF PART OF THE COLORADO PLATEAU AREA, SHOWING LOCATION OF PHOTO GEOLOGIC QUADRANGLE MAPS' is located in the upper left corner.
