Dear Bob:

Transmitted herewith is one copy of TEM-975, "Preliminary geologic map of Elk Ridge 3 NW quadrangle, San Juan County, Utah," by Richard Q. Lewis, Sr., and Russell H. Campbell, 1957.

The poor quality of the base makes the contacts illegible in places, but you may find the structure contours and cross section useful.

We plan to publish this map as a Geological Survey mineral investigations field studies map.

Sincerely yours,

Tom H. Eric
