Converter-1, DC-DC Converter, converts 12VDC to 5VDC, supplies power to USB Hub.
Wall Industries, Model # DCDC05A-5 (15 AMP, 50 Watt)

Converter-2, DC-DC Converter, converts 12VDC to 34VDC, supplies power to optical isolators.
Wall Industries, Model # DCDC05A-5 (2 AMP, 50 Watt)

USB Extender, extends up to 150' using Cat 5 Ethernet Cable
IOGear, Model # GUCE50

USB Hub, provides power to USB accessories, power pin from (pin 1) from computer USB is removed to prevent USB extended burnout.

Cables Unlimited, Model # USB-1810P

PP-(1-7), 3 stage two-piece pluggable protection (surge protector) PT with HP protective circuit for RS-232 signal lines, DIN rail mountable, protects instrument RS232 data lines
Phoenix Contact, Model # 2856029 & 2856126

DI-(1-7), optical isolation for RS-232, interface converter, for the isolation of RS-232 (12V) interfaces, 4 channels, DIN rail mountable
Phoenix Contact, Model # 2838775 & 2839224PP-1PP-2PP-3PP-4PP-5PP-6PP-7

CLP-OV-1&2, power optocoupler terminal block, DIN Rail Mount, relay for switching LISST Com enable lines
Phoenix Contact, Model # 2941387 (Contact rated to 3 AMP)

DEK-OV-1&2, power optocoupler terminal block, DIN Rail Mount, relay for switching LISST Com enable lines
Phoenix Contact, Model # 2966191 (Contact rated to 6 AMP)

PLC Relay, consisting of base terminal block PLC-BSC.../21 with screw connectors and pluggable miniature relay with multi-layer contact, DIN Rail Mount, relay for switching LISST Com enable lines
Phoenix Contact, Model # 2966191 (Contact rated to 6 AMP)

PP-(1-7), 3 stage two-piece pluggable protection (surge protector) PT with HP protective circuit for RS-232 signal lines, DIN rail mountable, protects instrument RS232 data lines
Phoenix Contact, Model # 2966191 (Contact rated to 6 AMP)

DI-(1-7), optical isolation for RS-232, interface converter, for the isolation of RS-232 (12V) interfaces, 4 channels, DIN rail mountable
Phoenix Contact, Model # 2941387 (Contact rated to 3 AMP)

converts 12VDC to 5VDC, supplies power to USB Hub.
Wall Industries, Model # DCDC05A-5 (15 AMP, 50 Watt)

Converter-2, DC-DC Converter, converts 12VDC to 34VDC, supplies power to optical isolators.
Wall Industries, Model # DCDC05A-5 (2 AMP, 50 Watt)
