GEOLOGICAL SURVEY

PRELIMINARY REPORT 41
PLATE 4

EXPLANATION

- Kne Cretaceous Zone E
- Knd Cretaceous Zone D
- Anticline, showing direction of plunge
- Syncline, showing direction of plunge
- Contact, questioned where inferred
- Fault, questioned where inferred
- Strike and dip of beds
- Structure contour
- Structure trace
- 1845 Triangulation point
- 1930 Known altitude

0 2 MILES

Contour interval 200 feet based on horizon 10,000.
Scale approximately 1" = 20,000
Datum approximately sea level

STRUCTURE MAP OF HAWK ANTICLINE

Compiled by Robert L. Defferman and Robert S. Bickel
November 1952
