

Geologic section A-A' showing model layer boundaries

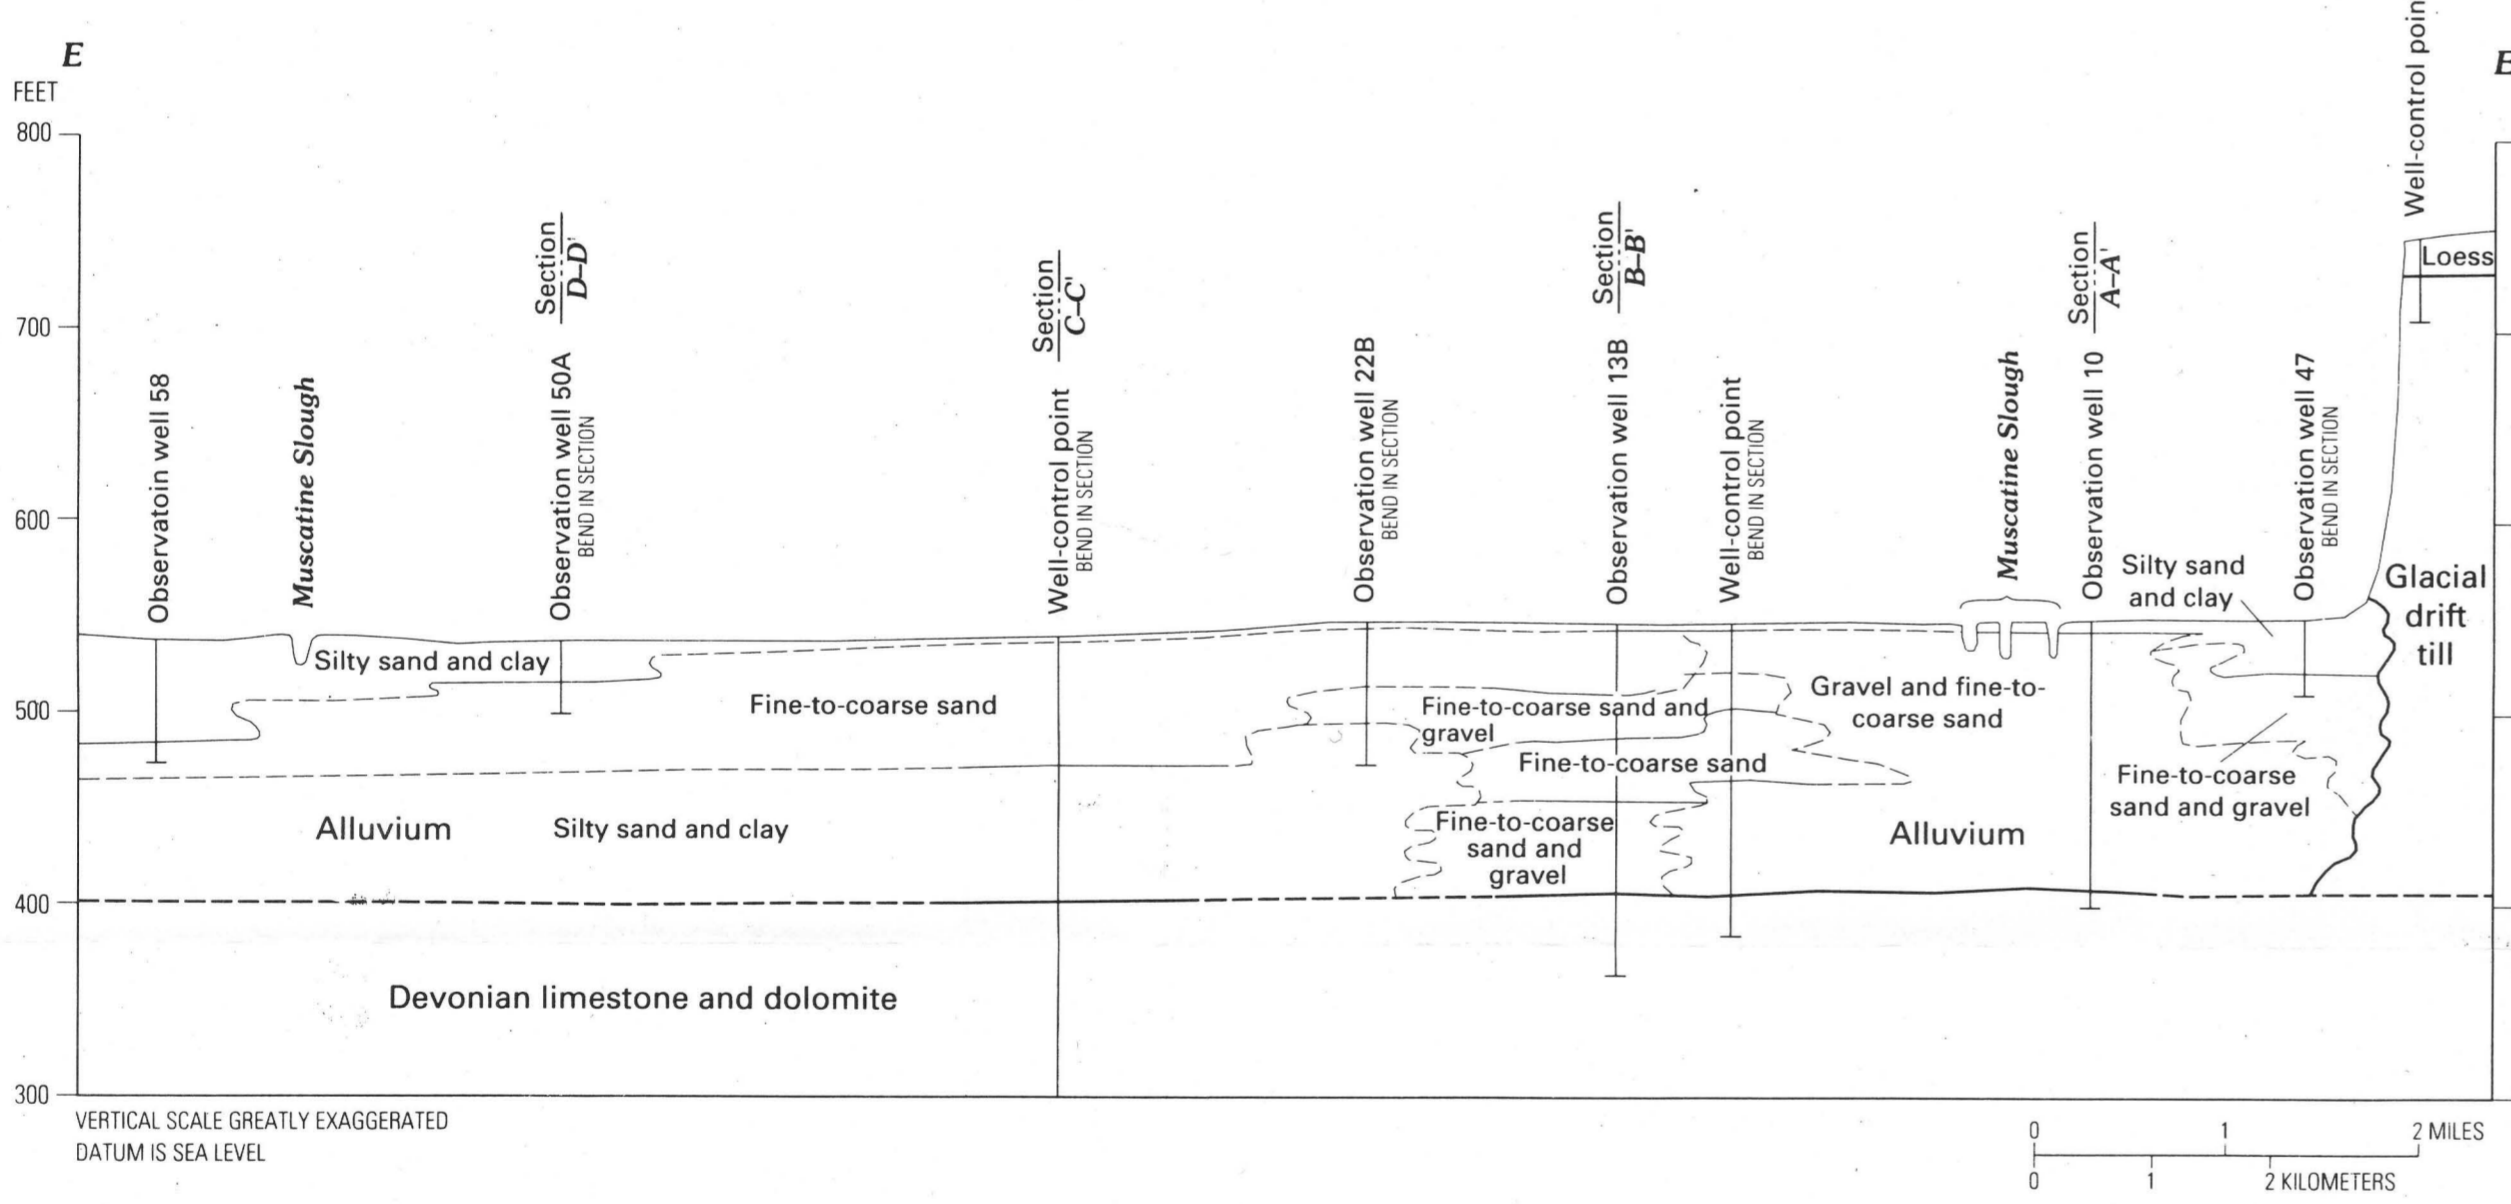

Geologic section B-B'

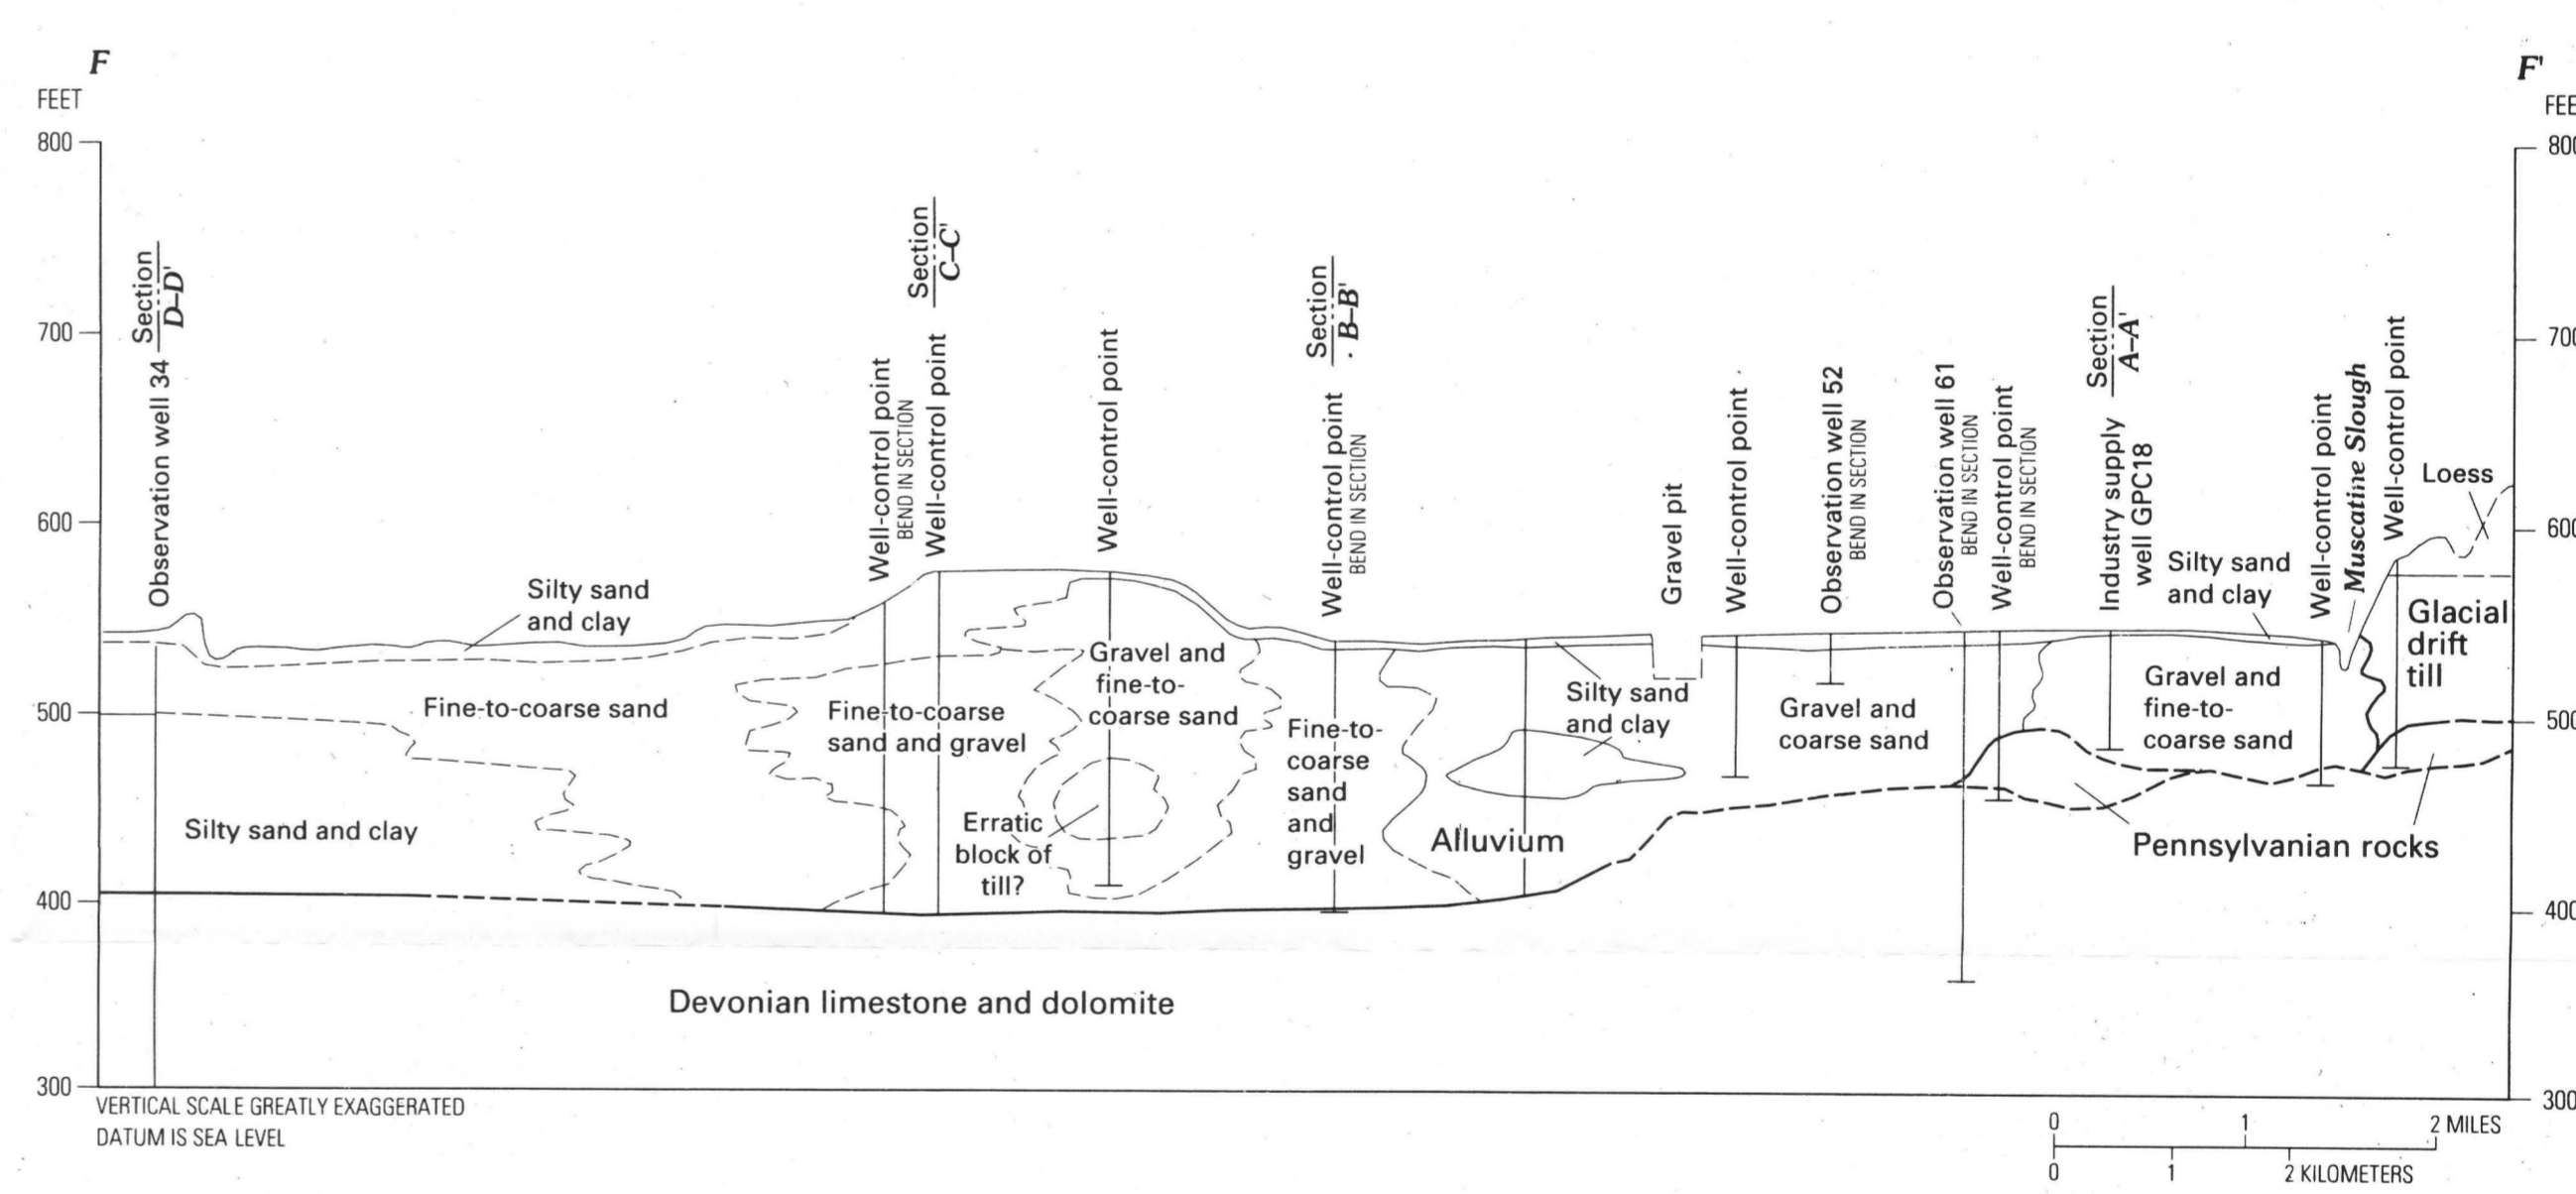

Geologic section C-C'

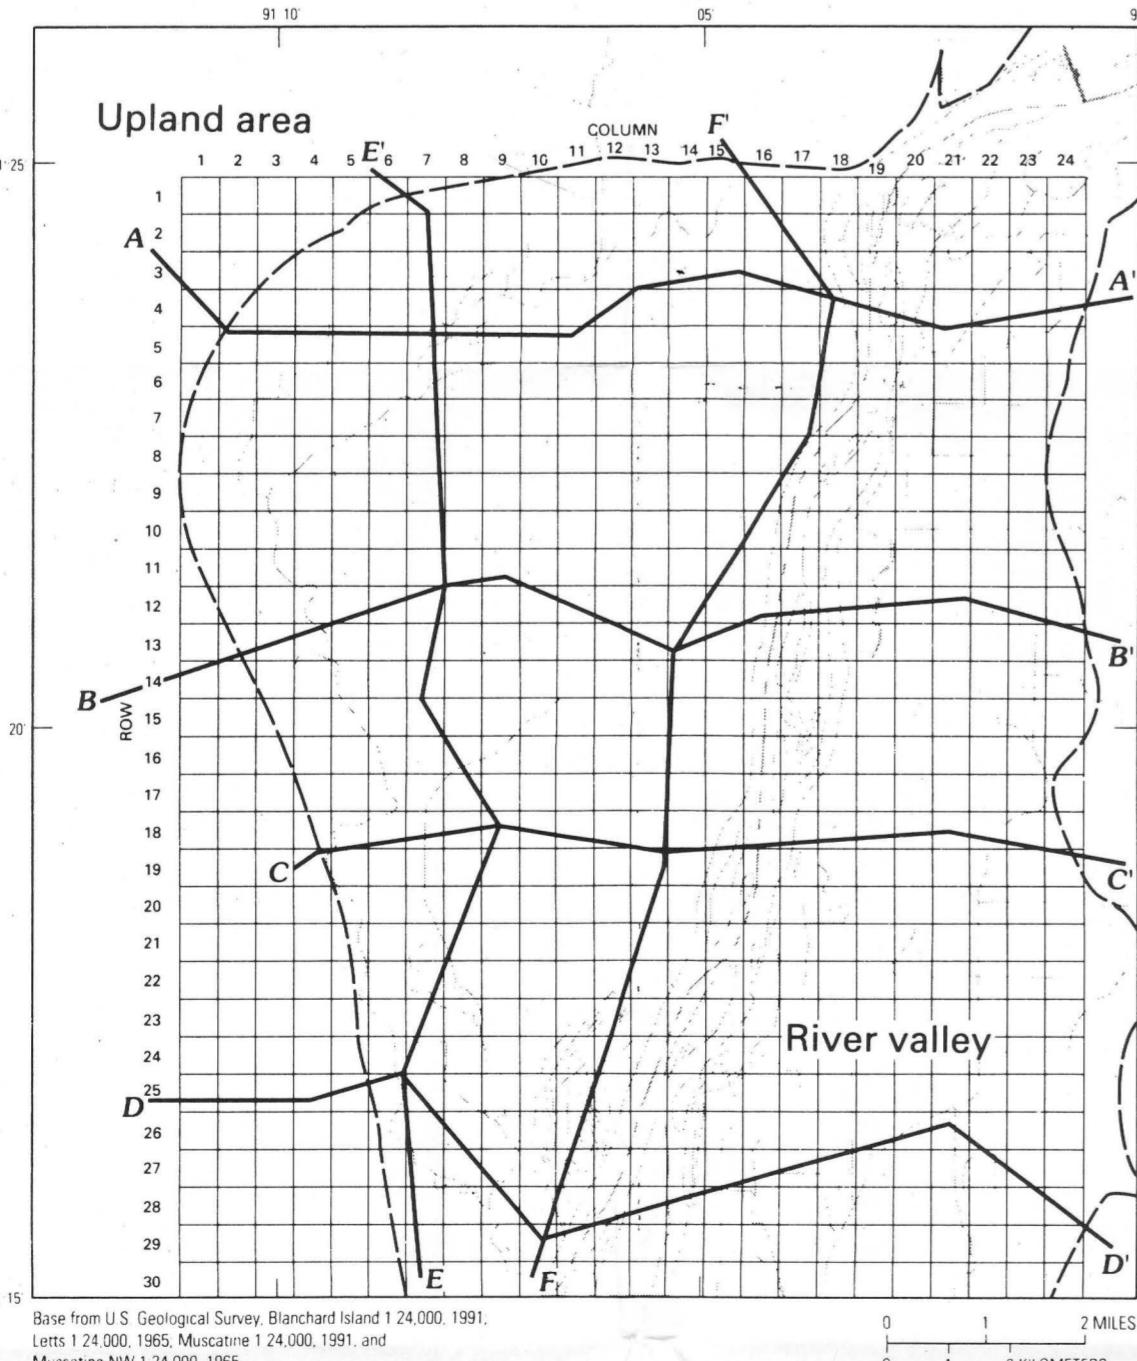

Geologic section D-D'

Geologic section E-E'

Geologic section F-F'

Location of geologic sections and model grid

- EXPLANATION**
- ① Layer 1 (upper alluvium) in the ground-water flow model
 - ② Layer 2 (lower alluvium) in the ground-water flow model
 - ③ Layer 3 (bedrock) in the ground-water flow model
 - Ⓢ Confining unit in the ground-water flow model
 - Geologic contact—Dashed where approximately located
 - ? Lithologic contact—Dashed where approximately located. Queried where inferred
 - Boundary of ground-water flow model layer
 - | Well control indicating total depth

- EXPLANATION**
- Boundary between upland area and river valley
 - A-A' Trace of geologic section
