

(a) Water levels and inferred directions of ground-water flow, and hydrographs of water levels in selected wells in the Vashon aquifer (Qva)

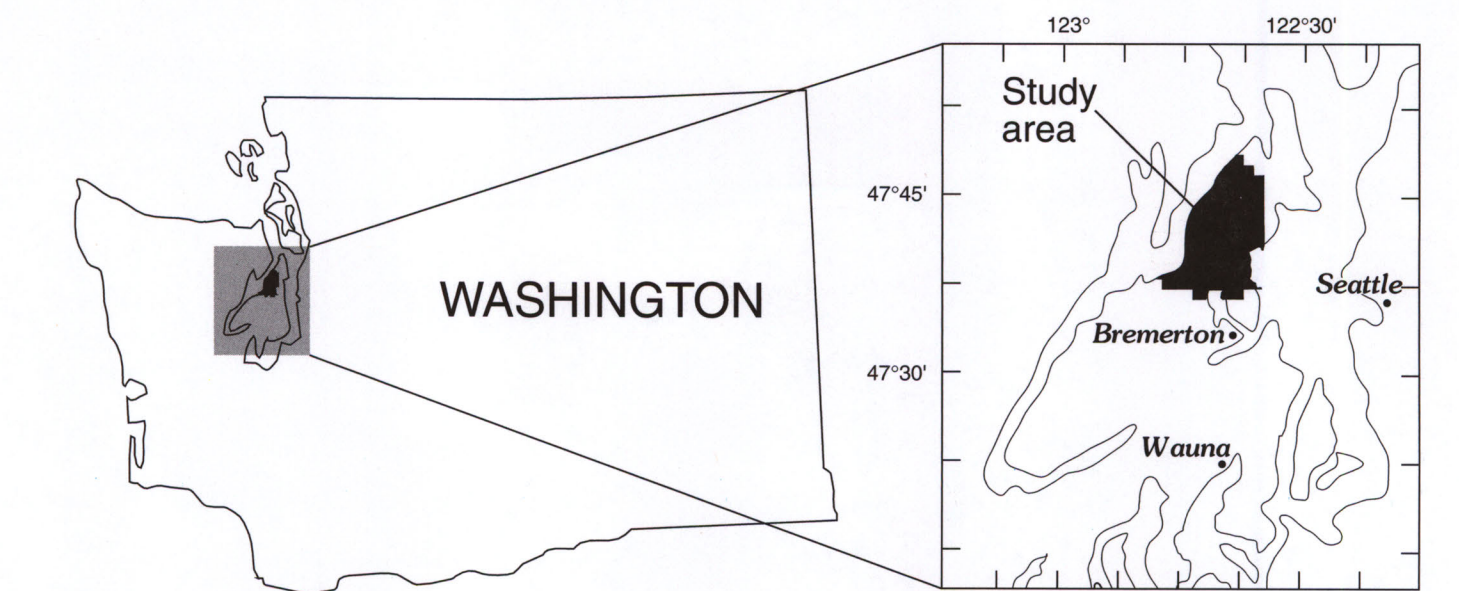

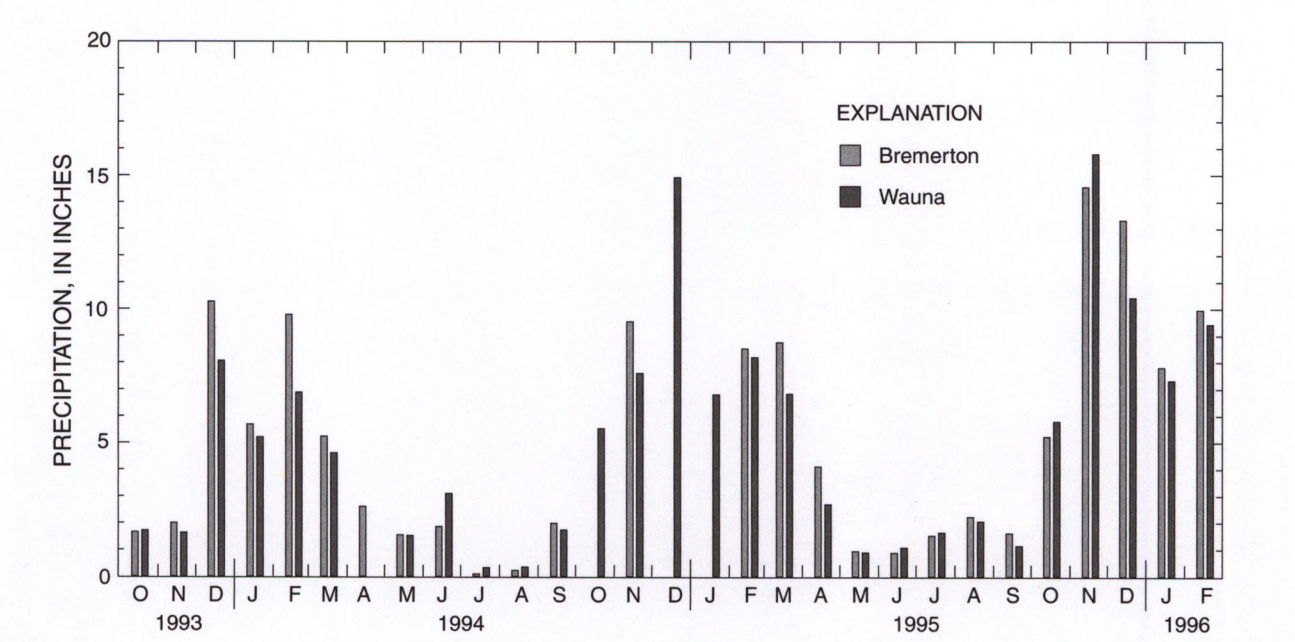

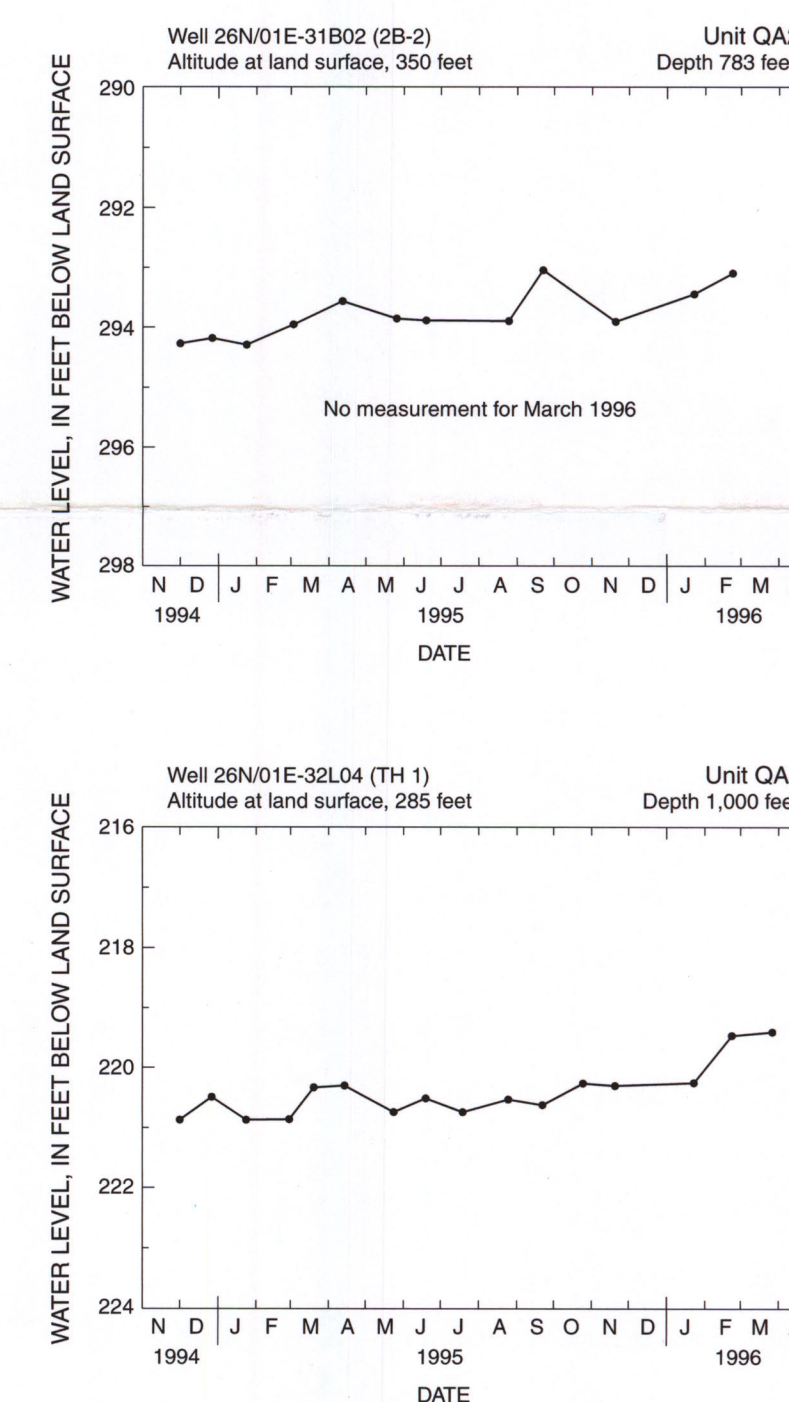

(b) Water levels and inferred directions of ground-water flow, and hydrographs of water levels in selected wells in the Permeable interbeds (QC1pi)

(c) Water levels and inferred directions of ground-water flow, and hydrographs of water levels in selected wells in the Sea-level aquifer (QA1)

(d) Hydrographs of water levels in selected wells in the Deep aquifer (QA2), see plate 1a for locations of wells

(e) Monthly precipitation measured at Bremerton and Wauna, October 1993 through February 1996, and the locations of Bremerton and Wauna in relation to the study area and Washington State. Data were unavailable for Wauna in April 1994 and for Bremerton in October and December 1994 and January 1995

MAPS SHOWING THE ALTITUDES OF WATER LEVELS AND INFERRED DIRECTIONS OF GROUND-WATER FLOW  
IN THE MAJOR AQUIFERS, HYDROGRAPHS OF WATER LEVELS IN SELECTED WELLS,  
AND GRAPH OF NEARBY PRECIPITATION, NAVAL SUBMARINE BASE BANGOR  
AND VICINITY, KITSAP COUNTY, WASHINGTON
