

EXPLANATION

-  GENERAL HEAD BOUNDARY
-  RIVER NODE
-  INACTIVE CELL

—260— POTENTIOMETRIC CONTOUR --
 Shows altitude of water level in layer 1
 generated by model. Hachures indicate
 depression. Datum is sea level. Contour
 interval 5 feet

Figure 22. Altitude of the simulated potentiometric surface of layer 1 of the calibrated flow model of the shallow aquifer system in the area of Naval Support Activity Memphis, Millington, Tennessee.
