

EXPLANATION

- Wells that enter Tertiary or older sedimentary rocks
- Wells ending in decomposed granite and in valley fill
- Wells from which samples of water were analyzed

Well numbers begin with 1 in each block or rectangle

Note: To avoid confusion some wells shown on Plates XX, XXI, XXII are omitted from this map

MAP OF THE SAN DIEGO AREA, CALIFORNIA, SHOWING TOPOGRAPHY AND LOCATION OF WELLS

Topography by U.S. Geological Survey. Reduced from the nine atlas sheets covering this area. Surveyed in 1891 and 1898-1902.
