WASHINGTON : 1930

CONTENTS

[The letters in parentheses preceding the titles are those used to designate the papers for advance publication]

	Page
(A) Quality of water of the Colorado River in 1926-1928, by C. S. Howard.....	1
(B) Suspended matter in the Colorado River in 1925-1928, by C. S. Howard.....	15
(C) The New England flood of November, 1927, by H. B. Kinnison	45
(D) Surface water supply of the San Joaquin River Basin, Calif., 1895-1927, by H. D. McGlashan.....	101
(E) Surface water supply of Pacific slope basins in southern California, 1894-1927, by H. D. McGlashan.....	169
(F) Water resources of the Umpqua River and its tributaries, Oregon, by B. E. Jones and H. T. Stearns.....	221
Index.....	321

ILLUSTRATIONS

		Page
PLATE	1. Sampler used in the collection of silt samples for the Geological Survey.....	20
	2. Map of New England showing total rainfall for the storm of October 3-4, 1869, and total rainfall and points of maximum discharge for the storm of November 2-5, 1927-- In pocket.	
	3. A, East State Street, Montpelier, Vt., on the Winooski River, the day after the peak of the flood of November, 1927; B, State Street, Montpelier, Vt., on the Winooski River, half a day after the peak of the flood of November, 1927.....	64
	4. A, Flood scene in Richford, Vt., on the Missisquoi River, November, 1927; B, Highway bridge over the Missisquoi River at Enosburg Falls, Vt., damaged by flood.....	64
	5. A, Flood of November, 1927, at railroad depot at Proctor, Vt., on Otter Creek; B, Débris from flood of November, 1927, at Waterbury, Vt., on the Winooski River.....	64
	6. Mendon Road near Rutland, Vt., November, 1927: A, Before the flood; B, After the flood.....	64
	7. A, Effects of flood of November, 1927, on the Peabody River at Canadian National Railway bridge at Gorham, N. H.; B, Connecticut River at Bellows Falls, Vt.....	64
	8. Line of peak flood stages of the Connecticut River during the flood of November, 1927.....	64
	9. Flood of November, 1927, passing over Holyoke Dam, at Holyoke, Mass., on the Connecticut River.....	64

	Page
PLATE 10. A, Bridge at Orford, N. H., during the flood of November, 1927; B, Bridge over White River at South Royalton, Vt., 1927.....	64
11. Aerial view of the pontoon bridge at Winooski, Vt.....	96
12. Olivarian Brook near Haverhill, N. H., November, 1927: A, Highway erosion; B, Channel change.....	96
13. A, Federal aid project 68, Winooski Valley, Vt.; B, Checker House Bridge, near Richmond, Vt., after flood of November, 1927.....	96
14. A, Highway near Richmond, Vt., in service within a week after the flood of November, 1927; B, Site of bridge on the Connecticut River at Piermont, N. H., after the flood of November, 1927.....	96
15. Map of southwestern Oregon showing proposed power sites in Umpqua River Basin.....	246
16. A, Right bank at Copeland Creek dam site, Umpqua River Basin; B, Diamond Lake and Mount Thielsen, Umpqua River Basin.....	246
17. Profile of Umpqua and North Umpqua Rivers, showing location of dam sites.....	246
18. Plan of Diamond Lake, Umpqua River Basin.....	246
19. A, Loon Lake, Umpqua River Basin; B, Soda Springs dam site, Umpqua River Basin.....	262
20. A, Lemolo Falls, Umpqua River Basin; B, Toketee Falls, Umpqua River Basin.....	262
21. A, Upper end of Steamboat dam site, Umpqua River Basin; B, Boundary dam site, Umpqua River Basin.....	278
22. A, Clark ranch dam site, Umpqua River Basin; B, Glide dam site, Umpqua River Basin.....	278
23. A, Horseshoe Bend dam site, Umpqua River Basin; B, Oak Creek dam site, Umpqua River Basin.....	278
24. A, Winchester dam site, Umpqua River Basin; B, Kellogg dam site, Umpqua River Basin.....	278
25. A, Bed of stream at Kelley's Smith Ferry dam site, Umpqua River Basin; B, Scottsburg lower dam site, Umpqua River Basin.....	294
FIGURE 1. Map of the Colorado River drainage basin showing sampling points.....	2
2. Composition of Colorado River water.....	5
3. Dissolved solids in the water of the Colorado River at Grand Canyon and at Topock, Ariz., and discharge at Grand Canyon.....	7
4. Map of the Colorado River drainage basin showing sampling points.....	17
5. Suspended matter in the Colorado River at Grand Canyon and To pock, Ariz., and discharge at Grand Canyon.....	23
6. Weather map of eastern United States for 8 a. m. November 3, 1927.....	48
7. Weather map of eastern United States for 8 a. m. November 4, 1927.....	49
8. Hourly rainfall, in inches, at Northfield, Vt.; and run-off, in depth in inches, for Dog River at Northfield, November 3-4, 1927.....	60

	Page
FIGURE 9. Gage-height graphs of the Connecticut River at different points during the flood of November, 1927.....	63
10. Hydrographs of discharge at points on the Connecticut River during the flood of November, 1927.....	64
11. Hydrographs of discharge at points on the Merrimack River during the flood of November, 1927.....	66
12. Long-time records of rainfall and run-off in Oregon.....	236
13. Relation of discharge to per cent of time for Umpqua and North Umpqua Rivers, Oregon.....	240
14. Plan and cross section, Diamond Lake dam site, Umpqua River Basin.....	249
15. Plan, cross section of dam site, and area and capacity curves, Coles Valley reservoir site, Umpqua River Basin.....	251
16. Plan, cross section of dam site, and area and capacity curves, Wolf Creek reservoir site, Umpqua River Basin.....	252
17. Plan, cross section of dam site, and area and capacity curves, Loon Lake reservoir site, Umpqua River Basin.....	255
18. Plan, cross section of lower dam site, and area and capacity curves, Lake Creek reservoir site, Umpqua River Basin.....	256
19. Plan and cross section, Lake Creek upper dam site, Umpqua River Basin.....	257
20. Plan, cross section, and area and capacity curves, Soda Springs dam site, Umpqua River Basin.....	268
21. Geologic section at Soda Springs dam site, Umpqua River Basin.....	270
22. Plan, cross section, and area and capacity curves, Copeland dam site, Umpqua River Basin.....	272
