AUCTION AVENUE OBSERVATION WELL

CENTRAL AVENUE OBSERVATION WELL

EXPLANATION

The map is divided into sections 2 miles square numbered 1 to 13 to facilitate finding wells. Sections numbered from west to east. Wells numbered from north to south, starting at west edge of each section. Numbers of wells conform to those used in text. A-A', B-B', lines of sections showing profile of pressure-indicating surface. Continuous water-level recorders are located at Auction Avenue observation well and Central Avenue observation well.
