

Base from U. S. Geological Survey maps of the San Pedro, 1951; Redondo Beach, 1923-51; Torrance, 1923-51; Long Beach, 1923-49; Venice 1923-50; Inglewood, 1950; Southgate 1949; Beverly Hills, 1924-50; Hollywood, 1923-24; and Los Angeles, 1925, quadrangles. Broken land survey lines not from official Federal surveys but projected for reference, largely after subdivision of nonpublic lands by local agencies.

Geology in part by Allen Sinnott in 1946-47; on flank of Palos Verdes Hills, after W. P. Woodring and others; in Baldwin Hills after G. B. Moody, Standard Oil Co. of Calif.; in and near Santa Monica Mountains chiefly after H. W. Hoots. Field canvass of water wells in 1943-45 by Allen Sinnott and A. A. Garrett.

GEOLOGIC MAP OF THE TORRANCE-SANTA MONICA AREA, CALIFORNIA, SHOWING ALTITUDE OF BASE OF THE WATER-BEARING ZONES OF PLEISTOCENE AGE AND LOCATION OF WELLS (SOUTHERN HALF)
