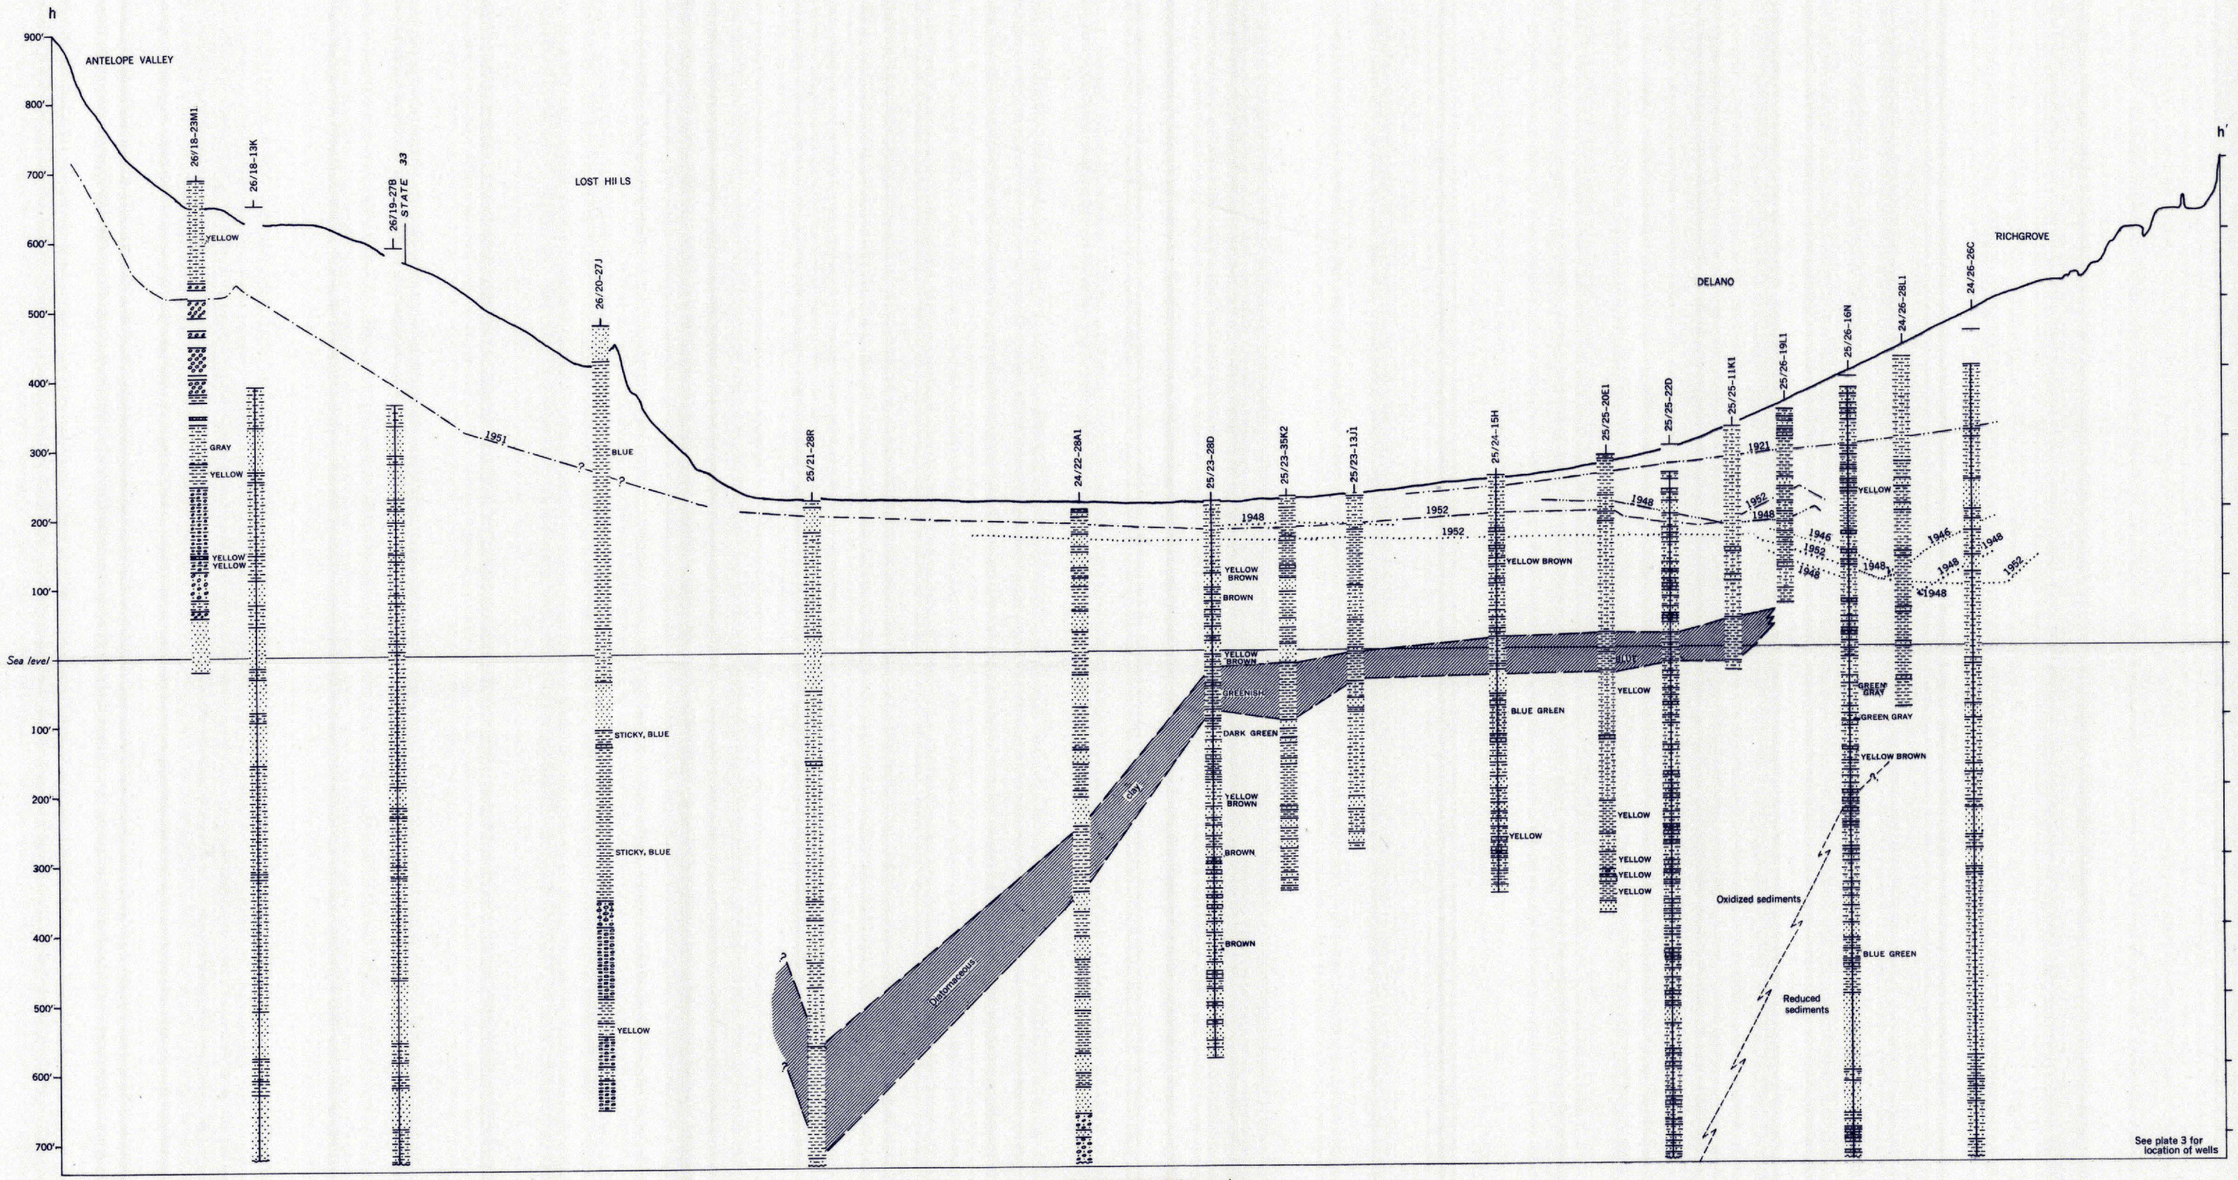
UNITED STATES DEPARTMENT OF THE INTERIOR
GEOLOGICAL SURVEY



GEOLOGIC SECTION h-h'

2 0 10 Miles

Vertical scale 104 times horizontal scale

EXPLANATION

Gravel

Gravel and sand

Sand

Sandy clay, silt, silty sand

Clay and gravel; clay, sand and gravel; cemented gravel

Clay, silty clay, shale

Well log plotted from interpretation of electric log is indicated by vertical line through log; generalized interpretation from electric log, as follows:

Well-sorted sand and coarser materials

Poorly sorted sand, sandy clay, sandy silt, and silt

Clay and silty clay

WATER-LEVEL PROFILES

1952

1921

1948

Profile of water table
Unconfined or semiconfined water, for year indicated

1948

Profile of piezometric surface
Confined water, for year indicated

468433 O - 59 (In pocket)
